tuesday's children

To our Tuesday's Children community,

We are ringing in another year of Tuesday's Children and putting the finishing touches on our 2022 Impact Report. We are so proud of what we've done in 2021 with **grateful, resilient** families, for our partners and supporters, and for our community.

Over the first year, we've held more than **100 programs** attended by nearly 1,500 people, and we've hosted more than **100 fundraisers** in a variety of community-engaged formats in 27 states. Throughout the year, our families have shared their stories with us, and we've been honored to walk alongside them in continuing ways of shared purpose.

We know that, for some, the holiday season can be difficult, and that can ignite feelings of grief, loss, and isolation. Please remember that you can reach out to us at any time to share your thoughts, ask questions, or request support. We're here for you and your family during holidays, anniversaries, remembrances and **#ourjourneytogether** all year long. Please don't hesitate to reach out.

This year, the year-supporter we're honored throughout all our programs, through our Tuesday's Children Community Foundation, and in our annual impact report. We are grateful that their dedication to helping families in need and their ability to step up in times of crisis **embodies our purpose** and lifting us with resilience, hope and gratitude for the year ahead.

Thank you for being part of our mission!

CAREER RESOURCE CENTER

Slice of Advice Workshops and Career Resources

Tuesday's Children's **Career Resource Center** enhances the skills through workshops, resources, and preparation and career guidance. Slice of Advice workshops are a monthly series where we provide workshops for individuals who are looking to enhance their skills in areas such as resume writing, interviewing, networking, and more. Each workshop is led by a subject matter expert in the workforce development.

This year our **"Slice of Advice"** peer-to-peer workshops featured professionals from notable companies such as the National Football League (NFL), MSNBC, and Google. Each month, we will be hosting a new workshop and we look forward to those that will be interested in participating in the future. Please reach out to Sarah Gonzalez at sgonzalez@tuesdayschildren.org for more information.

The Career Resource Center has several more **free** events and tools. We have a community partnership to use upper corporate partners and the valuable professional skills they have to offer. We also have a partnership with Linkedin Learning to provide free courses to our families, alumni, and staff.

Coming up in the Career Resource Center:

- Ring in the New Year – Effective Ways to Make Change in 2022 – January 19, 2022
- LinkedIn Profile and Success Secrets Workshop – January 31, 2022

PEER SUPPORT ACROSS COMMUNITIES

Peer support was a big theme this year, working on many families and community partnerships. Here are a few examples of peer support, peer fundraising, and activities to unite the community.

Project COMMON BOND Volunteers Young Leaders

Training leads to summer internship for Project COMMON BOND Alumni. Last year, we began a Boys Mixer, 35, and we were thrilled to see the success of the Grand Finale Graduation and the 6 graduates who completed the program.

Will worked and taught, continuing to support the graduates of the 35 and attended the world Project COMMON BOND Alumni Reunion, a welcome mini-participation.
