I'm tired of seeing losers with hot chicks

Seriously, today at my college I saw this short, ugly Indian guy driving a Honda civic, and he had a hot blonde girl in his passenger seat. What on earth is up with that?!?!? I would climb mount Everest 10 times just to have a girl like that with me. I drive a BMW coupe and I've struggled all my life to get a girlfriend. What's wrong with this world?

Does anyone else get disturbed and offended when you see sights like this? Someone make sense of this ridiculousness.

I'm not trying to be mean, but the creepy vibe that you give off in those videos is likely the major reason that you can't get girls.

Maybe he's nice to her and treats her really good. Crazy theory, I know.

A man asked two bricklayers what they were doing. The first said "I'm laying bricks."
The second said, "I'm building a cathedral."

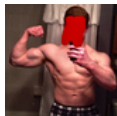

Never trust a fart.

By definition they're not the losers OP. You are. You lost the girl. To them. Making them the winners.
Work on bettering yourself and maybe you can be a winner someday.

but yeah I get your point. I always cringe when I see a hot girl dating a retard.

Bro, you are young. You've got to decide what you want from life. If you REALLY want to be smashing the hottest of the hot girls, then you have to find out what they want from a guy and then go out and get it. Anyone can feel a little jealous at times but are you willing to do whatever it takes to get what you want. Don't hate on the Indian, learn from him.

Here is my advice. Hot bitches like guys who are worth a s**t and have cash. Focus on getting your education so you can get a good paying job. Be smart with your money. Also, hot bitches like guys who dress sharp. If your style isn't on point, seek out help, get some advice from a stylist. And for the love of God don't act too thirsty. Bitches can smell desperation on you. Have the patience to see the big picture and wait for your plan to pay off.

Anyone can feel a little jealous at times but are you willing to do whatever it takes to get what you want. Don't hate on the Indian, learn from him.

Here is my advice. Hot bitches like guys who are worth a s**t and have cash. Focus on getting your education so you can get a good paying job. Be smart with your money. Also, hot bitches like guys who dress sharp. If your style isn't on point, seek out help, get some advice from a stylist. And for the love of God don't act too thirsty. Bitches can smell desperation on you. Have the patience to see the big picture and wait for your plan to pay off.

Never insult the style of Elliot Rodger. I'm the most stylish person in the world. Just look at my profile pic. That's just one of my fabulous outfits. The sweater I'm wearing in the picture is \$500 from Neiman Marcus.

I think you're missing the larger point of what said but I'll play along.

Look son, you need to be booted and suited. I'm talking about sick long sleeved collared shirts, no tie. Try black on black. Try some purple. One of the first things bitches notice is your shoes. That's where you spend your money. Slacks, shirts, blazers, that **** can be had cheap most times. You claim to have style but that pic ain't proving ****. Show us something.

OP: You need to develop a social circle where you can meet females. If you go to a gym, there must be a receptionist working the front desk who's cute, just start getting chatty with her and after some time goes by and she gets to know you, then ask her out. Don't try to cold approach anyone. Are there clubs at your college that you can join? There might be single young women in one of the clubs.

lol @ thinking driving a BMW = success with women.
 This alone tells me you are naive and have no clue.

I know dudes that work minimum wage jobs and drive old beat up cars that pull lots of tail because they are fun, charismatic and confident.
 Even looks can be overcome. Proof is what you started this thread complaining about, that guy got that girl and you didn't.

I do NOT look like a geek in that video. I look exceptionally handsome in the video, see how the sunlight reflects off my beautiful exotic eyes? And that blue sweater I was wearing is by Prada. Geeks don't wear Prada.
