Treanor Selected 1993 Charlestown Rose

Excitement and a bit of tension permeated the hall at the Knights of Columbus on the evening of June 4 as the families and friends of six young women awaited the results of the judging of this year's Charlestown Rose Contest. Shortly after 9 p.m., the name of Julie Treanor was removed from a sealed envelope and announced as the 1993 Charlestown Rose. With family members and friends jumping up to hug the new Rose, laughing and crying at the same time, Treanor made her way to the stage to accept her title.

This is the 11th year that

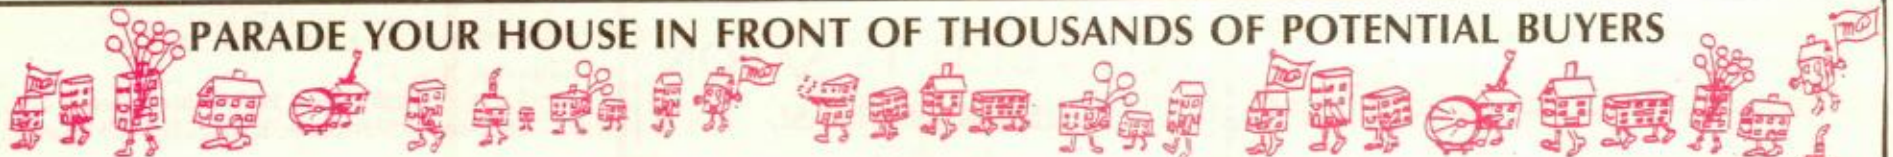

the Charlestown-To-Charlestown Committee has sponsored this event where a young woman of Irish heritage from this community is selected to represent Charlestown in the Western Rose Festival in Charlestown, County Mayo, Ireland in August. Treanor will receive a trip to Ireland for her and her chaperone to tour the country and attend the festival, a gown designed especially for her by Priscilla of Boston to wear at the Western Rose Festival, two dinners each month for the next 12 months at the 99 Restaurant in the Bunker Hill Mall and

HELPING YOUR CHILDREN BUY A HOME

Many of our younger buyers are taking up their parents' offers of help in buying their first house or condominium. Parents may provide loans or gifts for the down payment or offer to cosign the mortgage. At the same time, the children try to involve the parents in the buying process, taking them to see the properties they are considering seriously and hoping for approval of their final decision.

Many of the parents have owned their homes for years and go into shock when they realize how much their children will have to pay for a small starter home, especially if they are looking in a large urban area. If you're helping children, try to remember how expensive your home and mortgage seemed years ago. Remember the buyers' remorse you felt then and the pride of ownership you feel now. Like you, your children will soon grow into their mortgage, and compared to the rent they would be paying for a similar home, it will seem like the best investment they ever made — and they will thank you a lot for helping them to make it possible.

The Mayor's Race

Brett Announces Candidacy For Mayor Of Boston

Jim Brett, state Representative from Dorchester, formally announced his candidacy for Mayor of Boston.

Brett made the announcement at the Daniel Marr Boys & Girls Club in Dorchester. Hundreds of supporters listened as Brett outlined his plans for the city. "I choose to begin here, at the Boys & Girls Club, because this place represents hope for children — the future of our city," Brett said, "so too does my candidacy offer hope for Boston."

Brett stated that his candidacy represented "a difference of openmindedness and inclusion. I say to all of you, it is the Brett difference and it will make a real difference in the lives and livelihoods of all Bostonians."

Brett has represented Dorchester, which he referred to as a "true mosaic of the city," for 12 years in the Legislature. On the eve of the 25th anniversary of Robert Kennedy's assassination, Brett remembered his inspiration. "Bobby Kennedy gave me a sense of purpose. It was his idealism for a better society that inspired me to enter a noble calling, public service," Brett said.

REP. JAMES BRETT

"In the last quarter century, we have had a downtown mayor and a neighborhood mayor. It is time to elect a mayor for the entire city. We need a mayor who is as comfortable in your living room as in the downtown boardrooms," Brett said. "No other candidate has the record of accomplishment, the relationships with government and business leaders and, above all, the leadership skills I have."

Among the accomplishments touted by Brett were: banning automatic weapons from Boston, passing the law that allows teen-age murderers to be tried as adults, leading the fight against water and sewer rate

Michael Travaglini Announces For Boston City Council At-Large

MICHAEL TRAVAGLINI

Michael Travaglini, a lifelong resident of East Boston, has announced his candidacy for one of the at-large seats on the Boston City Council. Speaking to an enthusiastic crowd of family, friends and supporters at Anthony's Pier Four, Travaglini stated, "The people of Boston are looking for elected officials who can lead the city into the next century with renewed energy and a new vision. The problems presently confronting our city are not new, but the solutions developed by our next mayor and city council must be."

Travaglini graduated

from Harvard University in 1985 with a B.A. in Government. After graduation, he went to Washington D.C. and served briefly as an intern for then-Speaker of the House Thomas P. O'Neill Jr. In 1986, Travaglini enrolled at Georgetown University Law Center where he attended classes at night while working full time as a law clerk for the General Counsel to the U.S. House of Representatives. He received his Juris Doctor degree and passed the Massachusetts bar exam in 1990. Since September 1990, he has worked as an attorney

The Polish American String Band To Appear In Concert At The Bunker Hill Monument On Saturday, June 12

CAPTAIN Stan Magenta will lead the Polish American String Band from Philadelphia in concert on Saturday, June 12 at 5 p.m. on Monument Square in front of the Bunker

A foot-tapping, hand-clapping good time is in store for residents on Saturday, June 12 at 5 p.m., as the Polish American String Band from Philadelphia presents a concert on Monument Square in front of the Bunker Hill Museum.

This concert, sponsored by the Bunker Hill Day Commemorative Committee is part of the celebration marking the 218th anniversary of the Battle of Bunker Hill and the 150th anniversary of the dedication of the Bunker Hill Monument. It will feature the colorful costumes and award-winning music of the famous Polish American String Band — the band that has

won first place more times than any of the other 25 bands that have competed in Philadelphia's New Year's Day Parade over the past 50 years.

A mummer is defined as "one who goes merrymaking in disguise during festivals." Mummery can be traced back to medieval Europe when men and women would lead festal rites during the Christmas holiday season. History records that when the pioneer Swedes came to this country, they settled in an area known as Tinicum, bringing with them many customs of the old country. Important among them was the age-old habit of visiting friends

the day after Christmas through the first day of the new year. They would travel in bands of men through South Philadelphia engaging in a series of festivities. This informal celebration continued until Jan. 1, 1901 when the first organized parade was established, and hence, tradition was set.

The band, whose theme this year is "Come Join The Circus," will feature the mirthful antics of clowns and there may even be a costumed animal or two with Captain Stan Magenta as the ring master.

The suits of the marching band are comprised of rainbow and white glaze, curl-

ed with turkey feathers, royal blue and white chandle feathers, yards of royal blue, fuchsia, gold and silver sequined epaulets with military braiding and mock capes adorning the shoulders.

The marching clowns wear hooped jackets, breast plate bibs, wide epaulets

and pom-poms. The suits are made from skip-a-row and bengaline fabrics in dynamic colors such as hot pink, fluorescent greens, bright reds and purple.

The clown suits are one-of-a-kind, with no two suits alike. Fantastic colors such as hot pink, peacock, fuch-

plate bibs, wide epaulets (continued on page 29)

Notice To Residents Of Monument Square

Parking will be prohibited on Monument Square between Monument Court and Pleasant Street from 3 to 6 p.m. on Saturday, June 12 to allow for the performance by the Polish American String (Mummers) Band from Philadelphia as part of the Bunker Hill Day celebration. Your cooperation will be appreciated.

The Massachusetts Port Authority (Massport) has announced a new work schedule for the Tobin Bridge Painting Project. Although no night work is scheduled, Saturday work is necessary through July 3 in order to complete a section of the Tobin in the Charlestown area prior to the opening of the northbound CANA tunnel in early July.
 Work is currently underway on the lower level

**Tobin Bridge Painting Project
 Requires Saturday Work**

(northbound) Monday through Friday from 7 a.m. to 2 p.m. On Saturdays, work will begin at 8 a.m. and conclude at 6 p.m. The loose and chipped paint is being removed using hand-held tools only, within an enclosed containment structure of clamped canvas

sides and flooring; no sand-blasting or grit blasting will be allowed.
 The quality control engineers hired by Massport have been closely monitoring the program to ensure the containment of lead. "We promised the Charlestown community aggressive

supervision of this project and we have followed through," said Massport Community Affairs Liaison Dorothy Steele. "Because of the stringent monitoring, the painters are a bit behind schedule," added Steele. "The Saturday work is critical now in order to have the proper lanes open on the Tobin to accept traffic from the new CANA tunnel."

In addition, several recommendations of the Charlestown community will be implemented by Massport: all construction trucks will be power-washed before leaving the containment area; workers will use hand-held radios for on-site communication; and early morning construction will be limited to less noisy operations.

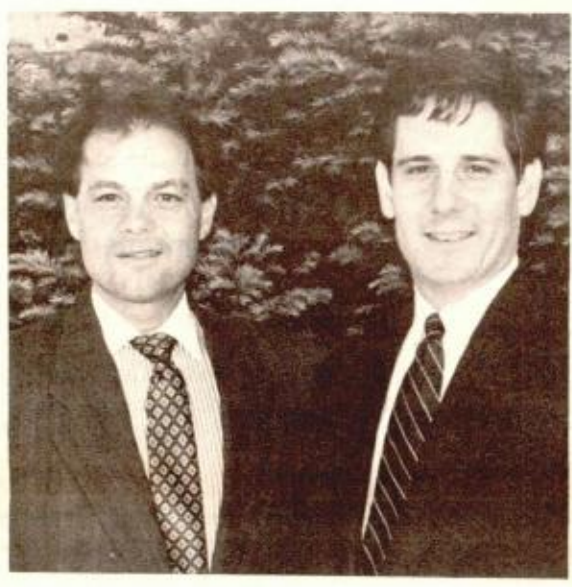

Intermittent lane and ramp closures will be in effect during this phase of the Painting Project, Monday through Friday from 7 a.m. to 2 p.m.; and Saturdays from 8 a.m. to 6 p.m.

