RV/INTELLIGENCE ALERT - September 4, 2019

*(Disclaimer: The following is an overview of the current situation of the world based on intelligence received from several sources which may or may not be accurate or truthful.)*

The US-China Trade War will lead to China transitioning to a closed economy if the Communist Party of China (CPC) does not relinquish control of the Chinese government in due time.

China will not be able to survive a closed economy.

A closed economy will result in China breaking up into multiple smaller countries and reverting back to status quo circa 1945.

If the Republic of China rises up once again; the rest of the world will support it.

All other Chinese breakaway countries will join the Republic of China.

Communism cannot exist under the Earth Alliance's GESARA agenda.

Vietnam and North Korea have already agreed to Earth Alliance terms during the Vietnam Summit last February.

Both Vietnam and North Korea's leader met with President Trump during that summit.

Meanwhile, the PLA is suddenly showing aggression toward Vietnam.

It is now up to the CPC on which direction they wish to take.

The implementation of the Global Gold Treaty will continue and will not be hindered by these events.

China will be left behind if the CPC does not surrender.

According to sources, the US government is fixing to declare bankruptcy by the end of September.

This may be the trigger to cause the US Dollar to crash and force President Trump to return to the gold standard.

Also, the Dollar Index is expected to be over 100 points before the end of September.

The RV is still expected to occur before the US Dollar crashes and possibly after the Dollar Index surpasses 100 points.
