NOTES:

The leftmost columns show the most recent information I have about the division (if any) of NCAA sponsorship.

The above summary does not differentiate between varsity and club programs (or schools with no fencing program at all).

The nationalities of foreign students is shown when known to help in the location of their competitive records.

The information shown is based on what people (often NOT the fencers themselves) have posted on the web or have told me and so may have no basis on reality.
