Addressing domestic violence and abuse in lesbian/bisexual/trans women's relationships

Catherine Donovan, Sunderland University and Catrina McHugh, Open Clasp Theatre Company

About the Workshop

In this workshop we will present a film that the North East Domestic Abuse Project commissioned with Open Clasp Theatre Company about domestic violence and abuse in LGB and/or T relationships.

We will talk about how the film was made and its usefulness in raising issues about domestic violence and abuse in lesbian/bisexual/trans women's relationships
