

## UI designer (mobile)

Mindful Chef ([www.mindfulchef.com](http://www.mindfulchef.com)) is the UK's favourite recipe box company. We focus on the healthy and premium end of the recipe box market and ship all the ingredients that you need to make healthy evening meals.

We are building an iOS application from scratch. Your design brief is to better all global recipe box companies with intuitive user experience combined with rich content and deep functionality.

### As an user interface designer you will

- Translate high level concepts and ideas into highly-polished visual composites with a user-centered design methodology
- Work in a stable and funded company with paying customers
- Work in a fully remote, globally distributed team

### Requirements

- 3+ years experience with mobile UI design
- A strong portfolio featuring relevant work examples
- Attention to detail
- Excel at communicating with the team remotely (chat, email, Trello, etc)

### You'll be a great fit on our team if you're

- A pro at communicating
- Well-experienced working remotely
- Accountable
- Confident in your skills and a solid team player

### Instructions

- This is a fully remote contract position
- Direct candidates only, no third parties, no recruiters, no staffing agencies

Apply with your portfolio, relevant work samples and the list of tools you use for work (Sketch?, Adobe XD?, Invision?) at [jobs@mindfulchef.com](mailto:jobs@mindfulchef.com). **Please do not email any other mindfulchef.com addresses** - we get too many applicants for a non-centralised process.
