Alternative Dispute Resolution

The EU Commission has created a platform for resolving online disputes out of court. It gives consumers the opportunity to resolve disputes relating to their online orders without court action. The dispute resolution platform can be found under the external link: <http://ec.europa.eu/consumers/odr/>.

We will endeavor to resolve differences of opinion arising from our contract, and to come to a mutual agreement. Beyond that, we are not obligated to participate in a mediation procedure and are unfortunately unable to offer such a procedure.
