Somatropina (hormônio do crescimento humano recombinante - rhGH - ou Somatropina, LG Life Sciences, Coreia), produzido por tecnologia DNA-recombinante, utilizando *Sacaromyces cerevisiae* modificado por engenharia genética, foi estudado quanto à eficácia e segurança clínica, ficando demonstrados os seus benefícios nas condições em ...  
The discipline, consistency and hard work i have put in the gym has gave me everything I needed for life outside the gym. I'm on different energy I will not be denied. Only I can deny myself. You can only make yourself happy you cannot rely on someone else to make you happy.

I will never not say "I hate pull-ups with a passion". I hate the entirety of pull-ups but am trying to be better about doing them. I love the sense of accomplishment after, but everything before during and after sucks. Also shoutout to @1stphorm for the shirt, fits snug and in all the ways I like and is super soft. Didn't get to record my full bench set due to camera falling, but it wasn't anything spectacular. 285lbs for 2 clean and 1 cheat rep. Tweaked my shoulder too, so hopefully it heals soon.
