Hi TS Tribe,

You're fabulous!

Thank you for supporting us in this difficult time. We know we're lucky to be able to do business online. So many others - restaurants, bars, theatres - can't. And even though nothing we do feels totally right just now, we believe our clothing, the reasons we design them and the love behind them, remain relevant. We'll continue to offer them, and talk about them online so that you can find something you love. After all, it's why we're here. We can't thank you enough for continuing to shop with us. Stay safe, stay indoors and most importantly, stay connected to your loved ones.

**This book is our gift to you.** The product inside is anything but ordinary, with pops of vibrant colour, outrageous graphic prints, and incredible new pieces, it'll be sure to turn heads. Your personal style is at the top of our minds, from WFH denim fits, to that unique piece for an iconic TS look. Fabulous products, inspiring imagery and outstanding service are key. Seeing you take that trend and turning it into your unique personal style, is THE most important thing to us.

**We love you, we miss you, but we'll see you online!** We are all about community and our people are our most important asset! You are the women who make us jump out of bed in the morning!

**My top tips for dressing super extraordinary:**

- 1 Make your basics, anything but basic. Layer with interesting shapes and textures.
- 2 There's no such thing as being overdressed - don't limit your style.
- 3 Own at least one show-stopping piece - any time is the right time to look fabulous!
- 4 Embrace accessories - bigger is better and more is more.
- 5 Lean in to something new, give it a go - we can show you how.
- 6 You do you, the most extra thing you can do is be true to yourself!

**"Remember, style has no size or age! Real style is limitless, confident and truly extraordinary."**
