## Term Sheet

Dated: September 22, 2021

To: Shaun Overton  
ROI Developers, Inc DBA Accruvia

Athena Bitcoin Global ("Purchaser") and Shaun Overton on behalf of himself and ROI Developers, Inc DBA Accruvia (jointly "Seller") arrived at a verbal agreement to enter into a binding Term Sheet this morning subject to regular and ordinary due diligence. h

1. Terms. Subject to signing definitive agreements and due diligence, Purchaser will acquire certain assets on the terms listed on Exhibit A.

2. Other Offers. Understanding that Purchaser will be incurring legal, accounting, and other expenses, you agree not to directly or indirectly solicit, negotiate, or consider any proposal relating to the acquisition of Seller's equity interests or assets, whether directly or indirectly, between the date hereof and October 31, 2021. Purchaser will be entitled to damages and equitable relief, including reasonable attorney's fees, to enforce the terms of this paragraph and paragraph 3, below.

3. Confidentiality. All parties agree that the terms of this letter will be treated confidentially, except that the parties hereto may disclose this letter of intent to their respective legal and accounting advisors or by court order.

4. Binding Nature. The obligation of Purchaser to move forward with the transactions contemplated in this term sheet is contingent upon: (i) completion of due diligence and the acquisition of any and all releases and liability protection to the satisfaction of Purchaser in its sole discretion, (ii) Seller conducting its business in the ordinary course, and (iii) no material change in the value, condition or ownership of Seller. Except as expressly set forth in this Section 5: (a) this term sheet is intended to inform the final documents; (b) both parties agree to and sign definitive transaction documents, the terms and conditions of which may be different from the terms set forth herein based on due diligence. The provisions set forth in Sections 2 & 3, will be binding on and enforceable by each of the parties and any party seeking to enforce such section(s) is entitled to attorney's fees, costs, and expenses in connection with the enforcement of the same.

to agreed and approved;

the undersigned agrees to the above terms and conditions.

Exhibit 1

ATH

Exhibit

3

17th Aug 2022

3

**PURCHASE PRICE AND TERMS**

**Purchased Assets and Purchase Price:** Purchaser shall purchase 100% of all intellectual property, service agreements (implied, written, or otherwise), and all other assets of Seller at a price equal to \$4,500,000 plus the Seller's capitalized expenses on its balance sheet for Intellectual Property ("Purchase Price"), and employ Shaun Overton with the terms identified herein.

**Payment Terms:** The amount of \$4,500,000 of the Purchase Price is to be paid by Purchaser to Shaun Overton with options on equity issued at a strike price of \$.10 common shares of Athena Bitcoin Global, yielding options on 45,000,000 shares (based upon a strike price of \$.10). The options will vest over four years starting 9 months after execution of final documents with steps every year (9,000,000 options vesting at each vesting point). Options vest pursuant to Shaun Overton continuing employment with Purchaser. Should Shaun Overton pass away or become severely physically incapacitated prior to full vesting through no willful act of Shaun or his beneficiaries, his options will continue to vest. The remaining Purchase Price (for the Intellectual Property will be paid by Purchaser in a commercially reasonable manner of Purchaser's choosing.)

**Due Diligence:** Purchaser will provide an initial list of due diligence items required within 5 business days of Term Sheet execution. Seller will provide responses to due diligence requests within 15 business days or ask for additional time if needed to be reasonably agreed to by Purchaser.

**Legal Documentation Date:** Draft legal documentation will be provided within 15 business days of Term Sheet execution.

**Targeted Closing Date:** October 22, 2021

**REPRESENTATIONS:**

**Purchaser:** Purchaser has recently raised a round of funding converting into common stock at \$.10/share. Executive Compensation of \$175,000 - \$225,000 annual is in line with a recently promoted senior executive with similar equity position as Seller.

**Seller:** Seller will not change the compensation of, or hire, or terminate, any employee, or change any other material expense required prior to the Closing Date without notifying Purchaser. Upon the Closing Date, and thereafter, the Seller will continue to operate the business utilizing Seller's existing employees and independent contractors.

**EMPLOYMENT AGREEMENT:** Shaun Overton, shall be retained as an Employee affiliated with Purchaser as of the Closing Date, and be granted a title commensurate with a leadership role on the technology team with a salary between \$175,000 and \$225,000. Shaun will be afforded all standard benefits be offered by the Purchaser to similarly senior executives. The Purchaser intends to act in good faith to maintain Shaun's employment with the company while he performs the role commensurate with his title.

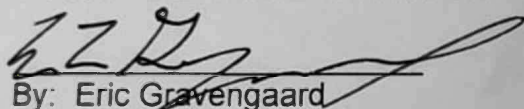

**MISCELLANEOUS:** (1) Seller agrees to work exclusively with Purchaser for any of Purchaser's current or future clients (2) Seller agrees to be bound by Confidentiality and Non Disclosure Agreement sent forthwith

I, Shaun Overton, 40 years of age, 1917 Sage Trail, in the municipality of Hurst, State of Texas, USA with the Unique Identification Document number: [REDACTED], hereby **DECLARE: I)** That between my person and the company that operates under the name of "**ATHENA HOLDINGS EL SALVADOR, VARIABLE CAPITAL LIMITED COMPANY**", abbreviated as **AHES, S.A. DE C.V.**, there has been an individual work relationship since 09/22/2021, and by virtue of this, I have exercised and will continue to exercise my position as CTO. As a result of this, I have had contact with, handled and received commercial information of a restricted and confidential nature, regarding marketing, technical, financial, accounting and legal matters, among others, from **AHES, S.A. DE C.V.**, as well as from the people who are related to it. **II)** That due to the foregoing, I hereby undertake to maintain total confidentiality in relation to the information that I have received, handled and managed or that in any way has come into my possession throughout the aforementioned employment relationship, including but not limited to the following: a) Financial, accounting, industrial, commercial, customer, marketing, strategic, legal, technical, and other information generated or not generated by the company for the exclusive use of the business, whether in the verbal, digital or physical form; b) Accounts and passwords for access to computerized applications, electronic mail, banking services, databases, operating systems, personal computers, communication equipment, and other electronic devices and services that allow access to tangible or intangible resources of the company; c) Any other document or information that may in any way be part of the intangible assets of **AHES, S.A. DE C.V.** that is and will be received by me from any of the members, representatives, employees, legal representatives, lawyers and/or executives and even clients of the aforementioned company, under the protection of this instrument, including preliminary documents, notes, reports, studies, correspondence, facsimiles and any other information transmitted by any means; these will be considered by me to be confidential. **III)** That as a consequence of the employment relationship that I have maintained and continue to maintain with **AHES, S.A. DE C.V.**, I expressly consider and acknowledge that all related information is and will be the exclusive property of **AHES, S.A. DE C.V.**, and therefore all the information, including but not limited to any commercial and confidential information

FILED DATE: 03/24/22 11:56 AM 384M 202203241062

which may have been disclosed to me by virtue of the aforementioned employment relationship and of all that is relevant to AHES, S.A. DE C.V. or to its subsidiaries and other entities related to it, will not be used by me for any reason or for any purpose. Therefore I will take all necessary measures to maintain the confidentiality of the information and prevent its loss or disclosure to third parties. Likewise, I declare that I understand that all the information received is characterized as being a “business secret”, due to its having commercial value and to having been reserved by AHES, S.A. DE C.V. for exclusive use as restricted information. Therefore, it is understood that ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE will have the right to demand from me verbally or in writing at any time that the restricted, confidential or internal information of the company that is in my possession be destroyed or returned, regardless of whether such information was provided before this date. **IV)** Whereas, I expressly assume the responsibility for any loss, theft, destruction and/or misuse of any information owned by AHES, S.A. DE C.V. that is contained within personal computers that are not owned by AHES, S.A. DE C.V., as well as all information that has been extracted or will be extracted in the future by me through magnetic storage devices, compact discs, USB keys, forwarding of said information to personal email, disclosures on social networks, digital platforms, other devices such as cell phones or tablets, or through any other technology. I hereby unequivocally undertake not to take photographs of equipment, materials, supplies, structures, spaces, real estate, or any other distinctive, commercial sign or logos that were owned or merely in the possession of, but ultimately linked to AHES, S.A. DE C.V., nor to disclose in any physical or digital medium any photograph or content related to the operation and economic activity of AHES, S.A. DE C.V.. I also agree not to remove any work tools or personal property owned or held by AHES, S.A. DE C.V. that are part of the development, management and operation of the economic activity of said company, regardless of the object and value in question. Therefore, I hereby assume the risk of being liable for damages caused to ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE, SA, DE CV, and/or its clients, derived from the breach of any of the obligations and declarations contained in this instrument. **V)** That the statements made through this document and the

obligation to maintain confidentiality implicit in all statements are in force as of this date and will continue to be in force, even if said employment relationship is terminated, without a time limit and regardless of the reason that may cause said termination of the relationship. Finally, I hereby manifest that in the event of breach of the obligations contained in this declaration, I will be civilly and criminally liable before ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE or any of its clients who may be affected as a result of my breach; in which case ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE may pursue against me all the legal actions to which said breach may give rise, particularly the compensation for the damages caused, being financially liable up to the amount of thirty thousand dollars of the United States of America or legal tender. VI) That for the legal effects of the interpretation of this declaration, I expressly submit to the legal system of the Republic of El Salvador and its judicial courts. In witness whereof I sign this document in the city of San Salvador, State of San Salvador, on the 22<sup>nd</sup> day of the month of September of the year two thousand and twenty-one.

In the city of San Salvador, State of San Salvador, at 17 hours and 04 minutes on Wednesday [sic] of the month of September of two-thousand and twenty-one. Before me, JUAN CARLOS PREZA SALINAS, Notary, of the municipality of San Salvador, State of San Salvador, appeared [blank], 40 years of age, 1917 Sage Trail, from the municipality of Hurst, state of Texas, USA, whom I do not know but whom I identified by means of his Unique Identification Document number: **[REDACTED]** , AND DECLARED: That he

FILED DATE: 2/7/2022 6:56 PM 2022CH01062

recognizes as his the signature at the bottom of the previous document, as well as the statements and obligations contained therein, as it was signed in this city, on this same day, month and year. Said document literally STATES: **I)** That between my person and the company that operates under the name of **ATHENA HOLDINGS EL SALVADOR, VARIABLE CAPITAL LIMITED COMPANY**, abbreviated as **AHES, S.A. DE C.V.**, there has been an individual work relationship since 09/22/2021, and by virtue of this, I have exercised and will continue to exercise my position as CTO. As a result of this, I have had contact with, handled and received commercial information of a restricted and confidential nature, regarding marketing, technical, financial, accounting and legal matters, among others, from **AHES, S.A. DE C.V.**, as well as from the people who are related to it. **ii)** That due to the foregoing, I hereby undertake to maintain total confidentiality in relation to the information that I have received, handled and managed or that in any way has come into my possession throughout the aforementioned employment relationship, including but not limited to the following: a) Financial, accounting, industrial, commercial, customer, marketing, strategic, legal, technical, and other information generated or not generated by the company for the exclusive use of the business, whether in the verbal, digital or physical form; b) Accounts and passwords for access to computerized applications, electronic mail, banking services, databases, operating systems, personal computers, communication equipment, and other electronic devices and services that allow access to tangible or intangible resources of the company; c) Any other document or information that may in any way be part of the intangible assets of **AHES, S.A. DE C.V.** that is and will be received by me from any of the members, representatives, employees, legal representatives, lawyers and/or executives and even clients of the aforementioned company, under the protection of this instrument, including preliminary documents, notes, reports, studies, correspondence, facsimiles and any other information transmitted by any means; these will be considered by me to be confidential. **iii)** That as a consequence of the employment relationship that I have maintained and continue to maintain with **AHES, S.A. DE C.V.**, I expressly consider and acknowledge that all related information is and will be the exclusive property of **AHES, S.A. DE C.V.**, and therefore all the information, including but not limited to any commercial and confidential information

FILED DATE: 2/7/2022 6:56 PM 2022CH01062

which may have been disclosed to me by virtue of the aforementioned employment relationship and of all that is relevant to AHES, S.A. DE C.V. or to its subsidiaries and other entities related to it, will not be used by me for any reason or for any purpose. Therefore I will take all necessary measures to maintain the confidentiality of the information and prevent its loss or disclosure to third parties. Likewise, I declare that I understand that all the information received is characterized as being a “business secret”, due to its having commercial value and to having been reserved by AHES, S.A. DE C.V. for exclusive use as restricted information. Therefore, it is understood that ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE will have the right to demand from me verbally or in writing at any time that the restricted, confidential or internal information of the company that is in my possession be destroyed or returned, regardless of whether such information was provided before this date. iv) Whereas, I expressly assume the responsibility for any loss, theft, destruction and/or misuse of any information owned by AHES, S.A. DE C.V. that is contained within personal computers that are not owned by AHES, SA DE C.V., as well as all information that has been extracted or will be extracted in the future by me through magnetic storage devices, compact discs, USB keys, forwarding of said information to personal email, disclosures on social networks, digital platforms, other devices such as cell phones or tablets, or through any other technology. I hereby unequivocally undertake not to take photographs of equipment, materials, supplies, structures, spaces, real estate, or any other distinctive, commercial sign or logos that were owned or merely in the possession of, but ultimately linked to AHES, SA DE C.V., nor to disclose in any physical or digital medium any photograph or content related to the operation and economic activity of AHES, S.A. DE C.V. I also agree not to remove any work tools or personal property owned or held by AHES, S.A. DE C.V. that are part of the development, management and operation of the economic activity of said company, regardless of the object and value in question. Therefore, I hereby assume the risk of being liable for damages caused to ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE, SA, DE CV and/or its clients, derived from the breach of any of the obligations and declarations contained in this instrument. v) That the statements made through this

FILED DATE: 2/7/2022 6:56 PM 2022CH01062

document and the obligation to maintain confidentiality implicit in all statements are in force as of this date and will continue to be in force, even if said employment relationship is terminated, without a time limit and regardless of the reason that may cause said termination of the relationship. Finally, I hereby manifest that in the event of breach of the obligations contained in this declaration, I will be civilly and criminally liable before ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE or any of its clients who may be affected as a result of my breach; in which case ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE may pursue against me all the legal actions to which said breach may give rise, particularly the compensation for the damages caused, being financially liable up to the amount of thirty thousand dollars of the United States of America or legal tender. vi) That for the legal effects of the interpretation of this declaration, I expressly submit to the legal system of the Republic of El Salvador and its judicial courts.

And I, the undersigned Notary, **HEREBY CERTIFY:** That the signature that appears at the end of the previous document is authentic, as it was signed in his own handwriting and in my presence by the appearing party. This was the declaration of the appearing party, to whom I explained the legal effects of this notarial deed, which consists of two effective pages; and it having been read by me in its entirety, in a single uninterrupted act, he ratified its content and for the record signs with me. **I HEREBY CERTIFY. -**

NOTARY (initials)]

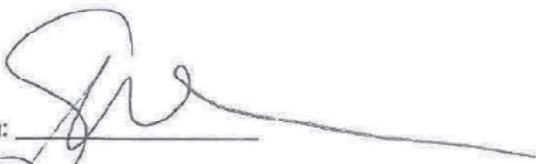

Yo, Shawn Overton de 40 años de edad,  
117 Sage Trail del domicilio de Hurst, Departamento de  
Texas, EE.UU. con Documento Único de Identidad número:

[REDACTED], por este medio OTORGO: I) Que entre mi persona y la sociedad que gira bajo la denominación de "ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE", abreviadamente "AHES, S.A. DE C.V.", ha existido una relación individual de trabajo desde el día 22/09/2021 y en virtud de ello, he ejercido y continuaré ejerciendo mi cargo de CEO. Debido a ello, he tenido contacto, manejado y recibido información comercial de uso restringido y confidencial, de mercadeo, técnica, financiera, contable y legal, entre otras, de parte de "AHES, S.A. DE C.V.", así como de las personas que se relacionan con ésta. II) Que por lo antes expuesto, a través del presente me obligo a mantener en total confidencialidad la Información que he recibido, manejado y dirigido o que de cualquier forma ha llegado a mi poder a lo largo de la relación laboral antes mencionada, incluyendo pero no limitado a lo siguiente: a) Información financiera, contable, industrial, comercial, de clientela, de mercadeo, estratégica, legal, técnica, y de otra índole generada o no generada por la sociedad para uso exclusivo del negocio, ya sea en forma verbal, digital o física; b) De cuentas y contraseñas de acceso a las aplicaciones computarizadas, correo electrónico, servicios bancarios, bases de datos, sistemas operativos, computadoras personales, equipos de comunicación, y otros dispositivos y servicios electrónicos que permita ganar acceso a recursos tangibles o intangibles de la sociedad; c) De cualquier otro documento o información que de alguna forma sea parte de los activos intangibles de "AHES, S.A. DE C.V." que son y serán recibidos por mi persona de cualquiera de los miembros, personeros, empleados, representantes legales, abogados y/o ejecutivos e incluso clientes de la sociedad mencionada, bajo el amparo de este Instrumento, incluyendo documentos preliminares, notas, reportes, estudios, correspondencia, facsímiles y cualquier otra información transmitida por cualquier medio, será considerada por mi persona como confidencial. III) Que como consecuencia de la relación laboral que he mantenido y mantengo con "AHES, S.A. DE C.V.", considero y reconozco expresamente que toda la información relacionada es y será propiedad exclusiva de "AHES, S.A. DE C.V.", por lo que toda la información, incluyendo pero sin limitarse a la información comercial y confidencial, que haya sido revelada a mi persona en virtud de la relación laboral antes dicha y de toda aquella que tenga relevancia para "AHES, S.A. DE C.V." o para sus subsidiarias y demás entidades relacionadas con ésta, no será utilizada por mi persona por ningún motivo y para ningún fin, y que por lo tanto tomaré todas las medidas necesarias para mantener la confidencialidad de la información y evitar su pérdida o revelación a terceros. Asimismo, declaro que entiendo que toda la información recibida tiene carácter de "secreto empresarial", por tener un valor comercial y por haberla tenido reservada "AHES, S.A. DE C.V." para uso exclusivo

FILED DATE: 2/7/2022 6:56 PM 2022CH01062

como información restringida. Por lo que queda entendido que "ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE" tendrá el derecho de exigirme verbalmente o por escrito en cualquier momento que la información restringida, confidencial o interna de la sociedad que se encuentre en mi poder sea destruida o devuelta, independientemente de que tal información se haya entregado antes de esta fecha. **IV)** Que expresamente asumo bajo mi responsabilidad cualquier pérdida, robo, destrucción y/o mala utilización de toda información propiedad de "AHES, S.A. DE C.V." que esté contenida dentro de ordenadores personales que no sean propiedad de "AHES, S.A. DE C.V.", así como toda información que haya sido extraída o sea extraída en un futuro por mi persona a través de dispositivos de almacenamiento magnéticos, discos compactos, llaves usb, remisión de la misma hacia correo electrónico personal, divulgaciones en redes sociales, plataformas digitales, demás dispositivos tales como celulares, tablets, o a través de cualquier otra tecnología. De forma inequívoca me obligo a no tomar fotografías de equipos, materiales, insumos, estructuras, espacios, inmuebles, ni ningún otro signo distintivo, comercial ni logos que estuvieren en propiedad o mera tenencia, pero en definitiva vinculados a "AHES, S.A. DE C.V.", ni a divulgar en cualquier medio físico o digital ninguna fotografía o contenido relacionado a la operación y actividad económica de "AHES, S.A. DE C.V.". También me obligo a no sustraer ninguna herramienta de trabajo o bienes muebles que estén en propiedad o tenencia por parte de "AHES, S.A. DE C.V., S.A. DE C.V." y que sean parte de el desarrollo, manejo y operación de la actividad económica de dicha sociedad, independientemente del objeto y valor del que se trate. Por lo tanto, asumo el riesgo de responder por los daños y perjuicios causados a "ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE, S.A. DE C.V.", y/o a sus clientes, derivados del incumplimiento de cualquier de las obligaciones y declaraciones contenidas en el presente instrumento. **V)** Que las declaraciones hechas a través de la presente y la obligación de reserva de confidencialidad imbuída en tales declaraciones se encuentran vigentes a esta fecha y continuarán estándolo, incluso aun dada por terminada dicha relación laboral, sin límite de tiempo e independientemente del motivo que provocare dicha finalización del vínculo. Finalmente, manifiesto que, en caso de incumplimiento de las obligaciones contenidas en la presente declaración, seré responsable civil y penalmente frente a "ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE.", o los clientes de ésta que se vean afectados como consecuencia de mi incumplimiento; en tal virtud "ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE", podrá seguir en mi contra todas las acciones legales a que dicho incumplimiento diere lugar, particularmente el resarcimiento de los daños y perjuicios causados, respondiendo económicamente hasta por la cantidad de Treinta Mil Dólares de los Estados Unidos de América o moneda de curso legal. **VI)** Que para los efectos legales de la interpretación de la presente declaración expresamente, me someto al ordenamiento jurídico de la República de El Salvador y a sus tribunales judiciales. En fe de lo cual

firmando el presente documento en la ciudad de San Salvador, Departamento de San Salvador, el día 22 del mes de Septiembre del año dos mil veintiuno. -

Firma: 

En la ciudad de San Salvador, Departamento de San Salvador, a las 4:17 horas y 04 minutos del día Wednesday del mes de Septiembre de dos mil veintiuno. Ante mí, JUAN CARLOS PREZA SALINAS, Notario, domicilio de San Salvador, Departamento de San Salvador, comparece

DE C.V." o para sus subsidiarias y demás entidades relacionadas con ésta, no será utilizada por mi persona por ningún motivo y para ningún fin, y que por lo tanto tomaré todas las medidas necesarias para mantener la confidencialidad de la información y evitar su pérdida o revelación a terceros. Asimismo, declaro que entiendo que toda la información recibida tiene carácter de "secreto empresarial", por tener un valor comercial y por haberla tenido reservada "AHES, S.A. DE C.V." para uso exclusivo como información restringida. Por lo que queda entendido que "ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE" tendrá el derecho de exigirme verbalmente o por escrito en cualquier momento que la información restringida, confidencial o interna de la sociedad que se encuentre en mi poder sea destruida o devuelta, independientemente de que tal información se haya entregado antes de esta fecha. IV) Que expresamente asumo bajo mi responsabilidad cualquier pérdida, robo, destrucción y/o mala utilización de toda información propiedad de "AHES, S.A. DE C.V." que esté contenida dentro de ordenadores personales que no sean propiedad de "AHES, S.A. DE C.V.", así como toda información que haya sido extraída o sea extraída en un futuro por mi persona a través de dispositivos de almacenamiento magnéticos, discos compactos, llaves usb, remisión de la misma hacia correo electrónico personal, divulgaciones en redes sociales, plataformas digitales, demás dispositivos tales como celulares, tablets, o a través de cualquier otra tecnología. De forma inequívoca me obligo a no tomar fotografías de equipos, materiales, insumos, estructuras, espacios, inmuebles, ni ningún otro signo distintivo, comercial ni logos que estuvieren en propiedad o mera tenencia, pero en definitiva vinculados a "AHES, S.A. DE C.V.", ni a divulgar en cualquier medio físico o digital ninguna fotografía o contenido relacionado a la operación y actividad económica de "AHES, S.A. DE C.V.". También me obligo a no sustraer ninguna herramienta de trabajo o bienes muebles que estén en propiedad o tenencia por parte de "AHES, S.A. DE C.V., S.A. DE C.V." y que sean parte de el desarrollo, manejo y operación de la actividad económica de dicha sociedad, independientemente del objeto y valor del que se trate. Por lo tanto, asumo el riesgo de responder por los daños y perjuicios causados a "ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE, S.A. DE C.V.", y/o a sus clientes, derivados del incumplimiento de cualquier de las obligaciones y declaraciones contenidas en el presente instrumento. V) Que

las declaraciones hechas a través de la presente y la obligación de reserva de confidencialidad imbuída en tales declaraciones se encuentran vigentes a esta fecha y continuarán estándolo, incluso aun dada por terminada dicha relación laboral, sin límite de tiempo e independientemente del motivo que provocare dicha finalización del vínculo. Finalmente, manifiesto que, en caso de incumplimiento de las obligaciones contenidas en la presente declaración, seré responsable civil y penalmente frente a "ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE.", o los clientes de ésta que se vean afectados como consecuencia de mi incumplimiento; en tal virtud "ATHENA HOLDINGS EL SALVADOR, SOCIEDAD ANÓNIMA DE CAPITAL VARIABLE", podrá seguir en mi contra todas las acciones legales a que dicho incumplimiento diere lugar, particularmente el resarcimiento de los daños y perjuicios causados, respondiendo económicamente hasta por la cantidad de Treinta Mil Dólares de los Estados Unidos de América o moneda de curso legal. **VI)** Que para los efectos legales de la interpretación de la presente declaración expresamente, me someto al ordenamiento jurídico de la República de El Salvador y a sus tribunales judiciales. "\*\*\*\*\*" Y yo, el suscrito Notario, **DOY FE:** Que la firma que aparece al final del anterior documento es auténtica, por haber sido puesta de su puño y letra y a mi presencia por el compareciente. Así se expresó el compareciente, a quién expliqué los efectos legales de la presente acta notarial, que consta de dos folios útiles; y leída que le fue por mí íntegramente, en un solo acto ininterrumpido, ratifica su contenido y para constancia firma conmigo. **DOY FE.** -

Firma: 

A circular notary seal for Carlos Preza Salinas, Notario in the Republic of El Salvador. The seal is partially obscured by a large, loopy handwritten signature.

1 SHAUN OVERTON, having first been duly  
 2 sworn according to law, was examined and  
 3 testified as follows:  
 4 - - - - -  
 5 BY ATTORNEY FOWLER:  
 6 Q. Could you state your name, please,  
 7 for the record?  
 8 A. Shaun Michael Overton.  
 9 Q. Mr. Overton, my name is Larry Fowler,  
 10 and I'm the attorney for Athena Bitcoin, Inc. in  
 11 this proceeding. Do you understand that?  
 12 A. I do.  
 13 Q. We have not met before; correct?  
 14 A. Correct.  
 15 Q. Okay. Have you ever had your  
 16 deposition taken before?  
 17 A. Never.  
 18 Q. Okay. Have you personally ever been  
 19 a party to a lawsuit?  
 20 A. Yes.  
 21 Q. Okay. Tell me about that.  
 22 A. It was with Forex Capital Markets.  
 23 Q. Okay. And were you a plaintiff or  
 24 defendant in that suit?  
 25 A. Plaintiff.

**Page 4**

1 Q. How long ago was that?  
 2 A. 2006, I think.  
 3 Q. And where was that lawsuit pending?  
 4 A. Somewhere -- it was in either Dallas  
 5 County or Tarrant County, Texas.  
 6 Q. Okay. Have you ever been arrested or  
 7 charged with a felony?  
 8 A. No.  
 9 Q. All right. You understand that  
 10 you're here today as the corporate  
 11 representative of ROI Developers, Inc., d/b/a  
 12 Accruvia; correct?  
 13 ATTORNEY STEWART: No. I'm  
 14 objecting, Mr. Fowler. He's here on  
 15 behalf of Shaun Overton. We didn't get a  
 16 corporate rep dep. You asked for  
 17 Mr. Overton.  
 18 ATTORNEY FOWLER: Oh, okay.  
 19 BY ATTORNEY FOWLER:  
 20 Q. All right. The company ROI  
 21 Developers, Inc., who owns that company?  
 22 A. I do.  
 23 Q. 100 percent?  
 24 A. 100 percent.  
 25 Q. Okay. And when was it formed?

**Page 5**

1 A. 2010. The Texas entity was formed in  
 2 2010.  
 3 Q. Okay. Are you the only officer or  
 4 director of that company also?  
 5 A. I'm -- at some point in the past I  
 6 think I listed my father as the secretary. But  
 7 functionally, I've been the only operating  
 8 officer.  
 9 Q. Okay. Other than you, are there any  
 10 other employees of that company?  
 11 A. Currently, there are zero W-2  
 12 employees.  
 13 Q. Has there in the past been W-2  
 14 employees?  
 15 A. Yes.  
 16 Q. When was the last time there was a  
 17 W-2 employee other than, potentially, yourself?  
 18 A. November of 2021.  
 19 Q. And who were those W-2 employees?  
 20 A. Bailey Jarrell.  
 21 Q. Anybody else?  
 22 A. Nope.  
 23 Q. Okay. And how long was Mr. Bailey --  
 24 wait. Is it Mr. or Miss?  
 25 A. Miss.

**Shaun Overton**  
**August 16, 2022**

**Page 6**

1 Q. How long was Miss Jarrell an employee  
2 of ROI Developers, Inc.?  
3 A. From February to November of 2021.  
4 Q. All right. During the year 2021 were  
5 there any other W-2 employees of ROI?  
6 A. Just myself.  
7 Q. Okay. What about prior to 2021;  
8 other than yourself has there ever been any  
9 other W-2 employees?  
10 A. Yes.  
11 Q. Okay. How long ago?  
12 A. 2012 or -- maybe 2014. But it's been  
13 a while.  
14 Q. All right. That was well before the  
15 issues that bring us here today; correct?  
16 A. Correct.  
17 Q. Okay. During 2021, did you have --  
18 or did ROI contract with individuals to provide  
19 its services?  
20 A. Yes.  
21 Q. Okay. How many people, roughly, did  
22 ROI contract with to assist it in providing  
23 services?  
24 A. Around 15.  
25 Q. Does ROI have a physical office?

**Page 7**

1 A. Yes, it does.  
2 Q. And where is that located?  
3 A. Hurst, Texas.  
4 Q. Where in Hurst?  
5 A. 615 West Harwood Road, Suite B2,  
6 Hurst, Texas 76054.  
7 Q. And how long has ROI had that office?  
8 A. One year.  
9 Q. So from approximately August 2021?  
10 A. Correct.  
11 Q. Prior to August 2021 did it have a  
12 physical office?  
13 A. Yes.  
14 Q. Where was that?  
15 A. 550 Reserve Street, Southlake, Texas  
16 76092.  
17 Q. Was that an office building?  
18 A. Yes, it was.  
19 Q. Okay. And that was in Southlake?  
20 A. Correct.  
21 Q. Okay. How long had ROI been in that  
22 building?  
23 A. I think about two years.  
24 Q. Okay. The project that brings us  
25 here today relates to something called a Bitcoin

**Page 8**

1 wallet; is that true?  
2 A. Yes, it is.  
3 Q. Okay. And in your discovery  
4 responses, you describe the project as something  
5 Chivo, C-H-I-V-O; is that correct?  
6 A. Correct.  
7 Q. And is that how you pronounce it,  
8 "Chivo"?  
9 A. "Chivo," yes.  
10 Q. Tell me generally what was the Chivo  
11 Wallet project?  
12 A. It's primarily designed to serve the  
13 remittance market. So the 25 percent of  
14 El Salvador's GDP is remittances. Primarily,  
15 that money comes from the United States.  
16 And when -- and most of those  
17 individuals are on the lower spectrum  
18 economically, and they have to send money back  
19 home to support their relatives and family. And  
20 when they do that, they usually use Western  
21 Union, MoneyGram, and other money transfer  
22 services. And those commissions are generally  
23 12 and a half percent or more of the amount  
24 sent.  
25 The government of El Salvador wanted

**Page 9**

1 to improve the well-being of its citizens. And  
2 by designing the Chivo Wallet ecosystem, it's  
3 designed to disintermediate the remittance  
4 industry.  
5 The way that happens functionally is  
6 that a lot of the people sending remittances  
7 function in the cash economy and they do not  
8 have bank accounts. And so the only way they  
9 can get that money into Bitcoin -- well, back  
10 up.  
11 Bitcoin is essential because there  
12 are no intermediaries. So there's no middleman  
13 to take a cut. When Western Union sends money  
14 from the United States to El Salvador, there's  
15 intermediary banks, several intermediary banks;  
16 and each one of those banks takes a fee and  
17 commission for passing the money along.  
18 So by converting the money to  
19 Bitcoin, you can completely remove the banks  
20 from the equation. But you still have the  
21 physical problem of a guy with a few hundred  
22 dollars in cash, needs to transmit its monetary  
23 equivalent to El Salvador.  
24 And so what he does is he goes to  
25 ATMs located within the United States,

**Shaun Overton**  
**August 16, 2022**

<p style="text-align: right;"><b>Page 10</b></p> <p>1 physically deposits the cash into the ATM. The                  2 ATM then converts that to Bitcoin.                  3 The government signs terms with                  4 Athena to remove the commissions associated with                  5 that transaction. There may be like a tiny,                  6 tiny commission; but it's functionally close to                  7 zero. It's a fraction of a percent.                  8 And then that money is converted to                  9 Bitcoin, sent to the recipient who has a Chivo                  10 Wallet. And that Chivo Wallet has the option                  11 but not the requirement that when the Bitcoin                  12 deposit is received, you can immediately convert                  13 it back into US dollars.                  14 The -- one of the primary concerns                  15 with people using Bitcoin is its volatility                  16 relative to the US dollar. So by the person                  17 sending the money in Bitcoin and knowing that                  18 Chivo Wallet will automatically convert it, it                  19 keeps their market risk extremely limited to                  20 approximately a few minutes of price action,                  21 which means for most people they won't see any                  22 change in the amount of money going from United                  23 States to El Salvador.                  24 Then the final step in the equation                  25 is that that money is received within the Chivo</p>	<p style="text-align: right;"><b>Page 12</b></p> <p>1 wallet; correct?                  2 A. I'm sorry. I don't really understand                  3 the question.                  4 Q. Okay. With regard to the wallet                  5 itself, I think I understood you to say that it                  6 could be use like a debit card, essentially?                  7 A. Basically, yes.                  8 Q. Okay. And those funds can be placed                  9 into that wallet from anywhere, any source, as                  10 far as Bitcoins go; correct?                  11 A. It could come from -- yeah, you don't                  12 have to uses an ATM. You could deposit by                  13 Bitcoin.                  14 Q. Okay. And as far as where the Chivo                  15 Wallet's concerned, was that product -- I guess                  16 we'll call the Chivo Wallet a product -- was                  17 that product going to be owned by the government                  18 of El Salvador?                  19 A. Yes.                  20 Q. Okay. And the information you just                  21 told me about Chivo Wallet, all this was                  22 explained to you before ROI began its work; is                  23 that correct?                  24 A. Yes.                  25 Q. Let me back up just a hair. I</p>
<p style="text-align: right;"><b>Page 11</b></p> <p>1 Wallet app in El Salvador. And the recipient                  2 has two potential uses. They can either go to                  3 another ATM and withdraw that in cash, which is                  4 overwhelmingly what people do. Or they can keep                  5 the money in the Chivo Wallet ecosystem and                  6 spend it functionally like the credit card,                  7 although it -- I guess a debit card would be a                  8 better analogy; that they can go make purchases                  9 at major stores across El Salvador with money in                  10 their Chivo Wallet.                  11 Q. Okay. All right. And so the Chivo                  12 Wallet -- I mean, you told me about the people                  13 have the ability to transmit money from another                  14 country, like the United States, and have the                  15 Bitcoins end up in the wallet. But the wallet                  16 can be used -- I mean, it's just, it's just used                  17 as a Bitcoin wallet; correct? That's what the                  18 Chivo Wallet -- it wasn't restricted to                  19 receiving funds from, you know, the United                  20 States, for example; correct?                  21 A. It's not restricted.                  22 Q. Okay. So the folks in El Salvador,                  23 they can go to the ATM there in El Salvador and                  24 buy Bitcoins -- I mean, however, whatever they                  25 would typically do with regard to a Bitcoin</p>	<p style="text-align: right;"><b>Page 13</b></p> <p>1 usually ask, and I forgot to ask in this                  2 instance, a little bit on your background.                  3 Where did you go to high school?                  4 A. Grapevine High School in Grapevine,                  5 Texas.                  6 Q. What year did you graduate from                  7 Grapevine?                  8 A. 1999.                  9 Q. What did you do after you got out of                  10 high school?                  11 A. Went to the University of Texas;                  12 graduated with a history degree in 2003.                  13 Q. All right. After you got out of UT,                  14 then what?                  15 A. I went to Yemen and studied Arabic.                  16 Q. How long were you in Yemen?                  17 A. A little over a year and a half.                  18 Q. Were you employed while you were in                  19 Yemen?                  20 A. Yes.                  21 Q. What were you doing?                  22 A. I worked as an English teacher for a                  23 language institute owned and operated by the US                  24 embassy.                  25 Q. What did you after Yemen?</p>

Shaun Overton  
August 16, 2022

Page 14

1 A. I worked as an Arabic and English  
2 translator in Doha, Qatar.  
3 Q. Who did you work for?  
4 A. Hamad Medical Corporation.  
5 Q. And how long were you in Qatar?  
6 A. Three months.  
7 Q. Okay. What did you do after that?  
8 A. I returned to the United States and  
9 started working at Forex Capital Markets.  
10 Q. Is Four the number four, or is it  
11 spelled out?  
12 A. It's F-O-R-E-X. It's an acronym for  
13 "foreign exchange."  
14 Q. All right. So it's Forex Capital  
15 what?  
16 A. Markets.  
17 Q. Okay. And what did you do for Forex  
18 Capital Markets?  
19 A. I was a Forex broker.  
20 Q. And what were you brokering?  
21 A. Currencies, foreign exchange.  
22 Q. And how long were you with Forex?  
23 A. Two years.  
24 Q. So approximately when did you leave  
25 Forex?

Page 15

1 A. November of 2007.  
2 Q. All right. What did you do after you  
3 left Forex?  
4 A. I started this current entity, which  
5 was originally named OneStepRemoved.com LLC.  
6 Q. Mechanically, how did you go from the  
7 name OneStep -- what was it, OneStep what?  
8 A. Removed.  
9 Q. Okay. How did you go from the name  
10 OneStepRemoved to ROI Developers?  
11 A. There is a series of name changes  
12 that I filed with the State of Texas. It went  
13 from OneStepRemoved.com to Engineer ROI to ROI  
14 Developers.  
15 Q. Okay. Has the business been the same  
16 under all the different names?  
17 A. You mean like the markets that we  
18 serve?  
19 Q. Whatever business OneStepRemoved was  
20 in, is that the same business that ROI  
21 Developers, Inc. is now in?  
22 A. We serve a different customer base,  
23 but it all relates to programming.  
24 Q. Okay. OneStepRemoved, what was the  
25 customer base there?

