

THE NON-FUNGIBLE GANG CITY STATE ON MARS

COME TOGETHER. **PLAY TOGETHER.** **EARN TOGETHER.**

LITEPAPER 1.0

BECOMING A CITIZEN

The NFG's Million on Mars Guild Takes Community Involvement to the Next Level, Providing Opportunities for Both Scholars and Established Players. We are Designing and Building the Biggest and Best Cities on Mars.

BECOME A CITIZEN OF THE NFG CITY

By purchasing a citizenship to the NFG MoM Guild, you will gain access to the NFG City State. Citizens can play and earn DUSK on NFG land AND act as an investor as a citizen, influencing strategy as part of our MoM City subDAO. Citizens will gain opportunities to Play, Earn, Govern and Own ('PEGO').

CITIZENSHIP PERKS

LEARN & PLAY: By working together as a collective, with the knowledge and power of NFG, we can maximise strategies that will aid City Growth and DUSK earnings.

CITY PAYMENTS: Earn passive income in DUSK and GLITTER as our city grows.

CITY HALL: Have voting rights within the NFG MoM City subDAO - you help drive the strategy forward!

RENT BUILDINGS: Special access to rent buildings with preferential rates based on membership level.

THE CITY LOTTERY: Community Prize Pool 1 - win MoM NFTs (e.g., buildings), DUSK or GLITTER from frequent community prize pool draws & competitions.

CITY AWARDS: Community Prize Pool 2 - Citizens will vote for their favourite citizens to win awards in various categories, to acknowledge the amazing triumphs and work that our citizens undertake.

THE CITIZENSHIP WALL: each member will be recognised on the guild member wall on the NFG website. Each member will be able to submit a photo or avatar that will be shown.

CITIZENSHIPS: WHAT YOU NEED TO KNOW

CITIZEN CARD LEVELS

To become a citizen, you must be the holder of at least one Citizenship Card. Citizenship cards are distributed to players after purchasing a citizenship, which will be customisable. Citizenships can be purchased at various levels; the rewards and associated benefits for each citizenship are shown below.

Tier	Topaz	Opal	Ruby	Emerald	Diamond	Obsidian
Voting Power	1	4	9	16	25	0
Elected Governors	1	2	3	4	✓	—
Building Rental	✓	✓	✓	✓	✓	✓
Priority Access Zone	E	D	C	B	A	S
Giveaways	✓	✓	✓	✓	✓	✓
Vending Machines	✓	✓	✓	✓	✓	✓
Blendable	✓	✓	✓	✓	—	—
Card Customization	—	—	—	✓	✓	✓
City Land Ownership	—	—	—	—	✓	✓
City Council Seat	—	—	—	—	—	✓
Bonus Slots	1	2	3	4	5	5
% City Earnings Paid	✓	✓	✓	✓	✓	✓
City Shares	1	5	25	100	400	500+
Quantity	1000	200	40	10	5	Apply Direct
Max Supply	1000	250	100	50	15	—
Price	\$5	\$25	\$125	\$500	\$2000	\$2500+

CITIZEN PAYMENTS = PASSIVE EARNINGS!

The City Bank takes DUSK from all the city's settlements once every two weeks. On a set date, every two weeks, all members will receive DUSK payment relative to the number of shares their membership provides. Payment dates will be on the 1st and 15th day of each month. Share dividends will be shared from 1st June 2022. All dusk will be reinvested into the city up until 1st June 2022.

SCHOLARSHIPS ON MARS!

Can't afford to play MoM and desperate to play? Don't despair, we are offering scholarships to all new players.

Scholars will also get:

- FREE Topaz Citizenship - issued to scholars after the scholar has played as a NFG MoM Scholar within the NFG Guild for 30 continuous days.

CITIZENSHIPS: WHAT YOU NEED TO KNOW

SHARES

- Determines ownership of the City. The number of shares represents the proportion of the City you own!
- Each share represents a \$5 investment into the City.
- Passive earnings provided by shares are distributed in Citizen Payouts. These are determined by the following formula and is applied for DUSK, GLITTER & WAX.

VOTING POWER

- To keep voting fair we have applied the inverse square law to Voting Power.
- Votes represent any non-fiscal policy which surrounds gameplay strategies & implementation.
- We are in the process of building an app around EOSDAC infrastructure to allow participants to vote for policies on the NFG website

CITY TREASURY: EARNINGS/EXPENDITURES

- The City Treasury is responsible for collecting earnings and distributing money for expenditures,
- How the process functions is shown below.
- More detailed tokenomics will be explained in the full whitepaper.

