Under these circumstances, we call for eye witness Victor Figueredo and Anita Montecerin to testify before our courts on their direct relationship with fellow cousin Gloria Maria Navarro. Specifically, the courts demand to know now more about the life story of their direct family member Ana Victoria Fernandez of MGM Hotel fame. The same exact Victoria Fernandez who was official Director of Operations for MGM Hotel and Casinos that opened precisely eighteen years ago under dubious circumstances. And on top of that, the people would ask each of the witnesses to explain Fernandez prior position as Vice President of Operations at Mandalay Bay Hotels and Casino which was used by the recent crisis actors in the latest “alleged” mass shooting incident there. It is publicly known that Victoria communicated with Gloria Navarro regularly, while on official duty at Mandalay Bay. They also exchanged messages between family members, as we are positive the witnesses will be glad to shed official and abject light on this entire situation relating to the Gold mining business and MGM Grand. The Grand Jury shall call the witnesses to testify on record, and will begin making deliberations with Americans who have had enough of this, to bring formal charges and air the entire matter in a public setting.
