

# Oregon Young Naturists Weekend at The Willamettans Nudist Club

## Willamettans Nudist Club FKK Oregon Event

The Willamettans is a co-operative family nudist resort in Springfield, Oregon, a location where I love to enjoy nature and all the naked fun. I've been a part of this club for a little over two years now.

I found the people to be really friendly and inviting. Willamettans Nudist Club is set in a property of over 40 acres in a secluded area. It's a close-gated community and that's what I first really valued. They have the best in mind for their members and kids and that made my wife and I feel safe there.

Upon arriving and asking for the gates to be open, you know that you will be entering a safe, private place and will enjoy every second. After going a little bit down the road you are able to see various RV's and houses around where people have lived for years.

Every now and then they've their eatery open, which they call "ResturRump." They make quite good food for very reasonable costs; most meals are only \$5. For occasions they've an area across from their eatery where individuals have drinks and sing karaoke.

We may not always be the best singers there, but they sure do know just how to have a great time. Everyone is constantly filled with laughter and great conversations.

<http://www.russia-ht.ru/news/redirect.php?to=https://purenudism2017.com> is difficult never to feel like you're part of one big family there.

At the Willamettans Nudist Club they have court yards for tennis, and they even have a large pool behind the primary building where there's a tv, saunas, hot tubs, and basic workout gear.

The members and visitors enjoy coming together and play card games, watching the game and playing naked water volleyball. Sometimes they've naked yoga on the weekends for anyone who wants to join.

With great delight, I 'm now announcing my first event for FKK Oregon: a weekend gathering at The Willamettans May 24-27, 2013! This really is their "spring fling" weekend, and it will likely be a FREE event, with free camping overnight! There will be live music, water volleyball and a lot more. They have permission to trek nude behind their property, so I expect to do some free hiking with everyone that wants to join me.

I look forward to meeting you all and bringing together more youthful naturists in Oregon!

Whatever read do, I 'm convinced it'll be a blast.

Again, cost is free.