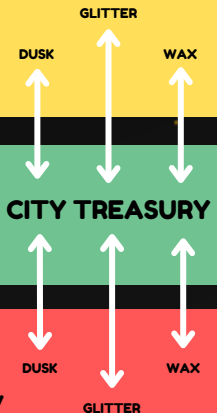

CITY EARNINGS

DUSK: Referrals, building rentals, playing game on City account
GLITTER: Owning Martizens
WAX/SOL: Selling NFTs on secondary marketplaces

CITIZEN OWNERSHIP = $\frac{\text{NO. SHARES OWNED}}{\text{CITY SHARES}} \times \text{CITY TREASURY}$

DUSK: In-game marketplace purchases & building upgrades
GLITTER: High value purchases & minting NFTs out of the game
WAX: Purchasing NFTs direct from MoM & from secondary marketplaces

CITY EXPENDITURES

CITIZENSHIPS: WHAT YOU NEED TO KNOW

PRIORITY

- The City will be split into a number of Priority Access Zones - to be displayed in future Litepaper update.
- This will determine which buildings, vending machines and rental costs Citizens will have access to. Initially, each citizen will have access to all parts of the City.

SLOTS

- Citizens will have access to additional NFTs and rewards which will give them a chance to increase their earnings. This could be anything from an employee of the month award, to a paid job posting such as Agricultural Secretary.
- Expect to see more information regarding this feature in the full Whitepaper!

REVENUE: HOW THE CITY WILL RAISE MONEY

WORK HARD. PLAY HARD.

The success of the City is highly dependent on the work each citizen provides to the development of the city. For citizens to receive revenue from the earnings of the city, city growth and profitable working buildings must be operated. Whilst this may be initially small, as the city grows and citizens become more aware of more profitable chains, we expect revenue to increase.

EDUCATION. EDUCATION. EDUCATION.

Education is a right of all citizens of the City. The NFG believe that education is the foundation to successful careers and prosperous cities. Therefore, the NFG will be providing educative Youtube lessons and articles to help citizens make their plots as profitable as possible.

EARNING MONEY FOR CITIZEN PAYMENTS

Revenue will be generated in the following ways:

- Onboarding of new scholars with MoM guild access badges: all scholars will be required to collect rations for a 30-day incubation period before being granted an honorary topaz citizenship. This will raise DUSK which will be collected by the Treasury which will later be distributed by the City Bank as part of payments. *This feature will only be available to new players.
- Two-year collection of marketplace fees from referred players.
- Rental costs of all buildings built within the City.

DEMOCRACY FOR ALL CITIZENS!

SAY HELLO TO THE NFG SUBDAO.

The NFG City is a democratic state, meaning all citizens will have the right to vote on the the City's Million on Mars strategy, how we will raise money for Citizen Payments and City Growth, how we communicate about our City Guild and more!

The number of votes you get as a citizen is dependent on the number and level of citizenship cards that you hold in your Wax Wallet.

HOW TO PROPOSE CHANGES TO THE CITY?

How the City is run is dictated by citizens through the subDAO. Like a suggested policy, then vote in favour!

But who can suggest a policy? Not all citizens will be able to suggest new strategies and policies for the City. Instead, citizens elected by the community will given this power. These are split into two groups: Representatives & Governors.

HOUSE OF REPRESENTATIVES: ELECTED CITIZENS!

- **Representatives** - Can propose changes to community or strategy related matters. Cannot vote on issues related to taxation/earnings.
- **Power to the masses:** No. of elected representatives is relative to the proportion of citizens at citizenship levels e.g. Topaz will have significantly more! This will prevent whales from dictating the guild.

GOVERNORS: ELECTED CITIZENS WITH FISCAL POWER!

- **Governors** - Can propose changes to earnings, mechanisms and ownership percentages.
- **Governor Elections:** diamond citizens will automatically become governors. Elections will be run for all other citizenship levels at set periods. Citizens will only be able to vote in the governor election that reflects their citizenship level.

THE CITY COUNCIL PART 1

WHAT IS THE CITY COUNCIL?

Several NFG Bosses and Gang Members have come together to fund the initial phase of the City development. These individuals act as the leaders of the city council, those who sit above the elected governors and who hold the final vote on passing city right and legislation.

The City Council Leaders have invested a total of **\$45,000** USD to kick start the initial phase of development, pending other possible investments. This initial investment will provide the Council Leaders with a proportion of the City Payments that are distributed every two weeks. The number of shares each council leader will hold within the City Bank are shown as below.

In addition, each City Council Leader will have an equal vote on all governance proposals and legislation which are passed by elective governors or by citizens. Each proposal or piece of legislation must receive >50% of votes for said proposal to be passed.

