**International petition for the removal of political function's and political or economic rights for people of European politics that is confirmed as the world's terrorism**

---

*The petition is intended for all nations, peoples and governments of all country on the our planet Earth*

*The petition is intended for countries' governments and political parties from around the world*

---

The petition is intended for international voting in the interest of security of the whole of humanity and in the interests of the value of the rights, security and freedom. In the interests of our common pride for our country, pride, and values for our lives and the future generations of our families and society, governments and peoples of our countries.

World's petition is at the world voting for the application of the full value of the deadlocks in political rights and freedoms, economic rights and opportunities for all people of European policies, any political party or organizing group which promotes European terrorism against the whole world.

That means that everyone who participates in the petition, because he/she together with the other stakeholders from around the world, so he/she decides to block all political and economic and social rights for every political person, which promotes European terrorism against the Right's of the All Countries around the World.

This means that every person who actual voting support the World petition, in a manner of expressing calls for the application of justice against terrorism and the threat to the operation of mankind.

In any case, the need to agrre the just punishment before the courts of all participating governments around the world and provide sufficiently punished every person who worked in the interests of terrorism from European governments the country, toward terrorism against the whole world.

This means that a petition fighting for the elimination of corruption in the interest The European Court of Justice, corruption in the circuit is the main departments of the European constitutional governments of countries in the structure of the police and security forces.

Petition votes for completely eliminating all the values of terrorism and oppression of any an innocent man, and against blocking of people or any of their imprisonment.

Petition fights to lock all the crimes of political parties, blocking their political power, the right to trade and carry out financial actions in the public interest, financial decision-session or operate any other on the activity that can be utilized for any political monopoly and maintain their own positions in violation of international law or

confirmations about value of the projects. Barred International Project for the development of our countrys and governments around the world, and our growing up of our security, cooperation and quality of life. European policy blocking joint projects for the development of cosmic territories and the establishment of new civilization on foreign planets and other galaxies in the zones of common cosmic space in interest of many Bilion Light Years, some times they are blocked the my plans for development of cosmic technologys for travel in the Univers, with speed more than Biliard's Light Years per one hour.

Many other other criminal activity was, and implementation to criminal act in the interests of world terrorism and organized crime groups, violations of international rules, robbing of finance, illegal political blocking, endangering safety and support for genocide, political assassinations, censorship in the media, in the interests of the real statistics, it is One of the worst incidents in the history of mankind, worse than Hitler's war or holocaust's.

Therefore, the petition by virtue of the reasons that European political persons evaluated jointly by the criminal organized activity, they outpace the worst deeds in the history of mankind, and therefore they produce statistics in the fair and in the interest of the confirmed value of true declaration that if these European political people prefer not exist and therefore they could not be born, then such an act based on changes in reality, the act would in many ways more valuable and rewarding for all of humanity and of our planet Earth today, with the value of most significant step in the history of humanity all steps important than all values European continent and also valuable than the value of our planet Earth for the last several miliard years back.

Therefore, everyone who support the World Petition, he/she and expresses its desire for world order, justice, maintaining the joint security and stability of world politics, at the same time to eliminate any censorship European media against such an incident of the European political crim and genocid.

---

*\* In the interest of European values relatedness of World terrorism, the right to collaborate, share and vote on the petition can utilize every citizen, politics or media of the world.*
