## EAST AFRICA | Saved From Death

Travelling home from an Open Doors seminar in East Africa, Christian students saw a young Muslim man tying a rope around a tree.

They stopped, and asked what he was doing. "I want to kill myself," he replied, "I say my prayers five times a day, and I read the Quran. I have money, a wife and children, but I have no peace. I want peace."

The students witnessed to the man, named Keder, telling him that even though the Quran teaches that Jesus is a prophet, He is also the Prince of Peace.

Keder became a Christian and said, "I've found the peace I was seeking... Muslims are hurting without the knowledge of the Scriptures, therefore pray for them."

## PLEASE PRAY :

- Praise God that Keder was saved from death, and now knows Jesus!
- Pray that he can continue to grow in his faith and share the gospel with others.
- Pray that many Muslims will come to know the true peace that Jesus offers
