Gemstone treatment plan was commonly used since ancient times. It was used by the healers of Ancient Egypt, India and China. What is this method? The process includes the beneficial influence of the gems on body and spirit of a person. Some clairvoyants believe that crystals and gem stones can behave as cosmic built in amplifiers of spiritual energies and be helpful to increase the body's natural healing functions. Each gemstone possesses his own specific characteristics and can change the quality of energy depending on the particular needs of healing. Wearing particular gem stones as diamond jewelry or simply in your pocket can contribute to: improved immune system, restoration of psycho-emotional health, harmonization and complete curing of chronic illnesses. Gems affect the subtle body - the source of human life force. Spiritual energy is focused in energy centers (chakras), on the work of which the physical and spiritual health of a particular person depends. Placing gems on selected body parts will promote health, well-being, and the unleashing of the capabilities that each particular chakra is in charge of.
