

# Football Stadium Fans Banners Mockup

In the downloaded file you will find:

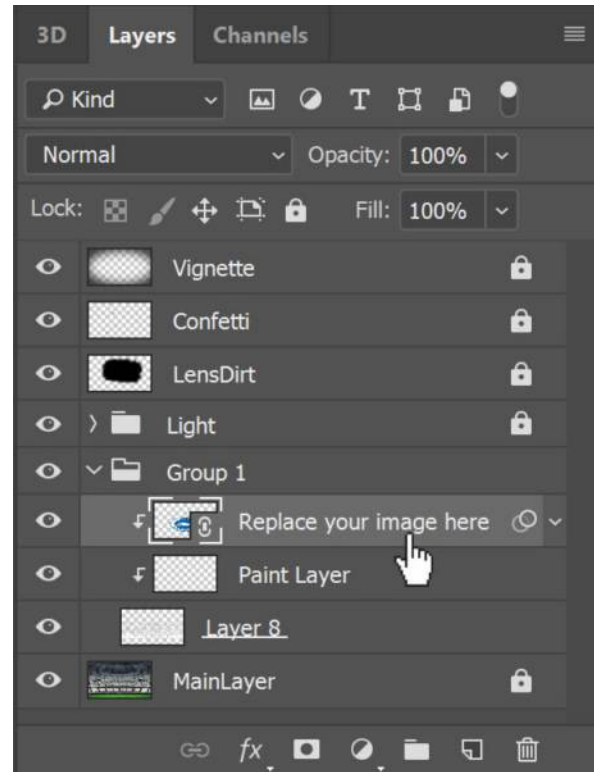

- StadiumNight.psd
- StadiumDay.psd
- Instruction.pdf

Open the PSD files in one of the following programs:

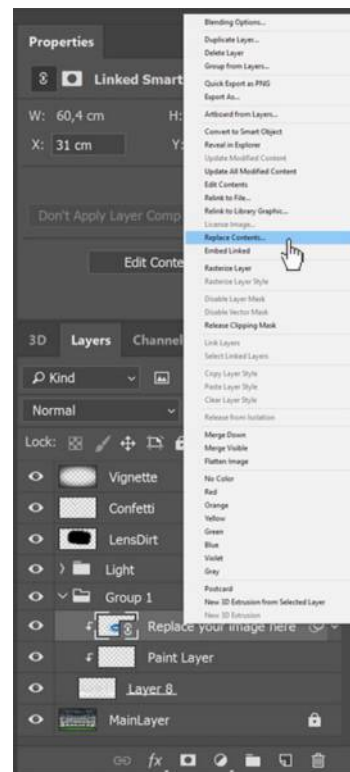

- Adobe Photoshop CS5 Extended
- Adobe Photoshop CS6 Extended
- Adobe Photoshop CC .....

File resolution is 3500×1968 px, color mode is in RGB.

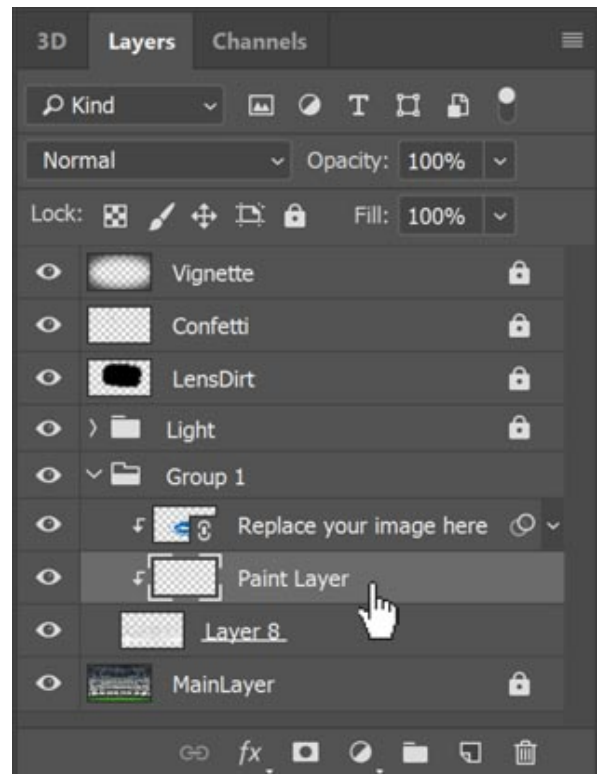

For putting your image on the stadium, just Open "Group 1" in the Layers menu and push on Layer - "Replace your image here" right click,

in the drop menu select "Replace contents..." in the open window choose your image

For custom painting on banners,  
just select "Paint Layer" and  
choose "Brush tool" or  
push letter "B" on your keyboard  
and start to paint

How I said, it`s really easy)  
Also, you can hide Layers - Confetti, Lens Dirt or Vignette, If you want.

Thank you for the purchase!
