

What do we do?

Established in 1986, MARTICO REEFER SOLUTIONS is an international company, currently present in more than 27 countries, with proven expertise in the transportation of frozen and fresh products, in particular fruits, vegetables & meat products. Our services are available to any destination in the world and cover all the stages of the logistic chain, by land, sea, and air.

MARTICO has its own dedicated Administration, Insurance Management, and Legal departments as well as the R+D Department, which places it at the cutting edge of the logistics industry.

Our goal is to help our customers grow their businesses worldwide. We provide comprehensive turnkey logistics solutions, connecting continents quickly and efficiently through our global network of offices, agents, and carriers.
