Information about delivery times can be found on the product detail pages. We will make sure that all artworks are wrapped and sent with great care. The delivery will include a certificate of authenticity as well as one pair of protective gloves made out of cotton. High-value art objects do not arise from assembly line work nor mass production. Each artwork is handmade by the artist. You may expect quality from us, therefore we ask you to understand longer delivery times that are caused by complex delivery processes. Shipping will be free worldwide. Especially limited articles might be out of stock.

This artworks will arrive rolled in a dent-resistant tube. This method is especially safe for oversized works, and provides lower shipping costs as well. Rolled works can be easily stretched (for canvas works, i.e. placed onto wooden stretcher bars) and/or framed by a local framer upon arrival.
