## Bloodline For Hemodialysis

- Vented and non-vented
- With on off clamp
- Color coded components
- Latex free injection site
- ISO standard connectors
- Medical grade raw material
- Flexible PVC medical grade drip chamber
- Optimal length reduces extracorporeal blood volume
- All designs available
- Blister medical pack for ETO and gamma sterilization
- With and without drainage bag

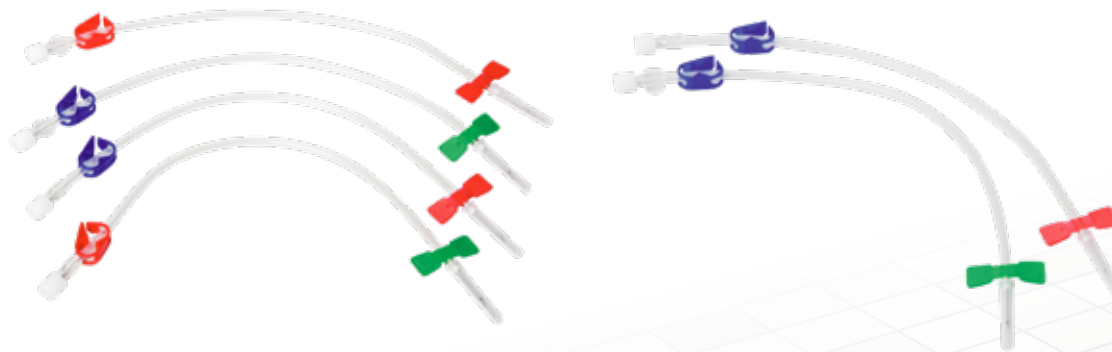

Item Code	Compatible with
FG01B001	B. Braun Dialog
FG01F001	BL-Fresenius 4008
FG01F002	BL-Fresenius 4008H
FG01F003	BL-Fresenius 4008 HDF
FG01F004	BL-Fresenius 4008 pediatric
FG01F005	BL-Fresenius 2008 - 4008
FG01F006	BL-Fresenius 2 pump segment
FG01F007	BL-Fresenius
FG01G001	BL-Gambro AK
FG01G002	BL-Gambro A 95-100-200
FG01G003	BL-Gambro A10-100
FG01G004	BL-Gambro A 96- 98
FG01N001	BL-Nipro
FG01NK01	BL-NIKKISO
FG01S001	BL- Braun Safe line
FG01S002	BL - Safe Line
FG01U001	BL-Universal

## Fistula Needle for Hemodialysis

- Color coded wings to facilitate usage
- Blockage testing for 100% of the production
- Ultra-thin wall
- ISO standard color connectors
- Post production siliconization for the internal and external surfaces to optimize blood flow
- With and without back eye
- Different sizes
- Blister medical pack for ETO and gamma sterilization

Item Code	Compatible with
FG021401	Fistula Needle 14G -Rotated -Single-Turnable
FG021402	Fistula Needle 14G -Rotated -Twin-Turnable
FG021411	Fistula Needle 14G -Rotated -Single-Fixed
FG021412	Fistula Needle 14G -Rotated -Twin-Fixed
FG021501	Fistula Needle 15G -Rotated -Single-Turnable
FG021502	Fistula Needle 15G -Rotated -Twin-Turnable
FG021511	Fistula Needle 15G -Rotated -Single-Fixed
FG021512	Fistula Needle 15G -Rotated -Twin-Fixed
FG021601	Fistula Needle 16G -Rotated -Single-Turnable
FG021602	Fistula Needle 16G -Rotated -Twin-Turnable
FG021611	Fistula Needle 16G -Rotated -Single-Fixed
FG021612	Fistula Needle 16G -Rotated -Twin-Fixed
FG021701	Fistula Needle 17G -Rotated -Single-Turnable
FG021702	Fistula Needle 17G -Rotated -Twin-Turnable
FG021711	Fistula Needle 17G -Rotated -Single-Fixed
FG021712	Fistula Needle 17G -Rotated -Twin-Fixed
FG02Y001	Fistula needle - Y connector

## Solution Infusion Set

- For infusion bottles and bags
- Flexible PVC medical grade drip chamber
- With roller clamp
- Vented and non-vented
- Latex free injection site
- ISO standard connector
- With or without needles
- Adult and pediatric
- Medical grade raw material
- Blister medical pack for ETO and gamma sterilization