Page 16

1 A. Retail foreign exchange traders.  
2 Q. And who's the customer base for ROI  
3 Developers, Inc.?  
4 A. Businesses primarily with revenues of  
5 5 to 25 million.  
6 Q. And tell me generally what is the  
7 programming services that ROI Developers  
8 provides to those businesses?  
9 A. We are API integrators.  
10 Q. At some point after you left Forex,  
11 did you receive any training in programming?  
12 A. No.  
13 Q. As you sit here today, have you ever  
14 received any formal training in programming?  
15 A. I've taken a few courses through  
16 Coursera, but that's the extent of it.  
17 Q. All right. Did I understand you  
18 correctly that ROI Developers, Inc. provides  
19 programming services to its customers?  
20 A. That's correct.  
21 Q. Okay. So who actually does the  
22 programming?  
23 A. I have a network of contractors that  
24 work for me full-time.  
25 Q. The description you gave me earlier

Page 17

1 about the Chivo Wallet, is that the type of  
2 project that ROI Developers, Inc. normally works  
3 on?  
4 A. No; it's an unusual project.  
5 Q. Okay. Describe for me what the  
6 normal business would be for ROI Developers,  
7 Inc.  
8 A. The local business doing 5 to  
9 \$25 million in revenue, but it could be in any  
10 industry.  
11 Q. So what are you doing for them?  
12 A. We're an API integrator. And that  
13 means we take two software platforms that don't  
14 talk to each other and we build -- we're like  
15 plumbers for software. So we build the pipe  
16 that connects two systems that can't share data.  
17 Q. All right. And then as I understand  
18 it, the Chivo Wallet project, you were creating  
19 a Bitcoin wallet for the government of  
20 El Salvador; correct?  
21 A. No.  
22 Q. Okay. What is incorrect about that?  
23 A. We began working on the project with  
24 the government of El Salvador because software  
25 was provided to the government and they

Shaun Overton  
August 16, 2022

Page 18

1 experienced a number of incredibly difficult  
 2 circumstances where the -- the program was  
 3 functionally unusable. And so we were brought  
 4 in to right the ship and fix all the problems.  
 5 Q. And so the government of El Salvador  
 6 had a software program, and you're saying that  
 7 ROI came in to fix the bugs in this software; is  
 8 that correct?  
 9 A. Correct.  
 10 Q. Okay. The software -- what did the  
 11 software do that was not working properly for El  
 12 Salvador?  
 13 A. It's a very long list.  
 14 Q. Well, give me generally what was it  
 15 supposed to do, this software.  
 16 A. It was what I described to you  
 17 earlier about serving the remittance market.  
 18 Q. Okay. But when you became involved  
 19 in the project, was it already called the Chivo  
 20 Wallet?  
 21 A. Yes, it was.  
 22 Q. Okay. All right. So there was a  
 23 software out there that belong to the government  
 24 of El Salvador; and part of it, at least,  
 25 included this Bitcoin wallet called the Chivo

Page 19

1 Wallet. Correct?  
 2 A. That was the entirety of it.  
 3 Q. Okay. And so you're telling me that  
 4 you are hired to take -- to work out the kinks  
 5 in the Chivo Wallet project that already  
 6 existed; correct?  
 7 A. Correct.  
 8 Q. Do you recall anything about the  
 9 government of El Salvador using the Chivo Wallet  
 10 to give money directly to its citizens?  
 11 A. Absolutely.  
 12 Q. How -- I mean, tell me what you  
 13 remember about that.  
 14 A. It was rife with fraud. So when the  
 15 program launched on September 7th, there was a  
 16 vendor selected that I don't recall the name of.  
 17 And I know that QA Consultants, another vendor,  
 18 had warned the government that this software --  
 19 that this vendor was extremely likely to fail  
 20 under load.  
 21 And within the first 150 sign-ups on  
 22 the platform, the, the vendor for KYC compliance  
 23 crashed. And government of El Salvador had,  
 24 especially President Bukele, had staked pretty  
 25 much his entire career on the successful

Page 20

1 rollout.  
 2 So the government of El Salvador made  
 3 to eliminate the KYC, the KYC vendor from the  
 4 process so that the Chivo Wallet registrations  
 5 could continue. They wanted to hit their  
 6 50,000-user initial launch point. But because  
 7 they turned off KYC, there was literally no  
 8 supervision whatsoever. Anybody on the platform  
 9 could sign up and get \$30.  
 10 So we experienced -- I know that  
 11 Miguel Sabal, who was the direct advisor to  
 12 President Bukele and who I worked with nearly  
 13 every day, was coming in my office telling me  
 14 about users, when they would take the selfie for  
 15 their personal identification, he was saying  
 16 people were taking pictures of the wall, of  
 17 potted plants.  
 18 So we had this database where people  
 19 very quickly learned that if they could show an  
 20 El Salvador IP address, that they could sign up  
 21 for Chivo Wallet, get \$30 completely for free as  
 22 a gift for registering, and then withdraw that  
 23 money immediately.  
 24 And in the final assessment -- we  
 25 don't -- we never pinned down the exact amount

Page 21

1 of fraud, but we estimated that it was between  
 2 10 to 20 percent of all of the users registered  
 3 were fraudulent. And the vast majority of that  
 4 money had left the Chivo Wallet ecosystem.  
 5 So throughout my time in the project,  
 6 fighting fraud was overwhelmingly the  
 7 government's priority and consumed a lot of our  
 8 time and resources.  
 9 Q. Okay. So based on what you just told  
 10 me, it was the -- the Chivo Wallet project was  
 11 designed to be utilized by citizens of  
 12 El Salvador; correct?  
 13 A. It was exclusively limited -- it was  
 14 supposed to be limited to only citizens of  
 15 El Salvador.  
 16 Q. Okay. So tell me how you became  
 17 involved in this Chivo Wallet project in  
 18 El Salvador.  
 19 A. I received a call from Brian  
 20 Bernknopf. He is a colleague and is managing  
 21 director at QA Consultants. I was flying to  
 22 visit my team in the Dominican Republic. And  
 23 while laid over in Miami, I received a call from  
 24 him, which I didn't hear. He send me a text  
 25 message which said: Give me a call. I've got

Shaun Overton  
August 16, 2022

Page 22

1 the deal of a lifetime for you.  
 2 That got my attention, so I called  
 3 back right away. And he said that -- he -- him  
 4 and I had been in communication. All I knew is  
 5 that he was working on a Bitcoin project. And  
 6 so when he told me that he was working --  
 7 Q. Hang on a second. Let me stop you a  
 8 second. Tell me what's this person's name.  
 9 A. Brian Bernknopf.  
 10 Q. You're going to have to spell that  
 11 last one?  
 12 A. Yeah. B-E-R-K-N-O-P-F [sic].  
 13 Q. What's the last letter?  
 14 A. F as in Frank.  
 15 Q. B-E-R-K-N-O-P-F?  
 16 A. Correct.  
 17 Q. And who did he work for?  
 18 A. QA Consultants.  
 19 Q. Looking through my notes, I see I  
 20 skipped over one of my normal questions.  
 21 Where do you currently reside?  
 22 A. Hurst, Texas.  
 23 Q. How long have you lived in Hurst?  
 24 A. Since 2015.  
 25 Q. And when you were in Qatar and Yemen,

Page 23

1 what did you use as a permanent address in the  
 2 US? Did you have one?  
 3 A. My parents' home in Colleyville,  
 4 Texas.  
 5 Q. Okay. All right. So you told me a  
 6 moment ago you're at a layover in Miami on the  
 7 way down to see your team in the Dominican  
 8 Republic. Who or what is your team in the  
 9 Dominican Republic?  
 10 A. At the time it was Carlos Lopez,  
 11 Franklin Grassais, Williams Mendez, and Gustavo  
 12 Rodriguez.  
 13 Q. All right. And so was this -- you  
 14 told me earlier that there is a group of  
 15 programmers that you keep busy all the time on a  
 16 contract basis. Is this part of that group?  
 17 A. Yes, it is.  
 18 Q. Okay. And they were all based in the  
 19 Dominican?  
 20 A. Yes.  
 21 Q. Okay. And tell me what timeframe  
 22 we're talking about here where you're in the  
 23 Miami airport on the way down to the Dominican  
 24 Republic?  
 25 A. September 9th.

Page 24

1 Q. What year?  
 2 A. 2021.  
 3 Q. So in September of '21 were all of  
 4 the programmers that you were using on a regular  
 5 basis located in the Dominican?  
 6 A. No.  
 7 Q. What other -- where were the other  
 8 programmers that you were using on a regular  
 9 basis?  
 10 A. Poland, South Africa, Greece,  
 11 Argentina. Those were the main ones.  
 12 Q. So was that bulk of the programmers  
 13 that ROI used in September of '21; were they in  
 14 those countries you just told me about?  
 15 A. Correct.  
 16 Q. Okay. In September of 2021, was ROI  
 17 contracting with any programmers that were  
 18 located in Texas on a regular basis?  
 19 A. No.  
 20 Q. In September of 2021, was ROI  
 21 contracting with anybody for anything on a  
 22 regular basis in the State of Texas?  
 23 A. Yes.  
 24 Q. What?  
 25 A. The primary relationships would be

Page 25

1 Evexias -- E-V-E-X-I-A-S -- Health Solutions and  
 2 Silver Creek Materials.  
 3 Q. Now, were those customers --  
 4 A. Yes.  
 5 Q. -- of ROI?  
 6 I'm sorry?  
 7 A. Yes.  
 8 Q. All right. So these were two  
 9 customers that ROI had. And was it providing  
 10 programming services to these two entities?  
 11 A. Correct.  
 12 Q. The programming that was being done,  
 13 was that being done by somebody here in Texas or  
 14 was that being done by part of this group of  
 15 programmers you told me about a minute ago?  
 16 A. Managed in Texas; done -- the  
 17 programming was done in the various countries  
 18 that I listed.  
 19 Q. All right. So no programming in  
 20 Texas; all by -- in these other countries you  
 21 told me about; correct?  
 22 A. Correct.  
 23 Q. So for the health solutions company,  
 24 what was ROI doing for it?  
 25 A. We built a completely custom platform

Shaun Overton  
August 16, 2022

<p style="text-align: right;"><b>Page 26</b></p> <p>1 that's used for education and ordering 2 prescriptions. 3 (Discussion held off the record.) 4 (Recess.) 5 BY ATTORNEY FOWLER: 6 Q. Then the other company you told me 7 about that ROI was providing services to, Silver 8 something -- what was it? 9 A. Silver Creek Materials. 10 Q. Is that a material-handling company? 11 A. They're a sand mine. 12 Q. Yeah. Where are they located? 13 A. Fort Worth. 14 Q. Over on the west side? 15 A. Correct. 16 Q. Yeah. And generally, what was the 17 project for them? 18 A. It was a couple of things. It was a 19 mobile app that sits in a front loader so that 20 operators could see incoming orders that they 21 needed to service. We did some accounting 22 integration work to connect the point-of-sale 23 system into QuickBooks. And that was, that was 24 the work. 25 Q. Okay. So on -- for those two</p>	<p style="text-align: right;"><b>Page 28</b></p> <p>1 physically, what is it you primarily do for the 2 company? 3 A. Project manager. 4 Q. Okay. 5 A. And sales. 6 Q. And by project manager, is that 7 primarily coordinating with the programmers? 8 A. And the customers; yes. 9 Q. So would you say working as a project 10 manager takes up what, what, 80 percent, 11 90 percent of your time, or a hundred percent? 12 A. It's my full-time job. 13 Q. So other than as a program -- being 14 the program manager for ROI, any other functions 15 that you perform for ROI on a regular basis? 16 A. Sales, project management, a little 17 bit of accounting. But that's it. 18 Q. When you say a little bit of 19 accounting, have you got an outside source that 20 does most of your accounting? 21 A. Correct. 22 Q. Okay. Who's that outside source? 23 A. It is -- I forget the name of his 24 business, but his name is Joe Abesamis. 25 Q. Where's he located?</p>
<p style="text-align: right;"><b>Page 27</b></p> <p>1 companies around September of '21, are you 2 personally doing any of the programming or is it 3 done by these programmers you were telling me 4 about? 5 A. I -- overwhelmingly done by the 6 programmers. I did nominal bits of coding here 7 and there. 8 Q. Okay. And you never had any formal 9 training on coding; is that right? 10 A. Correct. 11 Q. So with regard to ROI, is the vast 12 majority of the programming done by those 13 programmers that are located around the world? 14 A. Correct. 15 Q. So when would be an instance when you 16 personally would attempt to do some type of 17 coding? 18 A. It would be what I would call 19 "knickknack work"; just something -- low-hanging 20 fruit, just to free the developers up to do 21 something that they could be working on, 22 something more productive. 23 Q. Okay. So with regard to ROI, 24 predominantly, what's your role? I know you 25 own it; you're the -- and the only officer. But</p>	<p style="text-align: right;"><b>Page 29</b></p> <p>1 A. In Southern California. 2 Q. When you're dealing with him, do you 3 actually transmit the information 4 electronically? 5 A. Yes. 6 Q. How did you hook one with an 7 accountant in Southern California? 8 A. He used to live in Frisco. 9 Q. Ch. All right. So with regard to 10 accounting, is your role, then, primarily to 11 transmit data to the accountant? 12 A. Correct. 13 Q. And sales, that's out soliciting new 14 business; correct? 15 A. Correct. 16 Q. And then project manager, that's 17 primarily coordinating between your programmers 18 and the customers; is that correct? 19 A. Yes. 20 Q. All right. Let's go back to Miami. 21 Tell me about this phone call while you're there 22 in the airport. 23 A. So he said: My customer's project is 24 on fire. It was written in Django -- 25 D-J-A-N-G-O -- which is a framework that we</p>

Shaun Overton  
August 16, 2022

Page 30

1 specialize in. And he said the government needs  
 2 as many talented Django developers as it can  
 3 possibly get ahold of right now. How many  
 4 people can you round up?  
 5 And so --  
 6 Q. Hang on a second. He said "his  
 7 customer"; is that right?  
 8 A. Correct.  
 9 Q. Okay. And do you know what he meant  
 10 by who the customer was?  
 11 A. The government of El Salvador.  
 12 Q. Okay. So he's calling you, telling  
 13 you what his customer, El Salvador, the software  
 14 it has, which was written in Django, is on fire?  
 15 A. Correct.  
 16 Q. Okay. And he's asking you if you can  
 17 round up people that are familiar with Django;  
 18 is that correct?  
 19 A. Correct.  
 20 Q. So what happens next?  
 21 A. I have a signed contract with the  
 22 government of El Salvador 24 hours later.  
 23 Q. Did you go to El Salvador?  
 24 A. Eventually. But I signed the  
 25 agreement in the Dominican Republic and had to

Page 31

1 cancel the trip with my team.  
 2 Q. Hang on. So what date are we talking  
 3 about here?  
 4 A. September -- I believe it is  
 5 September 10th, is the date that I signed the  
 6 contract.  
 7 Q. All right. So September 10th, '21,  
 8 you signed a contract with the government of  
 9 El Salvador; correct?  
 10 A. I should correct that. So I -- the  
 11 government signed a contract with  
 12 QA Consultants. And then QA Consultants  
 13 subcontracted me to do the work because we  
 14 didn't want to have to lose time with legal  
 15 contracts, negotiations, that kind of thing.  
 16 So I was a subcontractor to  
 17 QA Consultants, who was the primary to the  
 18 government of El Salvador.  
 19 Q. Okay. And so approximately when did  
 20 you sign your contract with QA Consultants?  
 21 A. September 10th, I believe.  
 22 Q. Okay. All right. And what was --  
 23 the gentleman -- I wrote his name down here a  
 24 second ago. What was the first name of the guy  
 25 that called you? because we're just going to go

Page 32

1 by his first name.  
 2 A. Brian.  
 3 Q. So what was Brian's connection to  
 4 QA Consultants?  
 5 A. He's the managing director.  
 6 Q. And where is the QA Consultants?  
 7 A. They have offices in Dallas and in  
 8 Toronto, Canada.  
 9 Q. Do you know where Brian offices?  
 10 A. Dallas.  
 11 Q. All right. So Brian tells you that  
 12 QA Consultants has an agreement with the  
 13 government of El Salvador, and they hire you to  
 14 help them provide services to the government of  
 15 El Salvador; correct?  
 16 A. Correct.  
 17 Q. Okay. And is this on the Chivo  
 18 project, or is it something different?  
 19 A. Only for the Chivo project.  
 20 Q. Okay. All right. So you're in the  
 21 Dominican when you signed the contract with QA  
 22 Consultants; is that right?  
 23 A. That's right.  
 24 Q. Okay. All right. What's next in  
 25 this progression?

Page 33

1 A. It begins. The most stressful  
 2 project of my life. The -- we first have to  
 3 decide where they're going to put us. And the  
 4 very first day was dedicated to establishing our  
 5 work environment. The project was very  
 6 difficult to spin up because there was no  
 7 documentation.  
 8 Q. And by "documentation," do you mean  
 9 documentation related to the programming that  
 10 had already been done?  
 11 A. Correct.  
 12 Q. Okay.  
 13 A. Literally zero documentation.  
 14 Q. All right. Let me interrupt you for  
 15 just a second.  
 16 The programming that had been done  
 17 that you were coming in to assist with, who  
 18 performed that programming; do you know?  
 19 A. Athena Bitcoin, Inc.  
 20 Q. Okay. All right. So your testimony  
 21 is that prior to September '21, there was  
 22 programming in existence for this Chivo project  
 23 in El Salvador; correct?  
 24 A. All right. I can't speak to where  
 25 the code lived. But, yes, it was for the

Shaun Overton  
August 16, 2022

Page 34

1 project in El Salvador.  
 2 Q. Yeah. And that's my question. Okay.  
 3 So how did you find out who created  
 4 that programming?  
 5 A. The -- Lorenzo Rey, who was  
 6 functionally the government's CTO, informed me  
 7 that Athena Bitcoin, Inc. had developed the  
 8 software and sold it -- licensed a copy to the  
 9 government of El Salvador.  
 10 Q. When did this conversation occur?  
 11 A. About noon Eastern on September 10th,  
 12 when we had our orientation call.  
 13 Q. All right. So Mr. Rey, did he  
 14 actually say "Athena Bitcoin, Inc." or did he  
 15 say "Athena Bitcoin"?  
 16 A. "Athena Bitcoin."  
 17 Q. All right. So he -- during your  
 18 orientation meeting he says Athena Bitcoin has  
 19 created this software that you're going to be  
 20 working on; correct?  
 21 A. Correct.  
 22 Q. Okay. All right. And then you're  
 23 telling me that the first order of business is  
 24 find out where you're going to be working -- I  
 25 mean, logistically where you're going to be

Page 35

1 staying, that kind of stuff?  
 2 A. No, no, no. It had nothing to do  
 3 with physical, real-world logistics. It had to  
 4 do with programming logistics.  
 5 Q. Okay. I'm sorry. I misunderstood.  
 6 Thank you for correcting that.  
 7 So on the program, it is collecting  
 8 sufficient information to allow you to begin  
 9 work?  
 10 A. Correct. Like with any project,  
 11 there's an orientation period where you have to  
 12 learn the high-level diagram of how all this  
 13 stuff glues together. And to help us with that,  
 14 the government provided us with a document that  
 15 mapped out the entire Chivo ecosystem.  
 16 Q. All right. So what happens next?  
 17 A. So we had to decide where in the code  
 18 we're going to work. The first day was consumed  
 19 with really, really basic setup: configuring  
 20 Docker, getting the project fully Dockerized,  
 21 getting the process of -- like literally writing  
 22 documentation so as we onboarded other  
 23 developers, we wouldn't have the same time  
 24 hurdle.  
 25 And then on Saturday evening -- I'm

Page 36

1 pretty sure it was Saturday -- we had a  
 2 conference call between my team, Lorenzo Rey,  
 3 and Eric Gravenegaard.  
 4 Q. Are any of those folks associated  
 5 with any of the Athena entities?  
 6 A. Eric Gravenegaard is.  
 7 Q. Okay. And would that have -- this  
 8 discussion, would that have been on or about  
 9 October 4th or was it before that?  
 10 A. Well before. This is September 10th,  
 11 I think.  
 12 Q. Okay. So -- and this is a conference  
 13 call?  
 14 A. Yes. I think it was on Microsoft  
 15 Teams.  
 16 Q. And where were you physically  
 17 located?  
 18 A. The Dominican Republic, in Santiago.  
 19 I'm sorry -- yeah, Santiago.  
 20 Q. All right. And what's the purpose of  
 21 this phone conference?  
 22 A. To figure out what is the best use of  
 23 us as a resource. And Eric -- well, first of  
 24 all, we identified that because the project had  
 25 no documentation and no unit test coverage, that

Page 37

1 it would be irresponsible and dangerous to risk  
 2 making any changes to the source code without  
 3 having unit tests as a safety mechanism.  
 4 So what we decided in the call was  
 5 that the best way for us to get started and  
 6 start adding value was to do what I would  
 7 consider essential and best-practice work that  
 8 had not been done to that point, which was to  
 9 start adding unit test coverage over the most  
 10 critical functionalities of the, of the  
 11 software.  
 12 Q. Okay. So -- all right. Software,  
 13 this -- the -- this -- the Chivo Wallet project,  
 14 that's stored on computers, correct --  
 15 A. Yes.  
 16 Q. -- servers?  
 17 I mean, where -- how is it stored?  
 18 A. It was in a code repository called  
 19 Bitbucket. And also there's copies that live on  
 20 the developers' machines.  
 21 Q. All right. And the software belonged  
 22 to El Salvador; correct?  
 23 A. Legally, it was the property of  
 24 Athena. And I'm not sure which entity that --  
 25 but I believe it's Inc. -- and that they sold a

Shaun Overton  
August 16, 2022

<p style="text-align: right;"><b>Page 38</b></p> <p>1 licensed copy to the government of El Salvador 2 and retained intellectual property over the 3 software, so that any changes and improvements 4 they made at the request of the government would 5 remain the property of Athena Bitcoin, Inc. 6 Q. As far as which entity owned the 7 software -- scratch that. 8 All right. You understand there are 9 two entities with similar names -- have similar 10 names: Athena Bitcoin, Inc. and Athena Global. 11 You understand that; correct? 12 A. I understand that and that there are 13 other international entities as well. 14 Q. All right. But with regard to which 15 entity actually licensed the software and owned 16 the software to the government of El Salvador, 17 that would be easy enough for us to look and 18 see; correct? 19 A. You have the contracts. I don't have 20 access to those. 21 Q. And -- but as far as which Athena 22 entity, as we sit here, do you actually -- have 23 you ever actually seen that contract? 24 A. I have not. 25 Q. So as we sit here you don't have,</p>	<p style="text-align: right;"><b>Page 40</b></p> <p>1 And as I was doing that, Eric 2 Gravengaard gave me access to Microsoft Teams 3 and Microsoft Admins so that I could create all 4 of my employees and contractors, give them email 5 addresses and Microsoft Teams accounts and so 6 on. 7 And within that system I created them 8 under the entity of Athena Bitcoin, Inc. And 9 everybody on Microsoft Teams was labeled as 10 being with Athena Bitcoin, Inc., including Eric 11 Gravengaard and all of the other executives with 12 whom I interacted. 13 Q. Okay. All right. During this 14 initial phone call you were telling me about in 15 September of '21, was there any, any discussion 16 about -- well, scratch that. 17 During this initial discussion, what 18 was it for? 19 A. Figuring out how to best utilize the 20 team. 21 Q. All right. So what happened next in 22 this progression? 23 A. We start writing unit tests over the 24 next couple of days, improving the 25 documentation, and fixing some severe issues</p>
<p style="text-align: right;"><b>Page 39</b></p> <p>1 personally have any knowledge as to which entity 2 licensed the software to El Salvador; correct? 3 A. I believe I -- I believe I know. But 4 I don't know for certain. 5 Q. Okay. What do you -- who do you 6 believe licensed the software to El Salvador? 7 A. Athena Bitcoin, Inc. 8 Q. Okay. As opposed to Athena Global, 9 Athena Bitcoin Global? 10 A. Correct. 11 Q. What makes you think the software was 12 licensed to El Salvador by Athena Bitcoin, Inc.? 13 A. Athena Bitcoin, Inc. is the operating 14 entity of Athena Bitcoin Global. Athena 15 Bitcoin, Inc. houses, if not every single 16 employee, almost every single employee in the 17 company. 18 The -- within Athena and its 19 functioning systems -- so, for example, a few 20 weeks later, as the letter of intent was signed 21 with Athena Bitcoin, Inc., we are onboarded and 22 asked to bring Accruvia's team into -- inside of 23 Athena. 24 And by "Athena," I mean Athena 25 Bitcoin, Inc.</p>	<p style="text-align: right;"><b>Page 41</b></p> <p>1 with Docker. 2 Q. All right. And when you're doing all 3 this, you're doing all this for QA Consultants; 4 is that right? 5 A. Nominally. I mean, functionally, QA 6 Consultants just sold our services, marked it 7 up; and aside from collecting the money, that 8 was the extent of their interaction with our 9 services. 10 Q. Okay. Well, you're getting paid by 11 QA Consultants. They're getting paid by the 12 government of El Salvador, correct -- 13 A. Correct. 14 Q. -- at this point in time? 15 All right. So what happens next 16 after this conference call. Scratch that. 17 All right. If Athena Bitcoin -- 18 whichever entity -- owned the software and 19 licensed it to El Salvador, how is QA 20 Consultants involved in all this? 21 A. They're responsible for QA, which 22 stands for "quality assurance." It was -- the 23 government was kind of -- they do two things. 24 They do unit tests, which I described, and they 25 do load tests.</p>

Shaun Overton  
August 16, 2022

Page 42

1 So the government was extremely  
2 concerned that with a county of 6 million people  
3 and they wanted to roll this out as fast at  
4 possible, they were worried about scalability.  
5 So the government hired QA  
6 Consultants with the intent, with the intent to  
7 use them for load testing. However, because of  
8 stalling from Athena, they were never actually  
9 able to run those load tests.  
10 So QA Consultants was extraordinarily  
11 frustrated by the lack of cooperation with  
12 Athena, that they --  
13 Q. Hang on a second. This information,  
14 this is all coming to you from Brian and QA  
15 Consultants; correct?  
16 A. And their employees.  
17 Q. Okay.  
18 ATTORNEY STEWART: I don't think he  
19 was done with his answer.  
20 ATTORNEY FOWLER: Well, if you need  
21 to expand on his answer later, you can.  
22 He answered my question, which was what  
23 was next.  
24 ATTORNEY STEWART: But he was still  
25 talking when you interrupted him. So

Page 43

1 that's all I want to point out. If he's  
2 done, that's great. Otherwise, please,  
3 I'd appreciate you letting him finish.  
4 That would be great.  
5 BY ATTORNEY FOWLER:  
6 Q. Okay. All right. So QA Consultants  
7 is hired by the government of El Salvador;  
8 correct?  
9 A. Correct.  
10 Q. For -- tell the again what "QA"  
11 stands for?  
12 A. "Quality assurance."  
13 Q. Okay. So what happens after that  
14 initial phone conference in September of '21?  
15 A. Then we start focusing on  
16 documentation, Docker, improving the developer  
17 onboarding process, and then overwhelmingly  
18 writing unit tests.  
19 Q. All right. So what brings us here  
20 today is a claim that, that ROI's owed money by  
21 Athena. How did we go from you being paid by QA  
22 Consultants to you being paid by Athena?  
23 A. On -- so around ten days after I  
24 signed the agreement -- so this would be -- it  
25 was a Saturday. And I knew that my contract was

Page 44

1 expiring on that upcoming Friday. I made the --  
2 Q. All right. Let me interrupt you for  
3 a second. So how long was your initial  
4 contract?  
5 A. Two weeks, renewable -- two weeks  
6 with the extension to renew.  
7 Q. Okay. All right. So you know your  
8 contract's coming up for renewal or expiration?  
9 A. Correct.  
10 Q. So what is it about that that leads  
11 us to Athena?  
12 A. I wanted to make sure I did  
13 everything in my power to extend that contract.  
14 So I made the decision on a Saturday to fly to  
15 El Salvador to meet with Lorenzo in person to  
16 give myself the best opportunity to continue  
17 servicing that business.  
18 On Monday morning, Lorenzo asked me  
19 to meet him first thing in the government's  
20 offices in the Megacentro. And there I got to  
21 meet all of the senior players in government  
22 that were managing the project. And that was  
23 just a very brief meeting.  
24 But then Lorenzo pulled me aside and  
25 offered me the opportunity to -- initially he

Page 45

1 offered me the opportunity to remove Athena  
2 Bitcoin, Inc. from the project entirely --  
3 Q. Hang on. Let me, let me interrupt  
4 you.  
5 When you say he offered you the  
6 opportunity to remove Athena Bitcoin, Inc., did  
7 he say remove Athena Bitcoin, Inc. or did he say  
8 remove Athena Bitcoin?  
9 A. He said remove Athena.  
10 Q. Okay. Remove Athena. Thank you.  
11 All right. So you're having a  
12 conversation with him, and he is discussing with  
13 you the ability to remove Athena; correct?  
14 A. Correct.  
15 Q. All right. So tell me about that  
16 discussion.  
17 A. He was irate and -- with the quality  
18 of the code that was provided. He said -- I  
19 don't remember the exact term that he used. But  
20 he basically felt like they were sold a bill of  
21 goods, that -- they were just severely  
22 disappointed.  
23 And so he offered me to run the --  
24 ROI Developers to run the entire Django  
25 component of the project. And then I asked

Shaun Overton  
August 16, 2022

Page 46

1 would it be possible to run the entire project.  
 2 And he said yes.  
 3 So I immediately -- I left and  
 4 started huddling with Brian about how do we --  
 5 like they wanted an estimate or a bid like  
 6 almost immediately. And so Brian and I were  
 7 huddling for how do we scramble to put a project  
 8 together that's probably going to be an  
 9 eight-figure bid in the span of like 48 hours.  
 10 Q. Okay. Let me -- is this huddling  
 11 occurring in El Salvador?  
 12 A. I'm located in El Salvador; Brian's  
 13 located in Dallas.  
 14 Q. So you're huddling either via  
 15 telephone or Zoom or something like that?  
 16 A. Correct. Yes.  
 17 Q. Okay. Keep going.  
 18 A. And so somehow Eric Gravengaard -- I  
 19 should start back.  
 20 Before I had the meeting with  
 21 Lorenzo, I worked in Athena's offices for an  
 22 hour that morning. And my intent was to meet  
 23 with Eric because I also saw Athena as a good  
 24 candidate for doing future business with.  
 25 So I was trying to get face time with

Page 47

1 Eric, but he completely ignored me that morning.  
 2 I think he literally said hello, and that was  
 3 it. And then I went straight from there to go  
 4 meet with Lorenzo.  
 5 Literally, like within hours, Eric  
 6 all of a sudden got back to me and said he wants  
 7 to meet.  
 8 Q. Let me interrupt you. What date are  
 9 we talking about? Is this in September, or are  
 10 we now in October?  
 11 A. No; we're still in September.  
 12 Q. Okay.  
 13 A. This is like -- we're less than a  
 14 week into the project at this point.  
 15 Q. All right. All right. Keep going.  
 16 A. So at this point, the tables have  
 17 fundamentally turned, where for weeks I had been  
 18 trying to have -- build a relationship with Eric  
 19 Gravengaard, but then the government of  
 20 El Salvador offered me the opportunity to  
 21 essentially take over that entire line of  
 22 business.  
 23 So I went from wanting to build a  
 24 relationship with Eric to not wanting to build a  
 25 relationship with Eric. But word of the meeting

Page 48

1 somehow got back to Eric, that the government  
 2 had offered me the opportunity.  
 3 And so he was --  
 4 Q. Let me stop you for just a second.  
 5 All right. What makes you believe  
 6 word of the meeting got -- was -- that Eric  
 7 learned of this meeting?  
 8 A. Well, there was only two people in  
 9 room, me and Lorenzo. And within hours Eric had  
 10 started aggressively trying to contact me. And  
 11 by the next day, they -- him and the -- what I  
 12 understood to be the entire board of Athena --  
 13 Eddie Weinhaus, Matias Goldenhorn, one of their  
 14 attorneys -- I forget his name -- and Eric  
 15 Gravengaard sat, sat in front of me, felt like  
 16 an interrogation, and said: We know the  
 17 government offered you an opportunity to take  
 18 over the project.  
 19 So that's how I know.  
 20 Q. Where did this take place?  
 21 A. Athena's offices in whatever Athena  
 22 entity it was. Athena in San Salvador,  
 23 El Salvador.  
 24 Q. All right. So an Athena entity had  
 25 an office in San Salvador; is that correct?

Page 49

1 A. Correct.  
 2 Q. When you went to this office, was  
 3 there any signage up that said "Athena"?  
 4 A. Yes.  
 5 Q. Okay. Was there anything that said  
 6 "Athena Bitcoin Global"?  
 7 A. No.  
 8 Q. Was there anything that said "Athena  
 9 Bitcoin"?  
 10 A. Yes.  
 11 Q. Was there anything that you saw that  
 12 said "Athena Bitcoin, Inc.," or did it just say  
 13 "Athena Bitcoin"?  
 14 A. "Athena Bitcoin, Inc."  
 15 Q. What is it that you saw said "Athena  
 16 Bitcoin, Inc."?  
 17 A. Microsoft Teams.  
 18 Q. So the meeting was partially in  
 19 person and partially over Microsoft Teams; is  
 20 that right?  
 21 A. You asked me -- specifically at the  
 22 time of the meeting, what is the signage?  
 23 Q. Yes.  
 24 A. All it says is "Athena Bitcoin."  
 25 Q. Okay. That was my question. When

Shaun Overton  
August 16, 2022

Page 50

1 you go to this office in San Salvador, what was  
2 the signage that you saw?  
3 A. "Athena Bitcoin."  
4 Q. And as I understand it, the signage  
5 that you saw said "Athena Bitcoin"; is that  
6 correct?  
7 A. Correct.  
8 Q. At that office did you see anything  
9 that said "Athena Bitcoin, Inc."?  
10 A. No.  
11 Q. All right. So this meeting that  
12 you're having, was it everybody in person or was  
13 it part in person, part remotely?  
14 A. Entirely in person.  
15 Q. Okay. All right. So what's the  
16 result of that meeting?  
17 A. Eric offered -- Eric said: I know  
18 about your offer from the government of  
19 El Salvador. And if you do that, you'll, you'll  
20 do really well for six months. But then you're  
21 going to to ask yourself what next. You don't  
22 have the infrastructure to grow the business and  
23 expand and capitalize on the opportunity  
24 afterwards. Or you can, you can join our team.  
25 We'd like you to be the CTO. And we'll take you

Page 51

1 around the world. We will give you -- yeah --  
2 we'll give you the opportunity to do what you're  
3 doing already but not have to do the chief  
4 everything officer role; you can just focus on  
5 the CTO role.  
6 And so he made it a binary choice. I  
7 either had to do the government of El Salvador  
8 or I had to do Athena Bitcoin -- and I  
9 understood it to be Inc.  
10 And then I said: I need time to  
11 think about it.  
12 Q. Okay. I'm going to interrupt you  
13 right there. All right. In -- do you recall --  
14 all right.  
15 Is this discussion occurring or  
16 October 4th?  
17 A. No.  
18 Q. Okay. In your discovery responses  
19 you say [as read]: Overton and Eric Gravengaard  
20 discussed in El Salvador on October 4th, 2021,  
21 the software development services at issue that  
22 Accruvia was performing and the cost for said  
23 services.  
24 Is that a different meeting?  
25 A. Completely different.

Page 52

1 Q. Okay. So the discussion that you  
2 just told me about between you and Eric, at any  
3 point does Eric say: Hey, I want you to come --  
4 you know, this is on behalf of Athena Bitcoin,  
5 Inc. or Athena Bitcoin Global, or is it just  
6 Athena in general?  
7 A. Athena in general.  
8 Q. Okay. All right. So there's a  
9 discussion -- you're saying that Eric and you  
10 discussed you coming to work with Athena. And  
11 you're saying, Hey, I need to think about it.  
12 Correct?  
13 A. Correct.  
14 Q. All right. So what happens next?  
15 A. So that meeting occurred on a, on a  
16 Tuesday morning, so about 24 hours after my  
17 meeting with the government.  
18 And then that evening Eric and I met  
19 by the pool of the Hotel Barcelo, and he told me  
20 the entire background about how Athena came to  
21 be involved in the project.  
22 Q. Okay. I'm going to -- if I'm  
23 fast-forwarding, tell me here. But at some  
24 point there becomes discussions relating to the  
25 service that's the subject of this lawsuit;

Page 53

1 correct?  
2 A. Correct.  
3 Q. When did those -- you provide -- when  
4 did, when did it become discussed that ROI was  
5 going to provide these services that brings us  
6 here today?  
7 A. Around September 20th.  
8 Q. Okay. All right. So tell me how it  
9 is that there were discussions relating to ROI  
10 providing the services that are the subject of  
11 the lawsuit.  
12 A. There was a term sheet signed  
13 between ROI Developers and Athena Bitcoin, Inc.  
14 that was essentially a letter of intent that had  
15 a component of outlining a potential employment  
16 agreement between myself and Athena Bitcoin,  
17 Inc. And there was a separate component with  
18 Athena Bitcoin, Inc. acquiring ROI Developers  
19 and its staff.  
20 That evening, after the discussion by  
21 the pool, Eric -- I sent Eric an email outlining  
22 my exact understanding of what we were agreeing  
23 to. And I also outlined the fact that I was  
24 giving up a four and a half million dollar  
25 opportunity, that that was my expected profit

Shaun Overton  
August 16, 2022

Page 54

1 from what I was bidding on in -- from the  
2 government of El Salvador.  
3 And so we signed a term sheet that  
4 Athena Bitcoin, Inc. was going to acquire ROI  
5 Developers and that I, Shaun Overton, would  
6 become the CTO of that entity.  
7 Q. Okay. And in that term sheet  
8 there's -- is there anything in this about ROI  
9 providing services related to the Chivo project?  
10 A. Is it okay if I look at the term  
11 sheet?  
12 Q. Sure. Well, tell you what. Before  
13 you look at it, do you recall there being any  
14 discussions about you providing services on the  
15 Chivo project prior to your signing the term  
16 sheet?  
17 A. Yeah. That's the entire -- what else  
18 are the developers going to work on?  
19 Q. Well, I don't know. You told me that  
20 there was discussions going on where you were --  
21 where ROI was going to do stuff all over the  
22 world. Correct?  
23 A. Yeah; in the Chivo Wallet context.  
24 Like at no point was there any doubt whatsoever  
25 about what the Accruvia programmers would be

Page 55

1 working on. They would be working on Athena's  
2 internal projects.  
3 Q. Okay. Project or projects? Would  
4 they be working on the Chivo project or multiple  
5 projects?  
6 A. Initially, the Chivo Wallet project.  
7 And then Eric heavily implied to me that "going  
8 around the world" meant servicing whatever  
9 software requirements that Athena Bitcoin, Inc.  
10 decided to pursue.  
11 Q. Okay.  
12 A. And he specifically mentioned, like,  
13 some pretty crazy places, like Congo, West  
14 Africa. He literally meant around the world.  
15 ATTORNEY FOWLER: Okay. All right.  
16 Just a...  
17 Kelly, I didn't, I didn't download  
18 the term sheet. Do you have it there to  
19 pull up? I've got a copy of it. It's  
20 your Bates number -- or it's our Bates  
21 number 4.  
22 ATTORNEY STEWART: Let me share it.  
23 Just a second.  
24 Yes. I'm sorry. I've got it pulled  
25 up. I'm just trying to find the share

Page 56

1 button.  
2 ATTORNEY FOWLER: It's okay. I'm  
3 going to ask him a question in a second.  
4 But I just want to make sure you've got it  
5 so he and I can talk about it.  
6 ATTORNEY STEWART: Okay. Well, I've  
7 also got a hard copy in front of him. Do  
8 you want me to share it?  
9 ATTORNEY FOWLER: No, I've got it  
10 here in front of me. I'm okay. But let  
11 me ask a couple questions and he and I can  
12 talk about it, if that's okay.  
13 BY ATTORNEY FOWLER:  
14 Q. So -- all right. So my question is:  
15 You're saying that there were discussions  
16 between you and Eric that related to the Chivo  
17 project, and you think those discussions were --  
18 would have been included in the term sheet?  
19 A. Yes.  
20 Q. And the -- you providing services on  
21 the Chivo project, that's what brings us here  
22 today; correct?  
23 A. Correct.  
24 Q. All right. All right. So you and  
25 Eric are talking; he's talking about a lot of

Page 57

1 things that you've told me, about including ROI  
2 providing services on the Chivo project; and  
3 then you guys sign a term sheet. Is that  
4 correct?  
5 A. That's correct.  
6 Q. All right. And then I'm going to ask  
7 Kelly to show you the document that's been  
8 Bates marked Athena 003 and 004 and 005. And  
9 I'd ask you: Is that the term sheet that you're  
10 talking about?  
11 A. Yes.  
12 Q. Okay. And it's dated -- if I see  
13 that correctly, it's dated September 22nd, 2021;  
14 is that right?  
15 A. Yes, it is.  
16 Q. Okay. So at this point,  
17 September 22nd, 2021, have you provided any  
18 services to any of the Athena entities that you  
19 expected to get paid for by any of the Athena  
20 entities?  
21 A. No.  
22 Q. Okay. So prior to this execution of  
23 the term sheet, everything you'd done --  
24 everything that ROI had done was for QA  
25 Consultants; right?

Shaun Overton  
August 16, 2022

**Page 58**

1 A. Correct.

2 Q. Okay. So then -- so tell me what

3 happens next in this progression related to you

4 providing services to Athena that brings us here

5 today.

6 A. The -- so, like, what this term sheet

7 accomplished for Athena was that it severed the

8 government's option to remove it from the

9 project. And so the only way for Eric to

10 protect that source of business was to

11 internalize the Accruvia development team within

12 its, within its company.

13 And the very first day as -- the

14 very first day the two-week contract with QA

15 Consultants expired, all of the developers that

16 were working on the project no longer serviced

17 QA Consultants; they serviced Athena Bitcoin,

18 Inc.

19 Q. Wow. Are there any documents that

20 show that?

21 A. It would be in the records of Athena

22 for the Microsoft Teams that I onboarded

23 everybody, showing that everybody at Athena --

24 or at Accruvia, at ROI Developers was onboarded

25 in Athena Bitcoin, Inc.'s Microsoft software,

**Page 59**

1 Solutions.

2 Q. All right. This Microsoft software,

3 Solutions, what is that? What's that software

4 utilized for?

5 A. Email and chat.

6 Q. Okay. So you're saying the fact that

7 accounts were set up for email and chat on a

8 Microsoft software that was utilized by Athena

9 Bitcoin, Inc. is, in your mind, something

10 showing that Athena -- that ROI was providing

11 its services to Athena Bitcoin, Inc.; is that

12 correct?

13 A. Yes, it is.

14 Q. All right. So approximately when was

15 this -- when was the accounts on the Microsoft

16 software, when were these set up?

17 A. Would have been September 22nd or

18 September 23rd.

19 Q. So as of September 22nd or

20 September 23rd, are you saying that the --

21 whatever Athena entity was going to be paying

22 the developers, your developers directly?

23 A. No. We didn't discuss the specific

24 terms of how I would bill or the way payments

25 would flow. October 4th.

**Page 60**

1 Q. Until October 4th. So prior to

2 October 4th there was never any discussion about

3 how much you were going to be paid or how you

4 were going to be paid or who was going to pay

5 you; correct?

6 A. Correct.

7 Q. So what -- did any of that change on

8 October 4th?

9 A. I mean, we ironed out the details.

10 But the same fundamental setup remained in

11 place.

12 Q. When you say "we ironed out the

13 details," who's "we"?