Any questions or concerns should be addressed to Massport Community Liaison Dorothy Steele, Monday through Friday from 9 a.m. to 5 p.m. at 973-5691. During non-office hours, emergency calls may be directed to the Tobin Bridge office at 242-7979.

by DEM in conjunction with The Halvorson Company and Fay, Spofford & Thorn-dike (FST) to address circulation issues in City Square as a part of the design process for City Square Park. The traffic study addresses issues relating to circulation at the intersections of Chelsea Street and Rutherford Avenue, Warren and Chelsea streets and Main Street and City Square, as well

Harvard, Henley and Park streets in the City Square area.

In April, preliminary traffic analysis and issues relating to the feasibility of various circulation alternatives in City Square were presented to the Charlestown community for discussion. Since that meeting, FST has taken actual counts of both pedestrian and vehicular traffic in the City Square area and conducted an analysis of circulation pat-

terns relating to the design of City Square Park.

Representatives from DEM, The Halvorson Company and FST, the project engineers, will be at the meeting to answer any questions from Charlestown residents. It is strongly recommended that anyone with an interest in this study be present for the discussion.

Requests for additional information and questions should be directed to DEM's Project Manager, Sandi Wolchansky, at 727-3160, ext. 578.

★ **Saturday Is Recycling Day . . .** Residents are reminded that Saturday, June 12 is Recycling Day. Charlestown Recycling Volunteers will be at the parking lot adjacent to Johnnie's Foodmaster in the Bunker Hill Mall from 9 a.m. to 2 p.m. to accept your recyclables.

★ **Put Household Hazardous Waste In Its Place . . .** on Saturday, June 12 from 9 a.m. to 1 p.m. at the U.Mass-Boston Harbor Campus at Columbia Point, Dorchester. Residents of Boston may bring oil or latex paint, pesticides, lawn and garden chemicals, photo chemicals, chemical solvents and flammables and that storage bottle of "stuff" in the basement that was there when you moved in. This is for household waste only — no commercial waste will be accepted. For further information, call 635-3850.

★ **Residents Beware . . .** There have been reports of a man knocking on doors in town, especially of the elderly, saying he from the Old-Time Bottle Club and acting in a strange manner.

If such a person comes to your home, do not let him in. Call the Boston Police at 911, or Judy Evers from the Mayor's Office of Neighborhood Services, at 635-3485.

★ **Application For Liquor License Denied . . .** CSTA Productions, Incorporated, Anthony J. Costa, manager, appeared at a hearing before the Boston Licensing Board on June 9 seeking a CV 7-day All Alcoholic Beverage License with a 2 a.m. closing for 258-260 Main St., the former location of J.J. McCarthys.

In testimony before the board, Attorney Joseph Balliro stated that Joe Skeffington and Tony Costa were co-owners of the site, which is presently empty and boarded up. Peter Costa was said to be a shareholder in the venture. He said they would like to open a family type restaurant with lunch, dinner ranging from \$7 to \$12, and late-night snacks. He stated liquor was not the primary goal.

The principals were questioned as to community input into their proposal and financing. The Charlestown Neighborhood Council had voted at its June 1 meeting to send a letter to the board informing them that neither the council nor the site's immediate abutter, represented by the Mishawum Park Tenants Association, had been informed of the plans for the location. The letter, signed by council chairman Peter Looney and sent to the board, asked the members to defer action on the application until a public meeting could be held.

Charlie Clabaugh, aide to City Councillor Robert Travaglini, spoke in favor of the application.

Testifying before the board in opposition to the application were Judy Evers, community liaison from the Mayor's Office of Neighborhood Services; Attorney Kevin Roche; Detective George DeGregorio, representing Deputy Superintendent Bob Hayden, Area A of the Boston Police Department; and Ron Paquette, chairman of

Each of the contestants was escorted into the hall, introduced and then seated with her family to await the announcement. Following the introductions, 1992 Charlestown Rose Shannon Kiely addressed the gathering.

Kiely expressed her thanks to those who made her year as Rose so terrific. She spoke of the members of the Charlestown-To-Charlestown Committee; "The Charlestown Patriot" for the coverage given to her this past year; her parents for all their support; Rep. Richard Voke, Grand Knight Paul Herrick and Gary Justice for their assistance on the Christmas project; and her Mayor — Pat Harty. Kiely concluded by stating that it was "a pleasure for her to represent Charlestown" and she extended her best wishes to "Mayor Erin Sullivan and

Kiely also presented Treanor with a gift certificate from the 99 Restaurant in the Bunker Hill Mall for two dinners each month for the next 12 months. Kiely is employed at the restaurant.

The contestants arrived at the hall shortly before 6 p.m. on Friday night and drew numbers to determine the order in which they would meet the judges and be presented to the audience.

The judges were Una McMahon, director, Irish Business Institute; Larna Canoy Lackner, 1987 winner of the International Rose of Tralee Contest, Tralee, County Kerry, Ireland; and James Smith, project manager of The Schrafft Center, The Flatley Company.

Following a three- to five-minute interview with each of the contestants, the judges turned their scoring sheets over to the tabulators and the winner and runner-up were determined. The tabulators were Marie Killilea, Irish culture enthusiast, and Richard Archer, president, Round Tower Travel. Eleanor Smith served as overseer of the contest, a position she has held since its inception.

As the gathering awaited the announcement, a buffet was served by Scalli Caterers, and Andy Healy and his band began the entertainment.

The former Charlestown Roses were also introduced. Those present were Janet Flynn Sidlauskas - 1984, Linda O'Callahan Raymond - 1985, Peggy Brennan - 1986, Susan Lyons - 1987, Allyson O'Callahan - 1988, Barbie Marsden Travis - 1989, Monique Pare - 1990,

Sullivan was introduced to bring her greetings and to announce the results of the Rose contest.

The first envelop contained the name of the runner-up, who would carry out the duties of the Rose if she was unable to serve her term. Rachel Coleman was announced as the runner-up and was presented with a prize of \$500.

Sullivan then read the name of this year's Charlestown Rose — Julie Treanor. The new Rose made her way to the stage in the midst of applause from the audience to accept her crown, sash and, of course, a bouquet of roses. Treanor then took the traditional walk down the runway, waving to the audience.

Later, when asked to describe her reaction to the announcement of her selection as this year's Rose, Treanor said that it was "hard to put into words." She said that, "naturally, there was excitement, but also a sense of achievement and self-satisfaction." She added that after the weeks of "tension" following her decision to enter the contest, there was "relief."

The selection of the Rose is based on her interview with the three judges. Tre-

Treanor, 18, graduated from St. Francis de Sales School and is a recent graduate of St. Clement's High School in Somerville. She has been accepted at Salem State College and will be entering the nursing program in the fall.

Her hobbies include dancing, swimming, volleyball, girls ball hockey and she was a cheerleader during her sophomore year in high school. She has been an active member of the Charlestown Boys & Girls Club and has been employed at the club for the past four years.

USS Constitution Museum Unveils \$4 Million Capital Campaign

The USS Constitution Museum announced a \$4 million capital campaign at its 20th Constitution Ball. The campaign will fund an expansion which will enable the museum to display more of its collection and increase the number and quality of its educational offerings. To date, \$2.3 million has already been committed toward the campaign goal.

Renovation of the museum's current facility and ex-

pansion into two adjacent buildings will add 16,300 square feet of indoor and outdoor space to the museum's existing 16,800 square feet, a 97 percent increase in space.

"The USS Constitution Museum has fostered the renewed interest of people of all ages in Boston's maritime history and in the history of the Federal Period," said museum president John Rowe. "This campaign provides an opportunity for public and private organizations to encourage this interest by supporting the continuation and expansion of the museum's programs."

The museum expansion is a joint project of the USS Constitution Museum and the National Park Service, which administers the surrounding Charlestown Navy Yard as part of the Boston National Historical Park. The National Park Service has provided \$2.6 million to design the project and to fund and oversee the building rehabilitation work. The capital campaign will fund all interior finishes in the new buildings, as well as exhibits, audio-visual programs, educational programs and operation of the new facilities. Ground-breaking for the first phase of the museum's expansion is expected this summer.

"We have enjoyed an enormously successful relationship with the museum over the past few years," said superintendent of the Boston National Historical Park John Burchill. "This is an excellent example of the good that can come from a partnership between public and private organizations."

The expansion project will be completed by February 1996. From July through December workers will renovate an existing building adjacent to the museum into a new 200-seat theater. The theater will be used for lectures, films, presentations and classes. During phase one, a connector will be built between the museum, the new theater and Building 28, which will be renovated and added to the museum in the second phase of the project.

"Since it opened its doors in 1976, the USS Constitution Museum has become the shore station for 'Old Ironsides,'" said museum executive director Ellen Kraft. "The museum has added to the wealth of educational opportunities available here in the Navy Yard. This expansion will provide even more resources for new programs and services that will build on the achievements of the past 18 years."

The expansion is an integral part of the board of trustee's five year plan which calls for the museum to become the gateway to the USS Constitution.