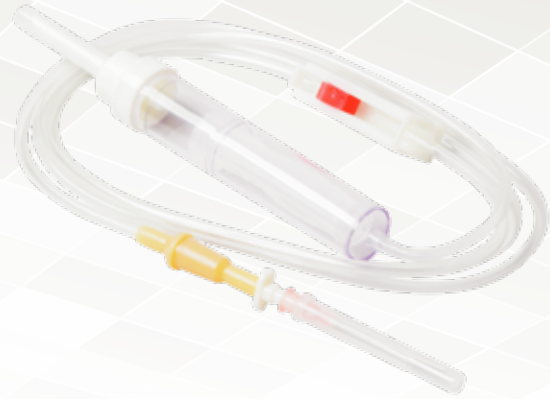

Item Code	Compatible with
FG030001	Infu-Solution infusion set Mod1
FG030002	Infu-Solution infusion set Mod2
FG030003	Infu-Solution infusion set Mod3
FG030004	Infu-Solution infusion set Mod4
FG030005	Infu-Solution infusion set Mod5
FG030011	Infu-Economy Solution infusion set
FG030012	Infu-Standard Solution infusion set
FG030013	Infu-Solution infusion set without needle
FG030014	Infu-Solution infusion set DEHP free
FG030015	Infu-Solution infusion set with filter
FG030016	Infu-Paclitaxel Solution infusion set
FG030017	Infu-Dia Flow Solution infusion set
FG030018	Infu-Secondary medication Solution infusion set
FG030019	Infu-Solution infusion set for infusion pump
FG030020	Infu-Lightproof solution infusion set
FG030021	Infu-Peritoneal set
FG030022	Infu-Pediatric solution infusion set
FG030023	Infu-Solution infusion set Y Injection port
FG030022	Infu-Pediatric solution infusion set
FG030024	Infu-Solution infusion set flash back
FG030025	Infu-Solution infusion set T Injection port
FG030027	Infu-Solution infusion set with non-vented spike
FG031001	Infu-Burette set 100ml
FG031501	Infu-Burette set 150ml

## Blood Transfusion

- For blood bags
- Vented and non-vented
- With roller clamp
- Latex free injection site
- With or without needle
- ISO standard connectors
- Medical grade raw material
- Flexible PVC medical grade drip chamber
- Blister medical pack for ETO and gamma sterilization

Item Code	Compatible with
FG040001	Trans-Blood transfusion set Mod1
FG040002	Trans-Blood transfusion set Mod2
FG040003	Trans-Blood transfusion set Mod3
FG040004	Trans-Blood transfusion set Mod4
FG040005	Trans-Blood transfusion set Mod5
FG040011	Trans-Standard Blood Administration Sets
FG040012	Trans-Blood Transfusion Set DEHP free
FG040013	Trans-Blood Transfusion Set Y injection port
FG040014	Trans-Blood Transfusion Set Y division

## Wound Suction Device

- For low pressure wound drainage
- Variable capacity
- Easy discharge for air and contents
- Cut to fit Y connector
- Traumatic, soft rounded open tip and cross perforated tube
- Redon drain with appropriate degree of hardness provide kink resistance and easy insertion
- Medical grade raw material
- Blister medical pack for ETO and gamma sterilization

Item Code	Compatible with
FG100410	400m / 10 G
FG100412	400m / 12 G
FG100414	400m / 14 G
FG100418	400m / 18 G
FG100610	600m / 10 G
FG100612	600m / 12 G
FG100614	600m / 14 G
FG100616	600m / 16 G
FG100618	600m / 18 G

## Urine Collection Bag

- Medical grade PVC film
- Reinforced holes for safe hanging
- Accurate graduation scale
- ISO standard connector
- Leakage free bags
- Medical grade components
- Capacity 2L or 3L and pediatric 500 ml
- Welding using high frequency technology to ensure bag burst resistance
- Bottom outlet
- Non return valve
- Blister medical pack for ETO and gamma sterilization

Item Code	Compatible with
FG07PV01	Urine bag 2Lt. Pushing Valve
FG07TV01	Urine bag 2Lt. T-Valve
FG070001	Urine bag 1Lt.
FG070003	Urine bag 2Lt.
FG070005	Urine bag 500ml.
FG070102	Urine Leg Bag
FG070104	Pediatric Urine Bag

## Extension Line

- Flexible PVC medical grade tubes
- With or without roller clamp
- With or without injection site
- Medical grade raw material
- With or without stopcock
- Different diameters
- Different lengths

Item Code	Compatible with
FG050001	Extension Line - Mod1
FG050002	Extension Line - Mod2
FG050003	Extension Line - Mod3
FG050004	Extension Line - Mod4
FG050005	Extension Line - Mod5
FG050011	Extension line standard
FG050012	Extension line with Pressure Monitoring

## Sodium Bicarbonate BiCart/BiBag

- BiCart cartridge – Essential component of a system designed for ultrapure dialysis fluid to avoid treatment related inflammation
- The BiCart cartridge is central to the dialysis fluid delivery system, offering
- A hygienic method of bicarbonate supply from a dry-concentrate cartridge
- Eliminating the risk of contamination and bacterial growth
- Lighter and smaller container, removing strain associated with lifting heavy canisters
- Cap closure for cleaner post-treatment environment
- Less storage space required
- Tougher hygienic and ergonomic demands required an upgraded bicarbonate supply. With its introduction, the BiCart cartridge set a new global standard in bicarbonate dialysis.
- Different volumes

Item Code	Compatible with
FG080001	Cleaning cartridge - C
FG080002	Cleaning cartridge - A
FG084801	Bi bag 4008 - 650gm
FG084802	Bi bag 4008 - 900gm
FG085801	Bi bag 5008 - 650gm
FG085802	Bi bag 5008 - 900gm
FG086001	Bi Cart 600gm
FG087201	Bi Cart 720gm

- **Bibag On-line Dry Bicarbonate:**

Bicarbonate Made Easy the sodium bicarbonate powder is automatically mixed with water producing a saturated solution. This saturated solution is then proportioned with water and acid to achieve the prescribed dialysate.

