## Pitt's Newest Addition: West Wing

The West Wing addition to Alan Magee Scaife Hall moves one step closer to completion and to serving as a contemporary facility for Pitt School of Medicine students. The state-of-the-art expansion will house spaces for teaching and learning and studying and relaxation as well as a 600-seat auditorium. The West Wing addition is expected to open in 2022.

## Detecting the Next Pandemic

University of Pittsburgh and University of Arizona scientists are trying to slow the

next pandemic before it even arrives. The project is part of a \$7 million initiative funded by the National Institute of Allergy and Infectious Diseases.

## Our People. Our Programs. Our Purpose.

“We must view the space between where we are now and where we want to go next as an exciting opportunity to enhance our legacy; advance our mission; and strengthen Pitt’s people, programs and purpose for years to come.”

—Plan for Pitt
