TrueScale Miniatures is founded with Snap-on Garage kits introduced as first products.

Spielwarenmesse
International Toy Fair
Nürnberg

TrueScale Miniatures exhibits for the first time at the Nuremberg Toy Fair.

Our Rolls-Royce Phantom V "J. Lennon" model is awarded Best 1/43 Scale Model of the Year by Modell Fahrzeug magazine.

TrueScale Miniatures is re-introduced to collectors with new TSM-Model brand name.

Buckingham Palace grants permission to include Royal Crest of Queen Elizabeth II on cars associated with the queen, such as our historic Rolls-Royce Phantom V State Landauette model.

Porsche 935 K3 #71 Le Mans 24Hr Apple Computer model marks the first TSM 1/18 scale diecast release.

The Gurney Eagle F1 model sets are offered as the first Signature Series models featuring racing legend Dan Gurney.

Development of first 1:12 scale models, including Porsche 911, 917 & McLaren P1.

Collection d'Elegance
by TSM-MODEL

Launch of Collection d'Elegance by TSM-Model, a brand with focus on classic cars such as Mercedes Benz SSK, Alfa Romeo 8C 2900B, Rolls-Royce Phantom V.

TSM-Model is selected to be the primary supplier of second generation NSX scale models for Honda Motors worldwide.

Announced new TSM-Model Wing Collection, with aircraft models and accessories in 1/72 and 1/200 scale.

TSM-Model appointed as licensing partner and supplier of model cars in multiple scales for Ford Motor Company as the legendary Ford GT makes a triumphant return.

It has been a long journey for our company.

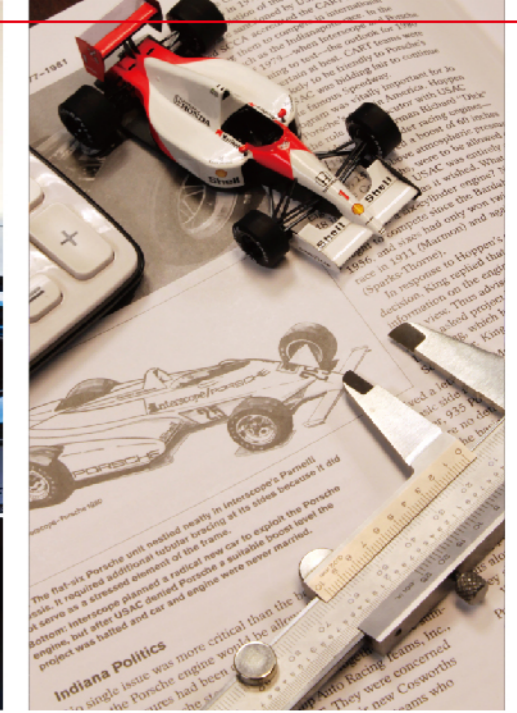

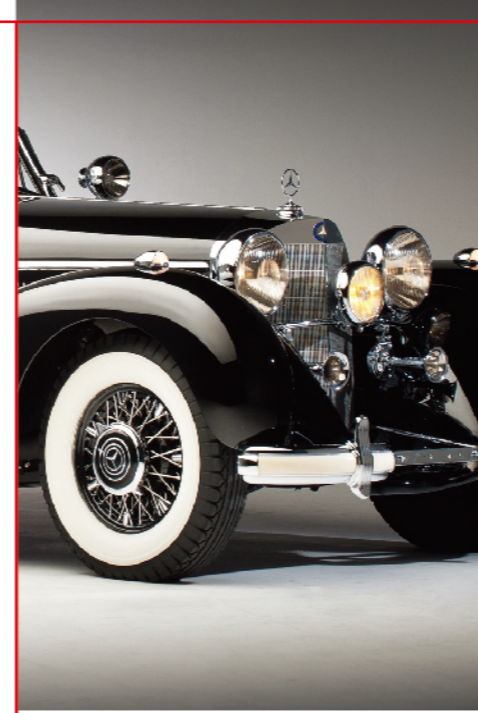

We had our humble beginnings as a distributor, with dreams of one day creating our own models. In 2007 we would introduce our first replicas of the Snap-on garage accessories, but this was only the beginning. In the years since then we have featured a growing range of models, featuring everything from the latest supercars to famous pieces of motorsports history.

We may be a young brand compared to some of the larger names in this industry, but we share the same philosophy and strive for excellence in every model we produce.

We are exceptionally thankful for the support that we have received over the years to make this possible. We owe a great deal not only to our distributors and collectors worldwide, but also to the many auto manufacturers and even classic car collectors who have assisted us in the creation of every model that we produce. This is not just a celebration of what we have accomplished in ten years; this is just one more milestone in our pursuit of passion.

Here's to another ten years.

GENERAL MOTORS *Parade of Progress*

The GM Futurliner was designed by Harley Earl for General Motors for the 1939 World Fair, then used in the Parade of Progress from 1940-1941 and 1953-1956. Twelve Futurliners were built in total and showcased the latest in design and technology of the era, including stereophonic audio, microwaves, televisions, as well as jet engines. Nine Futurliners still exist today, with one Futurliner selling for \$4,000,000 at an auction in 2006.

Looking for an interesting way to promote your racing team that would also make a great gift for your sponsors? Or are you a car manufacturer looking for the perfect item to help commemorate your new product launch? Consider using our services to create an accurate scale model of your car for your retail or promotional needs.

TSM-Model has a wide range of experience in working with different materials, offering you the choice between die-cast metal, resin or ABS plastic depending upon the needs of your project. With our skill in producing both large and small scale models, we also have the ability to create your model in a variety of scales, from as large as 1:8 to as small as 1:64.

We have provided manufacturing services to the automotive and motorsports markets for several years and take pride in our ability to manage a wide variety of different projects. Whether it's creating models of the newest concept cars for large auto manufacturers, or replicating the livery on a winning car for a racing team, our knowledgeable staff can guide you through every step of the process from concept to completion. Regardless of the size and scope of your project, our team will work with you to create a model that will perfectly suit your needs.

Please contact us at info@tsm-model.com to receive additional information.

OEM & SPECIAL PROJECTS

MEDIA CENTER

ABOUT

To ensure that our dealer, distributors and media friends have access to the highest quality photos of TSM-Model products we have decided to create the Media Center website to provide this information. TSM-Model Media Center is a restricted database designed to provide registered users access to official logos, photos, literature, and advertisement resources for TSM-model and Collection d'Elegance by TSM. To register as an approved user you will be required to provide certain basic contact information to verify your identity.

To create your account on the TSM-Model Media Center, go to <http://media.tsm-models.com>, simply click on the registration tab on the home page and provide the required contact information. Usually it takes 48 hours to verify and approve your account, you will then be notified by e-mail when you are able to access your account.

Once your account is active you will also receive updates via e-mail when photos or information are added to the Media Center. The Media Center provides this content to assist in both selling TSM-Model products and promoting the TSM-Model brand through online reviews, written articles and other promotional uses. TSM-Model reserves the copyright of all photos and materials provided on this website.

The TSM-Model Media Center will continue to improve this resource by uploading more data in the future.

Thank you for your continued support of TSM-Model.