The USS Constitution Museum is an interpretive complement to "Old Ironsides," the oldest commissioned warship afloat in the world. In addition to two floors of exhibits, the museum also houses a museum store, a research library and a 100-seat theater where a 10-minute video tour of USS Constitution is shown daily at no charge. There is a modest admission for museum visitors. Children under 17 are admitted free on weekends.

A Brief History Of Flags Associated With The Bunker Hill Monument

At the official dedication of the Bunker Hill Monument on June 17, 1843, 150 years ago, flags hung from the four upper windows of the obelisk. A Fisher and Currier engraving of this dedication shows four flagpoles projecting about 15 feet from the observation room windows. The engraver portrayed four stars-and-stripes flags, each with a circular field of 13 stars and 13 stripes, the flags measuring approximately 10 by 16 feet. This arrangement appears to have continued on festive days until

at least 1851, when it was depicted in a woodcut in the publication, *Gleason's Pictorial Drawing Room Companion*. No physical remains can be found on the Monument to document this arrangement.

The next available account of flags flown from the Monument can be found in George Washington Warren's 1877 history of the Bunker Hill Monument Association. "In 1861, a mast 70 feet long, surmounted by a gilt ball, had been prepared and bolted to the upper courses of the Monument,

so that a flag of the largest size might clear its apex." Raised as a special tribute to the Union cause (war had just broken out a few months before), the unfurling of this large flag by the Governor of Massachusetts was followed by patriotic songs and speeches. "It was a spectacle worthy of Bunker Hill and of her heaven-born mission — sublime and stirring enough to have fixed in loyalty any swerving Southern heart, could it only have been brought within its inspiring reach." This particular flag

was displayed for the last time on Nov. 25, 1866, "the day set apart by the Proclamation of President Johnson as a day of National Thanksgiving for the cessation of the Rebellion." Soon after, the 70-foot mast was also removed. Today, the remains of the spar support include four one-inch iron bolts in the north window sill.

The following year, according to Warren's history, "a liberty pole was erected on the square one hundred and forty feet high. On the cross-bar was lettered the

motto, 'Liberty & Union: 1775, 17th of June, 1867.' " A flag was raised on Bunker Hill Day, a tradition which continued sporadically until the removal of the liberty pole in 1874.

Afterwards, two flags were hung from poles extending from the east and west windows. This arrangement continued until the early part of this century and can be seen in old postcards. The wrought-iron brackets are still mounted on the Monument and these will be used to support the new poles installed in commemoration of the Monument's sesquicentennial, June 17, 1993. To celebrate this anniversary two flags will be hung, measuring 10 by 16 feet, in

the style of those flown at the Monument's inauguration.

The new flag poles have been donated by the Charlestown Preservation Society to the National Park Service. They were manufactured by spar maker Dexter P. Cooper IV of Hartland, Vt. Commemorative bronze ornaments evoking the Revolutionary War cannon in the observatory room and bearing the legend "Gift of the Charlestown Preservation Society, June 17, 1993," cover the butt ends of the poles.

The Boston National Historical Park thanks the Charlestown Preservation Society for this generous donation.

NEW FLAGS TO BE UNFURLED ON BUNKER HILL MONUMENT

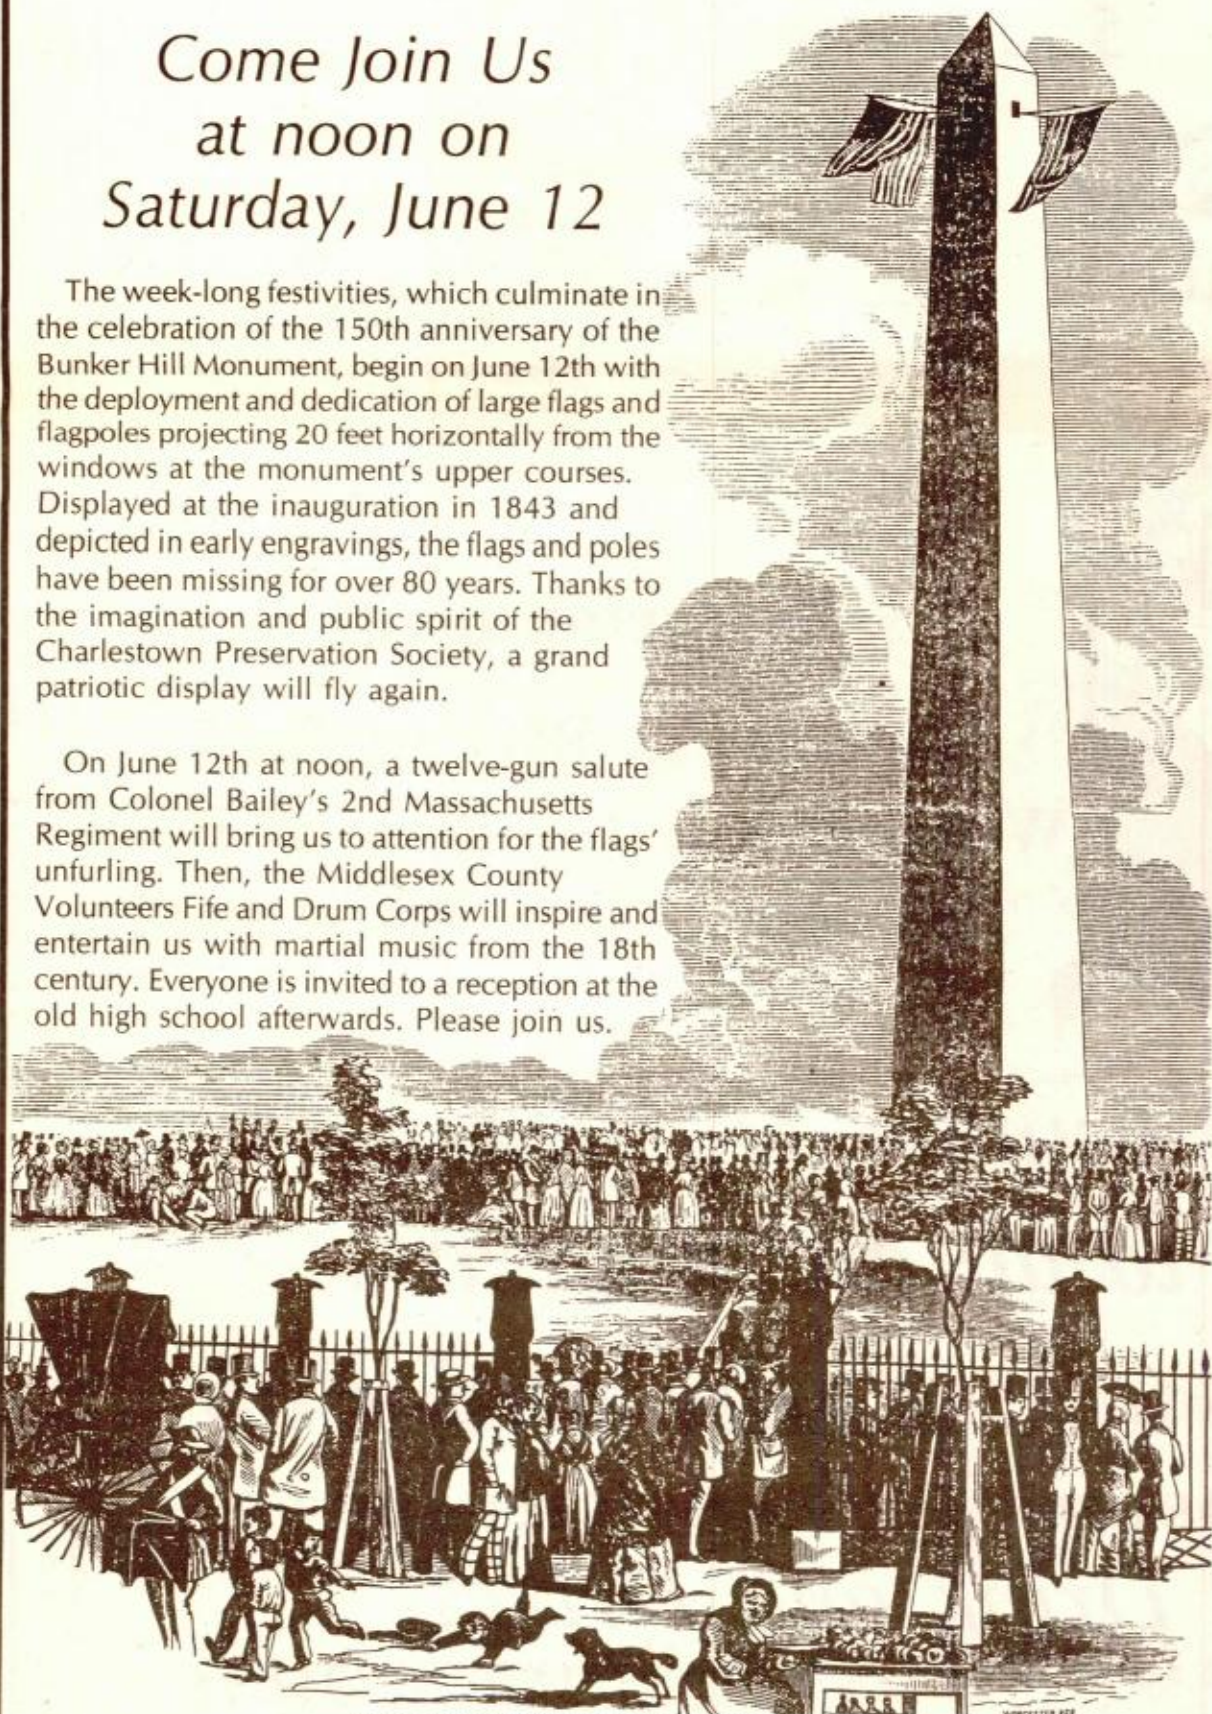

Sponsored by

The Charlestown Preservation Society and the Boston National Historical Park

Come Join Us at noon on Saturday, June 12

The week-long festivities, which culminate in the celebration of the 150th anniversary of the Bunker Hill Monument, begin on June 12th with the deployment and dedication of large flags and flagpoles projecting 20 feet horizontally from the windows at the monument's upper courses. Displayed at the inauguration in 1843 and depicted in early engravings, the flags and poles have been missing for over 80 years. Thanks to the imagination and public spirit of the Charlestown Preservation Society, a grand patriotic display will fly again.

