

SUMMARY: Danielle shared her compiled notes from Dizzy Bear with my Skype group, and I include that with this update.

Both Bruce and UST contact both say that the stock market corrections are needed preparation for the introduction of the USN and “level playing field” predicted by POTUS. Notice that the prices of currencies have been approaching parity with the USD. And that the fall of the USD has been to correct the marked discrepancy between the USD and other currencies.

UST source still says that we are in the window for release of the 800 numbers and funds to pay those who have already exchanged, by the 15th. Activities behind the scenes are quite active, though there is still Cabal resistance showing up which must be countered and removed.

If you have Zim, and you want to get a price other than the street rate or market rate, you need to get an appointment within the first 8 days, for completion within the first month after the 800 numbers are released. If you do not get your appointment early, you will not be given room to negotiate in your exchange or redemption. **Again, I am differentiating between “getting an appointment”, which is a step in the redemption process, and should be done in the first 8 days, versus the actual exchange itself, at the time appointed, which may be up to a month later.**

Bruce on the BIG Call last night (My notes)

Talking about the aftermath of hurricane Michael. A number of banks and redemption centers in FL, GA, SC, NC were no longer connected. Now getting back online.

Hurricane may have slowed things down a day or two.

Some other things have happened which needed to happen. Rates going up on Zim, Dinar and Dong.

Money has gotten moved into place.

Things out west moving along, people have been called in. Platforms populated.

Fulfilment is taking place. New term, fulfilment.

We are next.

We could get 100% connectivity by the weekend. I know that there are things happening. Fine last minute details being worked on between US and China. There is probably some go time set up. New indictments being set up.

Save Our Seas act today. 111 Billion dollars yesterday for lakes, streams and rivers cleanup.

New tech to clean up ocean. Turn plastic into ash for paving roads—"Basalt". [this didn't make sense to me. Basalt is a volcanic rock. Sure, you could use it for paving roads, just as you can use coal cinders. But I am sure you cannot make basalt out of burning plastic from the oceans.—dle]

Floating plastic mass—technologies are on standby.

Iraq did what they said they would do, government, rate, everything we believe is needed for Iraq.

Alak and Shabibi were on a call with UST personnel, was to be done last night midnight EDT, that is 2 hours after morning prayer. I understand it did take place.

On Tuesday I mentioned in Reno they treat Zim as historical bond, and also dinar and dong similarly, for platform trades.

Some understood that this meant structured payout for dinar and dong—that is not the case.

We will get a rate for those currencies which will be able to be paid out to us in an immediate fashion.

Chinese Yuan has been accepted into SDR basket of the IMF. Rial—is not in the first offering. Nor is the So Korean Won. Both should be in the second offering (basket).

Something else I heard out of Canada, the USD took a hit down 0.6%. This is the adjusting of the USD which needed to take place. Canadian dollar down to 96cents. Mexican Peso down 90% from the USD. [sorry, I could not figure this one out—dle] Has been worth a nickel, this is a great increase towards parity.

They want the price of gold to go up. **Stock market down 550 today, 800 yesterday. So, those are good, and have been predicted for years. These adjustments may continue. Tomorrow may be another down day.**

What is happening with the weather? HAARP? Tsunamis?

We are good for the weekend. We are in a 49 hour watch. Over at 10 PM tomorrow.

Chinese Elders are being paid. Adjudicated settlements coming out.

Here is someone else's notes from the same call

Bruce big call:

This is something he thinks is cool...pink roses has been transcribing for many years and had to evacuate the area due to the hurricane so she couldn't do the notes tonight...this guy in Brazil he thanked her for what she does and can get her notes transcribed into their language...pretty cool...shares that with the listeners in Brazilian area

THANK YOU PINK ROSES AND MAY YOU BE SAFE IN THAT AFFECTED AREA IN FLR♡♡♡♡♡

He thinks the storm that came thru was a bad storm as it went thru...even as it goes up the coast it hit lots of small towns ...where we had 2200 banks and redemption centers are not connected but South Carolina is back on line .. the rest are hurring ...it did slowed us down a couple of days.

It should move out to sea...and as well other things have happened as rates have traded up and that's a very positive thing...especially for the VND...moving along at a nice pace...out west people being called in working on platforms...fulfillment happening we are next...if all fets connected we could go by the weekend ...things being worked out with China

Still arrests taking place ...alot happening ..it's been a very busy day..Trump signed a Save our Seas Act....for lakes, rivers, etc. to be cleaned up

The flotilla that's out in the ocean killing marine life we will help as soon as we have our BLESSINGS

Iraq did what they said they would do...as far as Government issues...the was a call last night with the US and Iraq made announcements at prayer this morning at the mosque.

