Anne Frank is the symbol of all the children who were victims of the Shoah but also of those who today continue to be discriminated against. Her ideals are shared through the eyes of a contemporary teenager named Anna.

The Italian short movie "Our name is Anne" is the winner of numerous national and international Awards. It wants to be more than a short movie. It wants to be a mission. Its aim is to encourage to never forget, to celebrate our authenticity and the importance of helping others.

"Our name is Anne" already had three major screenings (twice in Italy and once in Amsterdam at the Anne Frank House). It got a huge, positive response.