14 A. Myself and Eric Gravengaard.

15 Q. And where did this conversation take

16 place?

17 A. In the stairwell on -- in the office

18 building of Athena's offices in San Salvador,

19 El Salvador.

20 Q. Okay. So tell me what you recall

21 about the discussion.

22 A. I said: Eric, I need to pay my team,

23 and I need to know what you think an appropriate

24 markup is.

25 The reason that I said that is I knew

**Page 61**

1 how cash-poor Athena -- as all of the Athena

2 entities were. I didn't know the full extent of

3 their cash problems until probably a week later.

4 But I knew that I was taking a financial risk by

5 paying my team and waiting to get paid from

6 Athena Bitcoin, Inc.

7 And so I felt like probably a 10 or

8 20 percent markup would be appropriate for a

9 short-term, short-term loan. And -- but I asked

10 Eric to propose the terms. And he said: I

11 don't know. A percent, a percent and a half?

12 I wasn't super-happy with it. But --

13 and it -- under no circumstance would I ever

14 work on a percent margin. But because of the

15 pending acquisition and a four and a half

16 million dollar payday on the line, I wasn't

17 going to throw a fit over making a few extra

18 thousand dollars.

19 Q. So you're saying on October 4th you

20 and Eric discussed that Athena was going to pay

21 ROI based on a markup of the -- what it paid its

22 programmers; is that correct?

23 A. Yes, it is. And Bailey Jarrell's

24 included in there. She worked in marketing.

25 But yes.

Shaun Overton  
August 16, 2022

Page 62

1 Q. On October 4, 2021, when you were  
2 having this discussion with Eric, was there any  
3 discussion -- scratch that -- did Eric say  
4 specifically what entity you would be  
5 contracting with?  
6 A. No.  
7 Q. Okay. And as of October 4th, 2021,  
8 you weren't aware of which Athena entity Eric  
9 was acting on behalf of; correct?  
10 A. We never explicitly outlined it;  
11 correct.  
12 Q. So then, as of October 4th, you  
13 believed you were going to get paid a markup of  
14 what ROI was paying its developers. But as far  
15 as who was contractually obligated to pay you,  
16 you didn't know yet; correct?  
17 A. I believed it was Athena Bitcoin,  
18 Inc., from the term sheet where Eric's signature  
19 is.  
20 Q. So you believed that you were  
21 contracting with the same party that signed the  
22 term sheet that we looked at a moment ago;  
23 correct?  
24 A. With Athena Bitcoin, Inc.; yes.  
25 Q. That's not my question. My question

Page 63

1 is: Did you believe that in the stairwell, your  
2 conversation between you and Eric, that you were  
3 contracting with the same entity that you signed  
4 the term sheet with?  
5 A. I don't think I had a strong opinion  
6 on it at the time. I was more focused on just  
7 getting paid.  
8 Q. All right. So then as of October  
9 4th, 2021 -- which is the day you say you made  
10 the deal to provide the services -- you didn't  
11 know who you were contracting with; correct?  
12 A. I didn't -- I disagree with how you  
13 phrased the question.  
14 Q. What is it is about the question you  
15 disagree with?  
16 A. We formed the agreement on  
17 September 22nd.  
18 Q. And is that when you signed the term  
19 sheet?  
20 A. Yes, it is.  
21 Q. Okay. Well, if that is, in fact,  
22 correct, then the -- isn't it true that the  
23 party that you were contracting with to provide  
24 these services that we've been talking about was  
25 the same party that signed the term sheet?

Page 64

1 A. The reason I believe that's wrong is  
2 that the one that paid my bill, the very first  
3 bill, was Athena Bitcoin, Inc.  
4 Q. Okay. I'm not -- what I'm asking you  
5 right now is: As of October 4th, okay, as of  
6 October 4th, 2021, you hadn't received any  
7 payment from anybody on -- from Athena; correct?  
8 A. Correct.  
9 Q. Okay. As of October 4th, 2021, did  
10 you believe your agreement was with the same  
11 person or entity that you entered into the term  
12 sheet with?  
13 A. Yes.  
14 Q. And that's who you believe you were  
15 going to provide services to, and that's what  
16 you believed was going to pay you; correct?  
17 A. I said earlier that I wasn't focused  
18 on it because, to me, all I cared about was the  
19 cash outlay. So I had put no thought into which  
20 entity was paying me.  
21 Q. Okay. So then, as of October --  
22 well, I guess back to my question: As of  
23 October 4th, you had signed a term sheet;  
24 correct?  
25 A. Yes, that's true.

Page 65

1 Q. Okay. And you told me a moment ago  
2 that that was the same entity you were  
3 contracting with to provide the services for the  
4 Chivo project. Do you remember telling me that?  
5 A. I do.  
6 Q. Okay. So then, at least as of  
7 October 4th, isn't it true that you believed the  
8 entity that you were providing services to and  
9 that you were going to get paid by was the same  
10 entity that you entered into the term sheet  
11 with?  
12 A. No. The blunt truth is that I did  
13 not have any concern whatsoever. I had put no  
14 thought into which entity was going to pay me.  
15 My only motivation and concern was getting paid  
16 in a timely manner.  
17 Q. Okay. So then, if the folks at  
18 Athena Bitcoin Global, Inc. say that as of  
19 October 4th, 2021, it was the belief of Athena  
20 Bitcoin Global that it entered into this  
21 agreement with ROI where ROI was going to  
22 provide the services for the Chivo project, you  
23 wouldn't be able to contradict that testimony,  
24 would you?  
25 ATTORNEY STEWART: Object to form.

Shaun Overton  
August 16, 2022

Page 66

1 THE WITNESS: I don't have -- like I  
2 said, I didn't put any thought into which  
3 entity would pay me.  
4 BY ATTORNEY FOWLER:  
5 Q. Okay. All right. And as of  
6 October 4th, 2021, tell me what type of services  
7 you thought ROI was going to be providing --  
8 excuse me. Poor question.  
9 As of October 4th, 2021, you did  
10 understand that ROI was going to be providing  
11 services related to the Chivo project; correct?  
12 A. Absolutely.  
13 Q. But as far as which entity you might  
14 have been provided them to, you're telling us  
15 now that you didn't really give it much thought;  
16 correct?  
17 A. Correct.  
18 Q. All right. As of October 4th, 2021,  
19 were there any services that that ROI was going  
20 to be delivering to any of the Athena entities  
21 for the Chivo project that were going to relate  
22 to the State of Texas?  
23 A. Say that again.  
24 Q. The services ROI was going to  
25 provide, okay, as of October 4th -- whoever it

Page 67

1 was providing them to -- was there anything  
2 about ROI providing those services that related  
3 to the State of Texas?  
4 A. Absolutely.  
5 Q. What?  
6 A. Bailey Jarrell was a resident of  
7 Paradise, Texas and performed the entirety of  
8 her work and services in the State of Texas.  
9 Q. Okay. All right.  
10 A. And also I performed a portion of my  
11 work within the State of Texas. And I'm trying  
12 to think if there's anything else that I can  
13 recall.  
14 Q. All right. Well, with regard to the  
15 actual project, the Chivo project, that software  
16 that's being created -- or that had been created  
17 and that you are working the kinks out of --  
18 that was all going to be utilized by the  
19 government of El Salvador; correct?  
20 A. Yes. But it was the property of  
21 Athena. Eric and I had a long discussion the  
22 night that we were by the pool --  
23 ATTORNEY FOWLER: I'm going to object  
24 as nonresponsive.  
25 BY ATTORNEY FOWLER:

Page 68

1 Q. That's not my question at the present  
2 time. My question to you was: At the time you  
3 entered into this agreement, all the software  
4 was going to be utilized by the government of  
5 El Salvador; correct?  
6 A. Primarily.  
7 Q. Well, who else was it going to be  
8 utilized by other than the government of  
9 El Salvador?  
10 A. Athena. That was the promise, is  
11 that we signed the term sheet that Athena was  
12 going to -- it owns the software and it was  
13 going to sell the software to other governments  
14 around the world.  
15 Q. Okay. Well, as of October 4th, it  
16 wasn't your understanding that the software was  
17 going to be sold to the United States  
18 government; correct?  
19 A. Yeah, I had no expectation it would  
20 be sold to the United States government.  
21 Q. And you had no expectation it was  
22 going to be sold to any governmental entities in  
23 the State of Texas; correct?  
24 A. Correct.  
25 Q. So as of October 4th, 2021, on or

Page 69

1 before that date, did you have any discussions  
2 with anyone that you believe was acting on  
3 behalf of any of the Athena entities that Bailey  
4 Jarrell was going to be performing any of the  
5 programming?  
6 A. Bailey being a programmer? No.  
7 Q. Okay. What services was Bailey going  
8 to be providing?  
9 A. Marketing.  
10 Q. Okay. Marketing to who?  
11 A. She worked -- she was my marketing  
12 director. And so she was linked up with -- I  
13 forget her name -- Georgina or Georgia. She's  
14 the CMO, the fractional CMO for Athena.  
15 Q. Well, you told me a moment ago that  
16 the agreement you reached with Athena was that  
17 you were going to mark up the rate that you had  
18 to pay your programmers to work on the Chivo  
19 project; correct?  
20 A. Correct.  
21 Q. So -- Bailey's not a programmer. So  
22 why was Bailey involved in the project?  
23 A. The term sheet was for -- and the  
24 agreement that Eric and I came to and  
25 specifically in the email that I sent him the

Shaun Overton  
August 16, 2022

Page 70

1 night before, was that all of the Accruvia's  
2 contractors and employees would have a role.  
3 And so Eric agreed.  
4 And I specifically asked him on  
5 October 4th about Bailey Jarrell -- hand on --  
6 not on October 4th -- on September 21st, the  
7 night that we were by the pool, about her  
8 continuing to have a role. And he agreed.  
9 And when we discussed the markup, it  
10 was primarily for the programmers. But Bailey  
11 is obviously listed on the invoice that was  
12 paid. And part of the discussion was reminding  
13 him that, that Bailey was included as well.  
14 Q. So what services did Bailey provide  
15 related to the Chivo project?  
16 A. She didn't work on the Chivo project  
17 at all. She worked directly for Georgia -- I  
18 think that's her name -- Georgia or Georgina --  
19 at -- exclusively at her direction.  
20 Q. All right. Who did Georgina work  
21 for?  
22 A. Athena Bitcoin, Inc.  
23 Q. All right. Do you know specifically  
24 it was Athena Bitcoin, Inc., or could it have  
25 been Athena Bitcoin Global?

Page 71

1 A. I don't have direct knowledge.  
2 Q. All right. But Bailey Jarrell did  
3 not work on the Chivo project; correct?  
4 A. Define -- it depends on how you  
5 define "the Chivo project." And the reason I --  
6 there was this conference coming up in  
7 El Salvador where Athena Bitcoin was a sponsor.  
8 And Bailey was working very closely with the CMO  
9 to support the marketing efforts within  
10 El Salvador.  
11 So how, how closely you want to tie  
12 that to Chivo Wallet, it's up to you. But it  
13 was directly connected to El Salvador.  
14 ATTORNEY STEWART: Hey, Larry, I need  
15 to take a bathroom break when you get a  
16 chance.  
17 ATTORNEY FOWLER: Oh, you know what.  
18 I'm so sorry. I meant to say that at the  
19 beginning.  
20 This isn't an endurance contest. If  
21 you ever need a break, all you've got to  
22 say is "I need a break."  
23 So let's -- is five minutes enough,  
24 Kelly?  
25 ATTORNEY STEWART: Yeah. Thanks.

Page 72

1 (Recess.)  
2 BY ATTORNEY FOWLER:  
3 Q. All right. So Bailey Jarrell did  
4 provide software development services; correct?  
5 A. Correct.  
6 Q. Okay. And Bailey Jarrell did not  
7 program; correct?  
8 A. Correct.  
9 Q. So with regard -- and you're saying  
10 Bailey Jarrell provided marketing services; is  
11 that correct?  
12 A. Yes, it is.  
13 Q. Okay. All right. And you indicated  
14 Bailey Jarrell lives in Texas; correct?  
15 A. Correct.  
16 Q. Okay. Do you know where Bailey  
17 Jarrell was located when Bailey was providing  
18 whatever services it was that she provided?  
19 A. I believe she was in Paradise, Texas,  
20 from her home.  
21 Q. What do you base that belief on?  
22 A. She works from home for the vast  
23 majority of her employment with me.  
24 Q. Okay. Did she ever work in  
25 El Salvador?

Page 73

1 A. No.  
2 Q. Okay. But just to make sure I  
3 understand, with regard to all of these folks,  
4 Bailey and the programmers, they were not being  
5 paid directly by the Athena entities; correct?  
6 A. They were paid by me, by -- yes,  
7 by ROI Developers.  
8 Q. Okay. And tell me again, prior to  
9 October 4th, 2021, tell me about any specific  
10 conversation you can recollect with anybody who  
11 you believe was acting on behalf of an Athena  
12 entity where it was discussed that Bailey  
13 Jarrell lived in Texas?  
14 A. I don't recall a specific  
15 conversation about Bailey's residence.  
16 Q. Okay. So then, as of October 4th,  
17 2021, as far as you know, Athena -- there was no  
18 one at Athena that knew that Bailey Jarrell  
19 lived in Texas; correct?  
20 ATTORNEY STEWART: Objection; form.  
21 THE WITNESS: Disagree. I -- her,  
22 her CMO and supervisor absolutely knew she  
23 lived in Texas --  
24 BY ATTORNEY FOWLER:  
25 Q. Okay.

Shaun Overton  
August 16, 2022

Page 74

1 A. -- on the basis of the prior  
2 conversation.  
3 Q. Well, hang on a second. All right.  
4 But as of -- all right. Prior to October 4th,  
5 2021, had Bailey Jarrell ever done any work on  
6 this Chivo project?  
7 A. I've already outlined how her  
8 work had been -- on that date, I don't know at  
9 what point her -- the CMO started directing her  
10 to work on the El Salvador conference. So I  
11 don't know for that specific date.  
12 Q. Okay. Well, prior to -- all right.  
13 Ask it this way: As we sit here today, tell me  
14 what information you're aware of that makes you  
15 believe someone at any of the Athena entities  
16 knew that Bailey Jarrell lived in Texas. And  
17 this is prior to October 4th, 2021.  
18 A. Because she was directly assigned to  
19 the CMO. And the CMO directed the entirety of  
20 her work. I did not manage Bailey in any form  
21 whatsoever. The CMO was completely responsible  
22 for what she was working on.  
23 Q. And what -- when you're saying "CMO,"  
24 what does that stand for?  
25 A. Chief marketing offer.

Page 75

1 Q. Okay. Well -- okay. Prior to  
2 October 4th, 2021, had ROI provided any services  
3 that it thought was going to be paid for by one  
4 of the Bitcoin entities?  
5 A. Yeah, absolutely.  
6 Q. Okay. All right. Then I'm a little  
7 bit off on my dates. I know that when you first  
8 started work on the Chivo project, it was  
9 because of the phone call from Brian and you  
10 worked with his company; right?  
11 A. Through September -- whatever the  
12 date that we signed the term sheet was.  
13 Q. Oh, okay. Okay. That's what I'm  
14 looking for. So --  
15 A. Yeah. There's a gap from the 23rd  
16 through October 4th that you're overlooking.  
17 Q. Okay. In your response to discovery  
18 you indicated that you reached the agreement  
19 with Athena for these programming services on  
20 October 4th. And that was the conversation you  
21 had in the stairwell; is that right?  
22 A. No.  
23 Q. Okay. I know Kelly has your  
24 discovery answers there. Would you please look  
25 at interrogatory number 2 in your original

Page 76

1 answer.  
2 ATTORNEY STEWART: Larry, I'm sorry.  
3 I only printed the original -- you want  
4 the original one or the supplemental one?  
5 ATTORNEY FOWLER: No, it doesn't  
6 matter. It's in the original answer.  
7 ATTORNEY STEWART: Okay. Then I need  
8 to print the supplemental if you're going  
9 to ask him about that.  
10 ATTORNEY FOWLER: Okay. Right now,  
11 just the original interrogatory number 2.  
12 THE WITNESS: Yeah; October 4th is  
13 where we outlined the exact payment terms,  
14 that you're going to mark up -- I'm going  
15 to mark up the invoice by a percent and a  
16 half.  
17 But that was the entirety of that  
18 discussion. That was literally the only  
19 thing we talked about, is how much my  
20 markup was going to be.  
21 The actual initiation of the services  
22 started September 22nd or 23rd.  
23 BY ATTORNEY FOWLER:  
24 Q. Okay. And pursuant to the term  
25 sheet?

Page 77

1 A. No.  
2 Q. What do you mean "no"?  
3 A. Well, we have -- like Accruvia or ROI  
4 Developers is located within the Athena umbrella  
5 and everything that I'm working on is for Athena  
6 Bitcoin, Inc. that -- the term sheet is just for  
7 acquiring the company and making me the CTO.  
8 But my understanding is that the, the -- that I  
9 would be hired for Athena Bitcoin, Inc. and that  
10 my contractors would be hired by Athena Bitcoin,  
11 Inc. because that's what absolutely everybody in  
12 the Athena umbrella operates under, is Athena  
13 Bitcoin, Inc.  
14 Q. Well, let me ask: I mean, a minute  
15 ago you told me that you were providing these  
16 services pursuant to the term sheet. Are you  
17 changing your testimony now?  
18 A. I am.  
19 Q. I guess after we had the opportunity  
20 to take a break. And during that break, did you  
21 have the opportunity to converse with your  
22 attorney?  
23 A. Yes.  
24 Q. Okay. All right. Prior to  
25 October 4th, did you ever have a discussion --

Shaun Overton  
August 16, 2022

Page 78

1 when did you discuss that you were going to  
 2 provide service -- prior to October 4th, when  
 3 did you ever discuss with anybody at any Athena  
 4 entity that you were -- that ROI was going to  
 5 provide some form of services that were good to  
 6 be paid for by this Athena entity?  
 7 A. I'm still confused how that would be  
 8 even remotely in question; because Athena was  
 9 directing me and the, the contractors that came  
 10 with me. So --  
 11 ATTORNEY FOWLER: Objection;  
 12 nonresponsive.  
 13 BY ATTORNEY FOWLER:  
 14 Q. My question is: Prior to  
 15 October 4th, 2021, tell me any conversation you  
 16 ever had with anybody at Athena where you agreed  
 17 that ROI was going to provide services and  
 18 Athena was going to pay for those services.  
 19 A. I'm confused why you're upset.  
 20 ATTORNEY STEWART: Just answer the  
 21 question.  
 22 THE WITNESS: But -- like, they're  
 23 directing my programmers to work on code.  
 24 Like, they're telling me what they want my  
 25 team to work on. What's the question

Page 79

1 here?  
 2 BY ATTORNEY FOWLER:  
 3 Q. The question is: Tell me when you  
 4 ever discussed prior to October 4th, 2021, with  
 5 anyone at Athena that you were going to be paid  
 6 by Athena for any work you did.  
 7 A. As I've testified, we discussed the  
 8 actual payment terms on October 4th, and prior  
 9 to that we had not discussed any payment terms.  
 10 Q. I'm not asking how much you're going  
 11 to get paid. My question is: Prior to  
 12 October 4th, 2021, did you ever discuss with  
 13 anybody at Athena that you -- that ROI was going  
 14 to provide services to Athena and Athena was  
 15 going to pay for those services?  
 16 A. I really don't understand why you  
 17 think I'm being difficult. Like, they're  
 18 telling me to --  
 19 Q. That's not my -- excuse me. Whether  
 20 I think you've being difficult or not isn't the  
 21 issue.  
 22 My question is really basic: Prior  
 23 to October 4th, 2021, did you ever discuss with  
 24 anybody at Athena that ROI was going to provide  
 25 services to Athena and Athena was going to pay

Page 80

1 ROI?  
 2 A. I don't -- I, I really don't  
 3 understand -- like -- as I keep saying, we  
 4 didn't have the specific terms of what the  
 5 billing rate was going to be.  
 6 But for me, that was implicit, when  
 7 you're asking me to provide a service and you  
 8 know I charge for it. Like -- so the payment  
 9 terms were on October 4th. The rest of it is  
 10 them telling us what they want us to work on.  
 11 Like, I don't understand what else  
 12 you're looking for.  
 13 Q. Well, you're saying that prior to  
 14 October 4th, folks at Athena were directing  
 15 programmers on work they desired to be done;  
 16 correct?  
 17 A. Yes, absolutely.  
 18 Q. Okay. Well, that was going on while  
 19 you were getting paid by QU Consultants also;  
 20 correct?  
 21 A. No.  
 22 Q. Okay. So was there -- prior to  
 23 October 4th, 2021, was there ever an agreement  
 24 on how much Athena was going to pay ROI for the  
 25 services that you say were being requested?

Page 81

1 A. No, no payment terms were set prior  
 2 to October 4th.  
 3 Q. All right. Was there ever a  
 4 discussion where anybody at Athena explicitly  
 5 told you that Athena was going to pay ROI for  
 6 services, prior to October 4th, 2021?  
 7 A. I don't recall anything specific  
 8 about the -- I don't recall having a specific  
 9 discussion because, as I keep saying, they're  
 10 directing me; so that to me was understood.  
 11 Q. So what you're saying -- your  
 12 testimony is that prior to October 4th, 2021,  
 13 you never had a discussion with anybody at  
 14 Athena, at any of the Athena entities, that ROI  
 15 was going to get paid for services; is that  
 16 right?  
 17 A. That seems preposterous to me. I  
 18 don't recall a specific discussion. But in no  
 19 way would I ever just start programming for  
 20 somebody without the expectation of getting  
 21 paid.  
 22 Q. Well, as we sit here, can you tell me  
 23 about any conversations you recall with anybody  
 24 at Athena, prior to October 4th, 2021, related  
 25 to ROI being paid for services by an Athena

Shaun Overton  
August 16, 2022

Page 82

1 entity?  
 2 A. I don't recall a specific discussion.  
 3 Q. Okay. So the only specific  
 4 discussion you recall occurred on October 4th,  
 5 2021 between you and Eric in El Salvador;  
 6 correct?  
 7 A. Yes. Correct.  
 8 Q. And at the time you were having those  
 9 conversations -- scratch that.  
 10 Are part of the services that are at  
 11 issue in the lawsuit services that occurred  
 12 prior to October 4th, 2021?  
 13 A. Yes, absolutely.  
 14 Q. All right. When I asked you earlier  
 15 what it was about this contract that related to  
 16 State of Texas, you told me Bailey Jarrell lived  
 17 in Texas and you also did part of the work in  
 18 Texas; correct?  
 19 A. Correct.  
 20 Q. All right. Is there anything else  
 21 about the work that ROI did pursuant to this  
 22 agreement that relates to the State of Texas?  
 23 A. Yeah. The whole point of the Chivo  
 24 Wallet ecosystem was the very beginning of our  
 25 discussion today, of the important -- the whole

Page 83

1 purpose of the product is that you can go up to  
 2 a physical ATM and put money in it and send it  
 3 to El Salvador. Without the physical ATMs in  
 4 Texas, it doesn't make any sense.  
 5 Q. Well -- okay. And that's any ATM  
 6 anywhere in the world, correct --  
 7 A. Incorrect.  
 8 Q. -- that sends Bitcoin?  
 9 A. Incorrect.  
 10 Q. Okay. Well, which -- what does it  
 11 take for the ATM to function to be able to send  
 12 the Bitcoin to the Chivo Wallet?  
 13 A. A typical markup when you interact  
 14 with a Bitcoin ATM is anywhere from 10 to  
 15 20 percent. But the entire purpose of the  
 16 project is to remit money at a cheaper rate than  
 17 the average 12 and a half percent that Western  
 18 Union and MoneyGram charge.  
 19 So a fundamental portion of the Chivo  
 20 Wallet ecosystem is the agreement between Athena  
 21 Bitcoin, Inc. and the government of El Salvador  
 22 that Athena is not going to charge any kind of  
 23 substantial commission for providing its  
 24 services. That's the only way that sending a  
 25 remittance gets rid of Western Union and

Page 84

1 MoneyGram.  
 2 So without the ATMs -- they have to  
 3 use the ATMs in Texas to do the whole point of  
 4 the project.  
 5 Q. Are you saying that you -- your  
 6 testimony is that it had to use Athena Bitcoin  
 7 ATMs in Texas to function?  
 8 A. It had to use Athena Bitcoin ATMs,  
 9 including in Texas, to function; yes.  
 10 Q. So no other ATM in the State of Texas  
 11 except Athena Bitcoin ATMs would function with  
 12 the software; is that what you're telling me?  
 13 A. Without charging a commission; yes.  
 14 The whole point is commissions. Everything  
 15 we're talking about is remittances and getting  
 16 rid of the commissions, because that means 400  
 17 to -- 300 million to a billion dollars a year  
 18 for one of the poorest countries in the world.  
 19 Like the whole point is to get rid of the  
 20 commission system.  
 21 Q. Well, in your discussions with the  
 22 government of El Salvador, was the State of  
 23 Texas mentioned?  
 24 A. Yes; because of the consulates.  
 25 Q. Okay. Well, and -- okay. All right.

Page 85

1 What was it that was mentioned about the  
 2 consulates?  
 3 A. As Lorenzo was explaining the  
 4 ecosystem to me, he said we have ATMs across the  
 5 United States. Some of them that are in  
 6 El Salvador community places, like Salvadereño  
 7 restaurants. But he also mentioned that we have  
 8 ATMs in the consulates across the United States,  
 9 including Dallas, and that -- I might be missing  
 10 something, but that's the gist of it.  
 11 Q. Okay. The ATMs at the consulates, is  
 12 it your testimony that those ATMs belong to a --  
 13 to one of the defendants in the lawsuit?  
 14 A. I believe they are, yes.  
 15 Q. But your understanding was that  
 16 the -- when you were talking to the  
 17 representative from El Salvador, they were  
 18 talking about ATMs at their consulates; correct?  
 19 A. That is -- including at the  
 20 consulates. But, yes. Like the -- my  
 21 understanding from Lorenzo was that they have  
 22 contracted for access to all of the Athena ATMs  
 23 across the United States and that the  
 24 government, as part of the contract, asked them  
 25 to place ATMs within the consulates.

Shaun Overton  
August 16, 2022

Page 86

1 Q. But you don't have any personal  
2 knowledge on who owns or operates those ATMs at  
3 the consulates; correct?  
4 A. I think it's in the SEC S1 disclosure  
5 from earlier this year that Athena Bitcoin, Inc.  
6 is the operating entity within the United  
7 States.  
8 Q. Well, the conversation you had with  
9 the individual in El Salvador related to ATMs at  
10 their consulates; correct?  
11 A. Yes, that's correct.  
12 Q. And that was all over the country;  
13 correct?  
14 A. Correct.  
15 Q. Okay. But no one from Athena -- any  
16 of the Athena entities has told you that the  
17 ATMs in the consulates are their property, have  
18 they?  
19 A. Eric did.  
20 Q. Who? Say it again.  
21 A. Eric Gravengeard did.  
22 Q. Eric said that the ATMs in the  
23 consulates were Athena property?  
24 A. Correct.  
25 Q. Did you ever have any conversations

Page 87

1 with anyone at Athena related to the utilization  
2 of the software related to Athena ATMs in the  
3 State of Texas?  
4 A. Not specifically about the State of  
5 Texas, but ATMs came up all the time.  
6 Q. Okay. But the -- to make sure I  
7 understand -- but the software that you were  
8 working on related to the Chivo Wallet, none of  
9 that software was directly placed on the ATMs;  
10 correct --  
11 A. Incorrect.  
12 Q. -- in the United States?  
13 A. Not correct.  
14 Q. What's not correct about it?  
15 A. It's an API. So Athena -- Chivo  
16 Wallet is not really -- it's better thought of  
17 as a collection of external services that are  
18 all glued together; and when glued together.  
19 They form Chivo Wallet. So you have all of  
20 these supporting roles that don't make sense to  
21 program yourself.  
22 For example, when you log in, you  
23 have to do two-factor authentication; you have  
24 to use a cellphone. It doesn't any make sense  
25 to program your own way of sending SMS messages.

Page 88

1 You use an external platform to send those  
2 messages for you.  
3 And in the same way, when we interact  
4 with the ATMs, we have to talk directly to the  
5 ATMS. Otherwise, there's no way you're ever  
6 going to, like, know where this money came from.  
7 And when we deployed the code, we had  
8 had a checklist of all the different groups of  
9 servers that needed to get copies of the  
10 software. Primarily, those servers were Chivo  
11 Wallet. But the ATM deployment was a specific  
12 deployment that we would do every single night.  
13 So it had to talk to the ATMs; otherwise,  
14 there's no point.  
15 Q. Well, it talked to them. It had to  
16 be compatible; correct?  
17 A. No. It had to talk to them directly.  
18 Like, we had to know if the ATMs were working or  
19 not because people are trying to use Athena ATMs  
20 so that they don't have to pay the commissions.  
21 Like, we have to know if an ATM's not working.  
22 Q. Okay. But your testimony is that the  
23 only ATMs that could talk to the Chivo project  
24 wallets were ATMs owned by Athena?  
25 A. My testimony is that you could use

Page 89

1 the ATMs owned by Athena to skip the  
2 commissions, which is the entire point of  
3 building Chivo Wallet.  
4 Yes, you can use another Bitcoin ATM.  
5 But you would pay a 10 to 20 percent commission,  
6 which is a very dumb economic decision. You  
7 should use the free one.  
8 Q. All right. But if you don't live  
9 around an ATM that happens to give the -- to  
10 belong to an Athena entity, you can use another  
11 ATM; correct?  
12 A. Yes. You'll pay a higher commission.  
13 But, yes, you can use any Bitcoin -- not the  
14 ATM. Anything Bitcoin will talk to it.  
15 Q. All right. And when you're talking  
16 about all of this deploying the software, is  
17 this the same thing you were doing when you  
18 first began the work for QA Consultants?  
19 A. No. We never deployed software as  
20 part of QA Consultants.  
21 ATTORNEY FOWLER: Okay. Kelly, would  
22 you show him on the exhibits in the  
23 documents, it's your document number --  
24 begins with Bates number 11.  
25 ATTORNEY STEWART: Okay. He's got it

Shaun Overton  
August 16, 2022

Page 90

1 in front of him.

2 BY ATTORNEY FOWLER:

3 Q. Okay. Mr. Overton, if you would

4 slide down to Bates number 12.

5 A. Okay.

6 Q. Do you see that page? What is this

7 document?

8 A. It's my invoice to Athena Bitcoin for

9 the programming work and the marketing work done

10 in October of 2021.

11 Q. All right. Is there anything,

12 anywhere on here where it says that you're

13 billing for marketing work?

14 A. I don't see anything about marketing

15 work; no.

16 Q. And then the work that you did here

17 on this page, where it says \$16,666.67, do you

18 see that entry?

19 A. I do.

20 Q. Okay. Where was that work performed?

21 A. Texas and El Salvador.

22 Q. Is there any way for us to know how

23 much was El Salvador, how much was Texas?

24 A. Yeah; you paid for my flights.

25 Q. Okay. But do we know -- is there a

Page 91

1 way for us to know -- out of the \$16,666.67 that

2 you were billing Athena for, is there any way of

3 knowing how much of that work of that \$16,000

4 was done in El Salvador?

5 A. Absolutely.

6 Q. How?

7 A. The flights. So Athena booked my

8 flights. It should have all the records of

9 where I was physically present on every single

10 day throughout the duration of my relationship

11 with them.

12 Q. Okay. Well, how would I know how

13 many hours you spent working in El Salvador

14 versus how many hours you spent working in

15 Texas?

16 A. I would, I would take the total of

17 the days I worked in Texas, and that's the

18 portion that I worked in Texas. And then I'd

19 take the days that I worked the El Salvador, and

20 that's the total in El Salvador.

21 Q. Okay. What document -- do you have

22 documents that show when you billed for work in

23 Texas versus when you billed for work in

24 El Salvador?

25 A. No, I do not.

Page 92

1 Q. All right. So how would I, in

2 looking at this total, \$16,666.67, how would I

3 know how much of that work was done in

4 El Salvador versus how much of that work was

5 done in Texas?

6 A. From looking at the invoice?

7 Q. Well, right now my question is: From

8 looking at the invoice, is there any way to

9 know --

10 A. From looking at the invoice, no,

11 there is no way to know just from looking at the

12 invoice.

13 Q. Are there documents in existence that

14 I could look at that would tell me how much of

15 that billing occurred in El Salvador versus how

16 much of that billing occurred in Texas?

17 A. Yes; the flight records.

18 Q. Well, the flight records tell us what

19 town you were -- or, excuse me -- what country

20 you were in; correct?

21 A. Well, yes, they do.

22 Q. All right. So are you telling me

23 that for the entire time you're in El Salvador,

24 you billed for every day you're there?

25 A. This was just a flat fee.

Page 93

1 Q. Okay. What was the fee?

2 A. The \$200,000 salary that I expect --

3 yeah, I think it's \$200,000 salary that I

4 expected from Athena Bitcoin, Inc., I just

5 divided that by 12, and that was my rate.

6 Q. Okay. So that's \$16,666.67, it's not

7 for programming; right?

8 A. It's for -- well, I mean, partially

9 for programming. Very little for programming.

10 It's primarily for project management, like the

11 CTO role was my functional role. It's what I

12 was labeled as in the MS Teams environment.

13 Q. Is there a -- all right. Two

14 questions. First question: Is there a document

15 anywhere that I could look at that should show

16 that how were -- how you calculated the

17 \$16,666.67?

18 A. No.

19 Q. At any point in time did you ever

20 discuss with anyone at Athena that you were

21 going to be billing based on the \$200,000 salary

22 and then divide by 12?

23 A. No.

24 Q. Did you ever discuss with anyone at

25 Athena that these invoices would include a

Shaun Overton  
August 16, 2022

Page 94

1 charge for you related to a salary?  
 2 A. I -- this is all getting, this is all  
 3 getting mixed up because of the, I guess, the  
 4 chaos. What was your question again?  
 5 Q. My question was: Did you ever  
 6 discuss with anyone at any Athena entity that  
 7 you were going to be charging for and billing  
 8 for you, for your services, based on a salary?  
 9 A. Actually, yes. When we, when -- in  
 10 the -- on October 4th, when I was talking to  
 11 Eric, I had to ask him about my rate. And I  
 12 said: Since we haven't actually pinned down my  
 13 salary, is it okay if I split the difference?  
 14 Q. Okay. All right. You got there  
 15 the -- okay. You have there in front of you the  
 16 term sheet we were talking about; correct?  
 17 A. I do.  
 18 Q. Okay. And what you're referencing,  
 19 it sounds like, is there on -- under Employment  
 20 Agreement on page 4. Look at the paragraph and  
 21 let me ask you: Is that what you're  
 22 referencing?  
 23 A. Under the Purchaser section.  
 24 Q. Well, where it say Employment  
 25 Agreement, second paragraph from the bottom on

Page 95

1 page 4.  
 2 A. Yes; that is where those numbers come  
 3 from.  
 4 Q. Okay. So the charges for your time  
 5 on all of those invoices are based on a salary  
 6 pursuant to the employment agreement that's  
 7 being discussed in the term sheet; correct?  
 8 A. That's where those numbers come from.  
 9 Q. So is it true that you were billing  
 10 Athena pursuant to the salary that's discussed  
 11 in the term sheet?  
 12 A. For my particular salary, yes, that's  
 13 where that number comes from.  
 14 Q. Okay. What about Bailey Jarrell?  
 15 Was her time marked up the same as the  
 16 programmers?  
 17 A. Correct.  
 18 Q. Okay. Okay. Were there -- is there  
 19 anything else that you can contend or you  
 20 believe was -- scratch that.  
 21 Can you tell me anything else about  
 22 your arrangement with Athena that related to the  
 23 State of Texas?  
 24 A. So we have Bailey doing the marketing  
 25 work here. We have me partially working here

Page 96

1 and partially El Salvador. ATMs are the  
 2 critical components of the software working in  
 3 general.  
 4 And your question was about my work  
 5 in the State of Texas?  
 6 Q. Any -- right now my question is:  
 7 Other than what you've told me, which is about  
 8 you and Bailey and the connection to the ATMs.  
 9 Is there anything else about your  
 10 agreements with Athena that you contend relate  
 11 to the State of Texas?  
 12 A. At the moment I can't think of  
 13 anything else.  
 14 Q. Okay. Now, with regard to your  
 15 charges, okay, you just told us that your  
 16 charges are simply an annual salary and that's  
 17 what you're billing; correct?  
 18 A. Correct.  
 19 Q. And so for your services, it didn't  
 20 matter where you were; you were still going to  
 21 charge what you contend your salary was.  
 22 Correct?  
 23 A. Correct.  
 24 ATTORNEY FOWLER: All right. I'm  
 25 going to have to share this one; see if I

Page 97

1 can figure out how to do it.  
 2 (Discussion held off the record.)  
 3 BY ATTORNEY FOWLER:  
 4 Q. Would you take a moment and look at  
 5 that document, page 34 of 38.  
 6 A. Yes.  
 7 Q. Okay. Do you recognize that  
 8 document?  
 9 A. I do.  
 10 Q. And do you recognize the exhibits  
 11 that were attached to it?  
 12 A. Yeah. They're my invoices.  
 13 Q. Okay. And am I correct that this  
 14 letter that's dated December 14th, 2021 from  
 15 Christopher McNeill to Zachary Soto was a letter  
 16 sent by an attorney representing ROI?  
 17 A. I do.  
 18 Q. Did you retain Mr. McNeill to send  
 19 this letter?  
 20 A. I did.  
 21 Q. Did you review the letter before it  
 22 was sent?  
 23 A. Yes.  
 24 Q. Okay. All right. I'd ask you to  
 25 take a minute and reread that letter. And then

Shaun Overton  
August 16, 2022

Page 98

1 I'm going to ask you if you agree with  
 2 everything that's in the letter.  
 3 A. I already read it, and I don't.  
 4 Q. Okay. What is it that's in the  
 5 letter that you don't agree with?  
 6 A. Athena Bitcoin Global.  
 7 Q. Where are you referring to?  
 8 A. [As read]: This law firm represents  
 9 ROI Developers, Inc, d/b/a Accruvia, which has  
 10 retained us to assist in its collection of the  
 11 outstanding amounts owed to it by Athena Bitcoin  
 12 Global, Athena.  
 13 Q. So you're telling us today you don't  
 14 agree with that statement?  
 15 A. It should have been Athena Bitcoin,  
 16 Inc.  
 17 Q. Well, you looked at this before your  
 18 lawyer sent it; right?  
 19 A. Briefly; yes.  
 20 Q. Well, you conferred with him before  
 21 he sent it; correct?  
 22 A. I did, yes.  
 23 Q. And on the exhibits, there's nothing  
 24 that says "Athena Global," is there -- "Athena  
 25 Bitcoin Global"?

Page 99

1 A. On the exhibits it does not say  
 2 "Global," no. It say "Athena Bitcoin."  
 3 Q. Okay. So your lawyer, when he sent  
 4 this letter, he didn't get the term Athena  
 5 Bitcoin Global off of your invoices; right?  
 6 A. I don't know where he got that term.  
 7 But, correct, he did not get it from the  
 8 invoice.  
 9 Q. Well, he would have had to have  
 10 gotten it from you, wouldn't he?  
 11 ATTORNEY STEWART: Objection; form.  
 12 THE WITNESS: At no point did I  
 13 direct Mr. McNeill to specifically say --  
 14 address it to Athena Bitcoin Global.  
 15 BY ATTORNEY FOWLER:  
 16 Q. Okay. But when you looked at the  
 17 letter, you didn't suggest it be changed before  
 18 it was sent; correct?  
 19 A. Correct.  
 20 Q. On the invoices that are on here, we  
 21 now know the numbers that are on here for you  
 22 are not for programming; the numbers that are on  
 23 there for Bailey Jarrell are not for  
 24 programming.  
 25 Are there any other entries on these

Page 100

1 invoices that were actually not for programming?  
 2 A. Not that I can recall, no.  
 3 Q. And out of all the folks that are  
 4 listed on your invoice, the only two that  
 5 potentially provided any services in the State  
 6 of Texas are yourself and Bailey Jarrell;  
 7 correct?  
 8 A. Correct.  
 9 Q. At any point prior to October 4th,  
 10 2021, did you discuss with anybody at any Athena  
 11 entity that any of the services that you would  
 12 be providing were going to be performed in the  
 13 State of Texas?  
 14 A. Yes. Bailey Jarrell was part of the  
 15 discussion. Like, we specifically talked about  
 16 when -- before I entered into any relationship  
 17 with Athena, part of the terms were that all  
 18 employees -- including Bailey, who is not a  
 19 programmer -- she would come with me. We  
 20 explicitly discussed that.  
 21 Q. Okay. What about you? Was there  
 22 ever any discussion that any of the services you  
 23 would be providing would be potentially done in  
 24 the State of Texas?  
 25 A. Absolutely.