WHO ARE THE CITY COUNCIL LEADERS?

The City Council Leaders are outlined below. City Council Leaders are unelected and have a set proportion of votes and shares according to investment.

CITY COUNCIL LEADER	INVESTMENT	NO. SHARES	NO. VOTES
Hy5TeRIA NFG	\$7,500	1,500	3
Leano NFG	\$7,500	1,500	3
Paxson Koh NFG	\$5,000	1,000	2
nVen0m Green Rabbit	\$5,000	1,000	2
JoVi is back! NFG	\$5,000	1,000	2
ZMadTV NFG	\$5,000	1,000	2
Zephyr NFG	\$2,500	500	1
ashtag NFG	\$2,500	500	1
RapidRagingGamer NFG	\$2,500	500	1
Number XXIV DogeFellas	\$2,500	500	1
ND NFG	\$2,500	500	1

THE CITY COUNCIL PART 2

HOW IT ALL FITS TOGETHER

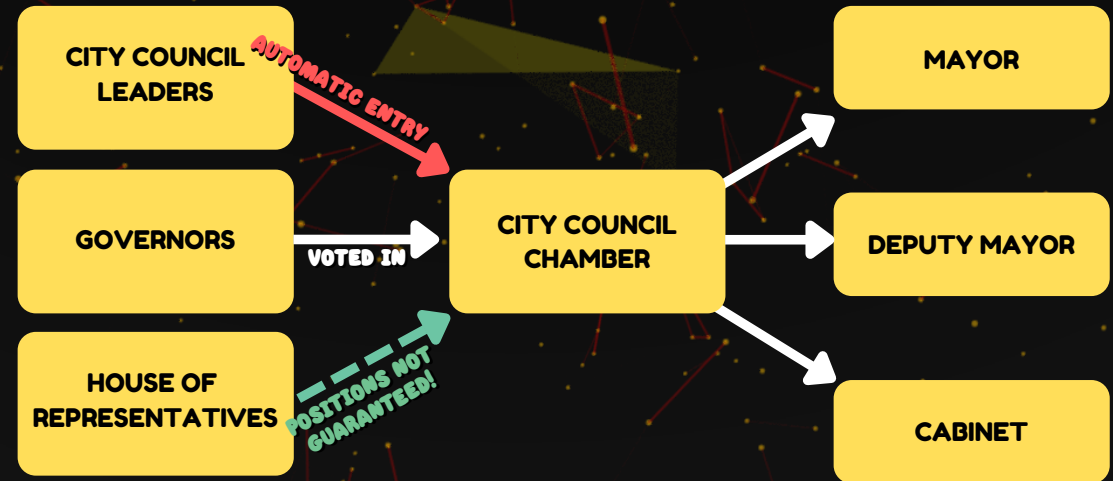

The City Council is split into three divisions:

- City Council Leaders: unelected initial investors
- Governors
- House of Representatives

When policies are suggested by Governors or Representatives, >50% of City Council Leaders must vote in favour of the policy for it to be adopted.

City Council Leaders and Governors will also take up special positions within the City Cabinet, just like in a national government. These will feed the community with info relating to their role, allowing the community to discuss how we improve systems.

City Council Leaders take up one position each. Governors are elected into cabinet positions. Representatives may put themselves forward for a cabinet position if left unfilled by governors.

THE CITY COUNCIL PART 3

CITY CABINET POSITIONS

The City Council Chamber will be lead by:

- **Mayor** – Implements new strategies and policies. Filled by unelected City Council Leader. Cannot serve > two, 3 month terms i.e. 6 months.
- **Deputy Mayor** – Supports the Mayor in day to day tasks.

Beneath the Mayor & Deputy sit the Cabinet. Roles are still TBC and will change over time. However, some roles to be expected include:

- **City Secretary:** chief point of contact with Mayor, Deputy Mayor and City Council Leaders.
- **Chief of Staff:** in charge of cabinet ongoings. Responsible for ensuring all cabinet members undertake their work.
- **Finance Secretary:** monitors and discusses future fiscal policy, and monitors the profitability of all chains.
- **Agricultural Secretary:** monitors and discusses strategy and policies involving the production of food.

ELECTIONS: HOW THEY WORK

- Elections will be held once every quarter, with citizens putting themselves forward for positions for Governors and Representatives.
- Once elected, Governors will be able to put themselves forward for Cabinet positions. Where positions are testified, a special election debate will be held on Twitch.
- Citizens will only be able to vote for governors and representatives within their citizenship level. Those with multiple citizenships will only vote in the highest possible election.