On June 12th at noon, a twelve-gun salute from Colonel Bailey's 2nd Massachusetts Regiment will bring us to attention for the flags' unfurling. Then, the Middlesex County Volunteers Fife and Drum Corps will inspire and entertain us with martial music from the 18th century. Everyone is invited to a reception at the old high school afterwards. Please join us.

phibious Brigade, serving as an assistant operations officer in the G-3 section.

In July of 1987, he was reassigned to the Plans and Policy Directorate on the staff of the Commander in Chief, U.S. Atlantic Fleet, Norfolk, Va., where he was promoted to Lieutenant Colonel.

O'Donnell joined the First Marine Division in July of 1990, serving as Deputy Assistant Chief of Staff G-3 until Jan. 1, 1991, whereupon he assumed command of Headquarters Battalion, First Marine Division. He commanded the Battalion during the latter stages of Operation Desert Shield and throughout Operation Desert Storm. He redeployed the Battalion to Camp Pendleton in April 1991.

He assumed command of First Battalion, First Marines on May 24, 1991. Redesignated as Battalion Landing Team 1/1, O'Donnell deployed to the Western Pacific and the Arabian Gulf from January 1991 until July 1992.

Promoted to Colonel in August 1992, he assumed duties as the Director, Requirements Division, Marine Corps Combat Development Command in November 1992.

O'Donnell's personal decorations include the Bronze Star Medal, the Meritorious Service Medal with two gold stars in lieu of second and third awards, the Navy Commendation Medal and the Navy Achievement Medal.

O'Donnell is married to the former Candy Durant. They have two children, a son Brian, 22, and a married daughter Melissa Stetson who resides in Calif.

The Chief Marshal's Band, leading off the parade, will be one of Charlestown's favorites — the Joseph F. Hill Post 156, American Legion Band of Waltham, under the direction of Dorothy Slamin Hill. This band made national headlines in May 1990 when it marched and performed concerts in Russia. Community residents continue to be thrilled by the spirit and the music of this outstanding band.

Other stellar attractions in this year's parade will include:

- the Polish American String (Mummers) Band of Philadelphia;
- the Boston Crusaders

- Drum and Bugle Corps;
- the Sadlers Senior Drum and Bugle Corps; and
- the Kevin Barry Irish American Pipes & Drums.

Assisting Chief Marshal O'Donnell in organizing the parade is Chief of Staff Marty O'Brien Sr. and Parade Chairman/Adjutant James W. Conway, Past National Historian, The American Legion.

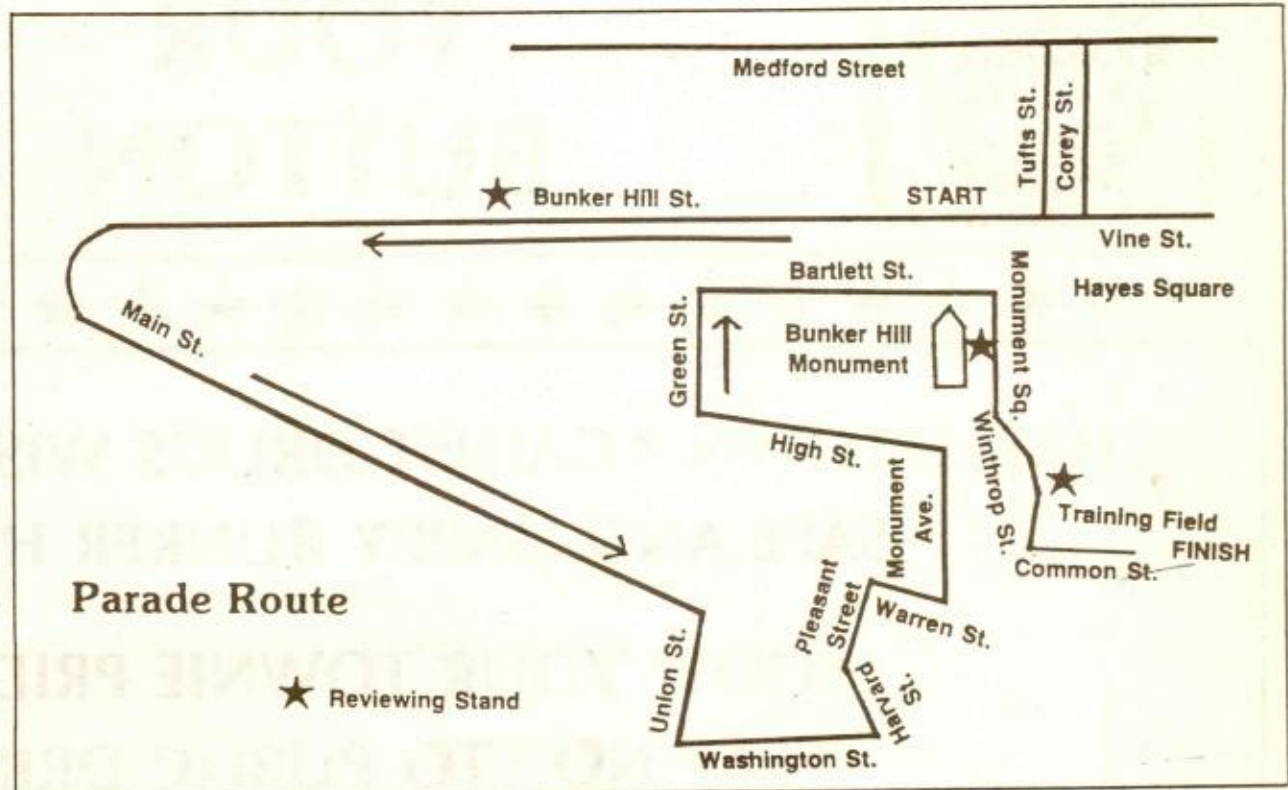

O'Donnell expresses his thanks to the dedicated few who work diligently each year on the Bunker Hill Day Parade Committee in the organization of the parade and on the fund-raising committee, for without them there would be no parade.

Through its hard work and tireless efforts, and with the generosity of the residents, businesses, clubs, organizations, elected officials and candidates for public office, the Parade Committee is close to raising the necessary funds to supplement the limited budget provided by the city of Boston to put a great parade on the streets of Charlestown.

"This Bunker Hill Day celebration, commemorating the 218th anniversary of the Battle of Bunker Hill and celebrating the 150th anniversary of the dedication of the Bunker Hill Monument, promises to be a great day," stated O'Donnell, "one of which the town can be proud. So many contributed to the success of this day, whether it be from buying a raffle ticket to making a generous donation . . . each one is significant and each contribution is received with thanks.

"Let us all make the Bunker Hill Day Parade and celebration a happy one by putting out the welcome mat for all our guests and visitors. Remember that the bands, drum corps, bagpipes, militia, military, veterans and other marchers are here to help us celebrate Bunker Hill Day. They are our guests and let us treat them as honored guests," added O'Donnell.

"The Bunker Hill Day Parade Committee has worked tirelessly to bring you one of the largest parades in this part of the country, and it is now up to each and every resident to consider themselves a proud Townie and do all in their power to make this a grand celebration. With the

cooperation of all, this can truly be a memorable day. Let's all make sure that none of the 'wise guys' mar the day, for too many have worked too hard to make

this a topnotch family parade, one that we can all be proud of," concluded O'Donnell.

Residents, guests and visitors are requested to clear

cars from the parade route and assembly area on Sunday by 9 a.m. Your cooperation will be greatly appreciated in order to facilitate the formation and the move-

ment of the parade through the streets of Charlestown. (See map of parade route elsewhere on this page and the article on the streets posted: no parking.)

Annual Bunker Hill Day Doll Carriage Parade

The annual Bunker Hill Day Doll Carriage Parade will be held on Saturday, June 12 at 10 a.m. in the Training Field. This event features Charlestown children between the ages of 2 and 10 in costumes, pushing beautifully decorated carriages around the walkway. Prizes will be awarded in various categories — most original, prettiest, etc.

According to Chairperson Edna Kelly, registration

for this year's event is closed and no registrations will be accepted the day of the parade.

All are welcome to come to the Training Field on Saturday to view this Bunker Hill Day tradition — the Doll Carriage Parade.

In the event of rain, the parade will be held at the MDC Skating Rink on Old Rutherford Avenue and Union Street.

Cars Will Be Towed On The Parade Route

Residents of Charlestown and their guests, visitors and businessmen are warned that they must remove their cars from the parade route and assembly area by 9 a.m. on Sunday, June 13 so that the parade may proceed in an orderly fashion without obstructions. Any cars left on the streets after that time will be towed by the Boston Police Department.

Streets that will have a **No Parking** provision from 9 a.m. until the conclusion of the parade are:

- Bunker Hill Street from Chelsea Street to Sullivan Square;
- Main Street from the intersection of Main, Bunker Hill and Medford streets to Union Street;
- Union Street to Washington Street;

The Bunker Hill Day Commemorative Exercises, sponsored by Bunker Hill Post 26, The American Legion under the auspices of

the city of Boston, will be held on Thursday morning, June 17. These ceremonies will mark the 218th anniversary of the Battle of Bunker Hill and the 150th anniversary of the dedication of the Bunker Hill Monument.

