### MODEL YEAR 2021 | VOLVO PHILIPPINES

Specifications, features, and equipment shown in this catalog are based upon the latest information. Volvo Philippines reserves that right to make changes at any time, without notice, to colors, specifications, accessories, materials, and models. Please allow seven (7) working days for the vehicle's pre-delivery inspection.

# INTELLISAFE

Your Volvo XC60 comes with comprehensive IntelliSafe technologies as standard, including all the safety you'd expect from a Volvo and more. You will also get City Safety, which encompasses technologies designed to help avoid collisions with other vehicles, pedestrians, cyclists and large animals. City Safety can also autobrake if you're about to turn into the path of an oncoming car in an intersection, while Oncoming Lane Mitigation helps you avoid collisions with oncoming vehicles by providing automatic steering assistance. Also included is IntelliSafe Assist that supports your driving such as Adaptive Cruise Control and Pilot Assist. Add IntelliSafe Surround, and you'll get the benefit of technology that alerts you to vehicles approaching in your blind spot or from behind and can provide additional steer assist if needed, for your safety and confidence.

Pedestrian and Cyclist Detection with Full Auto Brake

Driver Assist System

Rear Collision Warning & Mitigation Support

Cross Traffic Alert

City Safety with Front Collision Warning and Full Auto Brake

Run-off Road Protection

## COLORS

Onyx Black Metallic

Crystal White Pearl