- **Hygienic Delivery of Bicarbonate:**

Dissolves directly at the machine to reduce the risk of contamination and bacterial growth

- **Convenient Handling with Lightweight Packaging:**

Removes strain associated with lifting heavy liquid bicarbonate bottles

- **Easy Top Connectology:**

Eliminates dripping on the floor when disconnected compared to other cartridges

- **Two Flexible Bag Sizes:**

650 g and 900 g bags provide the right amount of bicarbonate for an efficient treatment

- **Environmentally-friendly with less waste:**

Flexible, recyclable bag

## Dialysis ON/OFF Kit

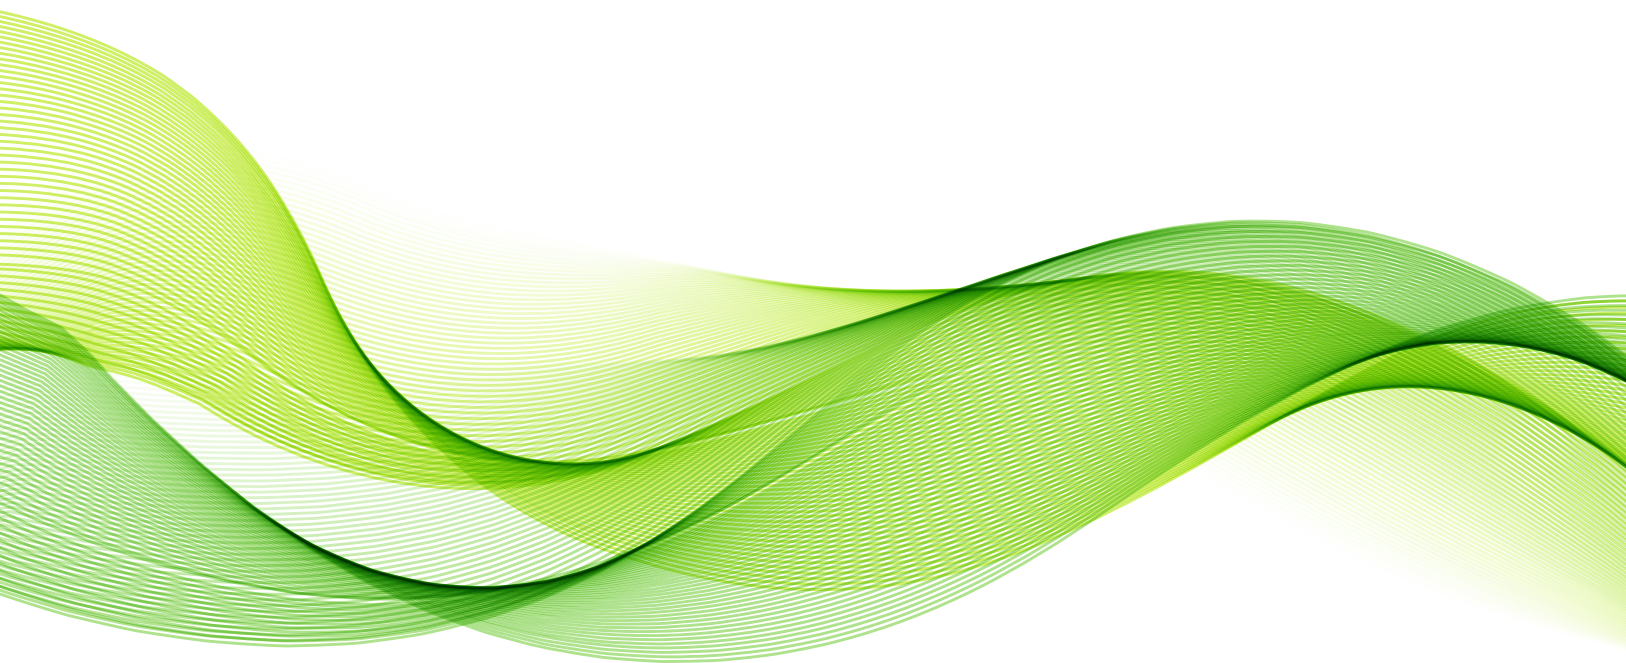

- Tray: Hips 6.375X5.75X1.5 White
- Gauze: 4x4 4-Ply NW
- Prep Site Pad 2x2.25
- Alcohol Med Prep Pad
- Chloraprep 3ml w/ Insert
- Swab No Sting 1 ml
- Syringe: 10ml L/L
- Towel: 13X18 2ply Folded
- Glove: Nitrile Med Pf Blue Wall
- Mask: W/Earloop Folded
- Wrap: 17X19 White
- Wrap: 18X18 Blue

Item Code	Compatible with
FG090001	On/Off dialysis Kit Mod1
FG090002	On/Off dialysis Kit Mod2
FG090003	On/Off dialysis Kit Mod3
FG090004	On/Off dialysis Kit Mod4
