

**SUMMARY:** Sources say that it is time to switch to the next phase of the GCR, which is the exchange itself. We expect funding this week, still.

**PHILIP TILTON** says that POTUS has announced that the UST/N will be gold backed as of midnight last night. No confirmation of his report can be found.

**Bruce on the BIG Call:** We are coming up on it. I would say the intention is for this to go down in the next two to two and half days. Iraq will be celebrating the later part of this week.

**Massive amounts of the new USTN were transferred into the big 5 US Banks; \$250 quadrillion PER HOUR for the next 8 days!**

## THE BIG CALL WITH BRUCE TUESDAY, OCTOBER 16, 2018, INTEL ONLY

[https://inteldinarchronicles.blogspot.com/2018/10/the-big-call-w-bruce-intel-notes-by\\_16.html?m=1](https://inteldinarchronicles.blogspot.com/2018/10/the-big-call-w-bruce-intel-notes-by_16.html?m=1)

TRANSCRIBED BY PINKROSES (*Thank you, PinkRoses. ~ Dinar Chronicles*)

**Bruce:** Welcome Everybody to the Big Call tonight. Just when I thought it was safe to not mention Iraq, we learned on Thursday call, yes they are back in the mix, **and it seems to an extent that we are waiting on Iraq to flip the switch for their own evaluation of their dinar publicly.** We know it has been going up in value in country and on their debit card, the so called Qi cards for months now. We know it has not been made public on the CBI or anywhere else. So here where that stands now as of today. Where we are is Iraq's Prime Minister Mahdi is to select or has already selected the cabinet for the Parliament, his cabinet. That is to be given over to the Parliament to vote in on Sunday. Now that is for I believe is for something of a formality. **I think what has happened is President Trump had a conversation very early in the morning. Some would call it last night with Abadi to get this thing done in terms what Iraq needs to do with their Parliament, the seating of it, to have that done as well as their rate out published in 48 hours. I believe they are going to do that.**

**Bruce:** We know one of their reasons Iraq has not come forward is a lot of cleanup on Aisle 3 in Iraq. I can tell you there are quite a few arrests that have taken place and are ongoing now over there, and I believe part of the reason for the fact they haven't come out with the new rate publicly for announcement of their seating of their Parliament over there. Also I know in Iraq they have plans to celebrate tomorrow, Wednesday, Thursday, skip Friday due to being a Holy day, and Saturday. **They intend to celebrate Wednesday, Thursday, and Saturday.** I think they are ready for something to pop over there or they wouldn't be setting up celebrations. People are excited about it. The ones we are talking to over there are excited about it, and they see this happening. That is a piece about what is going on in Iraq.

**Bruce:** When we talk about groups or about groups based out West, we know they have been told time and time again they are about to be hydrated and so on. I know accounts over there are pending, have pending notifications on them. We know that some of those accounts were to be made liquid when the market closes today. I don't know if they have been made liquid for sure, but that would be the intention for at least some. I am also hearing that notification for sort of the registered group members should be made tomorrow. Hopefully the groups that are still out there will be notified. I think we are looking to be notified. **I do not know for sure we will get notified tomorrow, but there is a certain time window we are in for this can happen over the next two and half days.** I think that is a very positive way to look at it.

**Bruce:** Even though we thought I am going to say over the weekend, we were good to go probably not Monday, but possibly today. We didn't go today, but we are getting a lot of information indicating things are happening behind the scenes. **For example, when it comes to money moving we hear all the time money is moving, a lot of money is moving all over the place, but what does that really mean? Okay. Here is one example of it. Starting Sunday at 5pm EST, our New Treasury started sending USTN digital dollars to the Tier 1 Banks, the big Five Tier 1 Banks - Wells Fargo, Chase, Citibank, Bank of America, and HSBC. That is our big Five Tier 1 Banks. They started sending those banks collectively**

**as a whole 250 Quadrillion dollars every hour starting at 5pm EST Sunday on the hour for the next 8 days. That is called liquidity. That is bringing the liquidity of the Tier 1 Banks up for the period of our exchanges and redemptions when we are referring to Zim.**

**Bruce:** Tier 2 Banks started receiving their funds at 8pm Monday night. They got their first of their tranches. I do not know the amounts on the Tier 2s, but the Tier 1s kind of catches your attention when they are receiving 250 Quadrillion on the hour every hour, 24 hours a day for the next 8 days. To me that is showing a lot of movement, a lot of liquidity. I think the banks are becoming efficiently hydrated. Tonight is an interesting night. Rates are also coming in populating on the screens, and I believe what I am hearing and I believe is also happening is these rates especially on Zim, Dong, and Dinar and as well as the others, but those are the Big 3, those are adjusting upward.

