Satanism

- ❖ Things that you see every day using the Satanic philosophy of Moral Relativism are;
 - ❖ False Flag Operations – the end justifies the means
 - ❖ Agent Provocateurs - the end justifies the means
 - ❖ Entrapment – the end justifies the means
 - ❖ All Court cases = kangaroo court (unless it's a common law court) = satanism
 - ❖ Judge is a clerk playing stupid, and working for the  COVEN
 - ❖ If you don't know the law or fail to do something properly, or follow the right procedure, they sell you into slavery (prison)
 - ❖ They have no authority
 - ❖ They use the satanic unconstitutional commercial code

Equity = Satanism

- Everything they do is under color of law and they even dismiss cases because they are “not colorable enough”, (not enough fraud), therefore it is all a fraud (a lie), as intended
- The so-called Judge is actually a bought and paid for Clerk masquerading as a Judge, which is a fraud and a lie
- The ONLY rights are those granted by government (statutory), which is also a fraud as intended

4 People take each other to court unfairly,
and no one tells the truth in arguing
his case.

They accuse each other falsely and tell
lies.

They cause trouble and create more
evil.

5 They hatch evil like eggs from poisonous
snakes.

If you eat one of those eggs, you will
die,

and if you break one open, a
poisonous snake comes out.

People tell lies as they would spin a
spider's web.

6 The webs they make cannot be used
for clothes;
you can't cover yourself with those
webs.

The things they do are evil,
and they use their hands to hurt others.

7 They eagerly run to do evil,
and they are always ready to kill
innocent people.

They think evil thoughts.

Everywhere they go they cause ruin
and destruction.

8 They don't know how to live in peace,
and there is no fairness in their lives.

They are dishonest.

Anyone who lives as they live will
never have peace.

Maxim of Law:

Quid fas non veritas est.

Legality is not Reality.

The difference between what is “**lawful**” and what is “**legal**” is a matter of **life** and **death**. What is lawful is for the living people. What is legal is for dead corporate entities.

Natural Law

“Natural Law” is COMMON LAW

- **“This law of nature, being coeval with mankind and dictated by God himself, is of course superior in obligation to any other. It is binding over all the globe in all countries, and at all times: no human laws are of any validity, if contrary to this; and such of them as are valid derive all their force, and all their authority, mediately or immediately, from this original.”** Blackstone’s Commentaries on the Laws of England (1765-1769) at number 41,

Natural Law

- **“All acts of the legislature apparently contrary to natural rights and justice are, in our law and must be in the nature of things, considered as void. The laws of nature are the laws of God, whose authority can be superseded by no power on earth. A legislature must not obstruct our obedience to him from whose punishments they cannot protect us. All human constitutions which contradict his (God's) laws, we are in conscience bound to disobey.”** 1772, Robin v. Hardaway, 1 Jefferson 109. [emphasis added]
