The term “Hermeticism” comes from the name “Hermes.”

In Greek mythology, Hermes is the intermediary between mind and matter.

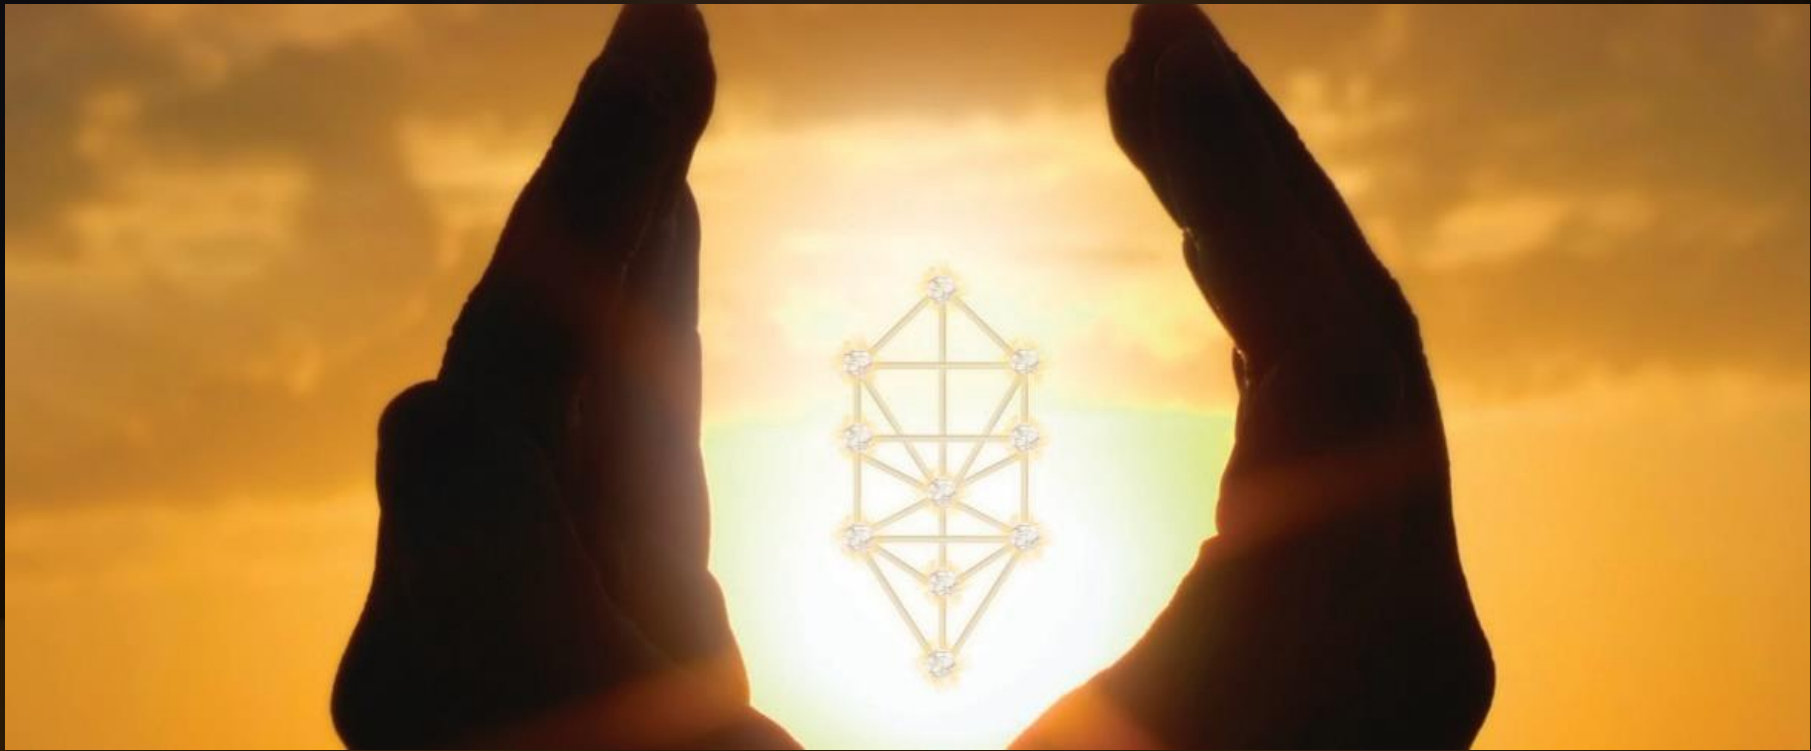

Hermeticism holds methods for unfolding spiritual abilities in order to understand the meaning of existence, to become connected with the spiritual light, and to build an inner, permanent relationship with the Creator of the All.

The Hermetic wisdom tradition has kept proven tools for the spiritual unfolding of mankind for thousands of years.

The Hermetic Academy is an authentic school of mysteries and an outer extension of an authorized initiatory tradition.

It provides a viable path of self-knowledge, regardless of gender, descent or religious conviction.

Self-knowledge allows a greater understanding of life, expands the perception of the choices and chances in life and of our options to respond to them.

For this purpose, the Hermetic Academy uses, among others, the tradition and symbolism of the Kabbalah, Alchemy and Christian Mysticism (Gnostic).

**The Hermetic Academy
preserves the wise teachings of
the Western mystery tradition,
which consists of three Hermetic-
Kabbalistic pillars: study,
meditation, and ritual.**
