2018

TopSpeed has quickly become the industry standard for entry level 1:18 scale resin models. From the makers of TSM-Model, this brand has steadily grown over the years and has quickly become the official model supplier for several high-end auto manufacturers.

By utilizing our resources and experience in the model industry, TopSpeed has a goal of delivering excellent value. Using the latest in 3D scanning technology allows us to minimize development costs and decrease the cost of producing accurate models for collectors. By focusing our efforts on popular subject material, we are able to spread out development costs over a larger production, and this also allows for additional savings when producing related models that share common parts. We aim to offer the perfect balance between price and quality and use our years of manufacturing experience to the direct benefit of collectors worldwide.

Whether it's the latest Ford race car or a sporty Alfa Romeo, TopSpeed has created a wide range of models perfect for any collection. With some of the best-known cars from automotive heavyweights including Jaguar, McLaren and Aston Martin, TopSpeed aims to offer something for everyone.

Contents

MEDIA CENTER

We understand that access to high quality photos and product information is very important for our dealers, distributors and media associates, so we wanted to make sure that TopSpeed has the same level of support that we provide to all brands in the TSM-Model family.

We actively maintain a Media Center website to serve as a central location for product information. The Media Center is a restricted database designed to provide registered users access to official logos, photos, literature and advertisement resources.

To create your account on the TSM-Model Media Center, go to <http://media.tsm-models.com>, then simply click on the registration tab on the home page and provide the required contact information. Usually it will take no more than 48 hours to verify and approve your account, after which you will be notified by email when you are able to access your account.

Once your account is active you will also receive updates via email when photos or information are added to the Media Center. The Media Center provides this content to assist in both selling and promoting TSM-Model brands through online reviews, written articles and other promotional uses. TSM-Model reserves the copyright of all photos and materials provided on this website.

For any questions regarding photo usage please email mediacenter@tsm-model.com.
