Corpus strongman comp write up: Today was one of those days that makes life worth living ☐. With the lads @mt\_strongman @andrewpaulkeys @bigtommy\_t @lakedavidshirley and other half's and meeting (admittedly being somewhat in awe) and being reffed by not just a strongman legend but an all round top bloke @terryhollandswsm Thankyou!! I came 4/10 on both log and deadlift with 10 reps on both 82kg and 200kg which was my target. Dead last on farmers 80kg in 18 seconds (I'm pleased with this in a way because it highlights my weakness and I didn't underperform to where I'm a at currently). Tyre flips was just go as fast as you can to 7 reps. No real technique and the tyre was so light it was more about controlling where it went.
