

Notice To All... Atty William Gilmour aka Atty. Bill Gilmore has a 10 year history of bribing moderators and hiring hackers to delete negative posts about his criminal history. His affairs with a Senior Toronto Judge and close personal friendship with a former Law Society Director also helps him hide his scam adventures in Toronto, Buffalo, and South Florida.

Mr. Moderator... You certainly have a valid point and it appears that you didn't bother to do a little homework and read about this guy Gilmour at [r/crookedlawyers](https://www.reddit.com/r/crookedlawyers) or [r/courtroomcriminals](https://www.reddit.com/r/courtroomcriminals) because if you did you would see Gilmour was caught in the act of committing real crimes and if you call the Peel Regional Police Department Records Section, (Mississauga, Ontario) they will confirm that he was arrested on August 14, 2001 for assaulting a 10 year-old boy. It is a matter of record. But because Gilmour is a paid govt. informant for the FBI and Revenue Canada, he managed to get the court file sealed - BUT the arrest record is still there <https://whosarat.websitetoolbox.com/post/solicitor-william-gilmour-in-toronto-is-government-informant-7895490?highlight=solicitor+william+gilmour>

Furthermore, At least 5 (maybe more) Law Society complaints were filed against Gilmour over the last 20 years and here is a sample of just one of them with some rather damning exhibits, including hi own signature on documents proving that he was selling confidential files of his clients <https://forum.legaljunkies.com/forum/attorneys-courts-litigation/attorneys-and-legal-ethics/91394-solicitor-william-gilmour-caught-red-handed-selling-client-s-legal-filres-for-50-000> Before I forget, here is that sample law society complaint; <https://gilmourlawsocietycomplaint.wordpress.com>

Here are all of his misrepresentations about "satisfied clients" yet he could not name any. He never mentioned these folks going back to 2016 and in some cases 2011 and the Law Society complaints which go back to 2002! <https://www.scamity.com/solicitor-william-gilmour-toronto-lawyer-in-canada-40>

Gilmour was also caught in the act of committing perjury in a U.S. court, again with his own signature involved as explained here <https://realscam.com/f12/truth-about-solicitor-william-gilmour-matter-court-record-he-committed-perjury-4564/?highlight=William+Gilmour>

His own former colleagues and interns have admitted that Gilmour himself claimed he is "untouchable" because of his background and "connections". What connections?

- Paid Government Informant (Against his own clients)
- Former RCMP agent (forced to resign after shooting incident)
- Former police officer with Toronto Police Department
- Official Legal Counsel for 2nd largest Police Department in CA
- Long-term consort for a powerful senior judge in Toronto
- Drinking buddies with former Law Society Director M.H.

Btw... How many honest legitimate lawyers do you know that use alias names or fake their own deaths in other countries to avoid prosecution? These matters are documented at [legaljunkies.com](https://www.legaljunkies.com) in the "lawyers and ethics" category on the forum. Also see <https://www.reddit.com/r/criminallawyers>

Last but not least, if you search "Atty. William Gilmour" you will find about 40-50 complaints all over the internet and NOT ONCE has Gilmour ever publicly denied the allegations nor defended himself in writing or explain why he was "asked to leave" the Prouse Dash and Crouch law firm of Brampton, and told "resign or be fired and prosecuted" from the RCMP. He won't deny that this occurred but he won't explain why.

So yeah, people should not be falsely accused but in the case of Atty. William Ross Gilmour who hires hackers to delete posts about him on line, and even paid \$10,000 to moderators to remove posts 4 years ago, the allegations are not false and they need to be exposed so his "connections" back off and allow the crooked lawyer to be arrested and prosecuted. If you are really against corruption, you should be in agreement, yes?
