

2020 CTA BlackList 2020年CTA黑名单

FOR INTERNAL MEMBERSHIP USE ONLY – NOT FOR PUBLICATION

NOTICE: Our focus is protecting our membership from external TEFL training frauds and unscrupulous foreign and Chinese TEFL recruiters and “agents” falsely representing numerous internships and study abroad programs as well as phony job placements and HR services. The below is based on reports received from numerous teachers, both local and foreign. If we received five or more complaints on an entity than can be substantiated with documents, photos, or witness statements, they are added here. This list is refreshed and updated annually. We urge all teachers to conduct their own due diligence. Be aware that fraudsters often change their website suffixes (.com, .net, .org, etc) and even use alias names for recruitment purposes.