The program, according to Standing Committee Chairman James W. Conway, commander of Post 26 and Past National Historian of The American Legion, will begin with an Ecumenical Service at St. Francis de Sales Church, 313 Bunker Hill St. at 9 a.m. The service is being dedicated

in honor of the late Joseph J. Kent who worked tirelessly on the organization and fund-raising committees of the Bunker Hill Day Parade for many years.

Following the service, the veteran, military, militia and patriotic organizations will assemble outside the church and form a procession. The participants will march to the Bunker Hill Monument grounds to the music of the Colonial Band of Lawrence for the Patriotic Exercises, commencing at 10 a.m. The Monument Orator

on this, the 218th anniversary of the Battle of Bunker Hill, will be the Honorable William M. Bulger, senator from the First Suffolk District and President of the Massachusetts Senate.

Bulger is a graduate of Boston College High School. He received a bachelor of arts degree from Boston College and a doctor of jurisprudence from Boston College Law School.

Elected to the Massachusetts House of Representatives in 1961, Bulger served in the House until 1970 when he was elected to the Senate where he continues to serve. He was elected president of the Massachusetts Senate on July 31, 1978.

Bulger's activities include membership on the board of various charitable, cultural and educational organizations. These affiliations include: President of the Board of Trustees of the Boston Public Library; member, Board of Overseers of the Boston Symphony Orchestra; member, Board of Trustees of Mass. General Hospital; member, Board of Trustees of McLean Hospital; incorporator, Children's Museum; Chairman of the Board, State Legislative Leaders Foundation; and member, Board of Trustees of the Museum of Fine Arts.

HONORABLE WILLIAM M. BULGER,
PRESIDENT OF THE MASSACHUSETTS SENATE
1993 MONUMENT ORATOR

Legislation that has been sponsored by Bulger includes a proposed model to prevent the abuse of children. He has assured funding for the city of Boston by the state and has sponsored and authored legislation on marine sanctuaries, solar energy incentives, the Government Land Bank, the Boston Harbor Clean-up initiative and the right of foot passage along the seashore.

Bulger has also sought to eliminate language from the Massachusetts Constitution which discriminates against parochial school children and he has pioneered parental school choice legislation in the state.

The Senate President is the recipient of 14 honorary degrees from institutions of higher learning in Massachusetts.

A noted orator, Bulger

will combine the history of Bunker Hill with contemporary topics in what will prove to be a noteworthy address. This will be the second occasion at which Bulger has been the Monument Orator, the last time being in 1976. As such, he will be following in the footsteps of Daniel Webster, the only orator previously to have addressed the Bunker Hill Day gathering twice.

At the conclusion of the formal ceremonies, a wreath will be placed at the base of the statue of Col. William Prescott on the Monument grounds.

Among those who will be present for Thursday's exercises will be a delegation of Bunker Family members, traveling from across the country for the observance.

Conway and the committee, extend a warm welcome to all residents, organizations from within and outside the community, to join with them on the morning of the 17th of June — the 218th anniversary of the Battle of Bunker Hill, at both the Ecumenical Services at St. Francis de Sales Church at 9 a.m. and at the Patriotic Exercises at the Monument at 10 a.m.

With the cooperation and attendance of all, these commemorative exercises will be truly a fitting tribute

to our fallen heroes of Bunker Hill and to those whose dedication saw the completion of the Bunker Hill Monument 150 years ago.

Ribbon-Cutting Ceremony Marks Opening Of Sullivan Square Garden To Persons With Disabilities

photos by Jeanne Davis

The gardens at Sullivan Square, a part of the Charlestown Community Gar-

dens, took another step forward in its continuing progress recently when it be-

came the first garden in the state to be handicapped accessible.

On a sunny May morning, Laurette Murdoch, one of the original members of

the Charlestown Community Gardens, cut the green ribbon officially opening

the garden that now has access for the physically disabled. Among those present were a delegation of wheelchair-bound clients and staff from the Life Focus Center.

Speakers included Kevin Burke, president of the gardens; Jack Millerick, executive director of the Life Focus Center; Brian Wallace from the city's Business and Cultural Affairs office who presented a citation from Mayor Raymond Flynn; and John Campbell.

