APP INDO-SWISS CONFERENCE
(December 24, 2019)

Objective

Pharmaceutical Sciences is a dynamic and interdisciplinary field that aims to integrate fundamental principles of physical and organic chemistry, engineering, biochemistry, and biology to understand how to optimize delivery of drugs to the body and translate this integrated understanding into new and improved therapies against human disease. Drug development is the process of bringing a new pharmaceutical drug to the market once a lead compound has been identified through the process of drug discovery. Drug design is the inventive process of finding new medications based on the knowledge of a biological target. The pharmaceutical industry discovers, develops, produces and markets pharmaceutical drugs for use as medications to be administered to patients, with the aim to cure them, vaccinate them, or alleviate the symptoms. In the present conference, pharmaceutical experts from international and national universities/organizations will address on the diverse issues related to pharmaceutical sciences and drug development.

About College

Chaitanya College of Pharmacy Education and Research (CCPER) has established in 2008 to impart high quality education in the field of pharmacy. It is recognized as one of the best Pharmacy Colleges under Kakatiya University. Currently, B. Pharm, Pharm D and M. Pharm with four specializations viz., Pharmaceutics, Industrial Pharmacy, Pharmaceutical Analysis, Drug Regulatory affairs (DRA) courses are offered in the college.

From the inception CCPER is actively involved in research activities which are supported by government agencies like AICTE and SERB, New Delhi and non government sources like Viswa Bharati Education Society. Presently around 35 Lakhs research funding is available from government and non government sources. Several Conferences are organized on IPR and the faculty who excel and receive awards will be honored with monetary incentives. CCPER has created an ecosystem for innovative research for which senior faculty with Ph.D are recruited and is evidenced by more than 140 publications in reputed national and international journals and more than 100 presentations at various national and international conferences, apart from 10 books published by faculty.

The institute organizes several extension and outreach programs in collaboration with non government organizations by which students are sensitized towards social issues and moral responsibilities. CCPER has functional MOU's with foreign universities, IICT - Hyderabad, hospitals and industries for faculty exchange, student exchange, internships, project work etc., which are well utilized. The college has accredited with NAAC B++ grade. College also has a strong Alumni association which was started in 2015 and spread the activities all over the country.

About Association of Pharmacy Professionals (APP)

APP is a unique organization of more than 1000 dedicated professionals willing to serve pharmacy profession in dynamic which involves people from various arena including students, teachers, researchers, scientists as well as industry professionals. APP is continuously gaining attention among pharmacy community of India and abroad.

APP actually aids in extending the knowledge and facilities of several technical institutes, industries as well as health sectors to the remote areas where the service and live functionality of pharmacy profession is the real want.

This humble act might be in the form of academic, research or health related activities. The association is also aware about and share the responsibilities of professionals towards the community and social liabilities. The APP also accesses the availability of expertise when it needs and ensures that the systematic teaching learning activities not only occurs but also reach to the common knowledge development system by acting as source of fulfilment in case of any need.

Role of 'Association of Pharmacy Professionals' is also to think of betterment of the community, society and also to involve young generation to lead them to run the new era of pharmacy and related disciplines under the blessings and guidance of previous generation. We assure the dedicated and wholehearted efforts of our resources and abilities to push the pharmacy profession in all ways. Let us hope and work for making APP more visible at every forefront of scientific, academic and research fields. May the kind cause and wisdom of APP reach many places, many people all over India and abroad and enlighten the name of profession beyond the boundaries globally.
