

TYPHOON

Hot Water Carpet Extraction Cleaners

SE 30

SE 60

1800-watt instant hot water unit (HT1800)

TYPHOON SE 30 carpet extraction cleaner is compact and highly maneuverable, making it ideal for cleaning offices or retail stores with narrow aisles, cinemas and even transport vehicles such as planes, trains and buses. Polyethylene tanks ensures durability while drain hose provides effortless emptying of tank. **TYPHOON SE 30** can be converted into a hot water unit quickly when attached with the optional HT1800.

TYPHOON SE.60 spray extraction cleaner comes with 1800W instant hot water unit. The hot water unit removes food stains and heavy soils from carpets and upholstery quickly and easily. With low noise level and powerful vacuum motor, this machine is ideal for large area applications such as hotels, departmental stores, and restaurants. This larger unit also comes with polyethylene tanks and drain hose.

H35-M

3.5m solution/suction hose assembly

NS10ALL-M