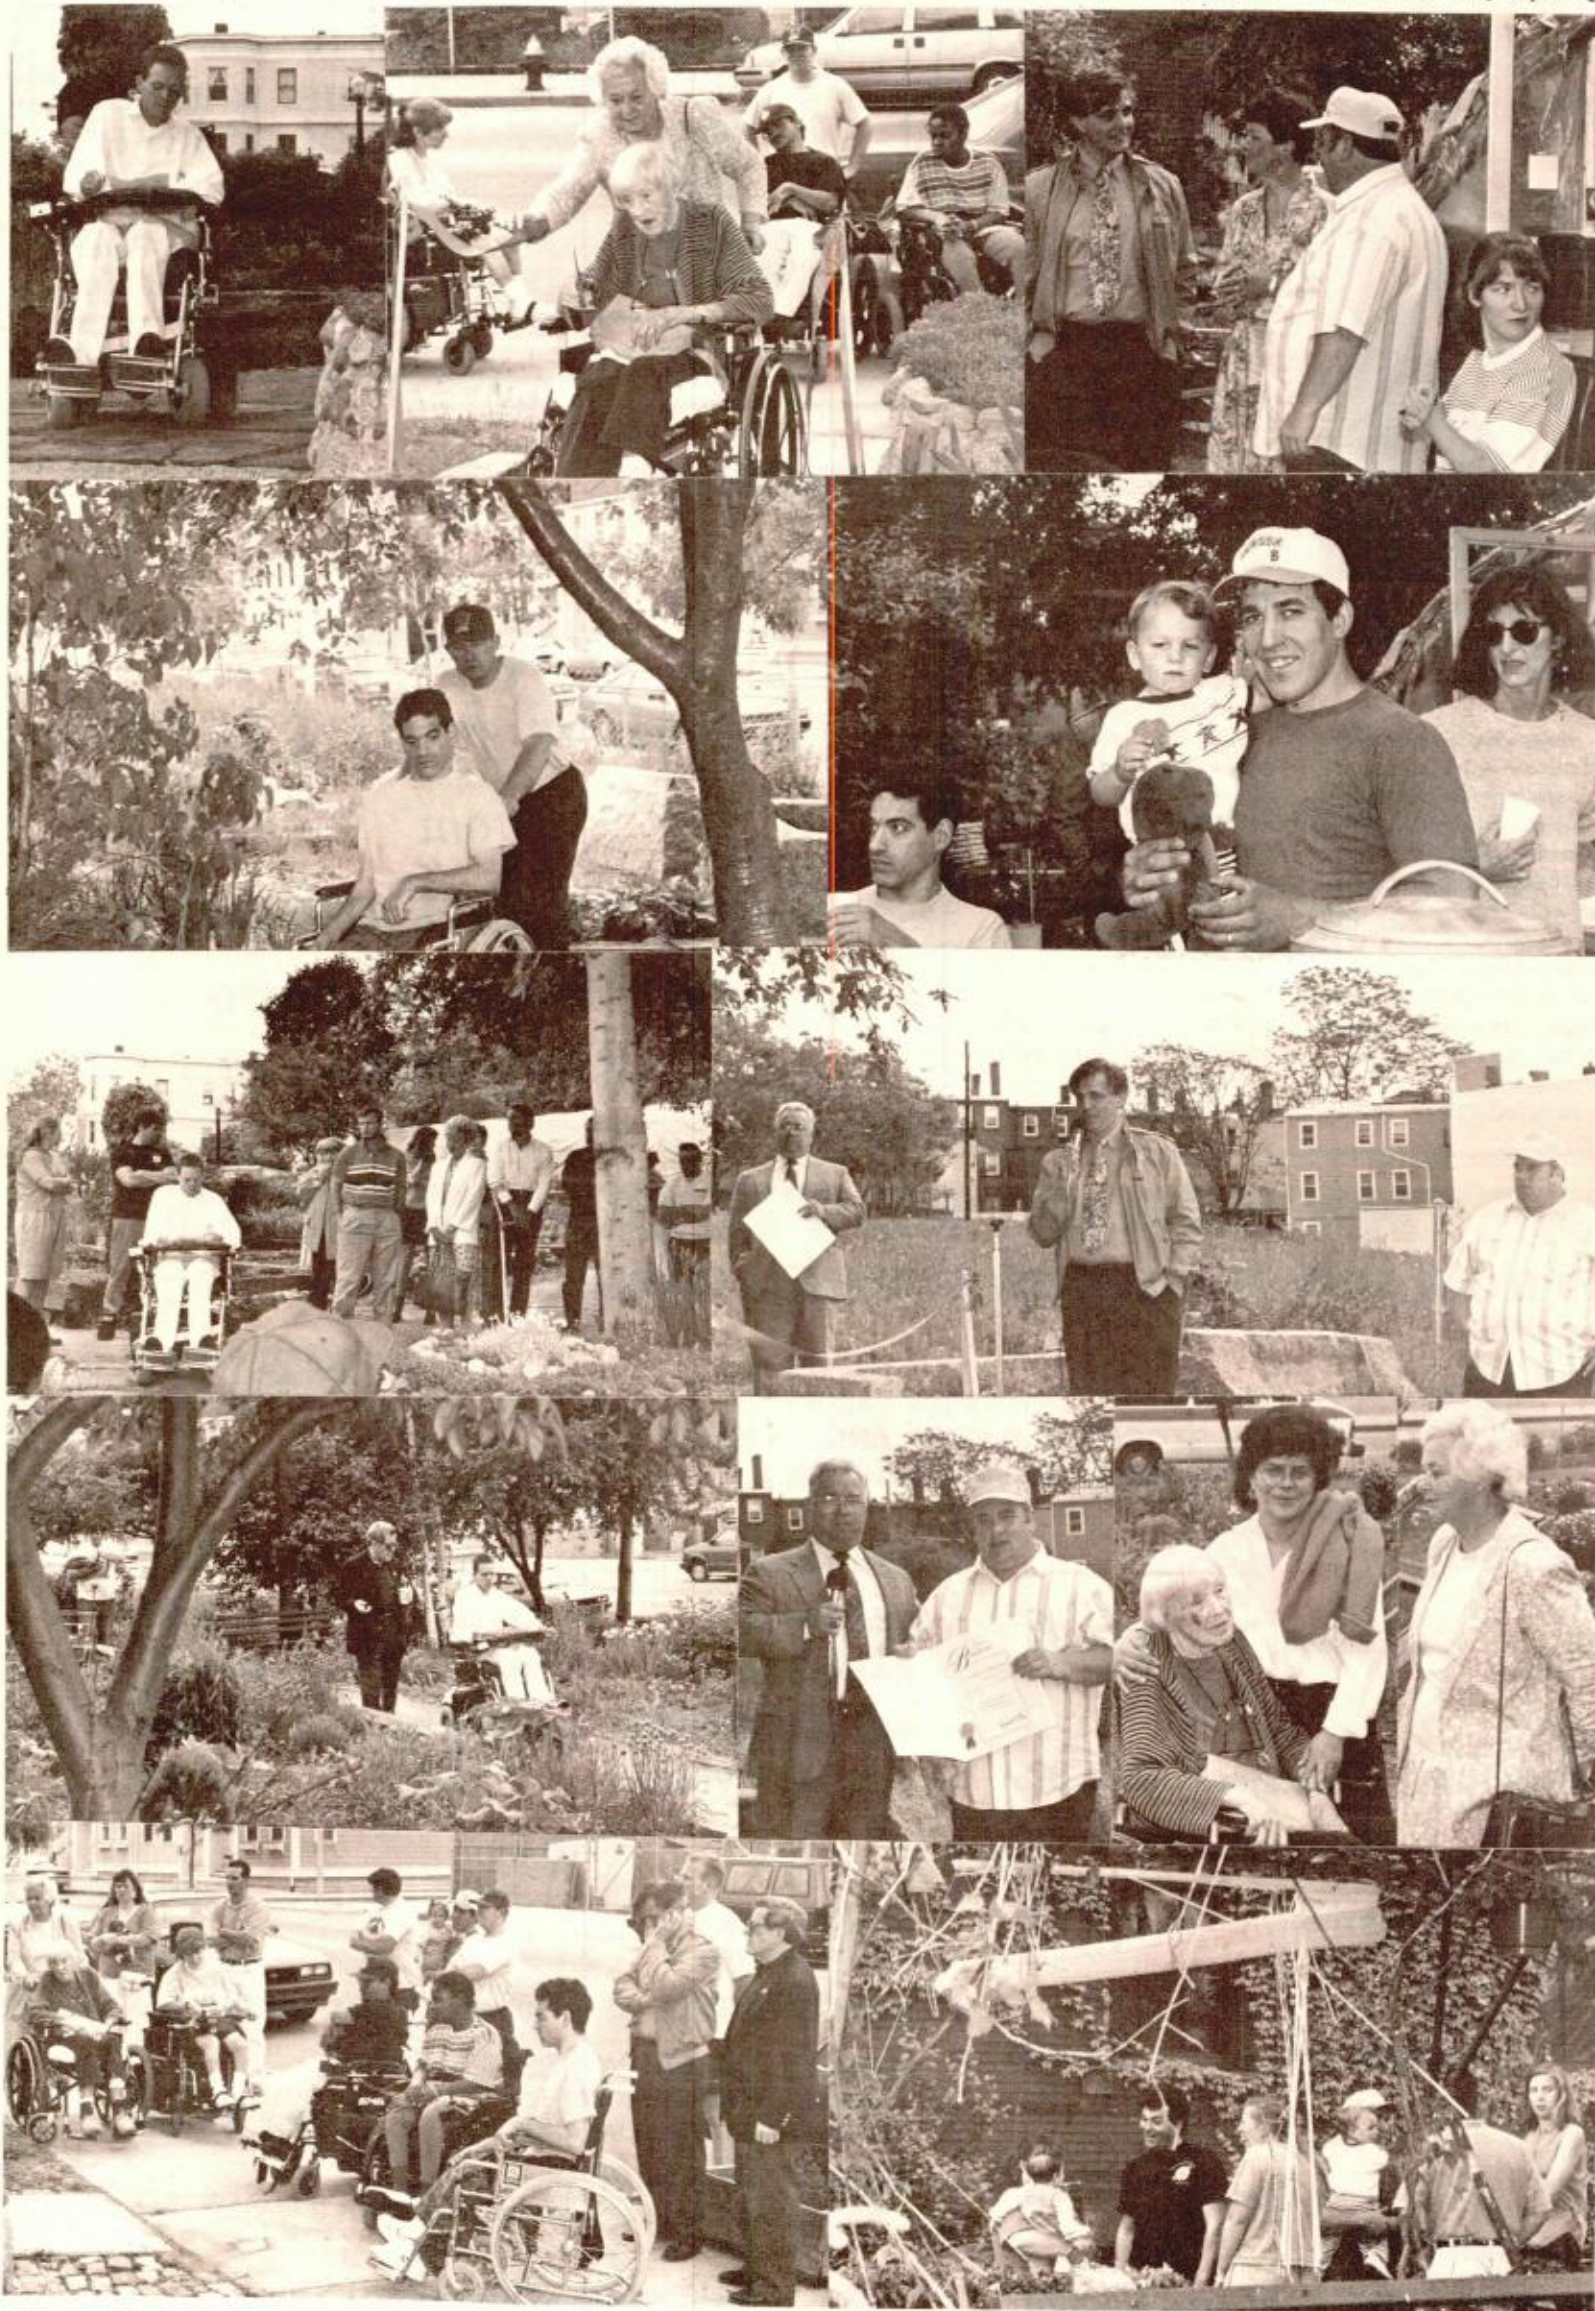

Campbell stated: "We are here today to celebrate the accessibility of this wonderful place — our community garden. For the past few years, I have spent a considerable amount of time enjoying the beauty and fresh air of the garden and the friendships of the gardeners.

"Before the garden was made wheelchair accessible, I encountered some obstacles and difficulties making my way into and around the garden. Here on Main Street, these two steps were a barrier to my entering the garden. The Bunker Hill Street entrance had a very short, 90-degree angle ramp that was patched together with cobblestones and pieces of cement — it was unsafe to say the least. The old walkways consisted of a thick layer of gravel that sometimes caused my wheels to lose traction, become stuck and twice wear out the motor of my chair.

"When these difficulties were brought to the attention of members of the board of directors, they moved in an expedient manner to resolve the problems. Now there is an accessible entrance on both Main and Bunker Hill streets. The walkways are more conducive to wheels since being covered in stonedust.

"I can remember in years past when mothers pushed their carriages and strollers along Main Street and would look in from the sidewalk with admiration. Because of the access, they are now able to enter and enjoy the splendor of the garden. Now that the garden is accessible for all, we can say, 'This is truly a community garden.'"

Campbell, at the conclusion of his remarks, thanked Kevin Burke, John Dunbar and Jim Hall as key people who worked in close coordination to make this handicapped accessible project a reality.

DSS To Host Adoption Informational Meeting

An informational meeting for prospective adoptive families, sponsored by the Commonwealth of Massachusetts Department of Social Services, will be held on Tuesday, June 15 at 6

p.m. at the DSS Adoption Resource Unit, second floor, 810 Memorial Drive, Cambridge.

All families interested in adopting are welcome. Adoptive parents must be at

least 21 years old, may be single or married, own their own home or rent, may or may not have children and come from all ethnic, religious and economic backgrounds.

As DSS runs primarily a special-needs adoption program, there is the greatest need for families who can adopt older children, sibling groups, medically involved and physically chal-

lenged children, children with developmental disabilities and children with a court case pending who are not yet free for adoption.

Whenever possible, DSS tries to match the ethnicity

of a child with the ethnicity of the adoptive parent.

Interested individuals and families will learn about the children waiting for adoption.

My Thanks

Dear Gloria,

I am grateful to you for providing me with this opportunity to thank anyone and everyone who encouraged and supported me during the Charlestown Rose Contest. It is not often you come across people who will unselfishly sacrifice their time and expect nothing in return.

There are four special people who fit perfectly this description. They are my dad James Treanor, my sister Allyson Treanor, my cousin Ann Ezekiel and my aunt Mary Flynn. Their patience and support has always been remarkable and I thank them from the bottom of my heart.

Outside my family I would like to extend a warm thanks to the Charlestown-to-Charlestown Committee, Mayor Erin Sullivan, 1992 Rose Shannon Kiely, the judges of the contest and my competitors Kellie Burke, Cheryl Collins, Rachel Coleman, Gwen McLaughlin and Kerri Wadman.

Sincerely,
1993 Rose Julie A. Treanor

The Polish American String Band To Appear In Concert

(continued from page 7) sia, lime and orange are incorporated onto plaids and stripes. Wide lapels, tails and five-foot ties are also part of these suits.

Captain Stan Magenta, as the ring master, wears a red sequined jacket, glazed pants made from silver skip-a-row fabric, black sequined boots and a top hat.