Page 101

1 Q. Who did you discuss it with?  
 2 A. Eric Gravengaard.  
 3 Q. When?  
 4 A. The -- on September -- the night of  
 5 September 21st or 22nd -- September 21st.  
 6 Q. Tell me what you recall saying  
 7 related to you performing service in the State  
 8 of Texas.  
 9 A. That I would not be in El Salvador  
 10 the entire time; that I have a wife and three  
 11 children whom are very important to me; and that  
 12 I could not be away constantly and that I would  
 13 need to work remotely.  
 14 Q. Okay. And then with regard to Bailey  
 15 Jarrell, the conversation was -- you're telling  
 16 me that you told them, Hey -- well, scratch  
 17 that. I'm not going to put words in your mouth.  
 18 What do you recall specifically  
 19 saying about Bailey related to the State of  
 20 Texas?  
 21 A. I valued my relationship with Bailey;  
 22 that she's a W2 employees; I do not want her to  
 23 lose her job just because I'm signing this --  
 24 I'm coming to an agreement with you; so she has  
 25 to come with us and she continues to work for

Shaun Overton  
August 16, 2022

Page 102

1 Athena.  
2 And so -- and I -- it was tangential.  
3 At no point was Texas the focus. But I did  
4 mention she was located in Texas and comes to  
5 the office once a week.  
6 Q. Okay. Did you say that you did not  
7 want to lose her -- or you didn't want her to  
8 lose her job because you were signing the term  
9 sheet, or did you say you didn't want her to  
10 lose her job because you were entering into an  
11 agreement?  
12 A. Because I'm entering into an  
13 agreement.  
14 Q. So a moment ago when you started to  
15 say because you were entering into that -- the  
16 term sheet, that was just a misstatement on your  
17 part. Is that what you're telling me?  
18 A. I was overly specific.  
19 Q. Well, was part of the discussion  
20 related to Bailey Jarrell and related to you  
21 didn't want her to lose her job because ROI was  
22 entering into the term sheet?  
23 A. On September.-- yes. In September,  
24 yeah; that is true.  
25 Q. Well, after that conversation in

Page 103

1 September, did you ever have any other  
2 conversations with anybody at Athena where you  
3 said "Hey, I don't want her to lose her job"  
4 related to anything?  
5 A. I'm trying to remember when the  
6 conversation I had with -- yes; because in the  
7 middle of October I basically didn't supervise  
8 Bailey at all because I was so consumed with  
9 putting out the dumpster fire of the software  
10 that she -- I finally got a chance to catch with  
11 her and let her know what was going on.  
12 And then she -- and then at some  
13 point I talked to, I think, Georgia. And she  
14 mentioned that -- I mentioned how important it  
15 was that Bailey have a career path for her. And  
16 she reassured me that she's doing great and the  
17 remote work arrangement was working out well.  
18 Q. Okay. And when do you think this  
19 was?  
20 A. I'm not super-specific on the dates.  
21 But it would have been somewhere around the  
22 middle of October.  
23 Q. Did you ever meet with anyone from  
24 Athena in the State of Texas?  
25 A. No. Well, I think I ran into --

Page 104

1 well, no, I did not.  
2 Q. In connection with the Chivo Wallet  
3 project, other than potentially Bailey Jarrell,  
4 are you aware of anybody else -- other than  
5 yourself -- that potentially provided any type  
6 of services related to the Chivo Wallet project  
7 in the State of Texas?  
8 A. I can't recall anything additional at  
9 this time.  
10 Q. How many A- -- well, scratch that.  
11 Do you have any understanding how  
12 many ATMs Athena Bitcoin, Inc. owns in the State  
13 of Texas?  
14 A. I think it's somewhere around ten.  
15 Q. You're not testifying today that it  
16 was your expectation that the only persons in  
17 Texas that would take advantage of the Chivo  
18 Wallet in El Salvador were going to use those  
19 ten ATMs only, are you?  
20 A. For remittances, I would expect that  
21 90, 95 percent of them occur on an ATM owned by  
22 Athena or operated by ATM.  
23 Q. So out of all the ATMs in the State  
24 of Texas that might have been -- could have been  
25 used to send money to El Salvador, you're

Page 105

1 saying -- your testimony is that at least  
2 90 percent of those transactions would have used  
3 those ten ATMs?  
4 A. Correct.  
5 Q. But as far as the Chivo Wallet  
6 itself, you had to be a resident of El Salvador  
7 in order to utilize it; correct?  
8 A. Incorrect.  
9 Q. What's incorrect about that?  
10 A. You have to be a citizen of  
11 El Salvador to use Chivo Wallet. But, but that  
12 means that you can live -- you can in be an  
13 El Salvador citizen and live in the United  
14 States.  
15 Q. Okay. Thank you. Do you have to, do  
16 you have to be physically in El Salvador in  
17 order to prove up that, Hey, I'm a citizen and  
18 entitled to use it?  
19 A. With DUI -- D-U-I -- which is kind of  
20 like the Social Security equivalent in  
21 El Salvador. If you have the DUI, you can sign  
22 up for Chivo Wallet. And I believe that anybody  
23 could send money into Chivo Wallet  
24 commission-free.  
25 So I don't think you -- I don't know

Shaun Overton  
August 16, 2022

Page 106

1 this for certain; but I'm pretty sure that if  
 2 you sent money into a Chivo Wallet on an  
 3 Athena-operated ATM, it wouldn't pay commission.  
 4 Q. It wouldn't what?  
 5 A. If you're -- like, the Athena ATM  
 6 knows that you're sending money into a Chivo  
 7 Wallet address.  
 8 Q. Okay.  
 9 A. I believe, but I'm not certain, when  
 10 you send money into a Chivo Wallet, regardless  
 11 of who you are -- like you personally could put  
 12 money in the ATM and send it into Chivo Wallet.  
 13 And I believe that the software knows that you  
 14 are sending the money into Chivo Wallet and  
 15 therefore not charging you the commission.  
 16 That's the economic incentive for using this  
 17 very limited number of ATMs and going out of  
 18 your way to do it, because you can save 12,  
 19 12 percent on the remittance.  
 20 Q. So -- all right. The discussion  
 21 between you and Athena was that there was a  
 22 markup on the programmers. I get it.  
 23 But internally, how are you -- how do  
 24 you account for your salary versus the  
 25 programmers?

Page 107

1 A. Some of the salary -- because a lot  
 2 of the programmers were on fixed salaries. So,  
 3 like, you notice the numbers repeating, like  
 4 10,016, 10,016, 10,000. That's because those  
 5 three developers were making \$10,000. Two of  
 6 them I incurred additional commissions for  
 7 sending the \$10,000. Mariano is on a salary.  
 8 Lance is on salary. Everybody is salary here.  
 9 Q. Well, I mean, they're contract  
 10 employees, right -- or contract workers;  
 11 correct.  
 12 A. Yes, they are.  
 13 Q. Okay. And so you paid them a flat --  
 14 ROI paid them a flat rate per month for what?  
 15 A. For working at least -- I forget what  
 16 the -- working at least 25 hours a week. But on  
 17 the Chivo Wallet project they were averaging,  
 18 probably 12, 14 -- I know I was averaging 14  
 19 hours a day.  
 20 Q. Okay. So let's just take Lance  
 21 Moore, who's on here. The amount's a thousand  
 22 dollars. And this invoice is dated  
 23 November 4th, 2021.  
 24 So and that's -- and that's paid --  
 25 it's the next to last page that we were looking

Page 108

1 at a minute ago. It's one of the exhibits  
 2 attached to the letter from your lawyer?  
 3 ATTORNEY STEWART: Hold on, Larry.  
 4 We're trying to find it.  
 5 THE WITNESS: Is it Bates number 12?  
 6 BY ATTORNEY FOWLER:  
 7 Q. No. No, this isn't a Bates. What  
 8 I'm looking at is on that letter from your  
 9 lawyer, the next-to-last page, which is 37, it's  
 10 an invoice dated November 4th, 2021. Do you see  
 11 that?  
 12 A. Yeah, I do. With Lance Moore for a  
 13 thousand dollars?  
 14 Q. Yes. So tell me how the thousand  
 15 dollars was arrived at.  
 16 ATTORNEY STEWART: I think -- hold on  
 17 a second, Larry. We've just -- I think  
 18 it's Accruvia 11. We're just making sure.  
 19 It's harder to see on the screen. He can  
 20 see it. Just want to make sure that it's  
 21 the same document.  
 22 ATTORNEY FOWLER: Okay.  
 23 ATTORNEY STEWART: I'm sorry. It's  
 24 November 4th, 2021 invoice. Yeah, I think  
 25 we're looking at the same document. We've

Page 109

1 got it on the screen so, so...  
 2 BY ATTORNEY FOWLER:  
 3 Q. Okay.  
 4 A. The invoice was -- covered at a  
 5 period of three days, from November 1st to the  
 6 3rd. That developer was on a \$10,000 a month  
 7 salary. And so I divided 3 by 30. And the  
 8 10 percent. 10 percent on 10,000 is \$1,000.  
 9 Q. Okay. So...  
 10 All right. And then scroll up to the  
 11 page right above that, which is dated -- it's  
 12 also -- it's dated November 3rd?  
 13 A. Yes.  
 14 Q. And Lance Moore is the first entry;  
 15 right?  
 16 A. Correct.  
 17 Q. And that -- is that a 6 or an 8?  
 18 A. It's a 6.  
 19 Q. So that \$6,513, how did you arrive at  
 20 that number?  
 21 A. Lance went on vacation for close to  
 22 two weeks. So I pro-rated the amount.  
 23 Q. For what period of time?  
 24 A. I pro-rated it for the days that he  
 25 worked in October of 2021.

Shaun Overton  
August 16, 2022

Page 110

1 Q. So how do you know how many days he  
2 worked in October of 2021?  
3 A. He told me he was taking a vacation  
4 and his plans like a month or two in advance.  
5 Q. Let's pick one that's easier to  
6 figure out. All right. Williams Mendez. Do  
7 you see that, \$10,016?  
8 A. Yes, I do.  
9 Q. How did you come up with that number?  
10 A. That's his flat monthly rate.  
11 Q. So what did you look at to know he  
12 worked the whole month?  
13 A. Well, one, he was physically present  
14 in El Salvador. So I saw him in the office  
15 every day for a period of three weeks. And I  
16 literally mean every day. Occasionally he got a  
17 day off. But we were working six and seven days  
18 a week.  
19 Q. So -- okay. So during the month of  
20 October, were you in El Salvador the entire  
21 month?  
22 A. No. I returned to Texas, I think  
23 once in early October, for, like, 48 hours. I  
24 mean, I barely saw my wife. And then towards --  
25 I think it was November 1st I flew home. I

Page 111

1 don't remember the exact dates.  
2 Q. Okay. All right. And so these  
3 invoices that are attached to the letter, the  
4 first -- it's dated November 3rd, 2021. So that  
5 would have been for October 2021; correct?  
6 A. Yeah. There's two invoices. And one  
7 of them has the specific note that says:  
8 Invoice for labor, October 1st to 31st.  
9 Q. Where are you looking?  
10 A. Invoice IB1050.  
11 Q. Okay. Where does it say that?  
12 A. Very bottom left corner.  
13 Q. Ah. Thank you. Okay. Invoice for  
14 labor, October 1 through 31; right?  
15 A. Correct.  
16 Q. Okay. Then if we scroll down to the  
17 next page, okay, in the bottom left it says  
18 invoice for labor, November 1 through 3, 2021;  
19 right?  
20 A. Correct.  
21 Q. The bill -- this invoice we created  
22 on November 4th; right?  
23 A. Correct.  
24 Q. Okay. Then the one behind it, what  
25 period of time is that one for? It's dated

Page 112

1 October 4th.  
2 A. The one that's October 1st to 31st  
3 for about \$75,000?  
4 Q. No. The one right behind it, the  
5 very last one on that letter. It says --  
6 A. Oh. Yeah. It's not a coincidence  
7 that it's dated October 4th because that was the  
8 date where Eric agreed what he was going to pay  
9 me for all the labor that he had hired us for.  
10 This is the bill that Athena Bitcoin,  
11 Inc. paid.  
12 Q. Okay. All right. So this is the  
13 labor that was performed after the term sheet  
14 was signed but before your conversation in the  
15 stairwell on October 4th; right?  
16 A. Correct.  
17 Q. Okay. And you're on here for 3,336.  
18 Tell me how again how you calculated that.  
19 A. It's pro-rated.  
20 Q. And so you split the two numbers that  
21 we looked at in the term sheet; you came up with  
22 a yearly salary of 200; and then you pro-rated  
23 it for however many days; is that right?  
24 A. Yes.  
25 Q. Now, at the very bottom it says

Page 113

1 [as read]: Programming hours, program hour,  
2 overhead expenses, 1.5 percent.  
3 A. Yes.  
4 Q. How did you calculate that?  
5 A. Within one and a half percent of all  
6 of the numbers on the line items above that.  
7 Q. So including your --  
8 A. Oh, sorry. Overhead -- is that --  
9 yeah, I believe that's what it is.  
10 Q. Okay. So does that include a markup  
11 for your salary?  
12 A. I expect so.  
13 Q. Okay.  
14 A. Well, actually, I don't -- I'm not  
15 sure. I don't know whether I included it or  
16 not.  
17 Q. And how come Bailey Jarrell's not  
18 listed on here?  
19 A. She did not perform any work for  
20 Athena Bitcoin, Inc. during that time period.  
21 Q. Well, has she performed work for ROI?  
22 A. She was on vacation. And I don't  
23 remember the exact dates, but she wasn't working  
24 at that time because she had planned time off.  
25 And I don't remember exactly when she started --

Shaun Overton  
August 16, 2022

Page 114

1 well, it would be reflected on the invoice to  
2 mark when she started working.

3 Q. So the programmers during, during  
4 September and October, all these folks that are  
5 listed on here, are they only working on the  
6 Chivo Wallet project?

7 A. For which invoice?

8 Q. Let's just use -- let's use the  
9 very first one up there, the November 3rd one,  
10 where it says invoice for labor, October 1  
11 through 31.

12 A. The only -- let me check the names.

13 ATTORNEY STEWART: The \$75,000 one?

14 THE WITNESS: Yeah. The only one  
15 that was not exclusively on Chivo Wallet  
16 was Gustavo Rodriguez. He helped with a  
17 small crisis on a Sunday, and so I pulled  
18 him in because he was the one I could  
19 round up.

20 But other than that, everybody  
21 else -- I was just looking real quickly,  
22 but I believe everybody else was fully  
23 dedicated to Chivo Wallet.

24 BY ATTORNEY FOWLER:  
25 Q. So on Gustavo, the \$335, how did you

Page 115

1 come up with that?

2 A. That was just billed for the time  
3 because he was fractionally working on it.

4 Q. So is that like a day? What is it?

5 A. I don't recall.

6 Q. Okay. All right. Who performed  
7 these calculations that are reflected on this  
8 invoice that we're looking at?

9 A. I did.

10 Q. Did you make any notes when you were  
11 doing it?

12 A. Not that I remember.

13 Q. All right. So then the next invoice,  
14 which was the three days in November, how did  
15 you know how much to calculate on there? I  
16 mean, is there anything you looked at, or you  
17 just know everybody was working on the project?

18 A. I know everybody was working  
19 exclusively on the project. They were working  
20 crazy hours.

21 Q. And during those days in November,  
22 you were in El Salvador; correct?

23 A. No. I was, I was in El Salvador, I  
24 think, November 1st. But the 2nd and 3rd was in  
25 Texas. Eric encouraged me to fly home because I

Page 116

1 was at my wits' end.

2 Q. So then let's just look at  
3 October/November. During October, how many days  
4 do you think you were in El Salvador versus  
5 Texas?

6 A. I don't know the exact number. I  
7 believe I was home for -- I don't recall. It  
8 could have been as little as three or four days  
9 and maybe up to a week at a time.

10 Q. What about November?

11 A. I was in El Salvador on the 1st; flew  
12 home really, really late at night; and was in  
13 Texas on the 2nd and 3rd.

14 Q. Then did you go back to El Salvador?

15 A. I did on November 15th, but it had  
16 nothing to do with Athena.

17 Q. I'm sorry. Say that again.

18 A. I went back to El Salvador around  
19 November 15th for a Bitcoin conference in the  
20 country. But that did not have anything to do  
21 with Athena.

22 Q. Okay. All right. Okay. But this  
23 last invoice is just for November 1 through 3;  
24 right?

25 A. That's correct.

Page 117

1 Q. Okay. And November 1 through 3, you  
2 said you were in Texas; right?

3 A. I was in Texas on the 2nd and 3rd.

4 Q. Okay. Did you ever have any  
5 conversations with anyone at Athena about,  
6 physically, how you were going to be paid -- not  
7 how much, but how the funds were going to be  
8 delivered?

9 A. Yes. Eric told me to send my invoice  
10 to Noreen Pepino and she would send me an  
11 electronic transfer payment. And I was more  
12 worried about the timeframe. He assured me that  
13 I would get paid within 24 hours.

14 Q. These documents we're looking at, the  
15 invoices, are you the one that physically  
16 created them?

17 A. I am, yes.

18 Q. All right. Is the first one that you  
19 created the one that's marked Paid, dated  
20 October 4th, 2021?

21 A. Yes, that is the first invoice I  
22 created.

23 Q. Do you know when you were paid?

24 A. I don't recall. But I know it's in  
25 one of your exhibits.

Shaun Overton  
August 16, 2022

Page 118

1 Q. Okay. So that's the first one that  
2 you were paid. And then the next one that you  
3 would have been paid --- excuse me, the next one  
4 you would have created would have been the  
5 invoice B1050 for the October 1 through 31; is  
6 that right?  
7 A. That sounds correct. Yeah, that  
8 invoice goes through -- covers the month of  
9 October.  
10 Q. All right. Well, the very first  
11 invoice you created where it says Bill To, it  
12 just has an address; correct? It doesn't say  
13 Athena anything; right?  
14 A. Yeah. It says "Athena Bitcoin."  
15 That doesn't specify which Athena.  
16 Q. Wait a minute. The very first  
17 invoice, the one dated October 4th --  
18 A. Yes.  
19 Q. -- where does it say "Athena  
20 Bitcoin"?  
21 A. It does not.  
22 Q. Okay. Now, the next invoice, which  
23 is for October 1 through 31, it's addressed to  
24 Athena Bitcoin; right?  
25 A. Correct.

Page 119

1 Q. Okay. Did you physically -- I mean,  
2 do you recall looking at anything or deciding on  
3 how -- what to put there on this invoice, on the  
4 Bill To, as opposed to the first invoice that  
5 you did where it doesn't have anything?  
6 A. Yeah. I think I realized after the  
7 fact that I didn't list the entity on the  
8 invoice, and so I added it in for the October  
9 invoice.  
10 Q. Okay. As we sit here, do you  
11 physically remember doing that?  
12 A. I do not.  
13 Q. What about the address, 1332 North  
14 Halsted Street, Chicago, Illinois; where did you  
15 get that address?  
16 A. I googled "address of Athena Bitcoin,  
17 Inc." And that's the address that comes up in  
18 Google's search results.  
19 Q. So you think you got that address  
20 from a Google search; is that right?  
21 A. Correct.  
22 Q. Bailey Jarrell, the marketing she was  
23 doing, tell me again what was -- who was she  
24 marketing to?  
25 A. I don't know.

Page 120

1 Q. What was she marketing -- scratch  
2 that. What was, what was she marketing?  
3 A. Like I testified earlier, she was  
4 reporting directly to the CMO, who directed her  
5 activities. I was not directly involved in  
6 supervising her in any meaningful way.  
7 Q. But you were paying her salary;  
8 correct?  
9 A. Correct.  
10 Q. So as far as what Bailey Jarrell was  
11 doing in the months of October and  
12 November 2021, you don't know; is that fair?  
13 A. The only thing that I know is that  
14 her efforts in the timeframe were focused on the  
15 conference. But what Athena hopes to accomplish  
16 out of the conference or its motivations for  
17 sponsoring or the business outcome they were  
18 seeking, I don't know.  
19 Q. Okay. So as we sit here today, you  
20 can't testify that in either September, October,  
21 or November 2021, Bailey Jarrell was working on  
22 the Chivo Wallet project?  
23 A. I -- like I testified earlier, it  
24 depends on where you draw the line on Chivo  
25 Wallet. Like at no point --- I don't remember ---

Page 121

1 I don't know because all her efforts were  
2 focused on the conference.  
3 And so whether the conferences was  
4 Chivo Wallet-focused or not I don't know because  
5 I did nothing for the conference prep. All I  
6 know is she was working on that. So I can't --  
7 I don't have knowledge of that.  
8 Q. So to make sure you and I are on the  
9 same page, as far as what she was doing for  
10 Athena in September, October, and November 2021,  
11 you don't know what it was; is that correct?  
12 A. No. She was working on the  
13 conference. She was doing whatever marketing  
14 Athena was focused on. She was getting the  
15 company ready to -- for its exhibition at the  
16 Bitcoin conference in San Salvador, El Salvador  
17 around November 15th. That was the exclusive  
18 focus of her efforts.  
19 (Discussion held off the record.)  
20 BY ATTORNEY FOWLER:  
21 Q. All right. So September, October,  
22 November 2021, Bailey Jarrell is working on  
23 Athena making a presentation at the Bitcoin  
24 conferences; is that right?  
25 A. And their group. But, yeah, it's all

**Shaun Overton**  
**August 16, 2022**

**Page 122**

1 related to the conference; yes.  
 2 Q. Since she -- she was an employee,  
 3 right, W-2 employee?  
 4 A. That's correct.  
 5 Q. So ROI -- so -- okay. So ROI was  
 6 letting Athena use Bailey Jarrell to prepare for  
 7 that conferences, and you all marked up her  
 8 salary 1.5 percent; is that right?  
 9 A. Yes.  
 10 Q. And the Bitcoin conference, it was in  
 11 El Salvador; is that right?  
 12 A. Correct.  
 13 ATTORNEY FOWLER: Okay. Kelly, let's  
 14 take a break for five minutes. Is that  
 15 okay?  
 16 ATTORNEY STEWART: Yeah, no problem.  
 17 (Recess.)  
 18 BY ATTORNEY FOWLER:  
 19 Q. On the invoices you sent to that  
 20 North Halsted Street, Chicago, Illinois address,  
 21 did you tell me that you looked that address up  
 22 yourself and then put it on the invoices?  
 23 A. That's correct.  
 24 Q. And you did that using Google?  
 25 A. Yes, I did.

**Page 123**

1 Q. Do you remember what search terms you  
 2 used?  
 3 A. I have no idea. Well, I mean, I  
 4 would assume it was "Athena Bitcoin, Inc.'s  
 5 address." But I can't, I can't recall  
 6 specifically. I know I used it, but I can't  
 7 imagine it would be anything different.  
 8 Q. As you sit here, you don't recall  
 9 what search terms you used; is that correct?  
 10 A. Yeah, I don't know the terms; that's  
 11 correct.  
 12 ATTORNEY FOWLER: Okay. Kelly, I'll  
 13 pass the witness and...  
 14 ATTORNEY STEWART: I have a few  
 15 follow-up questions.  
 16 BY ATTORNEY STEWART:  
 17 Q. Mr. Overton, you were asked by  
 18 Mr. Fowler about lawsuits you've been involved  
 19 with. And my question is: Did you forget and  
 20 leave one out?  
 21 A. Yes, I did.  
 22 Q. What did you leave out?  
 23 A. A lawsuit in Illinois where Athena  
 24 Bitcoin Global sued myself, my wife, and ROI  
 25 Developers, Inc.

**Page 124**

1 Q. And so other than that lawsuit and  
 2 the lawsuit you told Mr. Fowler about, are there  
 3 any other lawsuits in which you've been  
 4 involved?  
 5 A. No.  
 6 Q. Now, you were asked by Mr. Fowler  
 7 about whether you had changed your testimony  
 8 about whether your work that you've sued  
 9 under -- that Accruvia sued under in this case  
 10 was related to the term sheet. Do you recall  
 11 that testimony?  
 12 A. I do.  
 13 ATTORNEY STEWART: And, Larry, he's  
 14 got in front of him the three invoices  
 15 that you've had up on the screen. And  
 16 those are Accruvia 11, 12, and 13.  
 17 And he's also got in front of him the  
 18 term sheet, which is Athena 3, 4, and 5.  
 19 BY ATTORNEY STEWART:  
 20 Q. And if you'll take a look,  
 21 Mr. Overton, at the work -- let's just look at  
 22 Accruvia 13, which is the \$11,000 invoice that's  
 23 marked Paid. And was that work actually paid  
 24 for by an Athena entity?  
 25 A. Yes, it was.

**Page 125**

1 Q. And this is work, I believe you  
 2 testified, that was done before October 4th,  
 3 2021?  
 4 A. Correct. The dates covered were  
 5 September 22nd or '3rd through the end of  
 6 September.  
 7 Q. Okay. And does any of this work  
 8 relate to the terms in the term sheet which you  
 9 had -- we've been talking about?  
 10 A. No.  
 11 ATTORNEY FOWLER: Object to form.  
 12 THE WITNESS: No, it does not.  
 13 BY ATTORNEY STEWART:  
 14 Q. Now, you did, though, say that you  
 15 pulled, right, your salary figure from the term  
 16 sheet?  
 17 A. Yes, I did.  
 18 Q. Is that your testimony?  
 19 A. It is my testimony.  
 20 Q. And now that you've looked at the  
 21 term sheet, do you see anything in the term  
 22 sheet that would provide for this additional --  
 23 any of the work on either that invoice, that  
 24 \$11,000 invoice that's paid or the other two  
 25 invoices, the \$75,000 and the \$8,000 one there

Shaun Overton  
August 16, 2022

Page 126

1 that are not paid?  
 2 A. No.  
 3 ATTORNEY FOWLER: Object to form.  
 4 THE WITNESS: No. That term sheet  
 5 was the start of my relationship with the  
 6 Athena entities. It did not cover the  
 7 specific work because this was intended to  
 8 eventually commence into the terms  
 9 outlined.  
 10 But in no way did it cover the  
 11 in-between time other than the salary  
 12 number I pulled for myself.  
 13 ATTORNEY FOWLER: Objection;  
 14 nonresponsive.  
 15 BY ATTORNEY STEWART:  
 16 Q. Then, Mr. Overton, why did you tell  
 17 Mr. Fowler that you believed your work that  
 18 you've invoiced and -- when I say you, I mean  
 19 Accruvia here -- the work that Accruvia invoiced  
 20 was with the entity that is -- that signed or  
 21 entered into the term sheet?  
 22 A. Because in the -- because that term  
 23 sheet was the start of my relationship with the  
 24 Athena entities. And there's no way I would  
 25 have wound up working for Athena Bitcoin, Inc.

Page 127

1 if that term sheet hadn't existed.  
 2 But that term sheet doesn't cover the  
 3 in-between time. That's a future state.  
 4 Q. And, in fact, on the third page of  
 5 the term sheet -- which is Athena 5 -- which is  
 6 the -- what's the name of the entity that's  
 7 signed this on behalf of Athena?  
 8 A. Athena Bitcoin Global, Inc.  
 9 Q. Now, I want to ask you a couple of  
 10 follow-up questions about the software, the  
 11 Chivo Wallet software -- can I call that? Is it  
 12 software?  
 13 A. Yeah, software. Chivo Wallet.  
 14 Q. -- that Mr. Fowler talked to you  
 15 about, is it just used in El Salvador?  
 16 A. No, absolutely not.  
 17 Q. Where is it used?  
 18 A. It's used globally wherever anybody  
 19 has access to -- like if you can -- if you're  
 20 sending money to Chivo Wallet, I believe you can  
 21 do that anywhere in the world.  
 22 It's used -- it's specifically  
 23 designed for use in the United States and  
 24 including in Texas.  
 25 ATTORNEY FOWLER: Objection;

Page 128

1 nonresponsive, speculation.  
 2 BY ATTORNEY STEWART:  
 3 Q. And how do you know it's used in --  
 4 is it -- how is it is used in the United States?  
 5 A. The way Lor- -- well, both Lorenzo  
 6 Rey and Eric Gravengaard outlined to me the  
 7 rationale behind the project. And it's 100  
 8 percent focused on remittances and avoiding  
 9 commissions from Western Union and similar  
 10 services.  
 11 I know that Sara Hannah, who's the  
 12 president's advisor, Eric told me about a  
 13 conversation between her and Western Union where  
 14 Western Union started negotiating on the  
 15 remittance rates to El Salvador because they  
 16 were feeling the financial pressure of people  
 17 using the Chivo Wallet system.  
 18 ATTORNEY FOWLER: Objection;  
 19 nonresponsive, leading, speculation.  
 20 BY ATTORNEY STEWART:  
 21 Q. Was the Chivo Wallet software, that  
 22 work that either was billed and paid for by an  
 23 Athena entity and the work that was billed and  
 24 not paid for by an Athena entity that you've  
 25 sued over, was that related to the Chivo Wallet

Page 129

1 software?  
 2 A. Yeah, absolutely.  
 3 Q. Can you divorce the Chivo Wallet  
 4 software from Bitcoin ATMs in the United States?  
 5 A. Absolutely not.  
 6 Q. And that would include Bitcoin ATMs  
 7 in Texas; right?  
 8 A. Absolutely.  
 9 Q. And that would include Bitcoin ATMs  
 10 in Texas that are owned by an Athena entity?  
 11 A. Correct.  
 12 ATTORNEY FOWLER: Objection; leading.  
 13 BY ATTORNEY STEWART:  
 14 Q. Who would own the Texas Bitcoin ATMs  
 15 in which Chivo Wallet would be used?  
 16 A. Athena Bitcoin.  
 17 ATTORNEY FOWLER: Objection;  
 18 speculation.  
 19 BY ATTORNEY STEWART:  
 20 Q. And how do you know that?  
 21 A. Because Athena Bitcoin, Inc.'s entire  
 22 business line is operating -- well, not their  
 23 entire business line.  
 24 Prior to starting Chivo Wallet, the  
 25 entire business of Athena Bitcoin, Inc. is

Shaun Overton  
August 16, 2022

Page 130

1 owning and operating Bitcoin ATMs across the  
 2 United States and including Texas.  
 3 Q. With respect to the work that is  
 4 showing up in the three invoices we've talked  
 5 about, Accruvia 11, 12, and 13, how did -- let's  
 6 just use the first one, Franklin Grassais, which  
 7 is the top entry on the \$11,000 paid invoice  
 8 dated October 4th. Who would have told him what  
 9 work to do?  
 10 A. That was coming from Eric Gravengaard  
 11 or myself, with Eric serving as, like, the  
 12 director. So him and Edward Iskra, who was the  
 13 project manager, would direct me what my  
 14 priorities were. Sometimes they would directly  
 15 interject to my contract staff to tell them what  
 16 to do. Or they would give me a goal and an  
 17 objective, and then I would direct my staff to  
 18 accomplish the objective.  
 19 Q. I believe you told Mr. Fowler that  
 20 you don't recall any conversations before  
 21 October 4th, 2021, with anyone at Athena as far  
 22 as: Here's the work that we want you to do.  
 23 Do you recall that testimony?  
 24 A. I do.  
 25 Q. And so why would that be? Why were

Page 131

1 these people doing work?  
 2 A. Athena was directing us specifically  
 3 what to do. And that's why I was pushing back  
 4 so hard; because it's so obvious that if  
 5 somebody's telling me what work to do, there's  
 6 an obvious expectation that I expect to get paid  
 7 for it.  
 8 Q. And the work that Accruvia did for  
 9 Athena, it's your understanding, is it not, that  
 10 it was used for Chivo Wallet?  
 11 ATTORNEY FOWLER: Objection; form,  
 12 leading.  
 13 THE WITNESS: The exclusive work that  
 14 they did was for Chivo Wallet.  
 15 BY ATTORNEY STEWART:  
 16 Q. Let me fix my question.  
 17 For what purpose was the work that's  
 18 shown in the three invoices we discussed, what  
 19 purpose was that?  
 20 A. It was exclusively for Chivo  
 21 Wallet -- well, sorry. It was for Chivo Wallet,  
 22 except for Bailey Jarrell's services, who was  
 23 doing marketing.  
 24 But especially on the paid invoice,  
 25 that was -- I need to double-check, but -- I'm

Page 132

1 pretty sure that invoice was exclusively for my  
 2 services, and everything that's not me is  
 3 programming work.  
 4 Q. Programming work for whom and what?  
 5 A. For Athena Bitcoin, Inc., for Chivo  
 6 Wallet.  
 7 Q. Now, did -- you've talked to  
 8 Mr. Fowler a little bit about, you know, how  
 9 this whole relationship came into being. And  
 10 you mentioned some fraud issues. Do you recall  
 11 who?  
 12 A. I do.  
 13 Q. What was the fraud? The fraud wasn't  
 14 Athena committing fraud; right?  
 15 A. That's correct; it wasn't Athena.  
 16 Q. What was the fraud?  
 17 A. The fraud was the fact that, in order  
 18 to -- if you know someone's DJI and their name,  
 19 you basically able to open up -- because the  
 20 third-party KYC vendor -- know your customer --  
 21 crashed and was not servicing.  
 22 So people figured this out very  
 23 quickly that you could -- because DUI's are  
 24 public information, including the name. So all  
 25 you got to do is find the list; and then you can

Page 133

1 sign up, get the 30 bucks, withdraw it in  
 2 Bitcoin, and now it's not traceable.  
 3 And so when I mentioned that 10 to  
 4 20 percent number, by the time I left the  
 5 project we were at 4 million registered users.  
 6 So you have at least 10 percent of 4 million.  
 7 So 400,000 people that each got 30 bucks, you're  
 8 talking about \$12 million.  
 9 And for context, like for the  
 10 American government, that would be chump change.  
 11 But the government of the El Salvador, at the  
 12 time they were negotiating with the IMF for a  
 13 bailout for a billion dollars. And so when  
 14 you're losing anywhere from 12 to 24 million  
 15 dollars, just throwing it away on bogus  
 16 registrations, they did not have that kind of  
 17 money to just throw away to fraud.  
 18 So when they would come to us and beg  
 19 us to run these scripts to mark these people as  
 20 fraudulent as fast as possible, it's because  
 21 they were bleeding money that they didn't have.  
 22 Q. Who do you mean by "they"?  
 23 A. "They" would be the government of  
 24 El Salvador.  
 25 Q. Did Athena ever make any complaints

**Shaun Overton**  
**August 16, 2022**

<p style="text-align: right;"><b>Page 134</b></p> <p>1 about your work?</p> <p>2 ATTORNEY FOWLER: Object to form.</p> <p>3 THE WITNESS: One time. Eric, about</p> <p>4 two weeks after I started working with</p> <p>5 Athena, he said that he wasn't happy</p> <p>6 because we weren't meeting the objectives.</p> <p>7 And we had probably an hour-and-a-half to</p> <p>8 two-hour long discussion about the way</p> <p>9 everything was working.</p> <p>10 And the outcome with that was that I</p> <p>11 told him: When everything's a priority,</p> <p>12 nothing is a priority. And so what's not</p> <p>13 happening is the communication that -- I</p> <p>14 can only handle so many fires at once.</p> <p>15 And what he settled on was the top</p> <p>16 five. So him and Edward could pick five</p> <p>17 things a day for us to work on. And also</p> <p>18 coming out of -- because my big complaint</p> <p>19 was that there's no QA department at all,</p> <p>20 internally, with Athena. And we weren't</p> <p>21 following best practices because</p> <p>22 everything was so bad with having code</p> <p>23 reviews and being very careful with what</p> <p>24 we released.</p> <p>25 So once Eric and I had that</p>	<p style="text-align: right;"><b>Page 136</b></p> <p>1 employee of Athena Bitcoin, Inc. And I know</p> <p>2 that because I asked her who, who pays her. And</p> <p>3 she told me Athena Bitcoin, Inc.</p> <p>4 The -- Franklin Grassias no longer</p> <p>5 works for me. Williams Mendez no longer works</p> <p>6 for me.</p> <p>7 ATTORNEY FOWLER: Objection;</p> <p>8 nonresponsive.</p> <p>9 BY ATTORNEY STEWART:</p> <p>10 Q. Keep going. It's responsive.</p> <p>11 A. Burak was terminated in the middle of</p> <p>12 October. Panos still works for me. Mariano has</p> <p>13 another position. Mario has another position.</p> <p>14 Gustavo has another position. I think that --</p> <p>15 Q. Well, do any of them work for Athena?</p> <p>16 A. Bailey Jarrell.</p> <p>17 Q. Okay.</p> <p>18 A. And I should mention that Athena at</p> <p>19 the end of the work approached every single</p> <p>20 developer listed on the invoices and offered</p> <p>21 them a 25 percent raise and, I think, \$50,000</p> <p>22 and some kind of stock compensation.</p> <p>23 ATTORNEY FOWLER: Objection;</p> <p>24 nonresponsive, speculation.</p> <p>25 BY ATTORNEY STEWART:</p>
<p style="text-align: right;"><b>Page 135</b></p> <p>1 discussion, we implemented the top five,</p> <p>2 and we got -- and I implemented a formal</p> <p>3 QA.</p> <p>4 And from there on out, we are</p> <p>5 humming. Like we were making substantial</p> <p>6 progress on the app and triaging the worst</p> <p>7 of the fraud and the worst of the</p> <p>8 spaghetti code that Athena originally</p> <p>9 developed.</p> <p>10 BY ATTORNEY STEWART:</p> <p>11 Q. Did -- in your mind, was that</p> <p>12 complaint resolved?</p> <p>13 A. It was --</p> <p>14 ATTORNEY FOWLER: Objection; form,</p> <p>15 leading.</p> <p>16 THE WITNESS: It was resolved.</p> <p>17 BY ATTORNEY STEWART:</p> <p>18 Q. Any other complaints that you can</p> <p>19 recall?</p> <p>20 A. No.</p> <p>21 Q. What's the current status of the</p> <p>22 subcontractors and the employee, Bailey Jarrell,</p> <p>23 that you -- what's their current employment</p> <p>24 status; do you know?</p> <p>25 A. Bailey Jarrell is currently an</p>	<p style="text-align: right;"><b>Page 137</b></p> <p>1 Q. Do you know -- well, how do you know</p> <p>2 that?</p> <p>3 A. Because every single developer came</p> <p>4 to me and said: Hey, Athena's trying to poach</p> <p>5 us.</p> <p>6 Q. And what did they tell you?</p> <p>7 A. They said they weren't interested</p> <p>8 because the work environment was so toxic that</p> <p>9 they didn't want to have anything to do with</p> <p>10 Athena.</p> <p>11 Q. So what did they tell you -- the</p> <p>12 poaching, you used that term -- what did they</p> <p>13 tell you specifically?</p> <p>14 A. Eric somehow obtained their personal</p> <p>15 contact information and said that Athena and ROI</p> <p>16 Developers are no longer working together and</p> <p>17 that Eric had made them those specific terms.</p> <p>18 So they were coming to me at their</p> <p>19 own volition and saying: Hey, this happened. I</p> <p>20 want you to know about it.</p> <p>21 Q. What did they tell you with respect</p> <p>22 to terms that Athena offered?</p> <p>23 A. They told me that -- they mentioned</p> <p>24 the salary numbers. So they told me a</p> <p>25 25 percent raise. So they were going to offer</p>

Shaun Overton  
August 16, 2022

<p style="text-align: right;">Page 138</p> <p>1 everybody on my invoices a 25 percent raise.  2 And Panos specifically, and Lance, both  3 mentioned the stock compensation.  4 Q. Was there anybody else to your  5 knowledge that resided in Texas that worked on  6 Chivo Wallet?  7 A. Andrew Chalk.  8 Q. Who was Andrew Chalk?  9 A. He was a developer hired by Athena  10 Bitcoin, Inc. and partial -- like I would  11 play -- my team played a role in managing him,  12 and Eric Gravengaard played a role in managing  13 him.  14 Q. Did Accruvia -- was he employed or  15 subcontracted by Accruvia?  16 A. No, he was not.  17 Q. And was he working on the Chivo  18 Wallet?  19 A. Exclusively.  20 Q. Who was his supervisor?  21 A. Myself and Eric.  22 Q. Who authorized his hiring?  23 A. Ultimately Eddie Weinhaus -- oh, no.  24 Ultimately it was Eric Gravengaard. He had to  25 sign off on it.</p>	<p style="text-align: right;">Page 140</p> <p>1 Bitcoin changes in fractions of a second.  2 And what -- as soon as -- so as we  3 progressed and got the software stable, the  4 government was able to increase the number of  5 users it was putting on the platform. And  6 around that time it was in the millions of --  7 the user base was in the millions. AWS was  8 completely misconfigured to where it couldn't  9 handle the load; the databases were  10 misconfigured.  11 But as we got the databases  12 configured correctly and AWS correctly, the  13 software able to calculate the balance -- which  14 is also a critical feature of the ATMs, that  15 people could check their Chivo balance at an  16 Athena Bitcoin ATM -- the -- people knew what  17 the price of Bitcoin was, but they could see  18 that the price was too low or too high.  19 And so we had pretty much the entire  20 country turn into day traders where they would  21 watch the real Bitcoin price was what the Chivo  22 incorrect Bitcoin price was, and they could buy  23 and sell risk-free and sell within five seconds  24 later and make half a percent or a percent on  25 their money.</p>
<p style="text-align: right;">Page 139</p> <p>1 Q. And again, I think I'm repeating  2 myself, but was he working for or subcontracted  3 with Accruvia?  4 A. No. We've never paid Andrew Chalk.  5 Q. Did -- were there any complaints  6 about his work?  7 A. Yes.  8 Q. What were those?  9 A. He -- the very first day that he  10 joined Athena Bitcoin, Inc., after he got the  11 environment set up -- so when I say the first  12 day, I mean the first day where he is actually  13 writing code that we would use -- and I directed  14 him to work on unit tests, because unit tests,  15 you're not going to break anything. It's a  16 really good learning opportunity for you to get  17 exposed to the code, but if you mess up, there's  18 no consequences.  19 But at the time the government was  20 hemorrhaging money in a completely separate way,  21 through arbitrage. Arbitrage is where you know  22 what the real market price is but you're able to  23 buy it at a fake price. And the way that wallet  24 software was designed was the price only updated  25 once per minute; but globally, the price of</p>	<p style="text-align: right;">Page 141</p> <p>1 There was one specific incidence  2 where we saw a guy start with \$2,000 and he had  3 like \$400,000.  4 And so as because the Chivo Wallet  5 ecosystem did not offset market risk, that means  6 that all of those guys' profits came from the  7 government of El Salvador. And again, they're  8 negotiating for a IMF bailout because they're on  9 the verge of bankruptcy.  10 So you can imagine the kind of  11 pressure the government was feeling. And that  12 snowballed right down to us. Miguel Sabal came  13 into my office and directed me and said: I need  14 this fixed today.  15 Q. Who's he with?  16 A. Miguel Sabal is the direct, is the  17 direct advisor to President Bukele.  18 Q. And what -- you said AWS. What's  19 AWS?  20 A. Amazon Web Services. It's the  21 infrastructure that sends the code out.  22 Q. And I think my question was -- I was  23 talking to you about --  24 ATTORNEY FOWLER: Kelly, I'm going to  25 object to -- that his response is</p>

**Shaun Overton**  
**August 16, 2022**

Page 142

1 nonresponsive.  
 2 THE WITNESS: All right. Andy -- so  
 3 this is the pressure I was under. And I  
 4 advised -- or this is the pressure that  
 5 everybody was under, including Athena as a  
 6 whole.  
 7 And Miguel told me, like, this needs  
 8 to be fixed right now, tonight. And I  
 9 advised him that that's a horrible idea  
 10 because we don't have time for QA. And he  
 11 said skip it. And then Eric felt that  
 12 pressure and overruled me.  
 13 So instead of, instead of having Andy  
 14 work on unit tests where he couldn't break  
 15 anything, Eric directed him to modify the  
 16 control that controlled how the  
 17 Bitcoin/dollar exchange rate worked.  
 18 And long story short is he screwed it  
 19 up; because the code was a giant mess,  
 20 full of the copy-and-paste no unit tests.  
 21 And so Andrew mistakenly allowed for the  
 22 exchange of 1 dollar to 1 Bitcoin. And  
 23 the impact of 1 dollar at the time was  
 24 actually worth 60,000 Bitcoin.  
 25 And so we found -- by the time that

Page 143

1 that mistake was caught -- Miguel  
 2 frantically texted Edward Iskra saying:  
 3 What is going on? There's way too many  
 4 Bitcoin going through the system.  
 5 We found that line of code. It  
 6 resulted in -- we saw -- by the time we  
 7 released the code and we stopped it about  
 8 an hour later, there were about 3600  
 9 transactions that we estimated were about  
 10 \$50 in value each. And so instead of  
 11 trading \$180,000, that -- Andrew's code  
 12 trade 180,000 Bitcoin with a market value  
 13 in excess of \$10 billion, which made the  
 14 government insolvent immediately.  
 15 And we had to pull in the Accruvia  
 16 team, Jeremy Brenner, Eric Gravengaard.  
 17 We did an all-night marathon session  
 18 writing code to unwind that whole event so  
 19 that -- and we had to take the server  
 20 completely off-line -- like we killed the  
 21 entire system, just turned it off --  
 22 didn't get it back on until about 7:30 in  
 23 the morning.  
 24 And that was Andy's very first day  
 25 working on the project.

