### **Loot Crate - pre-mint sale**

Designed to give a player more rapid advancement in the game to help speed up their leveling up process. To also give players special stat increases and exclusive outfits that cannot be acquired by normal gameplay.

***All Funds generated from this sale will be wholly re-invested into the project.***

On **30/07/2022**, at **12pm UTC**, the whitelist pre-sale will begin. Following a period of 24 hours, the remaining items will be released for general sale to the public. Spots on the whitelist cannot be honored once the general sale has begun.

### **What is the process for purchasing?**

It is important to note that **this is a pre-mint sale**, and that items will only be available upon the release of the game and the XLS-20 minting framework. A user will receive a loot crate when he or she logs into VerseX and registers their wallet for the first time. In order to ensure that the mechanics and functionalities of the loot crates are not compromised, VerseX has committed resources to minting and coding the NFT's as soon as XLS-20 becomes available. Additionally, VerseX will consider options for assigning the loot crates to the Purchaser's wallet prior to the MVP release date.

In order to participate in the Pre-MINT sale, **on the day of release**, all Whitelisters will receive a password to access the sale page through the Discord Secret Whitelist Channel. Once they have accessed the VerseX website, they will enter their password and proceed to the [versex.io/crates](https://versex.io/crates) website to complete the purchase.

At least five days prior to the sale, whitelist members are **strongly encouraged to join the Secret Whitelist Channel on our Discord server, [Discord.gg/VerseX](https://discord.gg/versex)**. By doing so, you will be kept informed about all Sale notifications and updates. After your whitelist membership has been confirmed, you will be granted access to the whitelist via your Discord handle. We are looking forward to seeing you at [VerseX](https://versex.io) in the near future. Have a great time shopping!

**Random Items:**

*Paid random items are a particular form of optional in-game purchases (\*): they comprise all in-game offers to purchase digital goods or premiums where players don't know exactly what they are getting prior to the purchase (e.g. loot crates) Depending on the item, these items may be purely cosmetic or they may have functional value: they can include additional characters, outfits and other appearance upgrades, but also tools or weapons, etc. They may unlock extra levels, add new skills or provide performance upgrades. For the purpose of this descriptor, "paid" random items are those that can be purchased directly with real money and/or those that can be exchanged for an in-game virtual currency that itself can be purchased directly with real money.*

**REMEMBER TO ENTER YOUR WALLET ADDRESS IN THE CORRECT FIELD. YOU MAY NOT RECEIVE YOUR ITEMS IF THE WALLET ADDRESS IS INCORRECT.**

The VerseX team considers and recognises the low amount of higher tier crates released in addition to the fact that the economy within VerseX needs to remain healthy, and not fall into the category of a pay-to-win game. It is with this in mind, that we have decided to Limit the amount of Legendary and Galaxy Crates 1 Registered wallet can purchase.

**Any duplicate orders WILL be canceled!**
