

INTERFRATERNITY COUNCIL

Office of the Interfraternity Council Executive Board
Rensselaer Polytechnic Institute | Troy, NY

June 12, 2018

To the Rensselaer Greek Community,

The Interfraternity Council has determined it necessary to address the recent announcement of the appointed Greek Life Task Force led by LeNorman Strong and its implications on Greek Life at Rensselaer Polytechnic Institute—both for this upcoming year and in the future.

The council believes that the appointment and task force's potential sanctions are too stringent. Greek life at RPI continues to positively impact the surrounding Troy Community, cultivate lifelong friendships, and foster an environment for student development that is simply unattainable in the classroom alone. These potential sanctions are intended to promote our Greek community; however, we believe that their consequences would hurt us.

The Interfraternity council along with the Panhellenic Council and Alumni Inter Greek Council will work diligently with RPI administration to reach a decision to provide for the prosperity of Greek Life at RPI.

If you have any questions or concerns, please reach out to rpi.ifc.sec@gmail.com.

Sincerely,

The Interfraternity Council Executive Board