Page 144

1 As he continued working -- I don't --  
 2 and I don't blame him for that mistake. I  
 3 think that was a poor management decision.  
 4 But it did become clear on the next two  
 5 weeks or so that he was having trouble  
 6 adapting to the platform. And because I  
 7 identified a need for senior developers to  
 8 work on the project, I didn't think we  
 9 were going to spin him up in time to  
 10 accomplish the business results that we  
 11 needed.  
 12 I was getting ready to let him go.  
 13 But before I could do that, Eric  
 14 Gravengaard told me we needed to fire Andy  
 15 Chalk. And so he was terminated. I think  
 16 his total time with Athena was maybe three  
 17 weeks.  
 18 BY ATTORNEY STEWART:  
 19 Q. And the work -- the problem that you  
 20 just described, would that have happened had  
 21 Andy done what you instructed him to?  
 22 A. It would not have happened.  
 23 Q. Who instructed him to do the code  
 24 work?  
 25 A. Eric Gravengaard.

Page 145

1 Q. And did that ultimately get resolved?  
 2 You said an all-nighter. Did that resolve it?  
 3 A. It did. I think the government  
 4 probably lost a quarter million dollars on it.  
 5 The government had some safety mechanism that,  
 6 through sheer luck, prevented the disaster. It  
 7 didn't allow Bitcoin withdrawals from 10:00 p.m.  
 8 until around 6:00 or 7:00 in the morning.  
 9 And because we did nightly releases,  
 10 the transaction -- we did releases at 10:00 p.m.  
 11 So when we caught it around 11:00, 11:30, nobody  
 12 could actually take the on-chain Bitcoin out of  
 13 the system; they could only transfer it within  
 14 Chivo. The only money that was able to leak was  
 15 using Bitcoin Lightning. And so I just  
 16 ballparked it at around a quarter of a million  
 17 dollars.  
 18 ATTORNEY STEWART: Okay. Pass the  
 19 witness.  
 20 BY ATTORNEY FOWLER:  
 21 Q. Okay. Can you spell the name of this  
 22 Andrew person. What's his last name?  
 23 A. Chalk, C-H-A-L-K.  
 24 Q. Okay. And did I hear you testify  
 25 that you were going to let him go?

Shaun Overton  
August 16, 2022

Page 146

1 A. Yes.

2 Q. So you had the authority to fire him;

3 is that correct?

4 A. I would need to run it by Eric; but

5 yes, I had planned to advocate heavily for

6 terminating him.

7 Q. Well, there's a difference between

8 advocating him and letting him go. And your

9 testimony was you were working to let him go;

10 correct?

11 A. Correct. I did not have authority to

12 make the final decision so let him go.

13 [Crosstalk.]

14 Q. Then why did you testify you were

15 going to let him go?

16 A. Because I was going to make the

17 recommendation.

18 Q. You understand there's a difference

19 between a making a recommendation and actually

20 letting him go; correct?

21 A. I do.

22 Q. When Mr. Chalk was doing this

23 programming, where was he located?

24 A. El Salvador.

25 Q. So to your knowledge, did Mr. Chalk

Page 147

1 do anything in the State of Texas that related

2 to this -- the Chivo project?

3 A. He reviewed the source code prior to

4 getting on the flight. We provided him with

5 some orientation work before. Like we provided

6 him with some orientation work of Docker and

7 things that he needed to familiarize himself

8 with before he got on the plane.

9 Q. Okay. But as far as actual work,

10 none of that had occurred in the State of Texas;

11 correct?

12 A. Well, doing preparation is work.

13 It's very important. You have to know the

14 framework.

15 But in terms of writing code, no, he

16 did not write code in the State of Texas.

17 Q. In the invoices we were looking at a

18 minute ago -- we'll look at, oh, the one that's

19 got the \$75,000, where the bill on there for

20 your time is \$16,666.67. Do you see that?

21 A. Yes, I do.

22 Q. Would there have been any way for

23 anyone at Athena, when they received this

24 invoice, to know that your charge was for a

25 salary and not for programming hours?

Page 148

1 A. Yeah. Eric supervised me directly.

2 Q. That's not my question. My question

3 is: When this invoice was received by Athena,

4 would there have been any way from looking at

5 this invoice to know that your charge for your

6 time was as a salary and not for programming?

7 ATTORNEY STEWART: Objection; form.

8 THE WITNESS: On the invoice, no,

9 there's nothing that differentiates

10 between -- I --

11 BY ATTORNEY FOWLER:

12 Q. Was there ever -- did you -- was

13 there ever any separate documentation sent by

14 you at any time to Athena indicating that

15 charges for your time were as a salary and not

16 for programming?

17 A. I never sent, I never sent any

18 documentation explicitly outlining the number.

19 Q. Likewise, with regard to Bailey

20 Jarrell, the entries or here for her charge,

21 \$5,871.05, when that document was received at

22 Athena, is there any way from looking at that

23 document and telling that the charge for her was

24 for marketing and not for programming?

25 ATTORNEY FOWLER: Objection; form.

Page 149

1 THE WITNESS: No.

2 ATTORNEY FOWLER: Pass the witness.

3 ATTORNEY STEWART: No further

4 questions.

5 I think the court reporter had some

6 spelling issues, though.

7 Oh, I take it back. I do have one

8 question.

9 BY ATTORNEY STEWART:

10 Q. Even though, Mr. Overton, you said

11 you would have had to have run it by

12 Mr. Gravengaard to fire Andy Chalk, would you

13 have been the one to actually fire him?

14 A. Yes.

15 ATTORNEY STEWART: I have no further

16 questions.

17 ATTORNEY FOWLER: No further

18 questions.

19 (Deposition concluded at 12:41 p.m.)

**Page 6**

1 that you just referred to. You referred to Athena  
 2 Bitcoin, Inc., and I'm unfamiliar with that  
 3 company.  
 4 Q. Okay. Well, I mispronounced it.  
 5 I'm sorry.  
 6 Athena Bitcoin, Inc., is that the  
 7 company on which you're here on behalf of today?  
 8 A. I -- I'm here on behalf of myself  
 9 and Athena Bitcoin Global.  
 10 Q. All right. Well, let me -- I am  
 11 going to -- let's see. Let me share a document  
 12 with you. And you should be able -- it should  
 13 have come up as what's titled "Notice of  
 14 Deposition (Personal Jurisdiction)" that I've  
 15 marked as Exhibit 1.  
 16 Do you see that, Mr. Gravengaard?  
 17 A. I see a document on my screen, yes.  
 18 Q. Have you seen -- and you can scroll  
 19 through it. I can't scroll through it for you. I  
 20 don't think I can.  
 21 But you can scroll through it, and  
 22 my first question for you is: Have you seen this  
 23 document before?  
 24 A. I have seen this document.  
 25 Q. Okay. And this is a notice of

**Page 7**

1 deposition to the defendant here, Athena Bitcoin,  
 2 Inc.  
 3 Do you understand that?  
 4 A. Okay.  
 5 Q. Are you here to testify on behalf of  
 6 Athena Bitcoin, Inc.?  
 7 A. I guess I am.  
 8 Q. All right. And you have seen  
 9 Exhibit 1, correct?  
 10 A. Is that the document you're showing  
 11 me?  
 12 Q. Yes, sir.  
 13 A. Then I have seen it.  
 14 Q. All right. Before we go any  
 15 further, Mr. Gravengaard, have you been deposed  
 16 before?  
 17 A. By you? No, I have not.  
 18 Q. Have you been deposed before by  
 19 anyone?  
 20 A. Yes, I have.  
 21 Q. How many depositions have you given?  
 22 A. I believe just one.  
 23 Q. What -- what were the circumstances,  
 24 or what was that case generally?  
 25 A. It was an employment matter.

**Page 8**

1 Q. Was that for an Athena entity?  
 2 A. No, it was not.  
 3 Q. Okay. Before you started working  
 4 with or for Athena?  
 5 A. I believe it was.  
 6 Q. Mr. Gravengaard, you're doing a good  
 7 job of answering questions. If you can avoid the  
 8 uh-uhs and uh-huhs and say yes or no, the court  
 9 reporter will get a clean and a clear record, if  
 10 that's okay.  
 11 Also, Mr. Gravengaard, if you don't  
 12 understand one of my questions, I would appreciate  
 13 you telling me. Is that acceptable?  
 14 A. I understand your question, yes.  
 15 Q. All right. And if you need to take  
 16 a break, you let me know or your attorney know,  
 17 and we will take a break. Is that okay?  
 18 A. Yes, sir.  
 19 Q. All right. I'm still looking at  
 20 Exhibit Number 1, and if you will scroll to what's  
 21 starting on page 4 with a list of topics and going  
 22 to page 5.  
 23 Have you seen that list of topics  
 24 before?  
 25 A. Yes.

**Page 9**

1 Q. Mr. Gravengaard, did you do anything  
 2 to prepare for this deposition?  
 3 A. I put on a nice shirt, and I have  
 4 logged into your GPS vTestify system.  
 5 Q. Did you do anything else to prepare  
 6 for the deposition?  
 7 A. Yes.  
 8 Q. What was that?  
 9 A. Combed my hair, took a shower.  
 10 Q. Did you do anything else?  
 11 A. I'm unfamiliar with what your  
 12 question is.  
 13 Q. Do you understand the term  
 14 "preparation," what that means in general?  
 15 A. Maybe you could elaborate on what  
 16 you mean by "prepare" and --  
 17 Q. Well --  
 18 A. -- then I could be more specific in  
 19 my answer.  
 20 Q. Well, I think you were very specific  
 21 on some of the things you said, Mr. Gravengaard,  
 22 but let me ask it this way: Did you review any  
 23 documents to prepare for your deposition today?  
 24 A. I did not review any documents.  
 25 Q. Did you talk to anyone other than

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 10**

1 Athena's counsel to prepare for your deposition  
2 today?  
3 A. No, sir.  
4 Q. Did you review the topics that are  
5 on page 4 and 5 of Deposition Exhibit 1 to prepare  
6 for your deposition today?  
7 A. I have previously reviewed this list  
8 of topics with counsel.  
9 Q. Did you do anything specifically to  
10 prepare for your deposition as it relates to these  
11 topics?  
12 A. No, sir.  
13 Q. Did you meet with your lawyer to  
14 prepare for the deposition?  
15 A. Yes, sir.  
16 Q. And when I say "your lawyer," did  
17 you meet with Mr. Fowler?  
18 A. I have met with Mr. Fowler.  
19 Q. Or talked to Mr. Fowler.  
20 A. I'm sorry. I have spoken with  
21 Mr. Fowler.  
22 Q. To prepare for your deposition; is  
23 that right?  
24 A. Yes, sir.  
25 Q. How many times did you meet or talk

**Page 11**

1 with Mr. Fowler to prepare for your deposition?  
2 A. I couldn't say.  
3 Q. You couldn't say. More than once?  
4 A. I believe that we were connected  
5 more than once.  
6 Q. Did you meet with any other lawyers,  
7 meet or talk with any other lawyers to prepare for  
8 your deposition?  
9 A. I have met with the other counselors  
10 who advise Athena Bitcoin and Athena Bitcoin  
11 Global.  
12 Q. Who were they, or who was that?  
13 A. Including Antonia Valiente, who I  
14 believe is on this call.  
15 Q. Anybody -- any other lawyers did you  
16 meet with or talk to to prepare for the  
17 deposition?  
18 A. No.  
19 Q. When you met with or talked to  
20 either Mr. Fowler or Mr. Valiente, was there  
21 anybody else in attendance or -- with those  
22 meetings or listening to or participating in those  
23 calls?  
24 A. No.  
25 Q. Where did you attend school?

**Page 12**

1 Let's start with high school. Where  
2 did you go to high school?  
3 A. I attended the Greenwich High School  
4 of Connecticut.  
5 Q. And where -- did you attend college?  
6 A. I did.  
7 Q. Where did you go to college?  
8 A. I attended the Massachusetts  
9 Institute of Technology in Massachusetts.  
10 Q. When did you graduate?  
11 A. I have a degree that says 1996.  
12 Q. What was your degree in?  
13 A. Mechanical engineering.  
14 Q. Other than the 1996 degree in  
15 mechanical engineering from MIT, do you have any  
16 other college degrees?  
17 A. I have only one undergraduate  
18 college degree.  
19 Q. Okay. Do you have any  
20 post-undergrad college degrees?  
21 A. I'm sorry. Are you asking if I have  
22 a graduate degree?  
23 Q. Yes.  
24 A. I have a graduate degree.  
25 Q. And what is that in? Where is it

**Page 13**

1 from? And when did you get it?  
2 A. I have a master's in business  
3 administration from the University of Chicago  
4 Business School, which is presently called The  
5 Booth, and that was in 2005.  
6 Q. Any others?  
7 A. No.  
8 Q. What year did you graduate high  
9 school?  
10 A. 1993.  
11 Q. So from -- you went to MIT from 1993  
12 until you got a degree in 1996; is that correct?  
13 A. Yes.  
14 Q. And after 1996 when you got a degree  
15 from MIT, did you work or go -- what did you do  
16 then?  
17 A. I worked.  
18 Q. What did you do?  
19 A. I worked as a software developer for  
20 different companies. I did some entrepreneurial  
21 work with a company that I helped to start, and  
22 then I went to graduate school.  
23 Q. When did you -- did you form the  
24 company -- one of the Athena entities or one of  
25 the entities that ultimately became the Athena

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 14**

1 companies?  
 2 Did you -- did you start Athena, I  
 3 guess? And when I say "Athena," let me just start  
 4 with Athena -- I know there are several Athena  
 5 entities here, but let's just start with Athena  
 6 Bitcoin, Inc.  
 7 Did you start that company?  
 8 A. I'm not exactly sure what you mean  
 9 by "start." Could you be more specific?  
 10 Q. Do you know when Athena Bitcoin,  
 11 Inc., was formed?  
 12 A. It was formed in September of 2015.  
 13 Q. When was Athena Bitcoin Global  
 14 formed?  
 15 A. 1991.  
 16 Q. Did you form Athena Bitcoin Global?  
 17 A. No.  
 18 Q. When did you first become involved  
 19 with Athena Bitcoin Global?  
 20 A. I believe on or around January of  
 21 2020.  
 22 Q. And how -- what were the  
 23 circumstances of your becoming involved with  
 24 Athena Bitcoin Global?  
 25 A. Athena Bitcoin, Inc., was purchased

**Page 15**

1 by Athena Bitcoin Global in a share exchange.  
 2 Q. So what's the earliest -- I'm  
 3 getting confused by your dates, and that's my  
 4 fault, Mr. Gravengaard, not yours.  
 5 You said you became involved with  
 6 Global in January of 2020 and Inc. in September --  
 7 did you say you became involved with that in  
 8 September 2015, or is that the day -- is that when  
 9 it was formed?  
 10 A. You asked when was it formed, and  
 11 the date of incorporation is September of 2015.  
 12 Q. Okay. And Global was formed in  
 13 1991, correct?  
 14 A. I believe that's true, yes.  
 15 Q. But you didn't become involved with  
 16 Global until January 2020, right?  
 17 A. That's what I said.  
 18 Q. When did -- were you involved --  
 19 when did you become involved in any manner with  
 20 Inc.?  
 21 A. In September of 2015.  
 22 Q. Did you form -- were you responsible  
 23 for the formation of Inc.?  
 24 A. I'm not clear on what you mean by  
 25 was "responsible for."

**Page 16**

1 Q. Did you have any role in the  
 2 formation of Inc.?  
 3 A. I would -- yes. I'm not clear  
 4 exactly which --  
 5 Q. What was your role with respect to  
 6 the formation of Inc.? And just so --  
 7 A. I --  
 8 Q. Go on. Sorry.  
 9 A. Attorneys in the state of Delaware  
 10 form company -- corporations, so I was not -- I'm  
 11 not that -- I'm not an attorney, and I did not do  
 12 that. I was directing the formation of Athena  
 13 Bitcoin, Inc., by those attorneys.  
 14 Q. All right. And just for today's  
 15 purposes, if I use the term "Inc.," I'm referring  
 16 to Athena Bitcoin, Inc., and if I use the term  
 17 "Global," I'm referring to Athena Bitcoin Global.  
 18 Is that okay?  
 19 I'll try to use the full name, but  
 20 sometimes it's just easier to call one Global and  
 21 one Inc.  
 22 Is that -- you understand the  
 23 difference between those two companies, correct?  
 24 A. I understand the difference between  
 25 those two companies.

**Page 17**

1 Q. Inc. is a Delaware corporation,  
 2 right?  
 3 A. Yes.  
 4 Q. And where is its main office?  
 5 A. In Chicago.  
 6 Q. What's the -- what's the address of  
 7 its main office?  
 8 A. 1332 North Halsted, Chicago,  
 9 Illinois, County of Cook.  
 10 Q. And Global is a Nevada corporation,  
 11 correct?  
 12 A. Yes.  
 13 Q. And where is its main office?  
 14 A. At the same address, 1332 North  
 15 Halsted, Chicago, Illinois, County of Cook.  
 16 Q. And, Mr. Gravengaard, if we were in  
 17 a conference room together for this deposition,  
 18 there would be a little less awkwardness with  
 19 respect to documents, but if there's some pauses  
 20 on my part today, it's because I'm trying to find  
 21 the electronic document to share it with you and  
 22 mark it as an exhibit. So there might be a little  
 23 bit of -- the technology is great, but there's a  
 24 little bit of awkwardness, I've noticed, with --  
 25 sometimes in these depositions just because of the

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 18**

1 delay in getting the electronic document to you.  
 2 Inc. is a wholly owned subsidiary of  
 3 Global at this point currently; is that right?  
 4 A. Currently, yes.  
 5 Q. And Inc. is the operating subsidiary  
 6 of Global; is that right?  
 7 MR. FOWLER: Objection, form.  
 8 A. What do you mean by "operating"?  
 9 BY MR. STEWART:  
 10 Q. I'm going to share with you, to  
 11 answer that question -- I've lost my document.  
 12 I'm sorry. I'm trying to find it.  
 13 MR. STEWART: I'm going to have to  
 14 ask, Mike, I'm -- I want a document on my  
 15 exhibit list, but the share button is  
 16 grayed out.  
 17 TECH: Just a second. You've  
 18 already uploaded that document?  
 19 MR. STEWART: Yes.  
 20 BY MR. STEWART:  
 21 Q. While he's helping me on getting a  
 22 document opened up, Mr. Gravengaard, where are you  
 23 physically located today for this deposition?  
 24 A. In Cook County, Illinois.  
 25 Q. Are you at one of the Athena

**Page 19**

1 offices?  
 2 A. I am at an office that I rent.  
 3 Q. Is that at 1332 North Hall?  
 4 A. No, it is not at 1332 North Hall.  
 5 Q. Okay. I'm sorry. What was the  
 6 address you gave me? 1332 North -- was it --  
 7 A. The street is named Halsted.  
 8 Q. Halsted. Are you at that address  
 9 today?  
 10 A. I am not at that address.  
 11 TECH: When you're looking at the  
 12 exhibit list --  
 13 MR. STEWART: Yes.  
 14 TECH: -- and you click on the  
 15 document, what does it say on the right  
 16 side for you?  
 17 MR. STEWART: It says "Viewing  
 18 Privately."  
 19 TECH: When you click Share, it's  
 20 not letting you do it?  
 21 MR. STEWART: It's grayed out when  
 22 I'm just looking at the list. I was able  
 23 to share the first one.  
 24 BY MR. STEWART:  
 25 Q. Mr. Gravengaard, I apologize for the

**Page 20**

1 delay. We're just -- usually the Share button  
 2 lets me share immediately and --  
 3 TECH: Sorry about that. I just  
 4 got booted out of the session. Just a  
 5 sec.  
 6 Do you have access to your other  
 7 exhibits that are in there?  
 8 MR. STEWART: Share button is  
 9 grayed out on everything, so we're going  
 10 to have to get that fixed.  
 11 TECH: Okay. Just a sec.  
 12 MR. STEWART: Oh, do I need to --  
 13 okay. I figured it out. I needed to  
 14 close the first exhibit. Sorry. That's  
 15 what was going on.  
 16 TECH: Sorry. You can't share  
 17 more than one at once.  
 18 MR. STEWART: Okay. I'm going  
 19 to --  
 20 BY MR. STEWART:  
 21 Q. I've shared with you what I marked  
 22 as Exhibit 2, which is excerpts from a US SEC  
 23 filing Form S-1 filed on February 10, 2022, by  
 24 Athena Bitcom Global. And, again, it's just  
 25 excerpts of a very long document.

**Page 21**

1 Can you see the first page,  
 2 Mr. Gravengaard?  
 3 A. I see a Form S-1 as filed by Athena  
 4 Bitcoin Global. Again, I'm unfamiliar with this  
 5 company Athena Bitcom.  
 6 Q. Okay. Well, you know, I apologize  
 7 for my accent. I mean Athena Bitcoin Global.  
 8 This is an Athena Bitcoin Global, February 10,  
 9 2022, SEC filing, correct? At least the first  
 10 page shows that?  
 11 MR. FOWLER: Objection, form.  
 12 A. It does seem to show that.  
 13 MR. STEWART: What's the  
 14 objection?  
 15 MR. FOWLER: Authenticity. If he  
 16 had -- if he doesn't have personal  
 17 knowledge of the document --  
 18 MR. STEWART: Okay.  
 19 MR. FOWLER: -- speculation on his  
 20 part.  
 21 BY MR. STEWART:  
 22 Q. Mr. Gravengaard, did Athena Bitcoin  
 23 Global file a Form S-1 with the SEC on  
 24 February 10, 2022?  
 25 A. I believe that it did.

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

<p style="text-align: right;"><b>Page 22</b></p> <p>1 Q. And (audio/technical malfunction) 2 appear (audio/technical malfunction) page of that 3 document? 4 A. I'm sorry. Your audio did not come 5 through on that. Could you please repeat your 6 question. 7 THE REPORTER: Looks like 8 Mr. Stewart is frozen. 9 MR. FOWLER: You know, that's a 10 term we never thought we would hear when 11 we were practicing law, that one of the 12 lawyers is frozen. 13 TECH: I'm just going to go off 14 the record until he comes back just a 15 sec. 16 MR. VALIENTE: Record the time. 17 (Discussion off the record from 18 9:34 a.m. to 9:35 a.m.) 19 BY MR. STEWART: 20 Q. Mr. Gravengaard, if you could scroll 21 down to a page that's got -- let's see. It's got 22 an org chart on it, and I'm looking for the page 23 number now. At the very bottom -- I don't know if 24 you can see it -- it says page 18 of 209, but it's 25 got at the top an org chart with "Athena Bitcoin</p>	<p style="text-align: right;"><b>Page 24</b></p> <p>1 Global, is a Nevada corporation which owns 2 100 percent of our operating subsidiary, Athena 3 Bitcoin, Inc., comma, a Delaware corporation. 4 Is that right? 5 A. Yes. 6 Q. And that is referring to Inc. as the 7 operating subsidiary of Global, right? 8 A. Yes. 9 Q. That second sentence says: Our 10 domestic business operations are conducted by 11 Athena Bitcoin, Inc. 12 Is that accurate? 13 MR. FOWLER: Objection, form. 14 MR. STEWART: What's the form? 15 MR. FOWLER: Are you asking if 16 that's what the documented says, or are 17 you asking if that's factually accurate? 18 MR. STEWART: Okay. Good point, 19 Larry. 20 BY MR. STEWART: 21 Q. Mr. Gravengaard, does the document 22 say that? 23 A. The document reads: Our domestic 24 business operations are conducted by Athena 25 Bitcoin, Inc.</p>
<p style="text-align: right;"><b>Page 23</b></p> <p>1 Global" at the top. There you go. 2 Do you see that? 3 A. I see the organization chart that 4 you referred to. 5 Q. All right. And this is going back 6 to my question about an operating -- whether Inc. 7 is the operating company of Global. 8 If you'll look at that org chart, it 9 shows Athena Bitcoin Global Nevada at the top, 10 correct? 11 A. Yes. It shows Athena Bitcoin 12 Global, which is a corporation registered in 13 Nevada. 14 Q. And underneath it, it says Athena 15 Bitcoin, Inc., correct? 16 A. Yes. 17 Q. And then underneath Inc. are several 18 other entities that have El Salvador, Columbia, 19 Argentina, and Mexico listed after them, right? 20 A. Yes. 21 Q. And is that a correct organizational 22 chart as of February of 2022? 23 A. Yes. 24 Q. Above that, it says -- the very top 25 line on that page: The Company, Athena Bitcoin</p>	<p style="text-align: right;"><b>Page 25</b></p> <p>1 Q. Is that substantively accurate? 2 A. As of the date of that filing. 3 Q. Has it changed? 4 A. Athena Bitcoin Global does things 5 that are not related to Athena Bitcoin, Inc. 6 Q. What does it do that is not related 7 to Inc.? 8 A. It has entered into several 9 contracts subsequent to the filing of this Form 10 S-1 with the SEC. 11 Q. Contracts related to what in 12 general? 13 A. Cryptocurrency transactions and 14 services. 15 Q. Do any of those relate to the 16 government of El Salvador? 17 A. Some of them do. 18 Q. And what has Global agreed to do for 19 the government of El Salvador since February of 20 2022? 21 A. We have ongoing relationships to 22 manage a -- to manage Bitcoin ATMs on behalf of 23 the government of El Salvador. 24 Q. Those ATMs are located where? 25 A. On -- in El Salvador.</p>

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 26**

1 Q. Anyplace else?

2 A. The consular offices of the

3 government of El Salvador.

4 Q. And is that in -- those consular

5 offices, where are they located?

6 A. I believe some of them are located

7 in the United States.

8 Q. Are any in Texas?

9 A. I am unsure of that answer. I'm not

10 sure.

11 Q. And, by the way, you are -- what is

12 your title with Inc.?

13 A. I'm director of Athena Bitcoin, Inc.

14 Q. Director. What is your title with

15 Global?

16 A. I have no title with Global as of

17 today.

18 Q. What was your title with Global as

19 of February 2022?

20 A. As stated in the S-1, I was its

21 chief executive officer.

22 Q. What was your title of -- with Inc.

23 as of February of 2022?

24 A. I had none.

25 Q. You had no -- no title with Inc. as

**Page 27**

1 of February 2022?

2 A. I don't believe so.

3 Q. And, as you know, this lawsuit deals

4 with some issues that arose in approximately the

5 September-October time period of 2021.

6 Do you understand that?

7 A. Yes.

8 Q. What was your title with Inc. as of

9 September-October of '21?

10 A. I don't believe I had a title with

11 Athena Bitcoin, Inc., during the time frame which

12 you just referenced.

13 Q. What was your title with Global as

14 of the September-October '21 time period?

15 A. I was its chief executive officer.

16 Q. And the statements that we just

17 looked at, the statement that said: Our domestic

18 business operations are conducted by Athena

19 Bitcoin, Inc., you told me that that was accurate

20 as of February of 2022, correct?

21 A. Yes.

22 Q. Would that have been accurate as of

23 September-October of 2021?

24 A. Yes.

25 Q. Okay. I'm going to stop sharing

**Page 28**

1 that and go to . . . Well, I'm attempting to

2 share -- now that disappears on me.

3 MR. STEWART: Mike, I need your

4 help again.

5 TECH: Are you trying to do the

6 term sheet, Exhibit 3?

7 MR. STEWART: Yes. Why is it not

8 sharing?

9 TECH: Just a sec. All right.

10 Just a moment. Share. It should be up

11 now.

12 MR. STEWART: It's not showing up

13 on my live exhibit list.

14 TECH: Can anyone else see the

15 exhibit?

16 MR. STEWART: Should be a term

17 sheet.

18 MR. FOWLER: It was listed a

19 minute ago. It's not up there now.

20 MR. STEWART: I just closed it.

21 Let me share it again. It's still not

22 showing up --

23 TECH: Yeah. It should pop up

24 now. Can you guys see it?

25 MR. FOWLER: No.

**Page 29**

1 MR. STEWART: Does refresh the

2 exhibit viewer help?

3 TECH: Yeah. Click there refresh

4 because I can see it.

5 MR. STEWART: All right. It's

6 showing up for me now.

7 BY MR. STEWART:

8 Q. Mr. Gravengaard, I don't know if you

9 can see it yet. If not, I had to -- there's a

10 refresh arrow in the upper right-hand corner.

11 A. I don't see anything. Are you

12 asking me a question if I -- or are you directing

13 me to press the refresh button? I didn't

14 understand what you were asking.

15 Q. If you can't see it, I would request

16 that you hit the refresh button. That's what

17 works for me.

18 A. I have pressed the refresh button,

19 and I now see a document.

20 Q. All right. I should have applied an

21 Exhibit 3 stamp to the first page. This is a

22 three-page document.

23 Mr. Gravengaard, if you could -- you

24 can scroll through it. I'm just going to ask you

25 what it is once you've had a chance to look at it

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 30**

1 or just at least scan it.  
 2 A. This appears to be a term sheet  
 3 between Athena Bitcoin Global and Mr. Overton and  
 4 ROI Developers.  
 5 Q. And is it dated on the first page  
 6 September 22, 2021?  
 7 A. The document you have shown me is  
 8 dated September 22, 2021.  
 9 Q. All right. On the very last page,  
 10 the third page, is that your signature above your  
 11 typewritten name?  
 12 A. That is my signature on the third  
 13 page of the document that you are showing me.  
 14 Q. And above your signature, does it  
 15 say Purchaser Athena Bitcoin Global, Inc.?  
 16 A. It does say Athena Bitcoin Global,  
 17 Inc.  
 18 Q. Is there an entity that exists that  
 19 has the name Athena Bitcoin Global, Inc.?  
 20 A. No, there is not.  
 21 Q. Do you know why that was listed as  
 22 the purchaser on page 3 of Exhibit 3?  
 23 A. It appears to be a typo because on  
 24 the first page, it identifies the purchaser as  
 25 Athena Bitcoin Global.

**Page 31**

1 Q. What generally does Inc. do? How  
 2 would you describe Inc.'s business?  
 3 And currently -- I guess currently  
 4 and whether that -- and the second part of my  
 5 question is going to be, has that changed since  
 6 September or October of 2021?  
 7 MR. FOWLER: And, I'm sorry,  
 8 Kelly, I didn't hear the question. What  
 9 does who do?  
 10 MR. STEWART: Inc.  
 11 A. You're referring to the company, not  
 12 the word?  
 13 BY MR. STEWART:  
 14 Q. Yes, sir. I'm referring to the  
 15 company.  
 16 A. I misunderstood your initial  
 17 inquiry.  
 18 Athena Bitcoin, Inc., operates  
 19 Bitcoin ATMs in the United States.  
 20 Q. Does it do anything else in general?  
 21 A. That's its primary business.  
 22 Q. So -- was that the same -- would  
 23 that description be accurate for September-October  
 24 of 2021?  
 25 A. Yes.

**Page 32**

1 Q. What does Global do or what did  
 2 Global do as of September-October of 2021?  
 3 A. Global had purchased, in August of  
 4 2021, certain intellectual property that it was  
 5 licensing to the government of El Salvador.  
 6 Q. Did that intellectual property deal  
 7 with the Chivo Wallet software?  
 8 A. Yes.  
 9 Q. And it's Global that owns that  
 10 license; is that right?  
 11 A. Yes.  
 12 Q. And does Global -- who has the  
 13 contract -- or who has the license with the  
 14 government of El Salvador? Is it Global? Inc.?  
 15 Or one of the other companies that's on the --  
 16 that were on that org chart we looked at or some  
 17 other company?  
 18 A. Certain services are provided by  
 19 Athena Holdings of El Salvador, S.A. de C.V., and  
 20 some other services are provided to the government  
 21 by Athena Bitcoin Global.  
 22 Q. Does the government of El Salvador  
 23 have a contract or a license with Global?  
 24 A. Yes.  
 25 Q. Does it have a contract or license

**Page 33**

1 with Athena Holdings El Salvador, S.A. de C.V.?  
 2 A. Yes.  
 3 Q. Does it have any contracts with  
 4 Inc.?  
 5 A. No.  
 6 Q. And you would agree with me that  
 7 Inc. is a wholly owned subsidiary of Global,  
 8 right?  
 9 A. At the present time, Athena Bitcoin,  
 10 Inc., is a wholly owned subsidiary of Athena  
 11 Bitcoin Global.  
 12 Q. And that was true as of  
 13 September-October of 2021, right?  
 14 A. That was true in September of 2021.  
 15 Q. And as of September-October 2021,  
 16 Athena Holdings El Salvador, S.A. de C.V., was a  
 17 wholly owned subsidiary of Athena Bitcoin, Inc.?  
 18 A. No.  
 19 Q. No?  
 20 A. No.  
 21 Q. When did Athena Holdings  
 22 El Salvador, S.A. de C.V., become a subsidiary of  
 23 Athena Bitcoin, Inc.?  
 24 A. It has never been a wholly owned  
 25 subsidiary of Athena Bitcoin, Inc. I would refer

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 34**

1 you back to your Exhibit 2.  
 2 Q. And you're saying that it's not  
 3 because it's owned by -- you own 95 percent of it,  
 4 and somebody named Matias Goldenhörn -- well, I'm  
 5 reading the wrong thing.  
 6 Why do you tell me that it's not a  
 7 wholly owned subsidiary of Inc.?  
 8 A. Sir, I believe that you're reading a  
 9 document that explains why it is not a wholly  
 10 owned subsidiary.  
 11 Q. Doesn't matter what I'm reading,  
 12 Mr. Gravengaard. I'm asking you the question.  
 13 You told me that it wasn't a wholly  
 14 owned subsidiary of Inc., and I'm asking you why.  
 15 A. Per the document that I believe that  
 16 you're reading, Athena Bitcoin, Inc., owns  
 17 99 percent of the entity you just asked about.  
 18 Q. And you own the other 1 percent?  
 19 A. That is correct.  
 20 Q. Okay. So it's not a wholly owned  
 21 subsidiary. It's a 99 percent wholly --  
 22 99 percent owned subsidiary of Inc., correct?  
 23 A. Could you restate your question? I  
 24 don't know what a 99 percent wholly owned  
 25 subsidiary is.

**Page 35**

1 Q. As of February of '22, Inc. owned  
 2 99 percent of Athena Holdings El Salvador,  
 3 S.A. de C.V., correct?  
 4 A. Yes.  
 5 Q. And that's accurate as of  
 6 September-October of 2021, correct?  
 7 A. I believe it is, yes.  
 8 Q. In September-October of 2021, did  
 9 you personally own 1 percent of Athena Holdings  
 10 El Salvador, S.A. de C.V.?  
 11 A. I believe I did.  
 12 Q. Do you currently own any interest in  
 13 Athena Holdings El Salvador, S.A. de C.V.?  
 14 A. Yes. I believe I still own  
 15 1 percent.  
 16 Q. How much of Global do you own  
 17 currently?  
 18 A. I believe it's approximately  
 19 28 percent.  
 20 Q. Who are the officers of Global?  
 21 A. Matias Goldenhörn.  
 22 Q. What does he -- what's his role or  
 23 office?  
 24 A. He is the chief executive officer of  
 25 Athena Bitcoin Global.

**Page 36**

1 Q. Does Global have any other officers?  
 2 A. Not at the present time.  
 3 Q. Is Mr. Goldenhörn an officer of  
 4 Inc.?  
 5 A. No.  
 6 Q. Who are the officers of Inc.?  
 7 A. I don't believe that Athena Bitcoin,  
 8 Inc., has any officers at the present time.  
 9 Q. Did it have any as of February of  
 10 2022?  
 11 A. I don't believe so.  
 12 Q. Did it have any as of  
 13 September-October of '21?  
 14 A. I don't believe so.  
 15 Q. Is Inc. doing business in Texas  
 16 currently?  
 17 A. I believe that Athena Bitcoin, Inc.,  
 18 operates some Bitcoin ATMs in the state of Texas.  
 19 Q. I'm showing you -- or you should be  
 20 able to see a Texas Franchise Tax Information  
 21 Report -- actually four Texas Tax Public  
 22 Information Reports that I've marked as Exhibit 4.  
 23 Do you see those?  
 24 A. I see a Texas Franchise Tax Public  
 25 Information Report.

**Page 37**

1 Q. Okay. And this is -- at least let's  
 2 look at the first page.  
 3 This says the taxpayer name is  
 4 Athena Bitcoin, Inc., correct?  
 5 A. It is marked under the box Taxpayer  
 6 name, Athena Bitcoin, Inc.  
 7 Q. And at the bottom of that first  
 8 page, it says sign here, and it's got your name  
 9 typed in, correct?  
 10 A. Yes.  
 11 Q. And it has the title of CEO, right?  
 12 A. Yes.  
 13 Q. And the date of May 7, 2018?  
 14 A. The date is May 7, 2018.  
 15 Q. The next page also lists as the  
 16 taxpayer name Athena Bitcoin, Inc., correct?  
 17 A. I'm looking at page 2 of your  
 18 document, and it does say Athena Bitcoin, Inc.,  
 19 under the Taxpayer name heading.  
 20 Q. All right. And this page under  
 21 Section A in the middle lists you under the  
 22 section of officer, director, member, general  
 23 partner, manager, right?  
 24 A. I'm sorry, yes, my name is referred  
 25 in Section A.

