

GFSI Certification Training

(Global Food Safety Initiative)

BD FOOD SAFETY CONSULTANTS LLC

Global Food Safety Initiative (GFSI) is an industry-driven collaboration that was founded to provide continuous improvement in food safety management systems to ensure confidence in the delivery of safe food to consumers worldwide.

We offer our consulting services nationwide and internationally. Looking for **Global Food Safety Initiative consulting**, GFSI training, or assistance with an upcoming GFSI audit? **BD Food Safety Consultants LLC** offers a wide range of consulting services and training for manufacturers of food, food contact packaging, and distribution centers.

Food manufacturers must have a Hazard Analysis Critical Control Point (HACCP) plan in place, not only to meet government regulations but also to conduct business as educated customers demand high standards when it comes to food safety and quality.

Our team has 100% of audit passing rate for our clients. Our team has over 40 years of combined experience in USDA and FDA inspected food sector categories.

Properly designed and documented food safety and quality management systems allow manufacturers to obtain an SQF or BRC certification.

Being SQF- or BRC-certified lets your customers rely on the products you make! BD Food Safety Consultants LLC will assure that your business has well-designed, fully functioning food safety and quality systems. We offer comprehensive assistance in getting your company ready for your initial or re-certification SQF or BRC audit. We also offer consulting services for the actual GFSI audits.

Whether you're looking for an **SQF consultant** to help you achieve your SQF certification or help you pass an SQF audit, get in touch with BD Food Safety Consultants LLC today!