VND and Dinar are treated like a bond but not anything like the zim...in terms of platform trading ...we will get those rates and those currencies that will be paid out in an efficient way to us

The Chinese Yuan by the IMF has been put in a special offering and there are others in the 2nd basketsthe dollar was hit hard today and The Canadian dollar came in at 94 cents ...almost one to one...peso also is

coming in strong ...currencies around the world are getting inline with the US dollar ...this happens right before we rv.
 He is not predicting anything but its part of the adjustment before we go
 Then another weather event hapoens but he thinks its just the last one for awhile so don't slow down ...looks like wevare in a 49 hour watch that means anytime..
 That ends tomorrow night ...not calling it but we look so good to go...we are next...
 Thank you to everyone who listens.

Stay in faith hang in there and praying us out

Thank you Peggy Namenny and Philip Tilton

SAM OLIVER... FOLKS, IF WE WERE UNDER THE OLD FINANCIAL SYSTEM THAT EVERYONE KNOWS IS RIGGED, THEY WOULD HAVE STOPPED FOREX FROM CRASHING BY NOW. YES, IT IS BLEEDING. IT IS A WOUND THAT HAS NOT HEALED FOR DECADES. I BELIEVE DIZZY BEAR THOUGHT THIS WOULD HAPPEN FROM WHAT I HEARD OF HIM. I WISH I HAD BEEN ABLE TO LISTEN TO A FEW OF HIS CALLS. I WAS TOLD HE IS ON THE MARK BY WHAT WE ARE SEEING NOW. JUST KNOW, IF THE MARKETS ARE NOT RESCUED TOMMORROW, YOU CAN SURE BET SOMEONE IS DETERMINED TO LET THE OLD SYSTEM GO ESPECIALLY SINCE THEY HAVE SO MUCH CONTROL OVER THE OLD SYSTEM.

Dizzy Bear Notes...

Please do not try to fit these into any particular time, but see them as the pattern the DB expected would unfold before a market crash forced the release of the RV/GCR. —dle

DizzyBear; HI Gang..... **I want you guys to be PREPARED for a collapse!! And that's VERY GOOD for your goal of an RV!!** REMEMBER what I have shown you! YOU HAVING NOTHING TO FEAR!! So, here's what to watch out for VERY SOON. Today (Sunday), Puerto Rico is in negotiations with creditors for a 53% WRITE DOWN OF THEIR DEBT! The bondholders taking a 53% HAIRCUT WILL have serious blowback to the US BOND MARKET! Why? Because, as I mentioned, MOST municipal bond funds are "SEEDED" with about 50% of their holdings in Puerto Rican BONDS. This kind of haircut could likely TRIGGER a MAJOR BOND SELL OFF since the bond market ALREADY has a liquidity problem. INDEED, that sell off COULD trigger a bond market collapse, leading to a GLOBAL BOND MARKET COLLAPSE! Whether REAL or imagined, the potential for an American bond market sell off has ALREADY started a sell off in US dollars overseas, the dollar has weakened dramatically in the past 12 hours!! THIS places Japan in a VERY tough and DANGEROUS spot. They can NOT sell OFF yen against a WEAKENED US DOLLAR (as I mentioned last week).

NOW, do you SEE the corner these bankers have painted themselves into! There is NO WAY OUT!!!! So, NOW we have arrived at that point where we are just a breath away from an American bond market collapse that could likely trigger a GLOBAL bond market collapse and/or a global DOLLAR collapse. It's ALSO a given, that IF the global bond market collapses, it WILL take ALL the stock markets with it! AND let's NOT forget, even with a WEAKER dollar, that could trigger a collapse in the Japanese markets across the board, which would create a full on collapse of relative values on currencies tied to the Japanese yen AND the US dollar, and that could likely trigger an IMMEDIATE revalue of OTHER currencies into GOLD to avoid a collapse of values across the board (stocks, bonds, commodities).

ALSO, consider this, the dollar and yen could trigger a RUN on the FOREX, ALL THE GLOBAL STOCK AND BOND MARKETS WOULD COLLAPSE QUICKLY. IN ALL of these markets, there is VERY LITTLE LIQUIDITY, and that is WHY they are ALL so vulnerable to not JUST a severe correction, but an actual COLLAPSE! WITHOUT liquidity, there is NO cushion or wiggle room for short term price declines! Kids, this situation has reached a severe point of NO RETURN!! Be HAPPY, because from here on, WE ARE MEASURING TIME IN HOURS, NOT DAYS!!!! We are on VERY thin ice, and it's cracking EVERYWHERE, PICK A CONTINENT, PICK a market, pick an investment class.... They are ALL at the point of collapse!! You thought the Chinese would have to push?? Hell, a light breeze from Puerto Rico, and this thing is done!!

And, let's NOT forget..... There ARE derivatives BEHIND these bond contracts and bondholders' positions. So, in summation, can this thing be "delayed" until the election?? Absolutely NOT!! Until July 1st? Absolutely NOT!!! Will we STILL be waiting for this on May 15th??? Well, THAT would be an absolute miracle, and VERY slim chance!! I would NOT take that bet!!