Since its founding, the Polish American String Band has been thrilling audiences of all ages with consistently fine music, beautiful costumes and out-

standing presentations. Organized in 1933, the band became an immediate favorite throughout the Philadelphia area.

Rivalry among the string bands is strong. Each band must develop a theme and evolve it throughout the year. Costumes, music and drilling supplement the theme. Bands spend many thousands of dollars on costumes, and each new year every unit must present completely new costumes and presentation to be eligible for competitive prizes in

the New Year's Day Parade.

Performing throughout the United States has spread the name of the Polish American String Band and introduced Mummery to the country. Perhaps the most thrilling performance for the band came in 1979 when they performed for His Holiness, Pope John Paul II. The band has also made several appearances on national television. In 1990, the band visited Poland on a two-week concert tour that endeared them to many.

Although the member-

ship is no longer exclusively Polish, the band still promotes the slavic heritage of its founders. Band members include policemen, firefighters, college/high school students, accountants, bankers, laborers and bus drivers, to name a few, who share a love of music and performing that keeps them busy with parades, concerts and holiday celebrations, adding their special touch to the Philadelphia Mummies tradition.

The appearance by the Polish American Band in

concert with its circus theme, polka medleys and famous strut will certainly be a lively and colorful event.

In addition to Saturday afternoon's concert, the Polish American String Band

will strut through the streets of Charlestown during the Bunker Hill Day Parade on Sunday, June 13.

All are welcome to join the Polish American String Band in concert on June 12 at 5 p.m.

★ **Street Reconstruction Update . . .** For a short week, Mario Susi & Son got quite a bit of work accomplished. On Prescott Street, the curb installation was completed and the survey bounds installed. Susi also plumbed the existing gas light poles; then excavated, graded and poured the new concrete sidewalk leaving the new tree pits open for the landscaper to plant the trees. The contractor then excavated the roadway and installed the new gravel sub-base.

On Prospect Street, the curb was finished and Susi got most of the excavation done for the new gravel subbase. Meanwhile, the engineers met with the Boston Fire Department to finalize the location of the fire alarm box by the old intersection of Edgeworth Street. The contractor also installed the temporary asphalt apron to Ferrin Street this week.

Schumacher, the landscape subcontractor for Susi, has installed most of the trees on Russell, Bunker Hill, Mt. Vernon, Lexington, Essex, Seminary, Devens and Lawrence streets. The major portion of the spring planting of trees on the project has been accomplished. Schumacher is now following up the planting with the installation of the brick and mulch tree pit surface treatment. Finally, all the trees still have to be pruned.

Susi's next planned operation will be the installation of new gas lights around Monument Square and leaflets are being distributed this week for a June 14 start of work. Nonetheless, Susi will be required to work around the Bunker Hill Day Celebration schedule.

On the Forty Flights project, the Middlesex Corporation continues to hammer away at the punchlist in hopes of completing the work and closing out the project by the end of the month.

Complaints, questions or concerns are being handled by Community Liaison Peter Looney at 722-4300, ext. 5674.

Voke Supports Health Care For Uninsured Kids

State Rep. Richard Voke, the Majority Leader of the House of Representatives, led an enthusiastic effort to amend the state budget in order to provide thousands of uninsured children of the working poor or those who have run out of unemployment benefits with basic health care coverage. According to Voke, his program will cover children between the ages of 6 and 12. The commonwealth currently offers programs for youngsters up to 6 years

of age. "Times are especially difficult for the working poor and those who have lost jobs and have run out of unemployment benefits. The amendment that I sponsored will assist families who are struggling to survive by insuring that their children receive the necessary health coverage to allow them access to vital primary and preventative health care services," said Voke.

Among the services pro-

vided by the Voke initiative are physicals, immunization, screening and testing, visits to participating providers when a child is ill, hospital emergency care, outpatient services for mental health, certain types of surgery and prescription drugs.

All children receiving these services will be required to participate in a mandatory smoking prevention program to educate them about the serious health hazards of smoking.

Health care services will be provided in managed care settings, community health centers, school-based clinics and physician's offices.

"By making health care available to families who cannot afford it, the commonwealth is in a win-win situation. It's a win for the youngsters who receive preventative health care and it's a win for the taxpayer who oftentimes pays for more serious health procedures because poor families cannot afford preventative

measures. I was proud to receive overwhelming sup-

port for my pro-children plan," concluded Voke.

O'Neil Graduates From Emerson

Colleen M. O'Neil recently received a Bachelor of Fine Arts Degree in Writing, Literature and Publishing from Emerson College. O'Neil was one of 752 graduates at the college's 113th commencement held at the Wang Center on May 17.

Academy Award-winning and hearing impaired actress, Marlee Matlin, delivered the keynote address

and also received an Honorary Doctorate of Humane Letters. In her commencement address, Matlin signed, "I consider myself fortunate to have found out while I was a young girl that even though I was deaf, I could still do the most important thing — dream." Through her interpreter she told the graduates, "Listen to your hearts, and we will watch you soar."

Charlestown Residents Graduate From Pope John High

Seniors at Pope John XXIII High School enjoyed a week of special events preceding their graduation on June 1. The week began with the celebration of a Baccalaureate Mass for the seniors and their families on May 23. Sunday evening brought the Pope John Annual Sports Awards Banquet where students and their families enjoyed a roast beef dinner prepared by Dean of Students, Sister Nancy Brennan, CSJ.

Between graduation rehearsals, the seniors enjoyed a barbecue on the plaza — D.J. and all — and also, a memorable Class Night where they received their yearbooks and signed each others books.

The 24th graduating class of Pope John XXIII Central High School took their places among the ranks of over 4,000 Pope John Alumni who, since 1970, have taken their respective places in society and made the

“best” a reality.

In a most impressive commencement ceremony on June 1, in the presence of their families and the Pope John community, the senior class of 1993 received their diplomas from Sister Kristin Hokanson, SND, the principal of Pope John High School. They listened to the encouraging words of the guest speaker, their former teacher William Fitzgerald, currently principal of Holyoke Catholic High

The Massachusetts Breast Cancer Coalition (MBCC) will host the state's first-ever swim against breast cancer — a fund raiser designed to help combat the disease that now strikes one woman in eight. Against the Tide: The MBCC Swim for Breast Cancer will be held on Sunday, June 26 at 8 a.m. at Walden Pond in Concord.

MBCC officials have challenged swimmers from Charlestown to join the swim and to show their solidarity in the fight against breast cancer. Swimmers

John Kelly And The Battle Of Bunker Hill Road Race

by Charlie McGonagle

To marathon racing fans worldwide, the name Johnny Kelley and the Boston Marathon are totally synonymous. The legendary Johnny Kelley competed in Boston until he was well into his eighties. It was another John Kelly, however, who helped get the annual Battle of Bunker Hill Road Race off the launching pad. It was not Johnny Kelley, the Elder, nor was it Johnny Kelley, the Younger. It was Johnny Kelly, the Townie, and this is his story as best as he could remember it.

Exactly twenty-five years ago this month, the Charlestown Boys Club, still twelve years away from merging with the Girls Club, presented its very first Bunker Hill Day Road Race. Road racing was in its infancy back then, but those with greater vision than most of us saw its burgeoning popularity on a nearby horizon and, through the Boys Club, a road race was offered to help kick off the Bunker Hill Day festivities.

Originally, the concept was to involve local Boys Club members in a wholesome activity on parade day. However, the growing popularity of the sport created ever increasing fields of runners, and this year's Battle of Bunker Hill 8K Road Race, as it came to be called, will play host to an expected six hundred or more competitors.

Back in 1968 though, the field numbered less than one hundred, and among them was John Kelly, the Townie. John was a sophomore at Christopher Columbus High School and an important part of that school's track and cross-country teams. The high school season had recently ended, but the thought of the first Boys Club Road Race kept John's interest focused on running. Although he had been competing for Columbus for two years, he had never performed before as many people as he would on this day. It was important to him to do well, and he worked hard to reach his goal.

Race day finally arrived, and with it came the heat.

"It had to be one hundred degrees," he recalled recently. "It was so hot, the pavement actually burned the bottom of my feet. I

really don't think anybody was especially looking forward to running in that kind of weather, but neither did they want to back out. I think the race was three and one half miles then, and I can remember the course very well. However, when I do stop to think about it, my feet start burning all over again.

"We started in front of what was then the Girls Club on High Street and turned down Green to Main. We turned right on Main to Sullivan Square and crossed to Medford Street. By this time the field was beginning to spread out a bit and I was with a group of about fifteen runners and near the lead at this point. As we moved along Medford Street, the lead pack began to thin out even more and, although the heat was intense, the adrenaline and friendly voices along the way kept me going.

By the time we reached the end of Medford Street, just before turning down Chelsea, I think I was the only local kid still near the lead. At this point, there were still five or six of us in contention. I took a couple of quick looks back over my shoulder, and I knew the heat was going to prevent anybody from making a move on us.

"By the time we had turned on to Vine Street and circled the old softball field onto Lowney Way, I was praying for the end. I was so hot, so tired, that I briefly considered quitting, but by the time we reached the Training Field and headed for the High Street side of the Monument, there were only three of us left at the front. Any thought I had of quitting were replaced with an overwhelming urge to win. I had been in dozens of races in high school before this, but even today I cannot think of a time in my life when I wanted so badly to win.

"There were no hills left in the few hundred yards that remained on High Street, and what had been a three and one half mile race was now down to a sprint. The three of us were running neck and neck, and unbelievably, faster than at any other time during the race.

"I can remember thinking that I was going to win

it all. I even began to visualize what it was going to be like crossing the finish line in first place. Maybe I lost my concentration for a minute or two, I don't know, but one of the other two runners began to inch ahead a bit, and as hard as I tried, I just couldn't make up the ground I was slowly losing to my rival.

