Meanwhile, I tweeted it to all of you, including Prime Minister of Canada.

After that, "they", who are living with me as my neighbors, gathering around/in my workplace, are madly attacking and remotely controlling my heart, my hearing, my head, and my body when I am home and in my work place with all possible Non-Lethal Weapons. So, I can't sleep and work normally every day.

Real or not real?

They put their dirty hands on everything possible ,on everything I am using; and on anyone "related", on anyone I am contacting , no matter who they are, UN, Amnesty International, International Human Rights Community,

International Criminal Court. And, Google, Facebook, Twitter are all blocking, filtering and hacking my accounts and my posts. And, they at once shut down my internet when I suddenly input " remotely control...".
