Wyoming	0.5 million

It is important to note that these are just estimates of Dec '22, and the actual rat population may be higher or lower. Rat populations can vary depending on a number of factors, including climate, food availability, and human activity.

Here are some tips for preventing rats from infesting your home:

- Keep your home clean and free of clutter.
- Seal up any cracks or holes in your home's foundation or exterior walls.
- Store food in airtight containers.
- Do not leave pet food out overnight.
- Dispose of garbage properly.
- Call a pest control company if you see any signs of rats, such as droppings or gnaw marks.
