

SOUL PALACE

Hi! We're Soul Tribe, a collective heaven-bent on reconnecting people with their inner child, and we're so excited for this opportunity to bring our palace to your festival!

Soul Palace is the space to come nourish your soul
through authentic connection, creative exploration, and ecstatic play!

At most festivals, we've noticed environments are either all party and play or all sacred and transformational.

We bridge the gap by creating a holistic space where one can experience awakening, connection, and expansion alongside playfulness, creativity, and celebration.

When we are 5 years old our **SOULS** are **SHINING!**

No reservations.
No social constructs.
No conformity.

Soul Palace is the place to channel
your inner 5 year old that wants to be seen and expressed!

We offer a totally unique, fully immersive, and life altering experience to the community that has transformed our lives, with dancing, relaxing, workshops, and shenanigans.

Some of the things we've done:

Body, Mind & Spirit

Kundalini
Twerkshop
Conscious Talks
Guided Meditation
Sound Baths
Shamanic Healing

Entertainment

DJ Lineups
Drum Circles
Acoustic Jam Sessions
Comedy Sets
Story Time
Wild West Theatrics

Fun & Games

Arts & Crafts
