Es una preparación inyectable que contiene el decanoato del nandrolone, El decanoato de nandrolona es conocido como "deca" es uno de los esteroides anabolicos mas utilizados. This is only

the beginning of the journey, and it will be uncomfortable and long. This is a marathon, so we cannot burn out rushing through the unlearning process. We must give ourselves time to pause and fully absorb all of the information coming in. This must be a sustainable process - we have to allow time for integration. This is deeeeeply rooted healing, and we need to allow time for the unlearning process to dig deeply within our unconscious and uproot the programming we have to cleanse from our collective understanding.
