Fashion styling is one of the most important parts of our lives, now-a-days people want a lavish modern life. To achieve this, they go with the best clothes and brands for their styling.

But buying branded clothes is not enough for styling, it needs something more. You should know everything about **Fashion Styling**. This will help you style your outfit with perfection. As we all know it is not about what clothes you are wearing, it is how you wear the garments matters.

We all know India is the land of festivals and when it comes to festivals every woman in India has that one dress that is perfect for these special days. Lehenga is one of the most common dresses every woman has in their wardrobe. But what everyone knows about lehengas is that it can be styled in different ways.

Women are inspired by celebrity looks. They follow their favourites on social media, television interviews and various other channels to see what they are wearing for different occasions. Later, they try to create a similar get-up!

**Here are a few Fashion Styling tips:**

## **#Tip 1: Change the Blouse**

One of the most common tricks most people use in revamping their old lehengas is, changing the blouse. This gives a whole new look to the lehenga without even spending a lot of money in buying a new lehenga. There are many different ways of doing this too. You can either use the same colour code for the blouse like the lehenga, or can even use a contrasting colour code for the blouse and lehenga. For example, if you are wearing a red lehenga you can go with a golden colour blouse with mirror work on it. It will look great with a red lehenga. You can pair it with jhumkas and jutti.

## **#Tip 2: Wear it with a Shirt**

---

Yes, you read it right, wearing lehenga with a shirt. It may sound weird, but trust me this will enhance your look. In fusion trends, you can pair western with traditional to achieve a whole new look. You can combine pastel hues with neutral shades like whites or beige to get a contrasting colour combination. For more extraordinary looks, you can combine silk shirts in shades like gold or copper and match it with your lehenga. You can get a more festive look by adding a brooch or any other accessory to your collar.

### #Tip 3: Use the Dupatta

---

Dupatta is one of the most important parts of your lehenga, you can style your lehenga better with dupattas. There are many different ways to style your dupatta. There are a lot of draping methods available, if you have invested in a long dupatta that simply means

you have bought yourself a whole new set of possibilities in styling. You can experiment with a lot of looks using your dupatta. You can style it with a saree or just glam it up with anarkali.
