

# IRMA'S

SOUTHWEST

TEXAS CHINESE WITH MEDICAL STREET

On behalf of Irma's Southwest, the EV3000I has been a great system for us. We are a full service restaurant that needs deep cleaning in certain areas throughout the month. We have cleaned most of our bar equipment, our drains in the bar & lower areas where water & soap can not reach. It also sanitizes bathrooms very well.

I would highly recommend the EX3000I for restaurant use & I will be purchasing one for my home.

Stay tuned....