**Bruce:** It also maybe they are looking for those currencies to adjust to where they settle in where they want them to be from trading these, making deals happen. I think that is what is going on. I think that is one reason I think that is why it hasn't gone yet. I think they are trying to get the currencies adjusted. I don't think we are too far off from it. I have heard they wanted to adjust the rates over the next day or two. Either Wednesday or Thursday they should have those where they want them to be for us to go.

**Bruce:** Remember when Hurricane Michael came through the Panhandle of Florida, and remember the tremendous damage and devastation was done to those areas. That knocked out quite a few number of banks and Redemption Centers ability for connectivity, and it knocked out At least 2 Cell towers that needed to be connected back on. We had 3200 cell phone customers without coverage. Then that got down to about 1500 yesterday morning, and by midnight last night, our understanding is they had complete activity with cell customers. We got connectivity with all Redemption Centers and Banks all over the United States, all ready to go. The banks have gone through testing of De la rue Machine and other ways of testing currencies. They have been able to go through counterfeit situations, and make sure the machines could pick up counterfeit dinar, dong, and Zim which they were able to do that.

**Bruce:** Even banks Sunday from 9:45am to 4pm had mandatory meetings with their personnel. That is on a Sunday from 9:45am to 4pm mandatory meetings. I think they are gearing up for us. They are definitely gearing up for us. We know there are tabletop meetings going on as we speak for Zim. We know that this is happening and there is quite a lot of activity in 7 different Exchange Centers around the country. This would be like the Clearing house in New York and other locations where they clear trades, or they clear currency trades, or they clear precious metals contracts, that type of activity is going on not in our Redemption Centers or Exchange Locations, but 7 other Exchange Centers in the US. A lot of activity. A lot of that type of activity going on out west.

**Bruce:** **We are coming up on it. I would say the intention is for this to go down in the next two to two and half days.** Simple as that. Let's keep an eye on it. Let's not sweat it. Let it come to us. I am feeling very good about it. **The rates are being traded upwards.** So I am excited where we are going. I think this is something that is going to be one of the biggest time of our lives if not the biggest. It is going to be an incredible start for all of your new future.

**Bruce:** I want to thank all for listening tonight. I am encouraged where you are and I haven't lost any encouragement. Listen, we are in good shape. There is a lot going on. I am sure I forgot half of what I supposed to have told you, but I am encouraged by where we are and not lost a bit of encouragement. In fact it is increasing based on what I have heard today. Everybody hang in there.

**Bruce:** Everybody have a beautiful night. Thank you, Everybody. Thank you, Sue, Bob, Pastor Steven, and thank you, everyone tuning in all of the listeners. Thank you, Pinkroses. I hope you are back. I hope you are able to transcribe this. Thank you so much for all the work you have done. We have been thinking of you and praying for you, and thank you everyone around the world that catches the Big Call on the replay link or replay number or also in the call notes. Thank you everybody that is part of the community all around the globe. We love you and you guys take care and we will see

you again possible by email if we don't do another call. Let's see what happens on that. Good Night Everybody. God Bless you.

**THANK YOU BIG CALL AND BRUCE, HUGSSS**

***NOTE:** Thank you all for your caring thoughts and prayers for my family and myself during Hurricane Michael. We are safely back home. Lots of cleanup, but no damage to the house. Prayers for all those displaced by the Hurricane to be safe and warm.*

*For what it is worth, I don't trust Neil Keenan as far as I could throw him. Yes, the **guardianS TRIBES** of the collateral account troves are called the Ahmanah. NOT (to my imperfect knowledge) ONE DELUSIONAL DRUNKEN IRISHMAN! I know that he has many westerners fooled, but don't expect that this will be the end of this story, nor the safeguarding of all of the Elder's bunkers. I have personal photographs of a predecessor who was named one of the Ahmanah, in ceremony with the tribal officers and chiefs. And that didn't make the world change. Neither will Keenan's pomposity--

NEIL KEENAN UPDATE |

Live Streaming:

## **The Amanah Celebration**

OCTOBER 17, 2018 / KEENAN TEAM | GROUPK /

Show starts Thursday October 18 at 3pm Central Java Time (1am US Pacific Time). The show will be archived for future viewing as well.

