

WE ARE PROUD OF...

### ...OUR CLIENTS

Having started out in 1993 as a tiny Lithuanian manufacturer, today Eurodita is a reliable supplier of log cabins to leading dealers and retailers all around Western Europe. We are extremely proud to have earned your trust. You demand nothing less than world-class standards, and this is what we have learned to deliver. Our success is the cumulative sum of thousands of interactions with smart and demanding dealers.

### ...BEING DISLIKED BY COMPETITORS

The international giants of the log cabins market have a problem with us. You see, we sell similar standard log cabins, except our business model allows us to sell cheaper. And, in business, nothing is more terrifying than a competitor who is more efficient than you. So in 2015 the Dutch company Tuindecò decided to sue us, but the court found their plagiarism accusation to be unfounded. The winner is you! More on this story [here](#).

### ...OUR INTEGRITY

As a B2B manufacturing company, we always remain the silent partner, and you - the dealer - get all the credit for the products. The 'private label' way of doing business can only be successful if it is built on mutual trust. We never disclose our partnership arrangements to third parties, so that you can develop your brand, deciding on your own terms whether to disclose your source of supply.
