Still doing bare for an extra \$100. A bit pricey but she is slim and pretty tight. I had no problem with her looks.

Just want to mention that the Asian board now openly discuss BBFS. No mod involvement. Not sure if this will be a trend

Just about Aya though right? I saw someone talk about fucking her ass bare and filming it and then other people confirm that bb happens with her. Did you see other posts?

Thanks. Do you know if she still allows vid?

Noticed the video option was mentioned on BF only and not tea's site.

I'm sure she will if you ask and pony up a little extra dough. Video taping the session isn't my thing so I didn't ask myself though.