This is a World Changing Event and the culmination of over 10 years of Neil's journeys through Asia and particularly Indonesia. This is the official final signing ceremony of Neil becoming the AMANAH (the only and sole TRUSTEE of all the bunkered wealth held in Indonesia).

In essence with this signing Neil Keenan sets a new course for global financing and developments for the benefit of all mankind and our beautiful planet. Expect major financial and economic changes to come very soon as a result.

Neil expresses his humble respect and gratitude to the peoples of Indonesia for this honor and the trust that they have given him to open the doors to the new Golden Age of Mankind. The Elders of this beautiful country have "seen" and followed Neil for years, knowing that some day he would come and become the AMANAH of the World. This is a great honor and achievement.

And Neil's journey has been wilder than Indiana Jones. From stolen bonds that exposed players in Europe and the UN, to Heads of State and unscrupulous politicians throughout Asia, and now on a wild spiritual ride through Javanese jungles full of Jinns and all kinds of spiritual beings, Neil has fought through attempts on his life for YOU the PEOPLE. Now he is at the doorstep tonight to become what he was destined to be.. the AMANAH.

Please tune in, watch and spread the word that "THERE IS A NEW FINANCIAL SHERIFF IN TOWN!"

GOOD TIMES ARE COMING FOR ALL MANKIND. YOU WILL BE WATCHING THE MAKING OF HISTORY.

## **Trump: The Federal Reserve is the Biggest Threat**

10/16/2018 11:39:00 PM News

*[looks like POTUS is beginning the dialogue to make the FED into another DEEP STATE enemy of the people.—dle]*  
President Trump told Fox Business' Trish Reagan that the Federal Reserve is his "biggest threat" to his presidency because it's raising rates too fast.

## **"Jordan Sather: End of 2018 will be Glorious"**

By Sierra (NZ) October 16, 2018

<https://inteldinarchonicles.blogspot.com/2018/10/jordan-end-of-2018-will-be-glorious-by.html> - Article & Vid (13:50)

Check out Congressman Jim Jordan's tweet at 11' 20" in the video...

'Still haven't received from DOJ:

- McCabe memos
- Rosenstein 8/2/17 memo altering scope of Mueller probe
- Unredacted Page FISA App
- Bruce Ohr 302's
- Briefing from US Attorney John Huber

And now Rosenstein won't testify and Glenn Simpson takes the 5th.'

(Jim Jordan tweet)

Here is what Jordan says about the current situation...

'We are getting closer and closer to the unsealing of all those wonderful indictments, and John Huber is basically being activated. This tweet, man, is just letting the public know what is coming.

'They might come before mid-terms, maybe (arrests). I would also not be surprised if they came afterwards. It would seem like much less of a political kind of move. It would give the Deep State a lot less propaganda ammo if these happened after the mid term elections.

'But it's coming. It's coming very soon, guys. As I said, the end of 2018 will be GLORIOUS. It will set us up to make 2019 a true year of ousting the bad guys and setting up ourselves to change these control systems.

'It's going to be a MASSIVE effort. I don't think you, or even I understand how BIG this is going to be. This Great Awakening isn't just mental, it's going to end up being physical too...' (Jordan Sather)

I agree with Jordan. This IS a massive effort. It is far beyond the comprehension of us light workers who are not privy to the full Divine Plan. Our main role is to stay calm and positive at all times, and trust, trust, TRUST the Plan.

We are moving steadily closer to everything we have ever dreamed of, for ourselves and for humanity. If you STILL don't believe this to be true, consider what would have happened if Hillary Clinton had won the 2016 election. The cabal were planning to exterminate a huge portion of Earth's population - innocent people they call 'useless eaters'.

Instead a true hero and World Patriot stepped forward. Donald Trump did not need to take on this extraordinary mission to save humanity, and neither did Melania for that matter. Thank God they did!

And thank God for the amazing Alliance team that is working behind the scenes, doing extremely dangerous work on our behalf. Most of their stories will never be known.

Where We Go One We Go All.

Love and Light

## **Watch "The Truth Comes Out: Nikki Haley Busted Taking Kickbacks From Donors" on YouTube**

The reason why Donald Trump's UN Ambassador Nikki Haley abruptly resigned this week just became a little clearer, as new reports indicate that she was the beneficiary of multiple kickbacks from wealthy Republican donors. If these stories and the lawsuits around them are fruitful, it could put an end to any future political ambitions that Haley was harboring. Ring of Fire's Farron Cousins discusses this.
