**PETITION FOR THE POSITION OF THE MINISTER AND DEPUTY
MINISTER OF HIGHER EDUCATION BY MALAYSIAN STUDENTS**

Congratulations Pakatan Harapan for the recent success in winning the 14th Malaysian General Election and the formation of the new government.

1. We welcome the reformation agendas on the Malaysian Education System as mentioned within PH Manifesto. We believe and agree that there is a paramount need in allowing more freedom in academia including more freedom of speech, a reformulation of more critical syllabus and education system in accordance to the need of the market and human development.

2. Thus, in accordance to such aspiration, we strongly support and believe that newly formed government should elect;

DATO' SAIFUDDIN ABDULLAH (Ahli Parlimen Indera Mahkota) and DR MASZLEE BIN MALIK (Ahli Parlimen Simpang Renggam) to fulfil the aforementioned positions.

3. We feel that these two individuals are well qualified as their performance and background are clean, experienced and mature. Dato' Saifuddin Abdullah is experienced in the Ministry of Higher Education as Deputy Minister and is directly involved in the re-enactment of the Universities and University Colleges Act, April 19, 2012. Dr. Maszlee Malik is an

internationally active academic practitioner specializing in political discourse, education, Islamic political thinking and contemporary Islamic movements.

4. We hope PH will take note on our plea and hope on the matters which we have mentioned.

As students, we aspire for transformations which can bring benefits to the students and we are wholeheartedly hoping that our plea will be taken into consideration towards ensuring a better quality of Malaysian educational system.