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 38**

1 Q. And did you tell me that you -- and  
2 this is -- I'm looking for a date on this page.  
3 Toward the top, it says report year of 2019.  
4 Do you see that?  
5 A. I believe that it says 2019 under  
6 report year.  
7 Q. Thank you. That's what I asked.  
8 And were you an officer, director,  
9 member, general partner, or manager in 2019?  
10 A. In 2019, I was an officer of Athena  
11 Bitcoin, Inc.  
12 Q. When did you stop being an officer  
13 of Inc.?  
14 A. After the acquisition in a share  
15 exchange of Athena Bitcoin, Inc., by Athena  
16 Bitcoin Global.  
17 Q. And what year was that?  
18 A. 2020.  
19 Q. On the third page of this document,  
20 it -- this also lists as the taxpayer name Athena  
21 Bitcoin, Inc.  
22 Do you see that?  
23 A. I do.  
24 Q. And the report year is 2020, right?  
25 A. Yes.

**Page 39**

1 Q. And it lists -- also lists you as an  
2 officer, director, member, general manager, or  
3 partner?  
4 A. I was a director --  
5 Q. Okay.  
6 A. -- in -- and still am.  
7 Q. You're still a director of Inc.,  
8 right?  
9 A. Of Athena Bitcoin, Inc., yes.  
10 Q. The fourth page of this document,  
11 Mr. Gravengaard, is -- lists Athena Bitcoin, Inc.,  
12 as the taxpayer, correct?  
13 A. On the fourth page of the document  
14 you're showing me Athena Bitcoin, comma, Inc., is  
15 listed as the taxpayer name.  
16 Q. Does the comma make a difference to  
17 you? You pointed it out this time.  
18 A. No. But it is different than on the  
19 third page of your document.  
20 Q. Well, let's -- no, it's not. Let's  
21 go to the first page.  
22 The first page does not have a  
23 comma, right?  
24 A. I'm sorry. I misspoke. On the  
25 first page, there is no comma.

**Page 40**

1 Q. The second, second page.  
2 A. And on the second, third, and fourth  
3 page, there are commas.  
4 Q. Do you know if that makes a  
5 difference one way or the other? Are we talking  
6 two different entities, or is it the same --  
7 A. I'm not an attorney, sir, and I  
8 can't answer the question as to whether or not the  
9 comma is important.  
10 Q. All right. But is there, to your  
11 knowledge, an entity -- are there two separate  
12 entities, one called Athena Bitcoin Inc., with no  
13 comma, and one Athena Bitcoin, Inc., with a comma?  
14 In other --  
15 A. I'm --  
16 Q. Go on.  
17 A. I'm not sure.  
18 Q. All right. Could there be two  
19 different entities, or are you aware of only one  
20 Athena Bitcoin entity that as an Inc. after its  
21 name?  
22 A. There is one Delaware corporation  
23 named Athena Bitcoin, Inc. I don't know if in the  
24 state of Delaware it is registered with or without  
25 a comma.

**Page 41**

1 Q. Well, let me show you that in a  
2 second, but let's finish this document so we don't  
3 have to come back.  
4 On that fourth page, which is 2021,  
5 are you listed an officer, director, member,  
6 general manager -- general partner, or manager?  
7 A. On the fourth page my name is in  
8 Section A as either a officer, director, member,  
9 general partner, or manager.  
10 Q. And what was -- what were you in  
11 2021 for Athena Bitcoin, Inc.?  
12 A. I was a director.  
13 Q. Mr. Gravengaard, I have marked  
14 Exhibit 5. And, again, I had to hit the refresh  
15 button for the document to show up, so that's --  
16 if you're seeing nothing, I would ask that you hit  
17 that refresh button.  
18 But can you see a document on  
19 screen?  
20 A. I do not see a document on screen.  
21 Q. Would you please hit the refresh  
22 button.  
23 A. I have pressed the refresh button.  
24 Q. Has it shown up yet?  
25 A. There is now a document showing.

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 42**

1 Q. Okay. This is something I printed  
2 off from the Delaware Division of Corporations  
3 website on July 25 of this year. And it shows an  
4 entity named -- called Athena Bitcoin, comma, Inc.  
5 Do you see that?  
6 A. I see that there's a document and I  
7 see that the document says Athena Bitcoin, comma,  
8 Inc.  
9 Q. Okay. Are you aware of a separate  
10 entity with the same name but without the comma?  
11 A. In Delaware, no.  
12 Q. Anywhere else?  
13 A. I don't know how the corporation has  
14 been registered as a foreign corporation in the  
15 state of Illinois or any other state in which we  
16 might do business with or without the comma.  
17 Q. All right. I am showing you what I  
18 marked as Exhibit 6. And I'm sure if I misnumber  
19 something duplicate, the -- duplicate the number,  
20 somebody will say something, but I'm trying to --  
21 trying not to do that.  
22 But can you see a document on  
23 screen?  
24 A. I see a document on screen.  
25 Q. All right. This is a document I

**Page 43**

1 also printed out from the Illinois Secretary of  
2 State on July 25 of 2022.  
3 Do you see where it lists Athena  
4 Bitcoin Inc.?  
5 A. I do.  
6 Q. And it doesn't have a comma here,  
7 right?  
8 A. I do not see a comma.  
9 Q. All right. And, look,  
10 Mr. Gravengaard, my question is simple -- and I'm  
11 just trying to determine whether there's two  
12 different entities, one with a comma or one  
13 without, if you know, as opposed to just one where  
14 the comma might have been left out or  
15 inadvertently put in.  
16 Do you know one way or the other?  
17 A. It would appear that this is a -- I  
18 don't know exactly what this document is. I did  
19 not print it out on the 25th of July. But this  
20 would appear to be a foreign corporate  
21 registration of a Delaware corporation in the  
22 state of Illinois, and the entity name is listed  
23 as Athena Bitcoin Inc. with no comma.  
24 Q. All right. And then on the second  
25 page it lists you under President.

**Page 44**

1 Do you see that?  
2 MR. FOWLER: Where --  
3 A. No, I do not.  
4 MR. FOWLER: Kelly, where are you  
5 talking about?  
6 MR. STEWART: No, you know what  
7 happened? I've got pages -- my Exhibit 6  
8 is pages 1 and 3 as opposed to -- looks  
9 like it was a double-sided copy that  
10 didn't print out. So doesn't matter.  
11 BY MR. STEWART:  
12 Q. Mr. Gravengaard, what I'm really  
13 trying to find out is if there's a second entity  
14 out there, and it sounds like -- I don't want to  
15 put words in your mouth or misstate what you have  
16 said, but it sounds like there's not two companies  
17 that are called Athena Bitcoin, Inc.  
18 It's one, and it may or may not have  
19 a comma. Is that a fair statement?  
20 A. I believe it is. I'm not an expert  
21 in corporate law or foreign corporate  
22 registrations, and so I would direct your question  
23 to someone who might be -- have better knowledge  
24 of the Secretary of State's offices.  
25 Q. All right. But as the

**Page 45**

1 representative of Athena Bitcoin, Inc., the  
2 defendant in this lawsuit today, you're not aware  
3 that there's two Athena Bitcoin, Inc., entities,  
4 are you?  
5 A. I am not.  
6 Q. And would you agree with me that  
7 Athena Bitcoin, Inc., is registered to do business  
8 in Texas?  
9 A. I believe it is, but I don't have  
10 any direct knowledge of whether or not it is or is  
11 not registered to do business.  
12 Q. Are you aware of any DBAs, doing  
13 business as, that would have been filed on behalf  
14 of Athena Bitcoin, Inc.?  
15 A. Yes.  
16 Q. And what were those -- what was the  
17 DBA that Inc. would have used or filed for?  
18 A. I believe that Athena Bitcoin, Inc.,  
19 has filed DBAs to go by the name of Bitquick.  
20 Q. Okay. And what does Bitquick do, if  
21 anything? Is it just a DBA, or does it have any  
22 sort of operations that would be separate from  
23 Inc.?  
24 A. There is no Bitquick service at the  
25 present time.

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 46**

1 Q. Do you know who the directors of  
2 Inc. are currently?  
3 A. Currently I'm the only director of  
4 Athena Bitcoin, Inc.  
5 Q. Were you a director of Inc. as of  
6 September-October of '21?  
7 A. Yes.  
8 Q. Were there any other directors as of  
9 September-October of '21?  
10 A. Yes.  
11 Q. Who were the directors then?  
12 A. Edward Weinhaus and myself.  
13 Q. And Mr. Weinhaus is currently not a  
14 director of Inc.; is that right?  
15 A. Yes.  
16 Q. How about Global? Who are the  
17 directors of Global now?  
18 A. Matias Goldenhörn, myself, Jason Lu,  
19 and Steve Suarez.  
20 Q. And were those -- were all four of  
21 those the directors in September-October of 2021?  
22 A. No.  
23 Q. Who were they in September-October  
24 of 2021?  
25 A. I believe at that time that

**Page 47**

1 Mr. Weinhaus was a director and Mr. Goldenhörn was  
2 not a director.  
3 Q. But Mr. Lu and Mr. -- was it  
4 Steve --  
5 A. Suarez.  
6 Q. -- Suarez, were they directors?  
7 A. They were directors.  
8 Q. Does Inc. have any employees  
9 currently?  
10 A. Inc. does have employees.  
11 Q. About how many?  
12 A. I couldn't say the exact number.  
13 Q. I mean, five? Ten? Twenty? What's  
14 your best estimate?  
15 A. I would say it's a number between  
16 five and ten.  
17 Q. Did Inc. have any employees in  
18 September-October of 2021?  
19 A. I believe it -- similar number,  
20 between five and ten.  
21 Q. Does Global have any employees right  
22 now?  
23 A. Yes.  
24 Q. How many?  
25 A. I believe between two or three.

**Page 48**

1 Q. Did Global have any employees in  
2 September-October of 2021?  
3 A. Yes. It had two. No. I'm sorry.  
4 I misspoke. I believe it had three at that time.  
5 Q. Let's talk about, are any of those  
6 employees that work for -- never mind. Let me  
7 strike that.  
8 Do any of the employees of Inc. at  
9 this point work in Texas?  
10 A. I --  
11 Q. Well, let me ask it a different way.  
12 That's probably a bad question.  
13 Do any of the employees of Inc.  
14 currently live in Texas?  
15 A. I am not sure.  
16 Q. And I think you said you think  
17 maybe -- maybe between five and ten employees of  
18 Inc. currently, right?  
19 A. Yes.  
20 Q. Not sure how many work in Texas.  
21 Do you know, does Bailey Jarret --  
22 Jarrell? Does Bailey Jarrell, do you know if she  
23 is an Inc. employee?  
24 A. I'm not sure if she is or is not an  
25 Inc. employee at the present time.

**Page 49**

1 Q. Do you know if she lives in Texas?  
2 A. I don't.  
3 Q. Did Inc. have any employees that  
4 lived in Texas in September-October of 2021?  
5 A. I don't believe we did, but I -- no,  
6 I don't believe we did.  
7 Q. For whom does Noreen Pepino work?  
8 A. She works for Athena Bitcoin, Inc.,  
9 I believe.  
10 Q. For whom does Gilbert Valentine or  
11 Valentine work?  
12 A. I'm not sure.  
13 Q. Do you know of his title?  
14 A. He -- do I know his title with whom?  
15 Q. With Inc.  
16 A. I don't believe that he's an  
17 employee of Athena Bitcoin, Inc.  
18 Q. Do you know his title with Global?  
19 A. He has no title with Athena Bitcoin  
20 Global.  
21 Q. Okay. Do you know whether he's the  
22 executive vice president of compliance for Inc.?  
23 A. I do not believe that is true.  
24 Q. Has it ever been true?  
25 A. He was the chief compliance officer

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 50**

1 for Athena Bitcoin, Inc., for many years.  
 2 Q. Okay. And the chief compliance  
 3 officer for Inc. for many years, do you know when  
 4 he stopped doing that, if he stopped?  
 5 A. Yes. When we hired a new chief  
 6 compliance officer.  
 7 Q. What was the date on that?  
 8 A. I don't know.  
 9 Q. Was it sometime in 2022?  
 10 A. It was either in late 2021 or early  
 11 in 2022, but I do not know the date.  
 12 Q. Do you know if he was the chief  
 13 compliance officer for Inc. in September or  
 14 October of 2021?  
 15 A. Yes. He would have been the chief  
 16 compliance officer for Athena Bitcoin, Inc., in  
 17 the September and October time frame.  
 18 Q. Do you know how many trips to Texas  
 19 he took in 2021?  
 20 A. I do not.  
 21 Q. Do you know one way or the other  
 22 whether he took trips to Texas -- made trips to  
 23 Texas for work in 2021?  
 24 A. I do not believe he made any trips  
 25 to Texas for work in 2021.

**Page 51**

1 Q. You said you don't believe. Do you  
 2 know for sure?  
 3 A. I'm not familiar with his travel  
 4 schedule.  
 5 Q. Okay. But so you don't know -- you  
 6 don't have any personal knowledge as to whether he  
 7 made any trips for work to Texas in 2021?  
 8 A. I do not have any personal knowledge  
 9 of whether or not he traveled to Texas in 2021.  
 10 Q. Do you know who Jeremy Brenner is?  
 11 A. Yes.  
 12 Q. Is he a former employee of Inc.?  
 13 A. He is a former employee of Athena  
 14 Bitcoin, Inc.  
 15 Q. Was he an employee of Athena  
 16 Bitcoin, Inc., in September-October of 2021?  
 17 A. No, I do not believe he was.  
 18 Q. Do you know when he left the  
 19 employment of Inc.?  
 20 A. I believe that he left the  
 21 employment of Athena Bitcoin, Inc., at the end of  
 22 July 2022.  
 23 Q. Was he -- did he serve as a  
 24 contractor or subcontractor of Inc. after that  
 25 time?

**Page 52**

1 A. After which time?  
 2 Q. After the end of '22 -- July of  
 3 20 -- I'm sorry. I'm sorry, Mr. Gravengaard, I  
 4 misunderstood you.  
 5 You said he left Inc. at the end of  
 6 July of '22?  
 7 A. Yes.  
 8 Q. All right. Was he ever a  
 9 subcontractor, to your knowledge, of Inc. at any  
 10 point?  
 11 A. What do you mean by subcontractor?  
 12 Q. Did he have any agreements to do any  
 13 sort of work for Inc., not as an employee, but in  
 14 any other capacity?  
 15 A. Yes. He may have had a contract  
 16 with Athena Bitcoin -- I'm sorry -- Athena  
 17 Holdings of El Salvador prior to his employment by  
 18 Athena Bitcoin, Inc.  
 19 Q. Do you know the names of any of  
 20 Inc.'s current employees that you estimated may be  
 21 between five and ten?  
 22 A. Yes.  
 23 Q. What are the names you remember?  
 24 A. Noreen Pepino.  
 25 Q. Right.

**Page 53**

1 A. Toby Cohen. Sam Nazzaro. Patrick  
 2 Patton. And Eric Matson.  
 3 Q. That's five people. Do you -- could  
 4 be more? That's all you remember; is that right?  
 5 A. Those are the names that I  
 6 remembered off the top of my head.  
 7 Q. All right. If I didn't ask you --  
 8 if I already asked you this, I apologize, but I  
 9 want to make sure I got this right.  
 10 Noreen Pepino, she was working for  
 11 Inc. in September or October of '21; is that  
 12 correct?  
 13 A. I believe that she was.  
 14 Q. What's the e-mail address or the  
 15 e-mail domain for Inc. employees?  
 16 A. We don't separate out domains by  
 17 which company a person is employed by.  
 18 Q. That was my next question.  
 19 First question is, what's the e-mail  
 20 domain for Inc.?  
 21 A. There is no domain specifically for  
 22 Inc.  
 23 Q. All right. Well --  
 24 A. So I don't know how to answer your  
 25 question, sir.

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 54**

1 Q. It's the same e-mail domain address  
2 for Inc. and Global, correct?  
3 A. There are many domains used by all  
4 of the companies.  
5 Q. Okay. Well, the @athenabitcoin.com,  
6 that's an e-mail used for both Inc. and Global  
7 currently, right?  
8 A. Yes.  
9 Q. That's the e-mail used for both Inc.  
10 and Global in September of 2021, right?  
11 A. Yes.  
12 Q. And you said there are many others.  
13 What are the others that are being  
14 used?  
15 A. athena.sv --  
16 Q. Okay. So --  
17 A. -- is quite popular with many  
18 people.  
19 Q. So that's the -- that's the  
20 El Salvador entity, is it?  
21 A. I don't know who owns the domain  
22 name.  
23 Q. Okay. And -- all right. My  
24 question was probably too broad.  
25 For the US companies, are there

**Page 55**

1 any -- maybe that's what you were answering -- any  
2 other domain names?  
3 A. I believe that the -- that Athena  
4 Bitcoin Global owns approximately 25 to 35 domain  
5 names.  
6 Q. But if somebody is sending an e-mail  
7 to athenabitcoin.com, they're not going to know  
8 whether that's going to Global or Inc. It's the  
9 same e-mail for both, right?  
10 MR. FOWLER: Objection, form.  
11 A. Yeah, I'm -- I'm not sure what your  
12 question is, sir.  
13 BY MR. STEWART:  
14 Q. Well, there's no distinct --  
15 A. I don't know how I could comment on  
16 what someone else would believe.  
17 Q. Are you aware of any travel made  
18 into Texas for work purposes by any of Inc.'s  
19 officers, directors, and employees since January 1  
20 of 2020?  
21 A. Am I aware of any? I went to a  
22 dinner with one of our investors in the state of  
23 Texas approximately a month and a half ago.  
24 Q. Okay. And let's continue with you.  
25 Have you made any trips to Texas

**Page 56**

1 since January 1, 2020, related to work other than  
2 this dinner that you just mentioned?  
3 MR. FOWLER: Objection.  
4 A. I believe I transited through --  
5 MR. FOWLER: Wait. I'm going to  
6 object to the question in that you are  
7 not -- the question isn't specific on  
8 what entity he is traveling for work for.  
9 He's testified that he has a relationship  
10 with more than one entity, and so the  
11 question, as worded, is ambiguous and  
12 can't be answered.  
13 MR. STEWART: Thank you for  
14 instructing the witness, Mr. Fowler.  
15 BY MR. STEWART:  
16 Q. Mr. Gravengaard, I didn't  
17 distinguish between the entity. I asked whether  
18 you made any trips whatsoever for work purposes to  
19 Texas since January 1 of 2020, and you told me  
20 about a trip you made one and a half months ago.  
21 Any other trips for any entity for  
22 any purpose -- for work purposes?  
23 A. I believe I transited through DFW,  
24 but I'm not sure on what work purpose I did that  
25 transit in.

**Page 57**

1 Q. Okay. And any other trips to Texas  
2 or through Texas for you personally?  
3 A. Not to my recollection.  
4 Q. Now, the dinner that you -- with the  
5 investor one and a half months ago, was that for  
6 Global or for Inc. or both or somebody else?  
7 A. No. The individual with whom I had  
8 dinner is a shareholder of Athena Bitcoin Global,  
9 and I was meeting with him in that respect.  
10 Q. And at the time you met with him,  
11 Global owned a hundred percent of Inc., correct?  
12 A. Yes.  
13 Q. All right. That's you.  
14 Any other Inc. employees or officers  
15 or directors that you're aware of that have made  
16 trips to Texas for work purposes since January 1  
17 of 2020?  
18 A. Not that I'm aware of.  
19 Q. Do you know whether Mr. Weinhaus has  
20 done any trips to Texas?  
21 A. He also attended the dinner that I  
22 just mentioned.  
23 Q. And on whose behalf did he attend  
24 the dinner? Was that Global or Inc. or someone  
25 else?

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 58**

1 A. That would have been Athena Bitcoin  
2 Global at the time. He was a director of Athena  
3 Bitcoin Global. And, as I said, we met with an  
4 investor and a shareholder of Athena Bitcoin  
5 Global.  
6 Q. And was that to discuss investing in  
7 Global or any of its subsidiaries?  
8 A. It was to discuss his existing  
9 investment and to solicit a follow-on investment  
10 into Athena Bitcoin Global.  
11 Q. Other than you and Mr. Weinhaus, who  
12 else from any Athena entity would have been at  
13 that meeting?  
14 A. No one else.  
15 Q. What city in Texas was that in?  
16 A. It was north of Dallas.  
17 Q. Do you know if Mr. Valentine made  
18 any trips to Texas on behalf of any Athena entity  
19 since January 1, 2020?  
20 A. I have no knowledge of him traveling  
21 to Texas since January 1 of 2020.  
22 Q. Did you do any work to prepare for  
23 this deposition to find out whether any other Inc.  
24 employees or officers or directors traveled to  
25 Texas?

**Page 59**

1 A. I did not do any work.  
2 Q. Does Inc. have any offices in Texas?  
3 A. No.  
4 Q. Does Global have any offices in  
5 Texas?  
6 A. No.  
7 Q. Does Inc. employ any subcontractors  
8 in Texas?  
9 A. I don't believe we do.  
10 Q. Did you do any work to determine  
11 whether Inc. employed any subcontractors in Texas?  
12 A. No.  
13 Q. Does Inc. have any bank accounts,  
14 investment or brokerage accounts, or any financial  
15 accounts in Texas?  
16 A. No.  
17 Q. Does Global?  
18 A. No.  
19 Q. We talked about the e-mail address.  
20 Let me ask you about the websites.  
21 You know what, let me -- let's go  
22 ahead and -- I was going to suggest, we've been  
23 going a little over an hour. Do you need a break,  
24 or are you okay?  
25 A. I can continue.

**Page 60**

1 Q. Okay. The website for Inc. and  
2 Global is the same; is that right?  
3 MR. FOWLER: Objection, form.  
4 BY MR. STEWART:  
5 Q. Well, let me ask it this way: Is  
6 there a different website for Inc. than for  
7 Global?  
8 A. I don't believe that there is.  
9 Q. Is it -- and that website is at  
10 athenabitcoin.com, right? That's the website for  
11 both?  
12 A. That is the primary website for  
13 Athena Bitcoin Global and Athena Bitcoin, Inc.  
14 Q. And it lists -- and I can show you  
15 this. This is not necessarily meant to be a  
16 memory test. But do you recall whether the  
17 website lists Bitcoin ATM locations in Texas?  
18 A. I believe that the website shows the  
19 locations of Athena Bitcoin, Inc.'s ATMs.  
20 Q. And some of those are located in  
21 Texas, right?  
22 A. I believe that some of them are  
23 located in Texas.  
24 Q. How many?  
25 A. I do not know.

**Page 61**

1 Q. I've attached or submitted a  
2 document that I marked as Exhibit 7. Let me know  
3 when you can see a document.  
4 A. I can see a document now.  
5 Q. Okay. And I apologize for having to  
6 ask you that every time, but it looks like  
7 sometimes these documents aren't even showing up  
8 on my end once I share them, so I have to -- I  
9 don't want to start asking you questions without  
10 making sure you can see it.  
11 This is a print-off of -- from --  
12 and it doesn't print off very well, but I'll  
13 represent to you that this is a print-off from the  
14 athenabitcoin.com website and I'm going to scroll  
15 through -- or at least portions of it and -- when  
16 you click on Texas or the locations -- and I want  
17 to make sure, just see if you agree with what this  
18 shows as being the ATM -- Bitcoin ATMs in Texas.  
19 And so if you could scroll through  
20 that, I can tell you my first -- you know, I'll  
21 walk through with that, but I want you to have a  
22 chance to look at it.  
23 A. This appears to be a list of Bitcoin  
24 ATMs that are located in Texas.  
25 Q. And the first one, there's one in

**Athena Bitcoin, Inc. (Eric Gravengaard)**  
**August 17, 2022**

**Page 62**

1 Houston, the Greenway Commons. Is that -- do you  
2 see that?  
3 A. Yes.  
4 Q. Followed by another address in  
5 Houston at Willowbrook Plaza, right?  
6 A. Yes.  
7 Q. Followed by a Best Royal Liquor.  
8 I'm not sure if that address got cut off, but that  
9 looks like that's one in Houston, right?  
10 A. I don't know where the Best Royal  
11 Liquor store is.  
12 Q. All right.  
13 A. And your document does not show an  
14 address.  
15 Q. And then following that is one in  
16 Dallas-Fort Worth at East Food Mart, correct? One  
17 in Fort Worth, I should say.  
18 A. East Food Mart is listed below Best  
19 Royal Liquor, yes.  
20 Q. Below that, is a Zoom Food Mart in  
21 Fort Worth, correct?  
22 A. Below that is Zoom Food Mart of Fort  
23 Worth.  
24 Q. The bottom of that -- and, again, it  
25 looks like the printing just cut it off, but

**Page 63**

1 there's one listed or described as Sugar Land.  
2 Do you see that?  
3 A. I see the word "Sugar Land" on the  
4 piece of paper that you're showing me.  
5 Q. All right. The next page there's  
6 one listed as Nancy's Liquor Express in Fort  
7 Worth, right?  
8 A. I see the words "Nancy's Liquor  
9 Express," and the address appears to be in Fort  
10 Worth.  
11 Q. The last one listed is in Kemah,  
12 Firehouse Vapors in Kemah, Texas, right?  
13 A. That does appear to be the last one  
14 in your list.  
15 Q. Do these locations reflect Bitcoin  
16 ATMs in Texas that are owned by Inc.?  
17 A. I believe so, yes.  
18 Q. Are there any others, to your  
19 knowledge?  
20 A. No.  
21 MR. FOWLER: And, Kelly, I'm  
22 assuming you mean in Texas?  
23 MR. STEWART: Yes. Yes.  
24 BY MR. STEWART:  
25 Q. And those ATMs -- those Bitcoin ATMs

**Page 64**

1 can be used by Texas residents, correct?  
2 A. I believe that the machines can be  
3 used by Texas residents.  
4 Q. And they can be used by anybody  
5 who's physically present at the ATM, whether  
6 they're a Texas resident or not, correct?  
7 A. No. That is definitely not correct.  
8 Q. You have to be a Texas resident to  
9 use those ATMs?  
10 A. No, you do not.  
11 Q. Okay. So an Oklahoma resident could  
12 use those ATMs if they are at the ATM perhaps,  
13 right?  
14 A. Perhaps they could.  
15 Q. Okay. Well, why are you hesitant?  
16 Why could somebody who's not a Texas resident --  
17 A. I'm not at all hesitant, sir.  
18 Q. Well, then why could somebody who's  
19 not a Texas resident not use them? Is that what  
20 you're saying or --  
21 A. That is not what I'm saying.  
22 Q. All right. And my question is: You  
23 don't have to be a Texas resident to use these  
24 ATMs, right?  
25 A. You do not -- it's not a requirement

**Page 65**

1 to be a Texas resident to use these ATMs.  
2 Q. But these ATMs are physically  
3 located in Texas, correct?  
4 A. These ATMs are located in the state  
5 of Texas.  
6 Q. And to use them, you would have to  
7 physically be in the state of Texas, correct?  
8 A. To use an ATM, you have to be  
9 physically present in the state of Texas -- to use  
10 one of these ATMs --  
11 Q. Right.  
12 A. -- you have to be physically present  
13 at the ATM.  
14 Q. By the way, back on -- while we're  
15 talking about the website, can somebody  
16 communicate with Inc. through the website?  
17 A. I'm unclear what you mean by  
18 communicate through the website.  
19 Q. Well, is there any way to interact  
20 with Inc. through the website?  
21 A. I'm not sure.  
22 Q. Okay. Do you know if somebody can  
23 send a message to Inc. or make an inquiry to Inc.  
24 through the website?  
25 A. I'm not sure.

**Athena Bitcoin, Inc. (Eric Gravengaard)**  
**August 17, 2022**

**Page 66**

1 Q. Do you know if somebody can transact  
2 business with Inc. through the website?  
3 A. No, I don't believe that you can  
4 transact any business through the website.  
5 MR. STEWART: Let's take a  
6 five-minute break. Is that okay? I need  
7 to run down the hall.  
8 MR. FOWLER: Sure.  
9 MR. STEWART: Can we go off the  
10 record?  
11 THE REPORTER: We're off.  
12 (Recess from 10:34 a.m. to  
13 10:46 a.m.)  
14 THE REPORTER: Go ahead.  
15 BY MR. STEWART:  
16 Q. Mr. Gravengaard, I asked you about  
17 contractors that Inc. may have had that work in  
18 Texas, and I just want to make sure I didn't ask  
19 you -- I used the right term. Let me ask you that  
20 question again.  
21 Does Inc. have any contractors or  
22 subcontractors or entities that have -- that are  
23 nonemployees that work in Texas?  
24 A. Not to my knowledge.  
25 Q. And of the five Inc. employees that

**Page 67**

1 you listed earlier that you remember, do any of  
2 those also work for Global?  
3 A. No, I don't believe they do.  
4 Q. Do you know if Global and Inc. have  
5 any common employees?  
6 A. At the present time I don't believe  
7 they do.  
8 Q. Do you know if they have in the  
9 past?  
10 A. Rick Suri, who was formerly the CFO,  
11 may have been an employee of both -- I'm not  
12 entirely sure -- if I remember.  
13 Q. Did you say CEO or CFO?  
14 A. Chief financial officer.  
15 Q. CFO. All right. Any others other  
16 than Mr. Suri?  
17 A. No.  
18 Q. Did Jeremy Brenner work on the Chivo  
19 Wallet project?  
20 A. Yes.  
21 Q. Does Inc. own any other property in  
22 Texas other than the Bitcoin ATMs?  
23 A. No.  
24 Q. Does Global?  
25 A. No.

**Page 68**

1 Q. Does Inc. do any other work in Texas  
2 other than anything related to the Bitcoin ATMs?  
3 A. No.  
4 Q. You would agree with me that Inc.  
5 has a registered agent in Texas?  
6 A. I believe at the current time Athena  
7 Bitcoin, Inc., has a registered agent in Texas.  
8 Q. And you agree with me it's  
9 registered to do business in Texas, Inc.?  
10 A. I believe it is also registered to  
11 do business in Texas.  
12 Q. I've put back on the screen  
13 Exhibit 4. I believe I marked it 4. It's hard to  
14 see on line, at least from my view. Let me blow  
15 it up or try to blow it up.  
16 Anyway, and these are the Texas  
17 Franchise Tax Public Information Reports,  
18 Mr. Gravengaard, and these were all, as we walk  
19 through, for Athena Bitcoin -- Athena Bitcoin,  
20 Inc., some with a comma and some without.  
21 Do you recall that?  
22 A. I do recall our conversation  
23 earlier.  
24 Q. All right. And on Section B --  
25 let's just look at the first page. It says to

**Page 69**

1 enter information for each corporation, et cetera,  
2 in which this entity owns a 10 percent interest or  
3 more.  
4 Do you see that?  
5 A. I do see a section labeled B.  
6 Q. And on the first page of Exhibit 4  
7 is blank, right?  
8 A. Is blank on the first page of  
9 Exhibit 4.  
10 Q. And under that Section B, there's a  
11 Section C that says: Enter information for each  
12 corporation, et cetera, that owns an interest of  
13 10 percent or more in this entity.  
14 And that's blank, right?  
15 A. It is also blank under the first  
16 page.  
17 Q. This first page is 2018. Were  
18 those -- was there any entity in 2018 that owned  
19 10 percent or more of Inc.?  
20 A. I don't believe that there was a  
21 corporation, LLC, LP, or -- I'm not sure exactly  
22 what LP or PA stands for -- that owned more than  
23 10 percent in the 2018 year.  
24 Q. Limited partnership or professional  
25 association?

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 70**

1 A. Yeah, I don't believe that there  
2 were any such entities.  
3 Q. All right. Back on Section B, was  
4 there -- did Inc. own any of those entities -- own  
5 10 percent or more of any of those entities in  
6 2018?  
7 A. It might have.  
8 Q. The next page is 2019. Do you see  
9 the same two sections on page 2?  
10 A. Yes.  
11 Q. And those are also blank, right?  
12 A. They are also blank.  
13 Q. And did any entity own 10 percent or  
14 more of Inc. in 2019?  
15 A. I don't believe it did.  
16 Q. Did Inc. own 10 percent or more of  
17 any of those listed -- of any of those kinds of  
18 listed entities in 2019?  
19 A. It would have had foreign  
20 subsidiaries that are not listed in Section B.  
21 Q. On page 3, 3 is the 2020 report.  
22 Those two sections are likewise blank again,  
23 correct?  
24 A. Yes.  
25 Q. In 2020 did any entity own

**Page 71**

1 10 percent or more of Inc.?  
2 A. Yes.  
3 Q. And that was Global, correct?  
4 A. Athena Bitcoin Global, correct.  
5 Q. And it's not listed there, right?  
6 A. It is not listed there.  
7 Q. In 2020 did Inc. own 10 percent or  
8 more of any of those types of entities listed?  
9 A. It would have had foreign  
10 corporations. I'm not sure that those are within  
11 the scope of the listed entities or the types of  
12 entities that are being asked in Section B of this  
13 form.  
14 Q. And that's blank on 2020, correct?  
15 A. The section is blank on the form  
16 listed with report year 2020.  
17 Q. And on 2021, the fourth and final  
18 page -- and, for the record, my Exhibit 4 is  
19 Athena 6, 7, 9, and 14.  
20 My question on the fourth page,  
21 Mr. Gravengaard, is on Sections B and C. Those  
22 are blank there too, correct?  
23 A. They are blank on the fourth page of  
24 your exhibit.  
25 Q. And as of 2021, Global owned more

**Page 72**

1 than 10 percent of Inc., right?  
2 A. That is correct.  
3 Q. And did any -- did Inc. own  
4 10 percent or more of those listed entities in  
5 2021?  
6 A. The foreign subsidiaries, which  
7 again I do not know if they would or would not  
8 qualify under the list of entities provided in  
9 Section B. I'm unfamiliar with this form and the  
10 guidance on how to fill out Section B.  
11 Q. Okay. Did you sign any of these  
12 forms?  
13 A. It appears that I signed the first  
14 one --  
15 Q. All right.  
16 A. -- where my name is listed under  
17 sign here.  
18 Q. And that's the 2018 form?  
19 A. That's correct.  
20 Q. And then the 2019, 2020, and 2021  
21 forms have the title CEO but don't have your name  
22 listed, right?  
23 A. That is correct. They do not have  
24 anything listed in the sign here box.  
25 Q. Were you the CEO of Inc. in '19,

**Page 73**

1 '20, and '21?  
2 A. I was the CEO of Inc. for the '19  
3 year, but I don't believe we had a CEO in the '20  
4 and '21 years.  
5 Q. Did Inc. obtain revenue related to  
6 the Bitcoin ATMs in Texas?  
7 MR. FOWLER: Objection, form.  
8 BY MR. STEWART:  
9 Q. You can answer.  
10 A. I believe that the ATMs in Texas  
11 produced revenue.  
12 Q. And that revenue was obtained by  
13 Inc., correct?  
14 A. Yes.  
15 Q. Let's talk, Mr. Gravengaard, about  
16 Accruvia's work for what we believe is Inc. and  
17 which your attorneys have said is really Global,  
18 but the work that forms the basis of this lawsuit.  
19 Let's jump to that and talk about that.  
20 I'm going to show you -- let me call  
21 it up just a second -- an invoice -- a couple  
22 invoices. Let me get this on here. I believe I'm  
23 at Exhibit 8. Well, I'm marking as Exhibit 8 an  
24 invoice that is dated October 4, 2021. Again, I  
25 had to hit refresh to get it to show up. Let me

**Athena Bitcoin, Inc. (Eric Gravengaard)**  
**August 17, 2022**

**Page 74**

1 know, please, when you can see it.  
 2 A. I can see a document that's marked  
 3 Invoice.  
 4 Q. All right. And I marked that as  
 5 Exhibit 8 at the bottom.  
 6 This is an invoice that says Bill To  
 7 1332 North Halsted Street.  
 8 Do you see that?  
 9 A. I see where it is marked Bill to  
 10 1332 North Halsted Street.  
 11 Q. That's the address, the physical  
 12 address, for both Inc. and Global, right?  
 13 A. That is the address for Athena  
 14 Bitcoin Global and Athena Bitcoin, Inc.  
 15 Q. All right. And this invoice -- the  
 16 amounts on this invoice which total 11,686.69  
 17 were, in fact, paid by an Athena entity, correct?  
 18 A. They were paid.  
 19 Q. All right. And the -- this has  
 20 got -- what was your understanding of what type of  
 21 work Shaun Overton was doing personally that shows  
 22 up in this invoice?  
 23 A. I believe that he was overseeing the  
 24 development of Athena Bitcoin Global's product,  
 25 intellectual property, including the --

**Page 75**

1 specifically the software used by the government  
 2 of El Salvador for their Chivo Wallet.  
 3 Q. So he was doing work related to  
 4 Chivo Wallet for an Athena entity, correct?  
 5 A. He was doing work for Athena Bitcoin  
 6 Global for the Chivo Wallet.  
 7 Q. And that was -- he was doing that in  
 8 conjunction with you, right?  
 9 A. I don't understand what you mean by  
 10 "in conjunction."  
 11 Q. All right. Well, were you working  
 12 with Shaun on his work for Chivo Wallet?  
 13 A. I was working with Shaun, yes.  
 14 Q. And you knew what Shaun was doing  
 15 for the work on Chivo Wallet, correct?  
 16 A. At some points I knew what he was  
 17 working on, and at other points I'm sure I did not  
 18 know what he was working on.  
 19 Q. The other programming hours listed  
 20 here with Franklin Grassals and the other people  
 21 listed, those folks were doing work for Chivo  
 22 Wallet, correct?  
 23 A. I believe that they were doing work  
 24 for Chivo Wallet, yes.  
 25 Q. And that was being done certainly in

**Page 76**

1 coordination with you; is that right?  
 2 A. Some of it was in coordination with  
 3 me.  
 4 Q. I've marked as Exhibit 9 an invoice  
 5 for \$8,428.34.  
 6 Can you tell me when that shows up  
 7 on your screen?  
 8 A. I see an invoice marked as  
 9 Exhibit 9.  
 10 Q. All right. And is that -- would you  
 11 agree with me that no Athena entity has paid for  
 12 that invoice -- or paid the number -- the amount  
 13 in that invoice?  
 14 A. I do not believe an Athena entity  
 15 has paid this invoice.  
 16 Q. Do you see toward the bottom it says  
 17 programming hours for Bailey Jarrell?  
 18 Do you see that?  
 19 A. I see where it's marked Bailey  
 20 Jarrell.  
 21 Q. Okay. Do you know what Bailey  
 22 Jarrell was doing?  
 23 And this would have been at the  
 24 bottom left-hand corner. It says Invoice for  
 25 labor November 1 through 3 of 2021.