"When I reached the finish line, I had spent every bit of energy. The exhilaration I thought I would feel at the end of the race was replaced with exhaustion, and just around the corner on Elm Street, I collapsed. I had been so focused on those last couple of hundred yards, that I did not know if I finished second or third. I did know, though, that I was the first Townie to finish and I received The Charlestown Patriot Trophy for being the first in that category.

"After I got out of the heat and took some fluids, I started to feel better, and the realization of what I had done lifted my spirits. You know, when I was laying on the ground on Elm Street, I was making these little promises to myself about never, ever running again. When I started to feel better though, not only did I want to run again, but I wanted to run the Boston Marathon. How's that for going from one extreme to the other?"

"That desire to run Boston stayed in my mind for a long time, but after four years of high school track, I guess I sort of got burnt out. Every once in a while, most often when I would see somebody out on a jog, I would begin to think about the marathon and the old dream would come alive once again.

"And finally it happened. It took twenty-five years, but this past April, at the

age of forty-one, I realized that old dream of mine. I started and finished Boston. You know it is funny, but when I made the final turn to the finish line at the marathon, that feeling, the one

I had twenty-five years earlier at the old Boys Club Road Race, came back. I was behind the leaders, far behind, but you know something, Charlie? Just like twenty-five years ago, I knew I was a winner."

John Kelly, the Townie, was the first Charlestown resident to finish in the very first Boys Club Road Race of twenty-five years ago, and he will run again this year. He was a boy then, and he is a man now, but it is the same heart that powers him. What he accomplished on that blistering hot June day in 1968 has created a vivid memory for him and for many others,

yours truly included.

As a member of the Boys Club staff, I had been assigned to the finish line, and I was there when John completed the race. I witnessed, first hand, his determination as he raced along High Street through the heat. I saw him collapse, exhausted, and I saw his initial look of disappointment turn quickly to pride as he began to realize that, because he had given all he had, and quite likely even more, he was, indeed, a winner.

Although twenty-five years have now passed, it is impossible for me to meet John Kelly, the Townie, and not remember that day.

REQUEST FOR QUALIFICATIONS ARTISTS

City Square Park, Charlestown

The Commonwealth of Massachusetts, through its Department of Environmental Management, requests letters of interest and qualifications from artists for the design of art for City Square Park in City Square, Charlestown. The site is a 1.25 acre area (also known as CANA Parcel 5) which has been recently constructed as a part of the CANA work currently being done in Charlestown. The park, currently being designed by The Halvorson Company, Inc., will be constructed directly atop the Southbound Route 1 CANA tunnel in City Square.

The schematic design phase has been completed and the Department is now seeking artists to collaborate with The Halvorson Company on aspects of the park design. Artwork will be designed during the summer of 1993 and constructed during 1994.

The Department is seeking artwork which responds to the park's unique historic context and is an integral part of the park's design and function. The artwork should relate the vitality of City Square and its place in the history of Boston to the contemporary public. The artist may team up with an historian, writer or other collaborators. It is intended that the artwork be developed in concert with the landscape design and be a fundamental component of the park experience.

The criteria for artist selection include the following: artistic excellence, availability to meet project design schedule, starting in July and August, interest in working collaboratively, ability to meet deadlines and keep projects within budget, proximity to Boston, with special attention being given to artists who have worked on projects involving history.

Please submit a letter of interest, resume, 10 slides of sample artwork, and a self-addressed stamped envelope (for slide return) to Sandi Wolchansky, City Square Park Project Manager, Department of Environmental Management, 100 Cambridge St., Room 1404, Boston, MA 02202. All submissions must be received no later than 2 p.m. on Wednesday, June 16, 1993. All inquiries should be addressed to Sandi Wolchansky at (617) 727-3160 x 578.

Michael Travaglini Announces For Boston City Council At-Large

(continued from page 6)
in a downtown Boston law firm.

By resigning from his position at the law firm, Travaglini has sent a clear message that he is taking his first run for public office very seriously. "Let me state to those of you here this evening, and to all the residents of Boston; I am in

this race to win and I am in this race to stay."

In his closing remarks, Travaglini stated that his overall priority would be to "restore confidence in Boston as a viable place to live, work, invest and go to school. The next mayor and city council must work with the business community to improve the city's economic

climate which, in turn, will attract new businesses and create permanent jobs that pay well; they must work with the school committee to improve the quality of public education that is available to all children, not just those from wealthy families; and they must continue to support our police department in its efforts to prevent criminal behavior as well as to punish those who break the law."

(political announcement)

(continued from page 6)
increases by providing \$30 million to defray rate increases and by preventing suburban legislators from forcing Boston residents to shoulder a bigger share of the bill.

Among the innovations proposed by Brett was a dollar fee per hotel room in Boston that will be earmarked specifically for attracting tourists and conventions to Boston.

Brett also announced his

Brett Announces Candidacy For Mayor Of Boston

four-point plan for the schools: Minimize central administration and put more power in the hands of the principals and teachers. "Zero tolerance" for violence and weapons in the schools. Mentors from the business community and local colleges will be recruited to "adopted" schools. "Ensure that the enormous sums spent on our schools are spent wisely and resources increased where they prove necessary."

Brett directed some comments to the children and teen-agers in the crowd. "I recognize that you are growing up in a challenging time and your future may seem uncertain. Young people in the neighborhoods look at the shining skyline of Boston as though it were on another planet. Those skyscrapers of glass and metal represent a different

world. Boston's next mayor must bridge the gap between the neighborhoods and downtown. Each one of you deserve the opportunity to climb those distant towers. As mayor, I will employ the full power and influence of that office to throw open the doors of opportunity to all of you."

Brett was introduced by Bob Marr, president and CEO of the Marr Companies, a leading Boston construction company; Doryse Smith, a special needs teacher in the Boston Public Schools and a member of the black caucus of the Boston Teachers Union; and by Domenic Bozzotto, president of the Hotel Worker's Union. The invocation was given by Fathers Oates and Chih of St. William's Church.

Birmingham Education Bill Passes Legislature

Sen. Thomas F. Birmingham's education reform bill overwhelmingly passed the Legislature last week, bringing the fundamental school reforms and massive infusion of state school aid to the brink of final passage. The bill would bring \$7.8 million more in state aid to Boston schools next year.

"Under this bill, the quality of a child's education will not be determined by where the child grows up. The state is committed, through this bill, to a massive infusion of funds to older, urban communities such as Boston. We will now ensure excellence, accountability and equity in the public schools of the Commonwealth."

"The bill will fundamentally revamp public educa-

tion in the Commonwealth," Birmingham said, after the 31-8 final vote in the Senate. "It requires high performance standards of our students, teachers and administrators, and it provides them with the resources to accomplish the job."

Although neither the governor's Fiscal Year 1994 budget nor the version passed recently by the House, contains the money for education reform, Birmingham, who as chairman of the Senate Ways and Means Committee will craft the Senate's version of the state budget for next year, stated that he is "unequivocally committed to full funding of the legislation."

"We have made a commitment and we mean to keep it," he said.

Health Education Series HIV/Aids

Randall S. Stafford, MC, PhD and
Lyn S. Lindpaintner, MD

THURSDAY, JUNE 17 — 7 to 8 p.m.

HIV (Human Immunodeficiency Virus) is the virus that causes AIDS (Acquired Immunodeficiency Syndrome). The number of AIDS cases in Boston continues to increase. HIV infection mostly is transmitted through unprotected sex and the sharing of needles. It also can be passed from mother to baby or through blood transfusions (usually before 1985).

Being infected with HIV does not necessarily mean that a person has AIDS. AIDS occurs several years after the initial infection with HIV when the body's immune system is weakened. This makes a person more susceptible to other infections. Although some groups are at higher risk for HIV infection, no one is immune to this virus. Now more than ever, the AIDS epidemic is affecting heterosexual men and women who have no other risk factors. While this is a complicated topic, everyone needs to learn about HIV and AIDS.

A special educational symposium on HIV and AIDS will be held at the Bunker Hill Health Center on Thursday, June 17 from 7 to 8 p.m. Among the topics to be covered in detail are the following: What is the human immunodeficiency virus (HIV)? What are the risk factors for HIV? How can you get tested for HIV? What happens when people are infected with HIV? What can be done if someone is infected? Speakers for the series will be Drs. Randall S. Stafford and Lyn S. Lindpaintner.

In addition to these topics, there will be time for any other questions that you may have about HIV and AIDS.

Randall Stafford, MD, PhD, is in the Adult Medicine Department at the Health Center. Before coming to Massachusetts General Hospital, Stafford conducted research on HIV for the Centers for Disease Control in Atlanta. He is co-author of a paper on HIV testing published in the New England Journal of Medicine.

Lyn Lindpaintner, MD, has been in the Adult Medicine Department at the Bunker Hill Health Center for nearly three years. This is the first in a series of health education programs that Dr. Lindpaintner is organizing at the Health Center.

Children's Films

The Film Program for Children will be presented at the Charlestown Branch Library, 179 Main St. on Tuesday, June 15 at 10:30 a.m. and 3:30 p.m.

The features will be "The Fox Went Out On A Chilly Night," the story of a crafty New England fox who eludes the hunters; colorful flowers appear all over town in "Flower Lovers;" and Mole weaves the fabric and sews his new trousers in "How The Mole Got His Trousers."

The famous sailor survives seven tough voyages in "The Voyage Of Sinbad The Sailor," shown only at 3:30 p.m.

Suggested good books to read are *Detective Mole* by Robert Quackenbush, *Ox-Cart Man* by Donald Hall and *The Rose in My Garden* by Anita Lobel.
