BAT CARE

Almost all new English Willow cricket bats require knocking in before use. Knocking in is the process of hardening and conditioning of the blades surface.

There are two reasons for knocking in;

- Protecting the bat from cracking and increase its usable life
- Improving the middle of the bat so it is bigger and better

STEP 1 - OILING THE BAT

- Apply a light coat of raw linseed oil to the front, edges, to and back of the bat blade using a soft cloth while bat is kept in a horizontal position. BE SURE NOT TO OIL THE SPLICE AREA OF BAT.
- Allow raw linseed oil to completely dry and repeat this process for 2-3 applications.

STEP 2 - KNOCKING IN

- Using an old leather ball (or bat mallet) gently tap the front face of the bat for around 2 hours to slowly compress the fibers in the bat.
- Increase force gradually and slowly work your way around the edges of the bat till it starts to show a nice rounded corner around the edge.
- Start using your bat to hit short catches using an old ball.
- Progress to using the bat in the nets to play light defensive shots using older leather balls, eventually moving up to newer leather balls, then playing harder shots, before using in a match.

STEP 3 - BAT MAINTENANCE

- The face, edges and especially the toe of the bat, must be kept dry at all times. Moisture will affect the quality of your bat and can lead to increased cracks and splits.
- Small cracks may appear in your bat, this is completely normal. These may be lightly sanded out and have linseed oil applied to the affected areas. Or have a Spartan Extratec sleeve applied to the face of the bat to help prevent cracking to the face & edges.
- Always store your bat in a clean, dry environment. Never store your bat in a car for extended periods of time as this may lead to swelling of the timber.

MS Dhoni is arguably the most popular and definitely the most scrutinised cricketer from India. He has done so coming from the cricketing backwaters, the mining state of Jharkhand, and through a home-made batting and wicketkeeping technique. He also has a style of captaincy that scales the highs and lows of both conservatism and unorthodoxy.

MS Dhoni is captain of India ODI and ICC World Twenty20's Team, and has led the team to their first ever bilateral ODI series wins in Sri Lanka and New Zealand. Under Dhoni's captaincy, India became the first team after a gap of more than 40 years to whitewash Australia in a Test series. Dhoni also led the Indian team to the number one position in ICC rankings in Test cricket for the first time. Under his captaincy, India won the 2007 ICC World Twenty20, CB Series of 2007-08, the Border-Gavaskar Trophy in 2008 and 2010 against Australia 2-0, Asia cup 2010 and 2011 World Cup.

Dhoni's Test and ODI records are the best for Indian captains to date. He also captained Chennai Super Kings to victory in the recent 2011 IPL and in the Champions League. He was named as the captain of ICC World Test and ICC ODI teams for 2009. In the final of the 2011 Cricket World Cup, he hit 91 not out of just 79 balls to lead India to victory. For his outstanding batting in the final, he was awarded the man of the match.

DRERUSS

ANDRE RUSSELL

Andre Russell

Test Debut: 15 November 2010 v Sri Lanka

ODI Debut: 11 March 2011 v Ireland

T20I Debut: 21 April 2011 v Pakistan

By the time Andre Russell was little more than five years into international cricket, he was a two-time world champion.

That both titles came in the T20 format defines the kind of cricketer he is.

A batsman who hits the ball hard enough to make the inanimate thing scream for mercy, he functions primarily as a finisher.

He generates even more pace with the ball in hand and when it is anywhere near him in the field, it doesn't matter at what pace it's travelling. DreRuss will probably get to it.

He won the CPL title with Tallawahs in 2013, the IPL title with Kolkata Knight Riders in 2014, the Bangladesh Premier League title with Comilla Victorians, the BBL title with Sydney Thunder and the Pakistan Super League title with Islamabad United in 2016.

SPARTAN'S NEW DRERUSS RANGE HAS BEEN CREATED IN CONJUNCTION WITH THE WEST-INDIES T20 CHAMPION.