**Page 77**

1 A. I was not familiar with what  
 2 Ms. Jarrell's work was during the time period of  
 3 November 1 through 3rd of 2021.  
 4 Q. Do you know one way or the other  
 5 whether she was doing marketing work for an Athena  
 6 entity?  
 7 A. I don't know one way or the other if  
 8 she was doing marketing work for Athena Bitcoin  
 9 Global during that time period.  
 10 Q. Do you know if she was doing  
 11 marketing work for Inc.?  
 12 A. She was definitely not doing  
 13 marketing work for Athena Bitcoin, Inc. There  
 14 would be no purpose for that.  
 15 Q. Do you know who she was taking  
 16 direction from for the marketing work?  
 17 A. I don't.  
 18 Q. Okay. But you know she's doing work  
 19 for Global, but you don't know who she was working  
 20 for?  
 21 A. Actually, I don't know that she was  
 22 doing work for Global. I see that -- I see that  
 23 there is a bill for her time, but I'm unfamiliar  
 24 with what work she was doing. But she definitely  
 25 was -- there's no reason for her to have been

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 78**

1 doing work for Inc. There's nothing that Inc.  
 2 was --  
 3 Q. Even though Inc. is described in  
 4 your SEC filing as the operating entity, Our  
 5 domestic operations are conducted by Athena  
 6 Bitcoin, Inc., there's no reason for her to have  
 7 done any marketing for Inc. is your testimony?  
 8 A. Right. Because, I mean, I don't  
 9 know what she was doing during that time period.  
 10 I'm seeing that she was billed to us, so I assume  
 11 that she was doing work during that time period.  
 12 But whether that work was directed towards the  
 13 marketing efforts of Athena Bitcoin -- or Athena  
 14 Holdings of El Salvador or Athena Bitcoin Global,  
 15 I'm not sure.  
 16 Q. So you have no personal knowledge of  
 17 what work Ms. Jarrell was doing that's reflected  
 18 in this invoice?  
 19 A. That's -- that is correct. I have  
 20 no knowledge of what work she was doing during  
 21 that time period.  
 22 Q. For the same time period, you do  
 23 know what Shaun Overton was doing, correct?  
 24 A. Yes.  
 25 Q. And the other programmers listed,

**Page 79**

1 Lance Moore on down, you know they were all  
 2 working on Chivo Wallet, correct?  
 3 A. They were all working on the Athena  
 4 Bitcoin Global product, which was going by the  
 5 street name of Chivo Wallet, yes.  
 6 Q. Okay. And -- but the work was done  
 7 for Chivo Wallet, both Shaun Overton and the other  
 8 programmers, right?  
 9 A. Yes.  
 10 Q. I've put on the screen a \$75,250.57  
 11 invoice, and I've marked it as Exhibit 9.  
 12 Can you see an invoice marked  
 13 Exhibit 9?  
 14 A. I see an exhibit marked Exhibit 9.  
 15 Q. Okay. I apologize for the  
 16 awkwardness about asking you if you see something,  
 17 but, nonetheless, you'll have to do it.  
 18 On this it has a Bailey Jarrell,  
 19 like fourth from the bottom, Bailey Jarrell listed  
 20 with a cost, and this at the bottom left-hand  
 21 corner, it says Invoice for labor October 1  
 22 through the 31st.  
 23 Do you see that?  
 24 A. I do see that.  
 25 Q. Do you have any personal knowledge

**Page 80**

1 of what work Ms. Jarrell was doing that's  
 2 reflected in this invoice?  
 3 A. No, I do not.  
 4 Q. And then Shaun Overton and the other  
 5 people listed, Lance Moore on down, were they  
 6 doing work for Chivo Wallet that's reflected in  
 7 this invoice?  
 8 A. They were doing work for Athena  
 9 Bitcoin Global to further its intellectual  
 10 property that was being used by Chivo as part of  
 11 the Chivo Wallet product, yes.  
 12 MR. STEWART: Object to the  
 13 nonresponsive portion of that question  
 14 [sic].  
 15 BY MR. STEWART:  
 16 Q. My question is, was there work being  
 17 done for Chivo Wallet?  
 18 MR. FOWLER: Objection, form.  
 19 A. I'm not sure how you can work for  
 20 Chivo Wallet.  
 21 BY MR. STEWART:  
 22 Q. Was their work being used for the  
 23 Chivo Wallet project?  
 24 A. Their work was being used by Athena  
 25 Bitcoin Global in -- to enhance the intellectual

**Page 81**

1 property that Athena Bitcoin Global had licensed  
 2 and contracted to the government of El Salvador.  
 3 MR. STEWART: Object to the  
 4 nonresponsiveness.  
 5 BY MR. STEWART:  
 6 Q. Mr. Gravengaard, I understand you're  
 7 trying to insert the word "Global" in every one of  
 8 your answers, but my question is not that  
 9 detailed.  
 10 It's was the work that's reflected  
 11 in Exhibit 9 -- other than Ms. Jarrell which you  
 12 said you don't have personal knowledge about, was  
 13 the other work related to the Chivo Wallet  
 14 project?  
 15 I'm not asking you who it was for,  
 16 just was the work related to --  
 17 A. Was it related, yes.  
 18 Q. And, likewise, back on the prior  
 19 exhibit, was the work, other than Ms. Jarrell,  
 20 related to the Chivo Wallet project?  
 21 A. It was related.  
 22 Q. And, again, both the \$8,400 invoice  
 23 we looked at -- and I might have labeled these the  
 24 same number -- and the \$7,500 invoice -- \$75,000  
 25 invoice we've got on the screen, no Athena entity

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 82**

1 has paid for those invoices -- has paid those  
 2 invoices, correct?  
 3 A. I believe that is correct.  
 4 Q. And why is that?  
 5 A. They have not been paid.  
 6 Q. Why have they not been paid?  
 7 A. We believe that Mr. Overton has  
 8 interfered with our ability to continue working in  
 9 El Salvador, and we have a commercial dispute with  
 10 him as to his behavior in El Salvador immediately  
 11 subsequent to submitting these invoices.  
 12 Q. Do you have any contracts with  
 13 either Mr. Overton or Accruvia that says you have  
 14 the right to offset against these invoices for any  
 15 sort of commercial dispute that you just  
 16 described?  
 17 A. I don't believe that we have a  
 18 contractual -- a contract that has such terms.  
 19 Q. But so the reason these two invoices  
 20 have not been paid is because whatever Athena  
 21 entity believes that Mr. Overton has taken some  
 22 bad actions that impacted -- negatively impacted  
 23 Athena in El Salvador?  
 24 A. Yeah. We specifically believe  
 25 they're illegal under El Salvador law.

**Page 83**

1 Q. The invoices? ...  
 2 A. No, I'm sorry, his actions.  
 3 Q. All right. Any other reason why  
 4 these invoices were not paid?  
 5 A. No.  
 6 Q. Did Inc. attempt to either hire any  
 7 of these folks listed on these invoices or obtain  
 8 their services as a subcontractor or a contractor?  
 9 A. Athena Bitcoin Global and/or Athena  
 10 Bitcoin -- Athena Holdings of El Salvador has  
 11 contracted with one or more of these people listed  
 12 on this invoice.  
 13 Q. Do you know who either of those two  
 14 entities has contracted with?  
 15 A. I'm sorry. Can you repeat your  
 16 question?  
 17 Q. Yeah.  
 18 Do you know who from these two  
 19 invoices any Athena entity has contracted with?  
 20 A. Yeah. So let's see, Panos, who I  
 21 don't see on your Exhibit 9, has contracted with  
 22 Athena Holdings of El Salvador. And I believe  
 23 Ms. Jarrell, who we previously discussed, accepted  
 24 a position with Athena Bitcoin, Inc.  
 25 Q. Have any of the others been

**Page 84**

1 approached by any Athena entity to work for them  
 2 in any sort of manner, whether it be an employee  
 3 or a contractor or a subcontractor?  
 4 A. I think we made a blanket statement  
 5 to everyone that if they wanted to continue  
 6 working on the Chivo Wallet project that we would  
 7 be open to having a discussion with them.  
 8 Q. And Mr. Panos is the only one, to  
 9 your knowledge, that has said yes?  
 10 A. Yes.  
 11 Q. Are you paying him the same or  
 12 equivalent to what he was getting paid for by  
 13 Accruvia?  
 14 A. I believe that we were.  
 15 Q. And the blanket statement or offer  
 16 to all the others, was that the same or equivalent  
 17 to what Accruvia was paying them?  
 18 A. I believe that was what we  
 19 communicated. I don't remember specifically.  
 20 Q. Do you know when those offers were  
 21 made?  
 22 A. The early part of November of 2021.  
 23 Q. When did you first believe  
 24 Mr. Overton did something untoward toward any of  
 25 the Athena entities?

**Page 85**

1 A. When the government of El Salvador  
 2 called us and explained to us his actions.  
 3 Q. When was that?  
 4 A. Again, in the first week of November  
 5 of 2021.  
 6 Q. Is that before or after you made  
 7 offers to all of these folks?  
 8 A. I don't remember.  
 9 Q. Who at the government -- from the  
 10 government of El Salvador called any Athena entity  
 11 about Mr. Overton?  
 12 A. I don't remember exactly who called  
 13 us to alert us that Mr. Overton had spoken to  
 14 them.  
 15 Q. And when you say "us," who is the  
 16 "us"?  
 17 A. Either Matias Goldenhorn or myself.  
 18 Q. Do you remember personally any  
 19 communications from the government of El Salvador  
 20 about these so-called untoward actions by  
 21 Mr. Overton?  
 22 A. I remember a meeting that I was  
 23 called to where I was present and Sara Hanna of  
 24 the government of El Salvador were present.  
 25 Q. Do you know when that was?

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 86**

1 A. Again, it was the first week of  
2 November 2021.

3 Q. What did they tell you about  
4 Mr. Overton or Accruvia?

5 A. They said that Mr. Overton had come  
6 to them and said that he knew all of the problems  
7 that Athena had and that he had spent the previous  
8 month figuring out what those problems were and  
9 that only he could solve all of their problems if  
10 he paid them -- if the government of El Salvador  
11 paid him to fix those problems.

12 Q. Did they tell you anything else?

13 A. Not that I remember.

14 Q. Was Athena having any problems with  
15 the Chivo Wallet project?

16 A. I don't understand your question.  
17 Can you be more specific?

18 Q. Well, you said that the government  
19 of El Salvador said that Mr. Overton had told them  
20 that there were problems with the project. That  
21 was the -- the Chivo Wallet project, correct?

22 A. That's correct. It was the Chivo  
23 Wallet project that I was referring to when I said  
24 there were problems.

25 Q. Did Athena have any problems with

**Page 87**

1 the Chivo Wallet project?

2 A. There were several bugs that came to  
3 light between the launch in September and that  
4 first week of November.

5 Q. So would telling the government of  
6 El Salvador that there were bugs, would that -- in  
7 the Chivo Wallet software, that would be accurate,  
8 correct?

9 A. At the time I'm not sure if there  
10 were outstanding bugs or not.

11 Q. But there were bugs. You just said  
12 that, right? There were bugs.

13 A. There were bugs that --

14 Q. So --  
15 (Simultaneous/overlapping  
16 indiscernible voices.)

17 A. -- come to light that were fixed. I  
18 don't know if there were any outstanding issues --

19 BY MR. STEWART:

20 Q. Okay.

21 A. -- at the time of that meeting.

22 MR. STEWART: Object to the  
23 responsiveness.

24 BY MR. STEWART:

25 Q. Mr. Gravengaard, I'm not asking you

**Page 88**

1 whether the bugs were fixed. I'm asking you  
2 whether it would be a truthful statement to tell  
3 the government of El Salvador that there were bugs  
4 or there had been bugs in the Chivo Wallet  
5 software.

6 MR. FOWLER: Objection, form,  
7 compound.

8 A. Yeah.

9 BY MR. STEWART:

10 Q. Are you answering my question?

11 A. I think I answered your question,  
12 Counselor. There were bugs.

13 Q. And that is my question. Would  
14 telling the government of El Salvador that there  
15 were bugs in that software be accurate?

16 MR. FOWLER: Objection, form.

17 A. Again, were they bugs that were  
18 unsolved or were they solved bugs?

19 BY MR. STEWART:

20 Q. I didn't ask that.

21 A. Well, I'm asking you to clarify  
22 because I'm not sure how to answer your question  
23 without knowing that.

24 Q. Mr. Gravengaard, you just told me --  
25 you just agreed that there were bugs in the

**Page 89**

1 software, one, right? And you did say they were  
2 fixed, two.

3 A. I did say they were -- there were  
4 fixed bugs.

5 Q. But there were bugs at least at some  
6 point, correct?

7 A. At some point there were bugs.

8 Q. Okay. So it's a truthful statement  
9 to tell the government of El Salvador that there  
10 were at some point bugs in the software?

11 MR. FOWLER: Objection, form.  
12 Kelly, this is way beyond the  
13 scope of the deposition. The deposition  
14 relates to, as you know, jurisdiction.  
15 This is outside the scope of  
16 jurisdiction.

17 MR. STEWART: Well, you went  
18 outside the scope of jurisdiction  
19 yesterday. I don't think so. It goes to  
20 the work, and it all relates to which  
21 entity the Chivo Wallet software was done  
22 for.

23 So I think I'm going to move on,  
24 nonetheless, even though I don't agree  
25 that it was outside the scope, but I will

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

Page 90

1 move on.  
 2 BY MR. STEWART:  
 3 Q. Let's go back to these invoices and  
 4 let's talk about how they got paid or how at least  
 5 the first one got paid. Let me call up a  
 6 document.  
 7 MR. STEWART: I don't know if the  
 8 court reporter is keeping track. I think  
 9 I might have marked the last two exhibits  
 10 9.  
 11 (Clarification requested by the  
 12 stenographer.)  
 13 MR. STEWART: Let's call one 9A  
 14 and one 9B. We can fix that after the  
 15 depo. I'm going to mark this then 10.  
 16 BY MR. STEWART:  
 17 Q. Do you see a document on your  
 18 screen?  
 19 A. I see a document on my screen.  
 20 Q. Okay. Do you know how the one  
 21 invoice for 8,000 -- or the \$8,400 invoice was  
 22 paid, mechanically?  
 23 What -- was it a check? Was it  
 24 bill.com? Do you know?  
 25 A. I believe that it was paid through

Page 91

1 bill.com.  
 2 Q. All right. And do you understand  
 3 that Mr. Overton would submit his invoices to  
 4 Noreen Pepino for payment?  
 5 A. I believe that he was supposed to  
 6 submit them to our billing system that globally  
 7 handles all of our payables.  
 8 Q. All right. And do you see -- I  
 9 don't know that you've ever seen what I marked as  
 10 Exhibit 10, which is Accruvia 4 and 5.  
 11 Have you seen this before?  
 12 A. I have never seen your Exhibit 10  
 13 before.  
 14 Q. All right. Do you see that it -- it  
 15 looks like it's an e-mail at the top to  
 16 soverton@roid devs.com?  
 17 Do you see that?  
 18 A. I see it appears to be an e-mail to  
 19 the e-mail address you just referenced.  
 20 Q. Okay. It does say: Track your  
 21 payment from Athena Bitcoin Inc.  
 22 Would you agree with me that's what  
 23 this document says?  
 24 A. I agree with you the document says  
 25 that.

Page 92

1 MR. STEWART: Is the last one 10  
 2 or 11?  
 3 BY MR. STEWART:  
 4 Q. I'm trying to mark this next one 11.  
 5 You see a document that's a pretty dark document.  
 6 Can you see that?  
 7 A. I see what appears to be an e-mail  
 8 directed at me through my athena.sv e-mail  
 9 address.  
 10 Q. Okay. And is this -- at the bottom  
 11 this says it's -- it says: Eric, please advise on  
 12 the timing of payments on the invoices. Shaun.  
 13 Do you see that?  
 14 A. I do see that.  
 15 Q. This looks like it was sent  
 16 November 5 of 2021.  
 17 A. I don't know if it was sent or  
 18 received, but I do see that the date on this piece  
 19 of paper or whatever is November 5 of 2021.  
 20 Q. All right. And it was sent to  
 21 Noreen Pepino at noreen@athenabitcoin.com, right,  
 22 one of the recipients?  
 23 A. She is one of the recipients.  
 24 Q. Your e-mail on this is  
 25 eric@athena.sv, right?

Page 93

1 A. Yes.  
 2 Q. That's not Global's e-mail address,  
 3 is it?  
 4 A. It's one of -- as I testified  
 5 earlier, it is one of the domains that is owned  
 6 globally by Athena Bitcoin Global.  
 7 Q. All right. But it doesn't say on --  
 8 athena.sv doesn't say Inc. or Global? Doesn't say  
 9 either, right?  
 10 A. It appears to say athena.sv.  
 11 Q. So is the answer to my question,  
 12 yes, it doesn't say either?  
 13 A. I'm sorry. What was your question?  
 14 Does it say the word "Global"?  
 15 Q. Or Inc.  
 16 A. It does not say the word "Global" or  
 17 "Inc."  
 18 Q. It's not hard.  
 19 I marked as Exhibit 12 a e-mail that  
 20 has on the front October 4, 2021, to Noreen  
 21 Pepino.  
 22 Do you see that?  
 23 A. I do.  
 24 Q. Looks like it was cc'd to you?  
 25 A. It does appear to have my name on

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 94**

1 the cc list of this printout of an e-mail.  
 2 Q. And the subject is Accruvia Labor  
 3 Invoice, right?  
 4 A. That is what is written next to the  
 5 word "Subject."  
 6 Q. And it's coming from  
 7 quickbooks@notification.intuit.com. It's got the  
 8 word "Accruvia" in front of it, right?  
 9 A. I'm sorry. Can you repeat your  
 10 question?  
 11 Q. What does the "From" line say?  
 12 A. The "From" line says "Accruvia," and  
 13 then in angled brackets it reads  
 14 "quickbooks@notification.intuit.com."  
 15 Q. All right. Do you recall receiving  
 16 this e-mail?  
 17 A. I don't recall receiving this  
 18 e-mail.  
 19 Q. All right. Next page is a  
 20 November -- let me just -- I'll skip this  
 21 document. Go back to another one.  
 22 All right. I marked Exhibit 13.  
 23 Can you see a document on your screen?  
 24 A. I see an Exhibit 13 on my screen.  
 25 Q. Have you seen this at all before?

**Page 95**

1 A. I have not seen this before.  
 2 Q. Nonetheless, do you recognize it as  
 3 text from bill.com?  
 4 A. I do not recognize it as text from  
 5 bill.com.  
 6 Q. Okay. Do you see that in the  
 7 third -- the third section that says 10/12/21, it  
 8 says "Athena Bitcoin I Bill.com"? Do you see  
 9 that?  
 10 A. I am not sure what it says, but it  
 11 does say "Athena Bitcoin" and then there's a  
 12 vertical line and then it says "Bill.com."  
 13 Q. Okay. So you don't think that  
 14 vertical line is an I. You think it's a vertical  
 15 line?  
 16 A. I don't know.  
 17 Q. You don't know, do you?  
 18 A. I don't.  
 19 Q. Okay. And you don't know what  
 20 bill.com was communicating to Accruvia or to  
 21 Ms. Pepino about the payment or nonpayment of  
 22 Accruvia's invoices, do you?  
 23 A. No, I couldn't know what bill.com  
 24 was communicating with Ms. Pepino or Mr. Overton.  
 25 Q. Who paid -- which entity paid the

**Page 96**

1 \$11,000 invoice from Accruvia that was actually  
 2 paid?  
 3 A. I believe Athena Bitcoin, Inc., paid  
 4 it on behalf of Athena Bitcoin Global.  
 5 Q. Does Inc. have a bank account at  
 6 Citizen's National Bank?  
 7 A. Yes.  
 8 Q. Does Global have an account there  
 9 too?  
 10 A. It does now.  
 11 Q. Did it?  
 12 A. It did not previously.  
 13 Q. Okay. I've marked Exhibit 14. Do  
 14 you know if this is -- or can you tell whether  
 15 this is a report from Citizen's National Bank?  
 16 A. I don't see an Exhibit 14, sir.  
 17 Q. Can you refresh, please.  
 18 A. There's nothing to refresh, sir.  
 19 Q. You know what, sorry, I need to  
 20 share it with you first. I hit the wrong button.  
 21 All right. And I can't tell -- let me blow it up.  
 22 That probably is part of my problem. Need to -- I  
 23 marked this as Exhibit 14.  
 24 Can you see Exhibit 14 now?  
 25 A. I see a document marked Exhibit 14.

**Page 97**

1 Q. All right. Can you tell in the  
 2 middle that -- the first page that this has a --  
 3 it says it's paid from Citizen's National Bank  
 4 with a partial bank account number?  
 5 A. I see that it says it is paid from  
 6 Citizen's National Bank, and there is a partial  
 7 account number.  
 8 Q. And do you see the process date of  
 9 October 10, 2021?  
 10 A. Yes, I see the process date.  
 11 Q. As of October of 2021, Inc. was the  
 12 only Athena entity that had an account at  
 13 Citizen's National Bank, correct?  
 14 A. I believe that is correct.  
 15 MR. FOWLER: Kelly, you said it  
 16 shows a process date of October 10. Am I  
 17 looking at the wrong document?  
 18 MR. STEWART: October -- I  
 19 misspoke then. October 12, 2021.  
 20 MR. FOWLER: Okay. Okay.  
 21 BY MR. STEWART:  
 22 Q. Tell me when you can see what I  
 23 marked as Exhibit 15.  
 24 A. I see your Exhibit 15.  
 25 Q. All right. Have you seen Exhibit 15

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

<p style="text-align: right;"><b>Page 98</b></p> <p>1 before?</p> <p>2 A. No, I have not.</p> <p>3 Q. All right. Do you know -- and I</p> <p>4 guess I think you've answered this question, but</p> <p>5 if it's from -- it's an e-mail from bill.com to</p> <p>6 Shaun Overton.</p> <p>7 Do you see where that says that on</p> <p>8 the top on the first page?</p> <p>9 A. I see where that's indicated on the</p> <p>10 first page.</p> <p>11 Q. It says in the middle Track your</p> <p>12 payment from Athena Bitcoin Inc.</p> <p>13 Do you see that?</p> <p>14 A. I see that.</p> <p>15 Q. Likewise, let me know, please, when</p> <p>16 you can see my Exhibit 16.</p> <p>17 A. I see your Exhibit 16.</p> <p>18 Q. All right. And this again at the</p> <p>19 top -- or let me just ask you this: Have you seen</p> <p>20 Exhibit 16 before?</p> <p>21 A. I have not seen Exhibit 16 before.</p> <p>22 Q. Do you see, though, nonetheless, at</p> <p>23 the top it appears to be an e-mail from bill.com</p> <p>24 to Shaun Overton?</p> <p>25 A. It appears to be an e-mail from</p>	<p style="text-align: right;"><b>Page 100</b></p> <p>1 actually, page 9 of -- the last page, on your</p> <p>2 signature page, the last page, page 10 of 10. Are</p> <p>3 you there?</p> <p>4 A. Yes.</p> <p>5 Q. And I want to read you -- this is</p> <p>6 Number 19 at the top of the page is asking for</p> <p>7 request for admission from Inc. that Athena paid</p> <p>8 Accruvia for work Accruvia performed.</p> <p>9 And there's some legal objections,</p> <p>10 but the last sentence says specifically: Athena</p> <p>11 denies it paid Accruvia for work Accruvia</p> <p>12 performed for Athena.</p> <p>13 Did you not just tell me that Inc.</p> <p>14 paid Accruvia for the work?</p> <p>15 A. There appears to be two parts to the</p> <p>16 sentence you just wrote.</p> <p>17 Q. Yeah.</p> <p>18 A. Specifically -- I believe to quote</p> <p>19 this document, it says: Specifically, Athena</p> <p>20 denies that it paid Accruvia for work Accruvia</p> <p>21 performed for Athena.</p> <p>22 Q. And so the reason that's denied is</p> <p>23 because of the phrase "performed for Athena"?</p> <p>24 A. That's correct.</p> <p>25 Q. All right. And it's Athena's --</p>
<p style="text-align: right;"><b>Page 99</b></p> <p>1 bill.com to Mr. Overton.</p> <p>2 Q. It says: Hi Accruvia, You've</p> <p>3 received money in your bank account from Athena</p> <p>4 Bitcoin for these invoices.</p> <p>5 Do you see that?</p> <p>6 A. I see that.</p> <p>7 Q. All right. That's on page 1. It</p> <p>8 also says the same thing on page 2.</p> <p>9 Do you see that?</p> <p>10 A. I see that on page 2.</p> <p>11 Q. Please tell me when you can see my</p> <p>12 Exhibit 17.</p> <p>13 A. I see your Exhibit 17.</p> <p>14 Q. And do you see on the front that</p> <p>15 this says Defendant's Supplemental Responses to</p> <p>16 Plaintiff's First Set of Personal Jurisdiction</p> <p>17 Discovery?</p> <p>18 A. I see where it says the words you</p> <p>19 just spoke.</p> <p>20 Q. Have you seen this document before?</p> <p>21 And you may want to page through it, just . . .</p> <p>22 A. I believe I've seen this document</p> <p>23 before. My signature appears -- appears on</p> <p>24 page 10.</p> <p>25 Q. If you could turn to page 10 --</p>	<p style="text-align: right;"><b>Page 101</b></p> <p>1 it's Inc.'s position in this lawsuit that none of</p> <p>2 the work that Accruvia did was for Inc. It was</p> <p>3 either for Global or one of the -- or the</p> <p>4 El Salvador subsidiary?</p> <p>5 A. That's correct. And, further,</p> <p>6 Athena Bitcoin Global did not at the time have a</p> <p>7 bank account and couldn't make payments. So</p> <p>8 Athena Bitcoin Global used its consolidated</p> <p>9 balance sheet and requested Athena Bitcoin, Inc.,</p> <p>10 make the payment on its behalf and, as you've</p> <p>11 already shown, Mr. Overton was communicating with</p> <p>12 me on an athena.sv e-mail address, which the sv</p> <p>13 country code is El Salvador.</p> <p>14 MR. STEWART: Okay. I'll object</p> <p>15 to the nonresponsive portion of that</p> <p>16 question [sic].</p> <p>17 BY MR. STEWART:</p> <p>18 Q. While we're on this page, to save</p> <p>19 from coming back to it, the next request for</p> <p>20 admission, Mr. Overton, is Number 20 that asks for</p> <p>21 admission or denial on Accruvia performed work in</p> <p>22 Texas -- you know what, I now see the problem with</p> <p>23 that. I should have said Accruvia performed work</p> <p>24 in Texas for Athena.</p> <p>25 If Athena -- if that request were</p>

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 102**

1 stated, it says: Accruvia performed work in Texas  
 2 for Athena, would you agree with it or disagree  
 3 with it?  
 4 MR. FOWLER: Objection, form.  
 5 BY MR. STEWART:  
 6 Q. Well, let me just ask it this way:  
 7 Did Athena -- excuse me.  
 8 Did Accruvia do work while in Texas  
 9 for any Athena entity?  
 10 A. I don't know.  
 11 Q. Do you know where Mr. Overton lives?  
 12 What state?  
 13 A. I believe that he works in Texas  
 14 because you've mentioned that, but I've never been  
 15 to his home. I don't know anything about where he  
 16 lives.  
 17 Q. Did he ever tell you that he lived  
 18 in Texas?  
 19 A. He may have.  
 20 Q. In fact, did you not encourage him  
 21 to fly home to Texas at one point during the  
 22 middle of this work?  
 23 A. I believe that I did not encourage  
 24 him to fly home. I believe that he did come to me  
 25 and ask that he go home to his family.

**Page 103**

1 Q. And you knew that was in Texas,  
 2 right?  
 3 A. I may have at the time known it was  
 4 in Texas.  
 5 Q. You're denying you knew it was in  
 6 Texas?  
 7 A. I don't remember where he lives.  
 8 Q. Okay. Do you know where Accruvia  
 9 was located physically, where its home address  
 10 was?  
 11 A. I don't know if Accruvia has an  
 12 office. I don't know. I've never visited its  
 13 offices.  
 14 Q. At the time in September-October of  
 15 2021, did you know where Shaun Overton lived?  
 16 A. In September of 2021, I believe -- I  
 17 believe that I remember he lived in Texas at that  
 18 time.  
 19 Q. And did you know during that time  
 20 period that Accruvia was located in Texas?  
 21 A. I don't know if I knew that Accruvia  
 22 existed as a Texas entity or not. I was also  
 23 unaware that Accruvia has any offices.  
 24 Q. You'd entered into a term sheet --  
 25 "you" being what you're contending is Athena

**Page 104**

1 Bitcoin Global, entered into a term sheet with  
 2 Mr. Overton that we looked at, I believe, as  
 3 Exhibit 3, and that was to discuss or continue the  
 4 process of possibly buying his company and  
 5 Mr. Overton working for -- working for Global,  
 6 correct?  
 7 A. Yes.  
 8 Q. And yet you didn't know where he  
 9 lived at the time you entered into that term  
 10 sheet?  
 11 A. Is there an address for Accruvia on  
 12 that term sheet? I'm --  
 13 Q. I didn't ask you whether there's an  
 14 address.  
 15 A. I'm trying to remember. If there  
 16 was an address on that term sheet, then I would  
 17 have known at the time.  
 18 Q. That's not my question,  
 19 Mr. Gravengaard. My question is: Did you know at  
 20 the time where Mr. Overton lived?  
 21 A. I think I did, but, again, I  
 22 don't . . .  
 23 Q. Would you have offered somebody a  
 24 job as the CTO for Global without knowing where  
 25 they live?

**Page 105**

1 A. We're in a fully remote workforce,  
 2 sir, and so --  
 3 Q. So that's --  
 4 A. At the time we had to verify his  
 5 employment, you know, his eligibility for  
 6 employment, we would have checked such a thing.  
 7 Q. Would you have to pay taxes on his  
 8 employment if he did become an employee?  
 9 A. I believe that is the way tax law  
 10 works.  
 11 (Simultaneous/overlapping  
 12 indiscernible voices.)  
 13 BY MR. STEWART:  
 14 Q. And you'd need to know what state he  
 15 lived in or resided in, correct?  
 16 A. I believe that we would at the time  
 17 that he would have become an employee, yes.  
 18 Q. And I'm just trying to nail down, as  
 19 of the September 22, 2021, date of the term sheet,  
 20 did you know where Mr. Overton lived?  
 21 A. And I'm answering your question that  
 22 I believe that at the time I knew that he was in  
 23 Texas, but, again, I don't know -- never been to  
 24 his house and I didn't know that there was an  
 25 office for Accruvia. I only met with Mr. Overton

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 106**

1 in El Salvador.  
 2 Q. Thank you.  
 3 Did you know as of September 22,  
 4 2021, where Accruvia was physically located?  
 5 MR. FOWLER: Objection, form,  
 6 asked and answered.  
 7 BY MR. STEWART:  
 8 Q. You can answer.  
 9 MR. FOWLER: No, he can't answer.  
 10 He's already answered the question,  
 11 Kelly, twice.  
 12 MR. STEWART: I'm not -- no. It's  
 13 unclear. I'm not sure what he's saying.  
 14 A. I don't know, as of the 22nd of  
 15 September, if I knew where Accruvia had its  
 16 offices.  
 17 BY MR. STEWART:  
 18 Q. Okay. Thank you. Now you've  
 19 answered it.  
 20 At some point in your working  
 21 relationship with Mr. Overton, you had discussions  
 22 with him about going home -- right? -- for some  
 23 brief period of time?  
 24 A. I believe that we did have  
 25 discussions about him going home.

**Page 107**

1 Q. Did you know during those  
 2 discussions where he lived?  
 3 A. Broadly that he lived in Texas, I  
 4 believe. I believe that I knew at the time that  
 5 he lived in Texas.  
 6 Q. Did you know that he --  
 7 A. He was returning to Texas. I  
 8 shouldn't say I knew that he lived there. I  
 9 take -- I want to amend that comment. I believe  
 10 he was returning to his family, and he was going  
 11 to see them in Texas.  
 12 Q. Okay. But you didn't know he lived  
 13 there. You just knew he was going to see his  
 14 family in Texas?  
 15 A. That's what he stated to me. I  
 16 don't know if that was true.  
 17 Q. Did you know that Mr. Overton was  
 18 doing work for you when he was at home?  
 19 A. I don't know that he was doing that.  
 20 He said he needed to go see his family.  
 21 Q. Okay. Did you keep in touch with  
 22 him while he was seeing his family?  
 23 A. I may have had a phone call with  
 24 him.  
 25 Q. Do you know where he was located

**Page 108**

1 when you had a phone call with him?  
 2 A. No, I do not.  
 3 Q. And your phone call was not about  
 4 his family. It was about the work on Chivo  
 5 Wallet?  
 6 A. That is probably true.  
 7 Q. Did you ever have Microsoft Teams  
 8 communications, video calls, Zoom calls, or any  
 9 calls with Mr. Overton while he was in Texas?  
 10 A. There might have been one call.  
 11 Q. And I think I know the answer to  
 12 this, but did you ever have any communications  
 13 with Ms. Jarrell while she was in Texas, you  
 14 personally?  
 15 A. No, I don't believe I did. I don't  
 16 believe that I met Ms. Jarrell at all, really,  
 17 until January of '22. That's my first  
 18 recollection of meeting Ms. Jarrell.  
 19 Q. With respect to the work that was  
 20 invoiced for -- that we've looked at the three  
 21 invoices, Mr. Gravengaard, we looked at an \$11,000  
 22 invoice that was paid and then an \$8,400 and a  
 23 \$75,000 invoice that weren't paid.  
 24 Do you agree with me generally? I'm  
 25 not asking about the details, but we've looked at

**Page 109**

1 three invoices, one of which was paid and two of  
 2 which weren't, right?  
 3 A. Yes. We've looked at three  
 4 invoices.  
 5 Q. And did -- for that work that  
 6 Accruvia contends that it did, did you ever tell  
 7 Mr. Overton, You're doing this work for Global?  
 8 A. Yes, I believe that's what the  
 9 letter of intent said, that we're interested in  
 10 having Mr. Overton and the rest of Accruvia join  
 11 with Athena Bitcoin Global and to work on the  
 12 intellectual property that's owned by Athena  
 13 Bitcoin Global and to help Athena Bitcoin Global  
 14 to fulfill its requirements with the contract it  
 15 has with the government of El Salvador.  
 16 Q. And when you say "letter of intent,"  
 17 do you mean the term sheet?  
 18 A. I'm sorry, I meant the term sheet.  
 19 Q. Okay. There's not a separate letter  
 20 of intent, right?  
 21 A. I misspoke. I was referring to the  
 22 term sheet which you marked as Exhibit --  
 23 Q. Yeah. Not a problem. I just -- I  
 24 want to make sure I didn't overlook a document.  
 25 Now, the term sheet, as we

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 110**

1 discussed, was an offer to Shaun Overton to --  
 2 well, it was an offer. It was -- the goal of that  
 3 was to purchase Accruvia and to have Mr. Overton  
 4 work as, I believe, the chief technology officer;  
 5 is that right?  
 6 A. I believe that was the primary goals  
 7 of that document, yes.  
 8 Q. Were the -- any of the work that was  
 9 in the invoices listed as coming out of that term  
 10 sheet?  
 11 MR. FOWLER: Objection, form.  
 12 A. Yeah, I don't fully understand your  
 13 question. Could you repeat that?  
 14 BY MR. STEWART:  
 15 Q. Yeah.  
 16 Did the term sheet specifically  
 17 address the work that is showing in the invoices?  
 18 MR. FOWLER: Objection, form.  
 19 A. The work . . . The invoices seemed  
 20 to be for work that was done subsequent to the  
 21 term sheet with the understanding that Athena  
 22 Bitcoin Global was going to acquire Accruvia and  
 23 its relationships with its developers and hire  
 24 Mr. Overton.  
 25 ///

**Page 111**

1 BY MR. STEWART:  
 2 Q. Did you ever tell Mr. Overton that  
 3 that subsequent work was for Global?  
 4 A. I believe I did because it's for  
 5 Athena Bitcoin Global.  
 6 Q. Okay. When did you tell him that  
 7 that work was for Global?  
 8 A. I'm sure when we began our working  
 9 relationship and I showed him the source code for  
 10 the Chivo Wallet, which is the possession -- which  
 11 is owned by Athena Bitcoin Global.  
 12 Q. You say you're sure that you did.  
 13 Do you recall a specific  
 14 conversation where you said, Shaun, the work  
 15 that's going to occur post-September 22, '21,  
 16 pursuant to that term sheet -- the work that's  
 17 going to occur after that term sheet was entered  
 18 into is going to be for Global?  
 19 Do you recall a specific  
 20 conversation --  
 21 A. I do not recall a specific  
 22 conversation.  
 23 Q. Did you ever tell him the work was  
 24 for Inc.?  
 25 A. No.

**Page 112**

1 Q. Did you ever tell him the work was  
 2 for Athena Holdings El Salvador, S.A. de C.V.?  
 3 A. No, because I don't think that he  
 4 worked on any -- anything that would have directly  
 5 been for that entity.  
 6 Q. Was that entity -- and that's the  
 7 El Salvador entity. Was that doing any work for  
 8 Chivo Wallet?  
 9 A. It -- that entity has the contract  
 10 to operate the Bitcoin ATMs in the government of  
 11 El -- I'm sorry -- in the country of El Salvador.  
 12 That entity may also have other contracts with the  
 13 government regarding point-of-sale systems.  
 14 Q. And I missed the word you said. You  
 15 said it has a contract to operate the what kind of  
 16 ATMs?  
 17 A. The Chivo ATMs, the Chivo-branded  
 18 ATMs that we use.  
 19 Q. Sorry. I just couldn't hear.  
 20 That's the Athena Holdings  
 21 El Salvador, S.A. de C.V.?  
 22 A. Right.  
 23 Q. Mr. Overton signed a nondisclosure  
 24 agreement also with the Athena Holdings  
 25 El Salvador entity, correct?

**Page 113**

1 A. Yes.  
 2 Q. And I'm looking at it, and I can  
 3 show it to you, but I think it says Athena  
 4 Holdings El Salvador Variable Capital Limited  
 5 Company. That's the -- that should be the same as  
 6 Athena Holdings El Salvador, S.A. de C.V.,  
 7 correct?  
 8 A. Yes. I believe what you're reading  
 9 is a translation of the abbreviation S.A. de C.V.  
 10 Q. All right. And did any of the work  
 11 that was invoiced, none of that work was for the  
 12 S.A. de C.V. entity, correct? Is that your  
 13 testimony?  
 14 A. Yeah, I don't believe that it was.  
 15 Yeah, I don't believe that it was.  
 16 Q. Has Inc. filed any lawsuits in Texas  
 17 before?  
 18 A. I don't believe that Inc. has filed  
 19 any lawsuits in Texas.  
 20 Q. Other than this lawsuit, has Inc.  
 21 ever been sued in Texas?  
 22 A. I don't believe that Inc. has ever  
 23 been sued in Texas.  
 24 Q. Has Global either filed or been sued  
 25 in Texas?

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 114**

1 A. My history with Global would only go  
2 back to 2020, so I can't speak about anything  
3 Global may or may not have done prior to that.  
4 But Global has not been sued in any lawsuit since  
5 2020 in Texas.  
6 Q. Did any Athena entity pay for  
7 Mr. Overton's flight back to Texas when he went  
8 home?  
9 A. I'm not sure how Mr. Overton paid  
10 for his flight to return -- to go to Texas.  
11 Q. Do you have any personal knowledge,  
12 one way or the other, as to whether Inc. paid it,  
13 Global paid it, Mr. Overton paid it, or anybody  
14 else paid it?  
15 A. No, I have no -- I have no knowledge  
16 of that.  
17 Q. Do you know who Sophia Martinez is?  
18 A. Ms. Martinez was our executive  
19 assistant in El Salvador.  
20 Q. Who was her -- was her employer  
21 S.A. de C.V.?  
22 A. I'm sure that it was.  
23 Q. She's not a Global or an Inc.  
24 employee -- is she a Global or an Inc. employee,  
25 to your knowledge?

**Page 115**

1 A. No, to my knowledge she was not.  
2 Q. Do you know whether she arranged for  
3 S.A. de C.V. to pay for Mr. Overton's flights?  
4 A. She may have. She arranged for  
5 other people to travel in and out of El Salvador,  
6 but I have no direct knowledge as to whether or  
7 not she did the travel planning for Mr. Overton.  
8 Q. I guess I've got to . . . I think  
9 I'm on Exhibit -- could the court reporter tell me  
10 which exhibit I'm on, please.  
11 THE REPORTER: Let me look at the  
12 list real quick. I think 18 is next.  
13 BY MR. STEWART:  
14 Q. When you can see Exhibit 18, please  
15 let me know.  
16 A. I can see Exhibit 18.  
17 Q. That says Defendant's Responses to  
18 Plaintiff's First Set of Merits Discovery?  
19 A. I see where it says that.  
20 MR. STEWART: Larry, don't worry,  
21 I'm going to ask him personal  
22 jurisdiction issues, not --  
23 BY MR. STEWART:  
24 Q. In fact, you -- last page you  
25 signed, you verified the interrogatory responses?

**Page 116**

1 A. My signature appears on page 5 of  
2 this document.  
3 Q. Looks like you verified everything.  
4 Okay. I'm going to ask you about  
5 Interrogatories 2 and 3, which are on page 4, I  
6 believe.  
7 MR. FOWLER: What are we supposed  
8 to be looking at?  
9 MR. STEWART: You mean what page  
10 number?  
11 MR. FOWLER: Yeah, please.  
12 MR. STEWART: Yeah.  
13 Interrogatories 2 and 3 which should be  
14 on page -- showing up on my page 4.  
15 MR. FOWLER: Okay. All right.  
16 Thanks.  
17 BY MR. STEWART:  
18 Q. Are you there, Mr. Gravengaard?  
19 A. I believe I am.  
20 Q. Okay. Interrogatory 2 asks whether  
21 Athena has used in any manner any work or services  
22 performed by Accruvia, including, but not limited  
23 to, any use of such work or services in or for  
24 ATMs owned by Athena, and the answer is no.  
25 Do you see that?

**Page 117**

1 A. Yes.  
2 Q. It says: The work done by Accruvia  
3 was for another entity in El Salvador and the ATMs  
4 in that country are not owned by Athena.  
5 What is the other entity in  
6 El Salvador to which you're referring?  
7 A. I see what the question is. Okay.  
8 I assume that we're referring to -- my  
9 interpretation of your interrogatory was did  
10 Accruvia do work for ATMs, and my response was  
11 Accruvia did not do work for ATMs, and any ATMs  
12 that are in El Salvador are owned by an entity  
13 that's not Athena.  
14 Q. My question is, your response to  
15 Number 2 says: The work done by Accruvia was for  
16 another entity in El Salvador. That's the first  
17 part.  
18 What entity in El Salvador was the  
19 work done by Accruvia done for?  
20 A. Oh, right. No. Athena -- the  
21 answer then would be incorrect. The work done by  
22 Accruvia was done for Athena Bitcoin Global.  
23 Q. Okay. Because I thought you just  
24 told me a minute ago -- I'm agreeing with you  
25 because I --

**Athena Bitcoin, Inc. (Eric Gravengaard)**  
**August 17, 2022**

**Page 118**

1 A. Yeah. I agree that I think this  
 2 interrogatory was confusing and we're trying to  
 3 weave a lot of things together, and so I think  
 4 perhaps the answer is more specific, that Accruvia  
 5 was working for Athena Bitcoin Global on its  
 6 intellectual property that Athena Bitcoin Global  
 7 owns. But this notion of the ATMs in Texas and/or  
 8 wherever, those ATMs are owned by Athena Bitcoin,  
 9 Inc.