So, you guys STAY ALERT, and BE READY! The Asian markets (Chinese) open tomorrow night; but, tomorrow, the western markets MAY just mark time (remain static), but WHEN China opens tomorrow night watch out, if NOT before!! As I have preached MANY MANY TIMES, there is NO MAGIC WAY OUT OF THIS! So, SMILE, this is a SURE thing!! You are watching incredible HISTORY being made!! PS - IF there are ANY smart investors (and that's a stretch) in the American stock or bond markets right now, they will most likely be getting OUT of the markets tomorrow!! OR, they'll end up penniless by Friday! I'm sure they can SEE this one coming!!

[Trump – Let the Senate Decide on Declassification, 2403](#)

The Still Report

Last night late night anchor Shannon Bream – a Liberty University graduate – snared a surprise live telephone interview with President Trump. Bream, who is wayyyy underrated in our opinion, did a great job at questioning the President. Early on, she elicits an amazing response from the President regarding whether he will de-classify documents which Rod Rosenstein and company do not want to be made public. The excuse the coup plotters always use in stonewalling declassification is that it would reveal the darkest secret of them all – a secret so secret that only the intelligence community of Tahiti has not heard this – unless they stumble upon the Wikipedia entry for Five Eyes. So here is the secret. The U.S. is involved in an intelligence alliance with Australia, Canada, New Zealand, and the United Kingdom, known as the Five Eyes. These five countries share SIGINT – or signals intelligence – among each other in a way that circumvents various privacy laws established in the 5 nations.

ANOTHER really big detail about Kristine Blasi Ford's FABLE that makes NO SENSE

The guy is so observant. He brings up things that nails her story/testimony as more than confusion, try flat out lies.

He speaks kind of slowly so I sped it up to 1.25% of normal. The only things I wish he had touched on was the pre-adolescent "I'm about to cry" voice without ANY tears or a cursory wipe of the nose and the statement she gave as to why she decided to contact the Washington post and NOT the US Senate. DUH? A Professor who does NOT know how to RESEARCH or use Google to for a simple search? Or call a friend for a suggestion? Pathetic or just a liar? I report, you decide. Such a flimsy case and look what it has blown up to. Talk about those who should be ashamed. I'm still indignant to think anyone still "Believes"

Responses from METALHEAD regarding the recently posted W interview and the Clinton family

Just to clarify..... Chelsea is the biological daughter of Hillary & Webster "Webb" Hubbell whom Hillary Rodham used to work for at Rose Law Firm, back in the days when Bill et al were laundering CIA drug money through ADFA. This is well documented and easily proven. Just google image the phrase "chelsea clinton webb hubbell" and enjoy the stark resemblance in facial features and mannerisms! When she was 18 she had plastic surgery to look more like Bill. (You gotta admit, she might be somewhat pretty today, but she was a butt-ugly teenager remember?)

Vince Foster was Hillary's lover (among other things) and was murdered because he knew inside stuff on the Clintons' dealing. Or rather he committed Arkancide by shooting himself in the head twice. Almost no blood was found at the scene, nor any gun. His body was clearly moved

on the topic of that W call, I would like to add this...

Pentagon sources sent the photos below showing Hillary Clinton and U.S. Senator John "Daesh" McCain "in custody wearing orthopedic boots to hide GPS ankle bracelet on their right leg."

The fact is that most politicians in Washington, D.C. have become very rich since joining politics, in ways that cannot be remotely justified by their salaries. This means most have been bribed, and that is why most of them are going to go to jail. House Minority Leader Nancy Pelosi has been deliberately acting senile in public recently in order to have a medical excuse to avoid arrest, NSA sources say.

These same NSA sources are now saying the mass shooting that took place in Las Vegas on October 1 was an attempt by mercenaries

working for the G4S security company (<http://www.g4s.com/>) hired by George Bush Sr. to create a distraction in order to kill U.S. President Donald Trump and Saudi Crown Prince Muhammad Bin Sultan (MBS). Trump and MBS were meeting in secret at the suites in the Mandalay Bay Hotel, owned by MBS, to discuss the mass arrest of the perpetrators of the 9/11 terror attacks, these sources say.

Both Trump and MBS were evacuated safely and the arrests have now begun in a way that can no longer be denied by the corporate propaganda media, multiple sources confirm.

As the arrests were taking place, Trump had a secret meeting in Vietnam with Russian President Vladimir Putin and Chinese President Xi Jinping. Here is what a CIA source, who had eyes and ears at the meeting, had to say.

back to the topic of chelsea & webb

here is an old picture of Bill & Webb together

here is an analysis of the plastic surgery she had later on in order to look more like Bill

Metalhead

I remember seeing a clip somewhere (maybe InfoWars I forget) of someone walking up to Chelsea at a book signing and asking how she feels knowing that her biological father is Webb Hubbell. Her reply was so scripted/political it was funny. Something like "I am the daughter of my parents, and I love them very much" or something. I wish I could remember

12:59

If any of you have time to read, I strongly recommend both Roger Stone books "Clinton War on Women" and "Jeb! and the Bush Crime Family" which I think he later renamed since Jeb wound up being eliminated so quickly he became a forgotten punchline rather than a focal point