HOW THE CITY ADOPTS NEW PROPOSALS

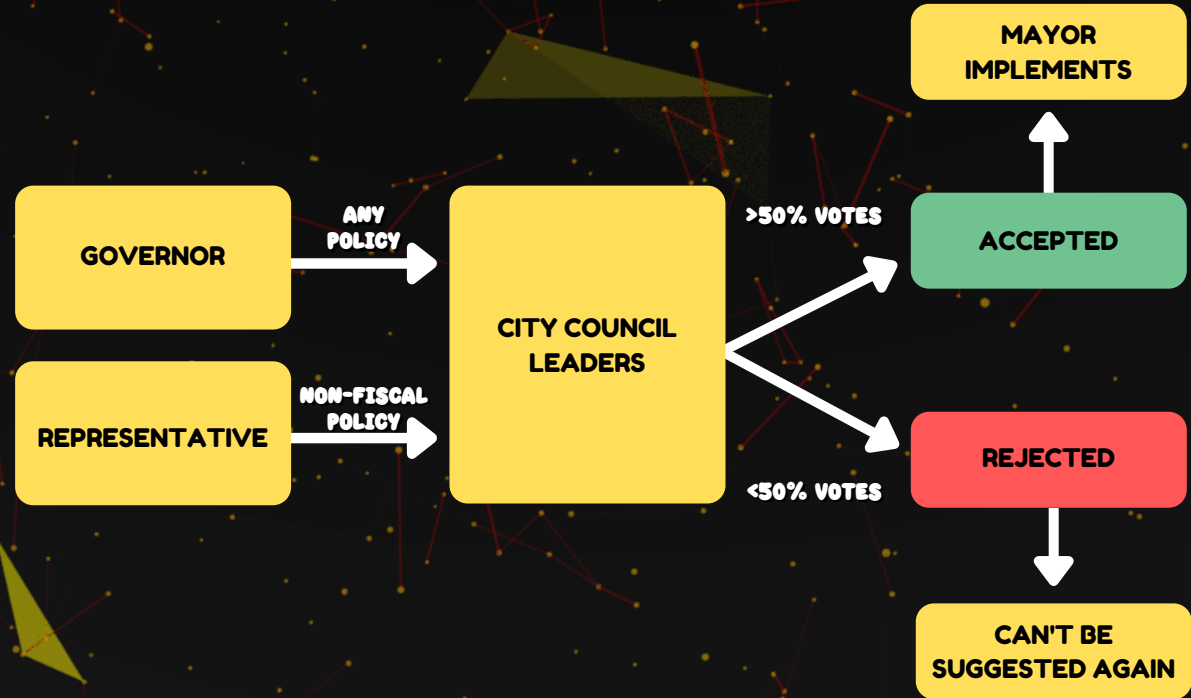

HOW IT WORKS

The City Council Chamber will be lead by:

- **Mayor** – Implements new strategies and policies. Filled by unelected City Council Leader. Cannot serve > two consecutive, 3 month terms i.e. 6 months.
- **Deputy Mayor** – Supports the Mayor in day to day tasks.

Beneath the Mayor & Deputy sit the Cabinet. Roles are still TBC and will change over time. However, some roles to be expected include:

- **City Secretary:** chief point of contact with Mayor, Deputy Mayor and City Council Leaders.
- **Chief of Staff:** Responsible for ensuring all cabinet members undertake their work.
- **Finance Secretary:** monitors fiscal policy, and monitors the profitability of all chains.
- **Agricultural Secretary:** monitors strategy and policies involving the production of food.

CITY ROADMAP

There will be several stages of varying tokenomics in order to support maximum growth and long-term prosperity of the City. These are outlined according to quarters below.

STAGE 1

APRIL 29 - MAY 31 2022

- Citizen Card Sale: will start on April 29th. Cards to be purchased via NeftyBlocks. All citizenship levels will be available for purchase. The sale will be open until all cards have sold out.
- 100% of all money raised will be deposited into the City Treasury.

STAGE 2

JUNE 1 - JUNE 30 2022

- Citizen Payments will be made from revenue generated from referrals and scholars – 50%
- Approximately 50% of DUSK earned from rentals to be used to stored within the City Bank *% dependent on method game allows to track DUSK earnings.

STAGE 3

JULY 1 - SEPT 30 2022

- Start of Quarter 1
- Smart contract implementation
- %'s to change according to outcome of June Elections and Policy Changes
- Payment structure for City Jobs to be determined. We will be seeking a fair system which rewards people for their time and expertise.

STAGE 4

OCT 1 - JAN 3 30 2022

- Start of Quarter 2
- %'s and policies to change according to outcome of September Elections