10 Q. Because you had just told me earlier  
 11 that Accruvia did not do any work for Athena  
 12 Holdings El Salvador, S.A. de C.V., correct?

13 A. Right. Because the work was really  
 14 on the Chivo Wallet, and that software is owned by  
 15 Athena Bitcoin Global.

16 Q. I want to talk about Chivo Wallet in  
 17 a second because it impacts here.

18 Okay. So the answer to Number 2 is  
 19 incorrect. At least that first phrase of that  
 20 second sentence is incorrect, right?

21 A. Right.

22 Q. And the ATMs in that country, you're  
 23 talking about El Salvador. Those ATMs are not  
 24 owned by Athena, right, Inc.?

25 A. Right.

**Page 119**

1 Q. They are owned by Athena Holdings  
 2 El Salvador, S.A. de C.V.?

3 A. Yes.

4 Q. Okay. And then on Interrogatory 3  
 5 right beneath it, my client asks: Has Athena  
 6 benefitted from in any manner from the work or  
 7 services performed by Accruvia, including, but not  
 8 limited to, et cetera.

9 And the answer is: No. The work  
 10 performed by Accruvia involved the operations of a  
 11 third party in a different country.

12 Is that correct?

13 A. The -- the work performed by  
 14 Accruvia was for Athena Bitcoin Global and its  
 15 contract with the government of El Salvador in a  
 16 different country.

17 Q. All right. And that's Global's  
 18 contract to set up the software to run Chivo  
 19 Wallet, right?

20 A. Yes. Probably.

21 MR. STEWART: Let's talk about --  
 22 it's noon. We can take a short lunch  
 23 break. I'm not guaranteeing I have less  
 24 than an hour, but it could be less than  
 25 an hour. So I'm happy to work through,

**Page 120**

1 but --

2 MR. FOWLER: Well, I'll tell you,  
 3 my preference would be to keep going.

4 MR. STEWART: Okay. Let's keep  
 5 going, and at 12:30 I'll revisit. We may  
 6 or may not be done by 12:30.

7 MR. FOWLER: Mr. Gravengaard, are  
 8 you okay going, or do you need a lunch  
 9 break?

10 THE WITNESS: No, that's fine.

11 MR. STEWART: Okay.

12 MR. FOWLER: Eric, what about you?  
 13 Are you okay to keep going?

14 THE WITNESS: Yeah, we can keep  
 15 going.

16 BY MR. STEWART:

17 Q. All right. Let's talk about Chivo  
 18 Wallet in general.

19 It's the official Bitcoin platform  
 20 of El Salvador that supports the use of Bitcoin as  
 21 a legal tender in that country; is that right?

22 A. I'm sorry, you're asking me about --

23 Q. Chivo Wallet.

24 A. -- whether or not I know that to be  
 25 a fact? I believe that's a fact, but --

**Page 121**

1 Q. Okay. And it's used in -- it's a  
 2 software that's used, at least in part, to help  
 3 connect Bitcoin ATMs in the US with Bitcoin ATMs  
 4 in El Salvador, correct?

5 A. No. I wouldn't characterize it that  
 6 way at all.

7 Q. It doesn't help them connect?

8 A. I mean, no, not specifically.

9 Q. Okay. Is it used -- it's used for,  
 10 at least in part, ATMs in El Salvador, correct?

11 A. I'm sorry. Could you be more  
 12 specific about it's used in --

13 Q. You can tell I'm not a tech  
 14 attorney, so that's why my questions are rough.  
 15 But I'm just trying to get a -- just so I can  
 16 understand it.

17 A. And I'm just trying to answer  
 18 truthfully, sir.

19 Q. Well, I didn't say you weren't. I'm  
 20 just trying to answer [sic] intelligent questions.  
 21 It's a software that's used to help  
 22 facilitate remittances -- right? -- between two  
 23 ATMs?

24 A. Are you asking if it's used to  
 25 facilitate remittances between two ATMs? That

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 122**

1 would be incorrect.  
 2 Q. Okay. Is it used to facilitate  
 3 remittances or payments in any manner?  
 4 A. It can be used to facilitate  
 5 payments or remittances, yes.  
 6 Q. Okay. How do you -- rather than me  
 7 stumbling through some awkward questions, maybe  
 8 this will help. We talked about Chivo Wallet.  
 9 Tell the judge what Chivo Wallet is,  
 10 in your words.  
 11 A. I believe that the Chivo Wallet is  
 12 an app that the citizens of El Salvador can use to  
 13 transact in the two currencies that are legal in  
 14 El Salvador.  
 15 Q. And those would be Bitcoin and what?  
 16 A. I believe that their second currency  
 17 is called the US dollar.  
 18 Q. Now, does Chivo Wallet have any use  
 19 for Bitcoin -- use in Bitcoin ATMs in the United  
 20 States?  
 21 A. Not to my knowledge because I don't  
 22 know that you can have the Chivo Wallet in the  
 23 United States.  
 24 Q. You don't have to have access to --  
 25 if you want to -- if you want to take US dollars

**Page 123**

1 in the United States and get them to somebody in  
 2 El Salvador using Bitcoin, if you're standing in a  
 3 US Bitcoin ATM, you're not going to utilize the  
 4 Chivo Wallet technology or software in any manner?  
 5 A. No, because I think you would have  
 6 to be in El Salvador to have a Chivo Wallet app on  
 7 your phone.  
 8 Q. You can't have a Chivo Wallet app on  
 9 your phone in the United States?  
 10 A. No. It's geofenced to prevent that.  
 11 Q. Okay.  
 12 A. You probably can't load it on your  
 13 phone right now.  
 14 Q. Can you check your Chivo Wallet  
 15 balance at an ATM in the United States?  
 16 A. No, you cannot check your Chivo  
 17 Wallet balance at an ATM in the United States.  
 18 Q. Could you transfer US dollars from  
 19 the United States to El Salvador using a Bitcoin  
 20 ATM without Chivo Wallet being in place?  
 21 A. There's many parts to that question.  
 22 You cannot transmit US dollars from a Bitcoin ATM  
 23 in the United States.  
 24 Q. You can't deposit US dollars in a  
 25 Bitcoin ATM and have somebody in El Salvador

**Page 124**

1 obtain either US dollars or Bitcoin for that ---  
 2 for what you put in in the United States?  
 3 A. That's a different question, sir.  
 4 Q. Okay.  
 5 A. You could use a Bitcoin ATM to  
 6 purchase Bitcoin in the United States.  
 7 Q. Okay. And then somebody in  
 8 El Salvador, they -- that Bitcoin can be  
 9 transferred to somebody in El Salvador, right?  
 10 A. Yes.  
 11 Q. And then they can get it either in  
 12 Bitcoin or US dollars?  
 13 A. Well, they would receive Bitcoin.  
 14 Q. Okay. Can you send Bitcoin from the  
 15 USA to El Salvador? You can, right?  
 16 A. I believe that's legal to do.  
 17 Q. In fact, that's what the Bitcoin  
 18 ATMs of Athena do, right? One of the things they  
 19 do, correct?  
 20 A. No. The Athena Bitcoin ATMs sell  
 21 Bitcoin to people that are using the ATMs.  
 22 Q. Right.  
 23 A. So long as they comply with both our  
 24 terms of service as well as, you know, normal  
 25 anti-money laundering.

**Page 125**

1 Q. Okay. So if I've got \$100 and I  
 2 want to transfer that to Bitcoin for whatever  
 3 reason, I can go to a Bitcoin ATM owned by Athena  
 4 in Texas and I could put in \$100 in cash and get  
 5 the equivalent value of Bitcoins, right?  
 6 A. Very specifically, to not  
 7 accidentally step across a line, you would be  
 8 purchasing Bitcoin --  
 9 Q. I could --  
 10 A. -- using the ATM.  
 11 Q. Okay. So I could take \$100 and  
 12 purchase \$100 worth of Bitcoin at an Athena ATM in  
 13 Texas. I could do that, correct?  
 14 A. Less whatever fees may have been  
 15 charged to you.  
 16 Q. But I could do that, correct?  
 17 A. I'm not saying you would receive  
 18 \$100 of Bitcoin --  
 19 Q. All right.  
 20 A. -- in response for your purchase.  
 21 Q. Okay. I could go to an Athena ATM  
 22 Bitcoin in Texas, put in \$100 and I would get some  
 23 amount of Bitcoin purchased?  
 24 A. Yes. Assuming you passed all the  
 25 OFAC and other regulatory checks.

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 126**

1 Q. And then I could send that Bitcoin,  
2 if I chose to, to somebody in El Salvador, right?  
3 A. I couldn't stop you. That would be  
4 a sovereign transaction on your behalf.  
5 Q. And to do that, though, those  
6 persons in El Salvador, to get that -- I think  
7 what I heard you say is those persons in  
8 El Salvador, to get the Bitcoin, however much I  
9 purchased, they would have to be -- have the app,  
10 the Chivo Wallet app, right?  
11 A. No, they would not have to have the  
12 Chivo Wallet app.  
13 Q. But they can have the Chivo Wallet  
14 app, right?  
15 A. They could have the Chivo Wallet  
16 app.  
17 Q. Okay. So what's the benefit of the  
18 Chivo Wallet app if people don't need it? If they  
19 don't have to have it in El Salvador to get  
20 Bitcoin that was transferred to them, why would  
21 you want to -- what do you tell people about why  
22 you need the Chivo Wallet?  
23 A. I don't. We're not the operators of  
24 the Chivo Wallet. It's not our -- it's not  
25 Athena's position to market the Chivo Wallet app.

**Page 127**

1 Q. Okay. Marketing aside, what's the  
2 benefit of Chivo Wallet to somebody in El Salvador  
3 that has it? Is there a benefit?  
4 A. I'm not sure how I could explain  
5 that in an answer to your question.  
6 Q. Well, you're telling me that Global  
7 has a contract with the government of El Salvador  
8 to develop Chivo Wallet technology or software,  
9 right?  
10 A. Had, yes.  
11 Q. And you can't tell me what any  
12 benefit to that Chivo Wallet would be?  
13 A. Well, how do I presume what someone  
14 in El Salvador believes are the benefits of using  
15 the Chivo Wallet?  
16 Q. I'm not asking somebody in  
17 El Salvador. I'm asking you.  
18 What would be the benefit of using  
19 the software that your company is getting paid for  
20 or has gotten paid for by the government of  
21 El Salvador to develop?  
22 A. What would be the benefits to me?  
23 Q. What would be the benefits to a  
24 user?  
25 A. Benefits over what? Compared to

**Page 128**

1 what?  
2 Q. Why would somebody get a Chivo  
3 Wallet app in El Salvador? What's the purpose?  
4 A. Oh. Well, the purpose would be to  
5 hold dollars in Bitcoin in an account on their  
6 mobile phone.  
7 Q. Okay. And one way that somebody in  
8 El Salvador who has Chivo Wallet could get that  
9 Bitcoin could be a transfer from the United  
10 States, right? That's one way?  
11 A. Of the millions of possible ways, I  
12 guess that is one of the ways.  
13 Q. All right. And an ATM, a Bitcoin  
14 ATM, in the United States to transfer to somebody  
15 who's using Chivo Wallet in El Salvador, there has  
16 to be some connection -- they have to work  
17 together at some level, right?  
18 You're -- the technology in the  
19 United States versus Chivo Wallet software in  
20 El Salvador, they have to work together to make a  
21 transfer, right?  
22 A. Well, it's an open -- it's an open,  
23 decentralized platform. Bitcoin works on a  
24 peer-to-peer basis. Anyone can operate and make  
25 Bitcoin transactions regardless of what software

**Page 129**

1 they're running. That's what makes it a  
2 beautiful, decentralized, open system.  
3 Q. Okay. But still I think -- maybe  
4 you're answering my question. Maybe I'm just  
5 misunderstanding it.  
6 But in order for somebody in the  
7 United States to purchase Bitcoin and transfer  
8 that Bitcoin to somebody in El Salvador that would  
9 be using the Chivo Wallet, there has to be a  
10 connection between that Chivo Wallet software and  
11 the US Bitcoin ATM that was used, right?  
12 A. No. Other than they're both part of  
13 the Bitcoin network. And, in fact, the ATM  
14 wouldn't even know that they -- that it was going  
15 to a Chivo Bitcoin address.  
16 Q. Mr. Gravengaard, why would you  
17 develop Chivo Wallet if -- if a person in  
18 El Salvador could use any sort of program to  
19 transfer Bitcoin or receive it? What's the  
20 benefit of Chivo Wallet?  
21 A. Again, compared to what other  
22 wallet? There's many wallets that the citizens of  
23 El Salvador could use.  
24 Q. I'm not asking you to compare it.  
25 I'm just saying why would somebody want Chivo

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 130**

1 Wallet? What is its purpose?  
 2 A. Its purpose is to hold dollars in  
 3 Bitcoin.  
 4 Q. Okay. And is it any different than  
 5 any other wallet that somebody in El Salvador can  
 6 access?  
 7 A. I mean, I think that it has, you  
 8 know, a very unique look and feel compared to  
 9 other wallets that are available to the citizens  
 10 of El Salvador, as available in the App Store, or  
 11 the Google Play, or the Huawei Store.  
 12 Q. What did the government of  
 13 El Salvador tell you as to why they wanted you to  
 14 do this?  
 15 A. What did the government of  
 16 El Salvador tell us about why -- could you repeat  
 17 that question?  
 18 Q. Yeah. You said Global has a  
 19 contract with the government of El Salvador to  
 20 develop the Chivo app -- Chivo Wallet. Sorry.  
 21 A. Right.  
 22 Q. What did they tell you? Did they  
 23 just say develop it, or did they say develop it  
 24 because we need X, Y, and Z?  
 25 What were the reasons for developing

**Page 131**

1 the Chivo Wallet?  
 2 A. You'd have to go ask the government  
 3 for the reasons for why they wanted to have a  
 4 Chivo Wallet.  
 5 Q. What did they tell you?  
 6 A. I don't know that they did tell us.  
 7 Q. So you filed -- "you" being Global  
 8 filed a Form S-1 with the SEC on February 10 of  
 9 2022 and touted the contracts that you have with  
 10 the government of El Salvador and all of the Chivo  
 11 Wallet work, Mr. Gravengaard, and you're unable to  
 12 tell me any benefits to that Chivo Wallet sitting  
 13 here today?  
 14 A. Well, I mean, I'm unclear exactly to  
 15 whom it's supposed to be a benefit and exactly how  
 16 I'm supposed to answer your question.  
 17 Q. I'm just asking for any answer. I  
 18 mean --  
 19 A. I think I've given you an answer,  
 20 like you can hold dollars in Bitcoin --  
 21 Q. Okay.  
 22 A. -- in the wallet, and that's an  
 23 amazing thing.  
 24 Q. All right. But there's other --  
 25 there's other wallets out there that do the same

**Page 132**

1 thing, correct?  
 2 A. There are -- I believe there are  
 3 other wallets out there that offer similar  
 4 functionality. I think the Chivo Wallet is really  
 5 beautiful.  
 6 Q. Okay. How is it different than the  
 7 other wallets out there?  
 8 A. Oh, well, it's a custodial wallet.  
 9 Its look and feel is different. There are  
 10 noncustodial wallets. There are wallets that hold  
 11 more currencies than just dollars and Bitcoin.  
 12 Some wallets only hold Bitcoin. Some wallets  
 13 allow you to do transactions on other blockchains.  
 14 I have a wallet on my phone that I believe has  
 15 Dogecoin.  
 16 Q. Was the government trying -- was the  
 17 government of El Salvador in developing getting  
 18 you to -- "you" being Global -- to develop Chivo  
 19 Wallet trying to reduce commissions in the  
 20 intro -- in the remittance industry?  
 21 A. I believe a goal of the government  
 22 of El Salvador is to reduce the total cost of  
 23 remittances.  
 24 Q. Chivo Wallet does that, if somebody  
 25 uses it, right?

**Page 133**

1 A. You would have to specify like by  
 2 what mechanism you think that it would reduce the  
 3 cost of remittances.  
 4 Q. If somebody is getting -- if  
 5 somebody in El Salvador is using Chivo Wallet to  
 6 receive Bitcoin that was purchased in a US Bitcoin  
 7 ATM, that reduces the commissions, right?  
 8 A. Oh, no. Not in any way.  
 9 Q. No?  
 10 A. No.  
 11 Q. There's no benefit -- I thought you  
 12 said there was a benefit commission-wise to using  
 13 Chivo Wallet.  
 14 A. Oh, to using the Chivo Wallet versus  
 15 some other wallet? Perhaps.  
 16 Q. Yeah. That was my question. Yes.  
 17 A. The Athena Bitcoin ATMs in the  
 18 United States generally charge a markup on the  
 19 price of Bitcoin anywhere between 12 and  
 20 20 percent, which would far outstrip the costs of  
 21 a traditional remittance.  
 22 Q. Okay. But --  
 23 A. So it would make no economic sense  
 24 for someone to use an Athena Bitcoin, Inc., ATM to  
 25 send their hundred dollars to their relative or

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 134**

1 friend or whomever in El Salvador regardless of  
 2 whether they are using the Chivo Wallet or any  
 3 other Bitcoin wallet in El Salvador.  
 4 Our commissions are just simply much  
 5 higher than what I believe to be the costs of  
 6 Western Union.  
 7 Q. So if -- your testimony is that if  
 8 somebody purchases Bitcoin on an Athena ATM --  
 9 Bitcoin ATM in the United States and transferred  
 10 that to somebody in El Salvador using Chivo  
 11 Wallet, that they're still going to have a pretty  
 12 huge commission, 10 to 20 percent commission?  
 13 A. There's a 20 -- there's a 10 to  
 14 20 percent markup -- I don't like to use the word  
 15 "commission" -- charged to the person who  
 16 purchased the Bitcoin in the United States.  
 17 Q. So where would the savings in  
 18 markups or commissions or whatever you want to  
 19 call them come into play by using Chivo Wallet?  
 20 A. Oh, for someone in El Salvador, they  
 21 can use a Chivo-branded ATM and either buy or sell  
 22 Bitcoin with zero markups.  
 23 Q. Okay. They have to have a  
 24 Chivo-branded ATM in El Salvador?  
 25 A. Yes.

**Page 135**

1 Q. And do they need the Chivo Wallet,  
 2 the Chivo Wallet app to use that?  
 3 A. No.  
 4 Q. No? Okay.  
 5 So they need to use a Chivo-branded  
 6 ATM in El Salvador, and that there would lower  
 7 their commissions --  
 8 A. Yes.  
 9 Q. -- or markup?  
 10 A. There's a beautiful one in the  
 11 airport in San Salvador right near the exit gate  
 12 as you walk towards customs. And many people use  
 13 it. Many people that are making a pilgrimage to  
 14 El Salvador to see how Bitcoin is being used use  
 15 it there. And they pay zero commission on  
 16 their -- or fees or markups on their purchase or  
 17 sale of Bitcoin.  
 18 Q. And it doesn't matter where they're  
 19 purchasing or selling Bitcoin -- I mean, what if  
 20 they're transferring Bitcoin? Does that --  
 21 A. I'm not sure what you mean by  
 22 "transferring." Let me be more specific.  
 23 They can use any wallet they choose.  
 24 They can -- if they are lucky enough to have a  
 25 Chivo Wallet, they could use the Chivo Wallet.

**Page 136**

1 But they could use any wallet that's interoperable  
 2 with all wallets that can make or receive Bitcoin  
 3 on the Bitcoin network, and then they would  
 4 receive their Bitcoin without any markup.  
 5 Q. Are those ATMs -- is there just one  
 6 in the airport, or are they at the consulates  
 7 or --  
 8 A. I believe there's about 200 such  
 9 machines throughout the country of El Salvador.  
 10 Q. Are there any Chivo-branded ATMs in  
 11 the United States?  
 12 A. There are some at the consulates.  
 13 Q. And are those ATMs that are being  
 14 installed or owned by or run by any Athena entity?  
 15 A. Yes. Those are owned by Athena  
 16 Bitcoin Global.  
 17 Q. Were those in existence in September  
 18 or October of 2021?  
 19 A. Some of them were, but we were still  
 20 rolling out the installations of those.  
 21 Q. Do the Chivo-branded ATMs use Chivo  
 22 Wallet technology in any manner?  
 23 A. No.  
 24 Q. So your testimony is that the Chivo  
 25 Wallet software has absolutely no connection or

**Page 137**

1 role with Athena's US Bitcoin ATMs?  
 2 A. That's correct.  
 3 Q. There's just no --  
 4 A. There's no relationship. There's no  
 5 relationship between those two.  
 6 Q. Did Chivo Wallet have any  
 7 relationship with the Chivo-branded ATMs in the  
 8 consulates in the United States?  
 9 A. Can you repeat your question? Does  
 10 the Chivo Wallet talk to the ATMs in the  
 11 consulates? Is that what your question --  
 12 Q. No, I didn't say talk to. I said  
 13 does the Chivo Wallet technology or software have  
 14 any relationship to the US consulate Chivo-branded  
 15 ATMs?  
 16 A. No. Those are all completely  
 17 different platforms that have no communications  
 18 between those platforms.  
 19 MR. STEWART: Let me take just a  
 20 couple-minute break. Just a second.  
 21 (Recess from 12:20 p.m. to  
 22 12:36 p.m.)  
 23 THE REPORTER: Ready. Go ahead.  
 24 MR. STEWART: Back on the record?  
 25 THE REPORTER: Yes.

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 138**

1 BY MR. STEWART:  
 2 Q. Mr. Gravengaard, I just had a short  
 3 discussion with your lawyer during the break about  
 4 some of the scope of some of the topics, and are  
 5 you -- some of the questions I have been asking  
 6 you have been about the software, the Chivo Wallet  
 7 software and its relationship, if any, with Texas  
 8 Bitcoin ATMs or US Bitcoin ATMs.  
 9 Are you up to speed today to answer  
 10 fully and accurately all the questions that I've  
 11 asked you so far about the software, Chivo Wallet?  
 12 A. I believe that I have been able to  
 13 answer all of your questions about the software.  
 14 Q. Who is operating the US consulate  
 15 Chivo-branded ATMs? Which entity?  
 16 A. I believe it's Athena Bitcoin Global  
 17 has that contract.  
 18 Q. Not Inc., correct?  
 19 A. I believe that is true. It's  
 20 Global.  
 21 Q. And was that the same in  
 22 September-October of 2021?  
 23 A. I believe it was.  
 24 Q. I believe you mentioned that Global  
 25 didn't have a bank account and that's why Inc.

**Page 139**

1 paid Accruvia for the one invoice.  
 2 Do you recall that testimony?  
 3 A. Yes.  
 4 Q. Does Global and Inc. have any sort  
 5 of intercompany agreement for Global to -- for  
 6 Inc. to do that?  
 7 A. There's no written agreement that  
 8 I'm aware of between those two entities to do  
 9 that.  
 10 Q. Has Global repaid Inc. for the one  
 11 invoice that was actually paid to Accruvia?  
 12 A. Yes.  
 13 Q. Is it Mr. Panos? Do you recall --  
 14 I'm jumping back a little bit.  
 15 Mr. Panos, do you know which entity  
 16 he worked for? Was it the El Salvadoran entity,  
 17 Inc., or Global? Do you recall?  
 18 A. It wouldn't have been Inc., but I  
 19 would have to check our employment records as to  
 20 which entity he signed an agreement with.  
 21 Q. Do you know the dates which he  
 22 worked for any entity?  
 23 A. No, I do not.  
 24 Q. Okay. And by "worked," I mean  
 25 either employed or was a contractor. Does that

**Page 140**

1 change your answer?  
 2 A. No. Broadly, I remember speaking  
 3 with him in October of last year, and I believe  
 4 that he began working with us again sometime in  
 5 the spring of this year through the end of July of  
 6 this year.  
 7 Q. Okay. Do you recall speaking in  
 8 November of 2021 at a conference called LABITCONF?  
 9 A. I do remember speaking at such a  
 10 conference.  
 11 Q. Is everything that you stated --  
 12 well, in speaking, you got up and publicly spoke  
 13 to a group of people at that conference, right?  
 14 A. I spoke to a group of people at that  
 15 conference.  
 16 Q. With respect to what you said during  
 17 your speech, if you want to call it that -- can I  
 18 call it a speech?  
 19 With respect to that speech, is  
 20 everything you said true and accurate?  
 21 MR. FOWLER: Object to form.  
 22 A. I -- I don't know. I don't remember  
 23 everything that I said, and I don't know if  
 24 everything is at this current time true and  
 25 accurate to what I said.

**Page 141**

1 BY MR. STEWART:  
 2 Q. At the time was everything you said  
 3 true and accurate?  
 4 A. I believe it was, but I don't -- I  
 5 have no reason to believe it's not.  
 6 Q. Do you recall speaking in April of  
 7 '22 to a Miami Bitcoin conference?  
 8 A. Yes.  
 9 Q. Did you also give a public speech at  
 10 that?  
 11 A. I think I spoke on a panel.  
 12 Q. Okay. Is everything you said  
 13 publicly on that panel in April of 2022, was it  
 14 true and accurate at the time?  
 15 MR. FOWLER: Objection, form.  
 16 A. I believe that it was.  
 17 BY MR. STEWART:  
 18 Q. And I believe you told me -- as you  
 19 can tell, Mr. Gravengaard, I'm just doing some  
 20 cleanup questions which is usually a good sign  
 21 we're close to the end.  
 22 I believe you told me that Global  
 23 did not pay the two Accruvia invoices because of  
 24 their belief that Mr. Overton had taken some bad  
 25 actions with respect to them in El Salvador; is

**Athena Bitcoin, Inc. (Eric Gravengaard)  
August 17, 2022**

**Page 142**

1 that right?

2 A. Caused us great harm by doing -- by

3 taking such actions.

4 Q. And so in response to that supposed

5 great harm that you say Mr. Overton did, Global

6 refused to pay the invoices for the work that was

7 done?

8 A. Yes. That's correct.

9 Q. Who is -- who is -- and I apologize

10 if I've asked this, but I'm not sure I have.

11 But just to close the loop, on the

12 Chivo-branded ATMs in consulates in the US, who

13 is -- is there an entity doing maintenance work or

14 watching those, making sure they operate fine?

15 A. A subcontractor that monitors those

16 machines?

17 Q. Okay.

18 A. I'm not sure.

19 Q. Who hires that subcontractor is

20 really where I'm going.

21 A. Yeah, I'm not sure. Like who

22 changes the paper out? I'm not sure.

23 Q. Not who the subcontractor is, but

24 who hired the subcontractor, Global, Inc., or some

25 other entity?

**Page 143**

1 A. I'm not sure.

2 Q. Could be Inc.?

3 A. It could be, or it could be Global.

4 I'm -- I don't know who has that contract or who

5 hired them.

6 MR. STEWART: Can the court

7 reporter tell me, am I on Exhibit 19?

8 (Clarification requested by the

9 stenographer.)

10 BY MR. STEWART:

11 Q. I just marked Exhibit 19,

12 Mr. Gravengaard. And feel free to scroll through

13 this.

14 And my question -- my first question

15 for you on it is whether you have seen this

16 document before.

17 A. I have never seen this document

18 before. At least I don't remember seeing this

19 document before.

20 Q. So do you know what it is?

21 A. I'm not familiar with what it is.

22 Q. Okay. Was Chivo Wallet ever called

23 Chivo Core?

24 A. There is a piece of the Chivo

25 software that we call the Chivo Core.

**Page 144**

1 Q. And that piece of software is in

2 Chivo Wallet, correct?

3 A. It would have been the -- you might

4 think of it as the back end to a system that

5 enables the Chivo Wallet to operate.

6 Q. I see on the website something

7 called Athena Ruru. Or Rura. Is it Ruru or Rura?

8 Ruru.

9 A. I'm sorry. Are you asking me how to

10 pronounce Maori? To the best of my knowledge,

11 it's Ruru.

12 Q. Okay. And is that different than

13 Chivo Wallet? Or what is Ruru?

14 A. Yes, it's different. Chivo Wallet

15 is a product and is owned by the government of

16 El Salvador and operated by Chivo, S.A. de C.V. in

17 El Salvador. And Chivo -- and Athena Ruru is the

18 brand name we have given to an Athena product,

19 which is also a wallet.

20 Q. What's the name of that wallet?

21 A. I just said it was Athena Ruru.

22 Q. Okay. And that Ruru wallet is owned

23 by Global?

24 A. Yes.

25 Q. Does the Ruru wallet, is it -- does

**Page 145**

1 it use any of the software or technology that went

2 into Chivo Wallet?

3 A. It is based on similar concepts and

4 some of the same intellectual property.

5 Q. When was it developed?

6 A. Largely started in January of 2022

7 and onward.

8 Q. And is Athena Ruru a wallet that is

9 used in Athena's Texas ATM Bitcoins -- or Bitcoin

10 ATMs?

11 A. No.

12 Q. It's not used at all in your -- in

13 the US --

14 A. No.

15 Q. Is it used at all in the US Bitcoin

16 ATMs?

17 A. No.

18 Q. How much of the code from Chivo

19 Wallet is used in Chivo -- Chivo --

20 MR. FOWLER: Objection, form.

21 Kelly, we're way beyond the scope of your

22 deposition notice here.

23 MR. STEWART: Well, Larry, with

24 all due respect, we're not because the

25 tie of the work done in question on Chivo

**Athena Bitcoin, Inc. (Eric Gravengaard)**  
**August 17, 2022**

Page 146

1 Wallet, to the extent that's used in  
 2 Ruru, that's personal -- that goes to  
 3 personal jurisdiction.  
 4 So if Mr. Gravengaard can't answer  
 5 my question, then he can tell me that.  
 6 And I understand that software was not a  
 7 topic, but it is part of the whole tie to  
 8 the use of the work that -- one of the  
 9 topics was the use of the work done by  
 10 Accruvia, and I'm trying to find out  
 11 whether Global used that work. And  
 12 that's where we get into these details.  
 13 MR. FOWLER: Well, actually,  
 14 that's not true. You're not asking  
 15 whether Global used the work. You're  
 16 asking whether Bitcoin Inc. used the  
 17 work, and that is a completely different  
 18 topic.  
 19 MR. STEWART: Okay.  
 20 BY MR. STEWART:  
 21 Q. Well, Ruru is owned by Global --  
 22 right? -- or done by Global? Mr. Graengaard,  
 23 right?  
 24 A. May I make a separate statement,  
 25 which is we haven't released the Athena Ruru

Page 147

1 Wallet, so there are no users of it.  
 2 Q. Okay.  
 3 A. So, therefore, it can't be -- it  
 4 can't be used in an Athena Bitcoin, Inc., manner  
 5 because it's not used by anyone.  
 6 Q. All right. And so is the work done  
 7 for Chivo Wallet by Accruvia, is that work in any  
 8 way a part of the software or any way part of  
 9 Ruru?  
 10 A. I'm not sure that any of the work  
 11 that was done by Accruvia has survived to be a  
 12 part of the Ruru software at the present time.  
 13 Q. Do any of the Inc. subcontractors or  
 14 employees work on Ruru?  
 15 A. Do any of the Inc. . . No, not -- I  
 16 don't believe they do.  
 17 Q. Have they ever worked on Ruru?  
 18 A. I believe Ms. Jarrell has worked on  
 19 some of the marketing in preparation for launching  
 20 of Ruru.  
 21 Q. Okay. But as far as --  
 22 A. The software development is not done  
 23 in the United States by Athena Bitcoin, Inc.,  
 24 employees.  
 25 Q. Is it done by any Inc. contractors

Page 148

1 or subcontractors wherever they're located?  
 2 A. Yeah, no. It's -- it's not.  
 3 Q. Advertising is one of my topics.  
 4 Does Inc. do any advertising or  
 5 marketing in Texas?  
 6 A. No, I don't believe we do. Like  
 7 billboards and things like that, no.  
 8 Q. Well, other than website, you're not  
 9 aware of any marketing or advertising, then, that  
 10 Inc. might be doing in Texas?  
 11 A. No.  
 12 MR. STEWART: Okay. I pass the  
 13 witness.  
 14 MR. FOWLER: We'll reserve all  
 15 questions.  
 16 MR. STEWART: All right.  
 17 THE REPORTER: We're off the  
 18 record.

Re: Demand for Payment on behalf of ROI Developers Inc. d/b/a Accruvia

Dear Mr. Soto:

This law firm represents ROI Developers Inc. d/b/a Accruvia ("Accruvia"), which has retained us to assist it in collection of the outstanding amounts owed to it by Athena Bitcoin Global ("Athena"). Enclosed with this letter are two invoices previously submitted by Accruvia to Athena, no. 1050 dated November 3, 2021 in the amount of \$75,250.57 and no. 1052 dated November 4, 2021 in the amount of \$8,428.34, both of which remain outstanding as of the date of this letter. I also enclose invoice no. 1049 dated October 4, 2021 in the amount of \$11,686.69, which reflects the parties' agreement and course of conduct regarding the invoicing and payment for services provided by Accruvia and its personnel to Athena.

On behalf of Accruvia, demand is hereby made that Athena, by no later than 5:00 p.m. (Dallas, Texas time) on December 21, 2021, remit payment to Accruvia of readily available funds in the amount of \$83,678.91. Please be advised that Accruvia expressly reserves all of its legal rights and remedies against Athena, including but not limited to its rights to pursue all of its lawful remedies against Athena in a legal action for damages for breach of contract, quantum meruit and theft of services under the Texas Theft Liability Act. If Accruvia prevails in any such legal action it reserves the right to seek not only to its actual damages for the outstanding balance owed, but also its additional damages, exemplary damages, attorney's fees, court costs and pre- and post-judgment interest to the maximum lawful extent.

Please immediately advise to me in writing whether or not Athena agrees to comply with the foregoing demand. If you have any questions concerning the contents of this letter, please contact me in writing. Oral communications will not serve to protect whatever rights Athena may have.

Mr. Zachary Soto

§

Civil Action No. 4:22-cv-00073-O

**PLAINTIFF’S RESPONSES TO DEFENDANT’S  
FIRST SET OF PERSONAL JURISDICTION DISCOVERY**

Plaintiff ROI Developers, Inc., d/b/a/ Accruvia (“Accruvia”) responds to Defendant’s First Set of Personal Jurisdiction Discovery as follows:

**OBJECTIONS TO ALL REQUESTS**

1. Accruvia objects to the definition of Accruvia because it includes independent contractors, over whom it does not exercise control. Accruvia also objects to this definition because it includes “other related parties retained or otherwise controlled by Accruvia.” As written, it includes Accruvia’s attorneys, making it seek privileged information, and it is unclear what “otherwise controlled by Accruvia” means. Accruvia will respond to the discovery requests on behalf of itself and in accordance with the Federal Rules of Civil Procedure.

2. Accruvia objects to the instruction regarding identifying or describing a person because, by requiring the person’s present or last-known office address, work-related telephone number, occupation, job title, employer, and employer’s contact information, it is overly broad and imposes a burden on Accruvia not required by the Federal Rules of Civil Procedure. Accruvia, to the extent necessary to respond to the discovery requests by identifying a person, will provide the person’s name and last-known phone number/email.

**REQUEST FOR PRODUCTION NO. 8:** Any documents evidencing that Athena made contact with Accruvia within the State of Texas, including phone records, notes from phone calls, logs of connections to wireless networks, or WLAN report.

**RESPONSE:** Accruvia will produce responsive documents, if any, at a mutually convenient time and location.

**REQUEST FOR PRODUCTION NO. 9:** All documents including but not limited to the employment or independent contractor agreement or the like, identifying the location or residence of any employee or subcontractor of Accruvia who performed work for Athena.

**RESPONSE:** Accruvia objects to this request because it is overly broad and seeks irrelevant information because the actual residency of the independent contractors, if they are not Texas residents, is not at issue. Accruvia has provided in response to Interrogatory No. 10 the names of independent contractors and has stated that only Oerton and Jarrell are or were Texas residents. With respect to Jarrell, who was a Texas resident when she was an Accruvia employee, she now works for Athena (or one of its related companies). Accruvia further objects to this request because, by seeking “all documents . . . identifying the location or residence,” it is further overly broad, vague and ambiguous.

**REQUEST FOR PRODUCTION NO. 10:** All documents evidencing a request for Accruvia to perform any work for Athena within or from the State of Texas.

**RESPONSE:** Accruvia will produce responsive documents, if any, at a mutually convenient time and location.

**REQUEST FOR PRODUCTION NO. 11:** All documents evidencing a valid and existing agreement between Accruvia and Athena that provides that Athena will pay Accruvia for the software development and support services work it performed for Athena.”

**RESPONSE:** Accruvia will produce responsive documents, if any, at a mutually convenient time and location.

**Requests for Admission**

**REQUEST FOR ADMISSION NO. 1:** Admit that the work you allege was performed for Athena did not have to be performed in Texas.

**RESPONSE:** Admitted.

~~**REQUEST FOR ADMISSION NO. 2:** Admit that the work you allege was performed for Athena was not work related to the ATMs owned and/or operated by Athena in Texas.~~

~~**RESPONSE:** Denied.~~

~~**REQUEST FOR ADMISSION NO. 3:** Admit that Athena's actions in breach of the terms of the alleged agreement that you described in your answer to Interrogatory No. 6 were not performed within the State of Texas.~~

~~**RESPONSE:** Denied.~~

**REQUEST FOR ADMISSION NO. 4:** Admit that no in-person meeting between Accruvia and Athena ever took place in Texas.

**RESPONSE:** Admitted.

~~**REQUEST FOR ADMISSION NO. 5:** Admit that a majority of Accruvia's business takes place in El Salvador.~~

~~**RESPONSE:** Accruvia objects to this request because it seeks an admission on a fact that is not relevant—i.e., where Accruvia's "business takes place." The issue for personal jurisdiction is Athena's contacts with Texas, not Accruvia's contacts elsewhere. Where Accruvia's "business takes place" is also undefined, vague and ambiguous, and Accruvia objects to this request on that ground too. Regardless of its irrelevance, based on Accruvia's understanding of the phrase "where business takes place," Accruvia denies this request.~~

**REQUEST FOR ADMISSION NO. 6:** Admit that your familiarity with Athena arose from work you were conducting in El Salvador.

**RESPONSE:** Admitted.

~~**REQUEST FOR ADMISSION NO. 7:** Admit that the only employee of Accruvia who was a Texas resident between August and November 2021 was Shaun Overton and admit that Shaun Overton worked mostly if not entirely from El Salvador.~~

~~**RESPONSE:** This request constitutes two requests for admission, making it improper. With respect to “the only employee of Accruvia who was a Texas resident between August and November 2021,” Accruvia denies that request. With respect to whether “Shaun Overton worked mostly if not entirely from El Salvador,” Accruvia objects because the phrase “mostly if not entirely” is vague and ambiguous. Regardless, based on Accruvia’s understanding of “mostly if not entirely,” Accruvia denies that request.~~

~~**REQUEST FOR ADMISSION NO. 8:** Admit that Athena never sent any payment, correspondence or used any courier services for delivery of any communications to Accruvia in Texas.~~

~~**RESPONSE:** Denied.~~

**REQUEST FOR ADMISSION NO. 9:** Admit that Accruvia did not enter into a Term Sheet Agreement with Athena on September 22, 2021. Term Sheet Agreement is defined as the document produced to Accruvia Bates labeled 000003-000005.

**RESPONSE:** Accruvia admits that the Term Sheet is between Accruvia and “Athena Bitcoin Global Inc.” Accruvia otherwise denies this request.

Dated this 13th day of June, 2022.

Civil Action No. 4:22-cv-00073-O

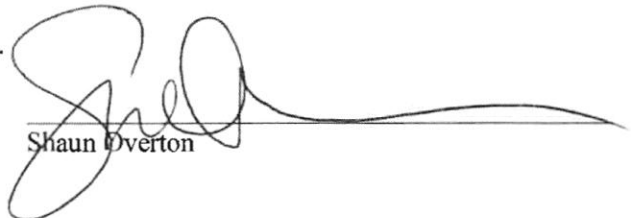

VERIFICATION

STATE OF TEXAS §

COUNTY OF Tarrant §

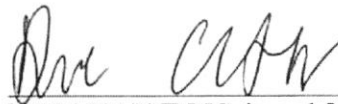

BEFORE ME, the undersigned authority, on this day personally appeared Shaun Overton, known to me to be the person whose signature appears below, and upon his oath duly deposed and said:

My name is Shaun Overton. I am the President of ROI Developers, Inc. d/b/a Accruvia (“Accruvia”). As such, I have personal knowledge of the facts in this Verification. I hereby verify that Accruvia’s factual responses to the interrogatories in Defendant’s First Set of Personal Jurisdiction Discovery are true and correct.

  
Shaun Overton
