## Volunteers Providing "Face Lift" For Library

DIGGING IN to beautify the entrance to the Charlestown Branch Library are youth volunteers from "Mrs. Bee's Gardens" and the Boston Conservation Corp. Under the direction of Mrs. Bee (center), weeds and old plantings are being removed and replaced with rose bushes and flowering plants.

The Charlestown Branch Library at 179 Main Street,

is enjoying a "face lift", thanks to Mrs. Edna Boyle and her volunteers from "Mrs. Bee's Gardens."

The project got underway on June 19th when the group

held their first meeting at the library to discuss their plans for improving the outside grounds of the library. The group decided they would

### Detour Roadway Plans To Be Discussed July 22nd

The temporary detour roadway that will be constructed as part of the North Area/Central Artery project will be the topic of discussion at the next community meeting to be held on Tuesday, July 22 at 7:00 p.m. in the Knights of Columbus Hall, 75 West School Street.

The date northbound and southbound traffic, as well as local traffic and will take about one year to construct.

The consultants will pre-

sent the plans for the structure and will discuss with the community construction issues involved with the detour roadway.

### Two Alarm Fire Damages Hathon Square Buildings

by Marianne Martin

The Boston Fire Department Arson Squad is currently investigating the cause of the two alarm fire which resulted in the Fire Department's estimate of approximately \$35,000 worth of damage to a two family duplex on Hathon Square.

Seventeen area engine and ladder companies responded to the early morning fire at 5:29 a.m. on Monday, July 14th. According to Boston Fire Department Public Information Officer, William Murphy, the blaze began in the attic of 5 Hathon Square

and "shot over" to number 7. Because number 5 was vacant at the time of the fire, Murphy said the fire "was of suspicious origin."

The "all out" was sounded at 6:51 a.m., however, Murphy added, a fire detail remained at the scene until 7:51 a.m. as a precautionary measure. The detail kicks over rubble and wets down burnt items to insure that the fire does not start up again.

Murphy said he could not comment as to how the fire started, but added the department "has a good idea" as to the source.

Engineers from the Berger-Lochner joint venture, consultants to the Massachusetts Department of Public Works, will present plans for the temporary structure, an element of the \$175-million dollar highway-tunnel project. The roadway will be built in order to detour traffic away from the area of tunnel construction and away from the approaches to the Tobin Bridge. This temporary roadway will accommo-

### Scheduled Reconstruction On Mead and Ferrin Streets

Mayor Raymond L. Flynn has announced that the Boston Redevelopment Authority has approved a contract for reconstruction of two Charlestown Streets — Mead Street from Main Street to Russell Street and Ferrin Street from Bunker Hill Street to its dead end.

Mayor Flynn said, "I'm delighted that the city is go-

ing to fulfill promises made long ago to rebuild these streets." The \$275,000 project includes street paving, concrete sidewalks and curbing, street lights, landscaping and some limited water and drainage.

Andover Engineering Corporation will be the general contractor.

### Main And Warren Streets Reconstruction Update . . .

by Marianne Martin

With roughly 25% of the work schedule time table past, official word from the Massachusetts Department of Public Works (DPW) public information department is that only 3% of the total work on the Main and Warren Street Reconstruction Project has been completed. In fact, the DPW field report says that no work has been done on the project since June 30th.

Janice Sargoni from the DPW said that DPW Commissioner Robert Tierney is "quite unhappy" with Baker and Company, the construction team hired by the state to do the reconstruction work. Sargoni added, "We (at the DPW) think there are some problems with Baker, and not just in Charlestown." The Stoughton based construction company currently has seven state awarded contracts, and the word is they are experiencing financial problems.

Rumors circulated last week that Baker and Company's payroll checks had bounced. While Sargoni said that she, herself, had not heard of these rumors, if they were true, the Baker and Company bonding company would have insurance to cover such an event. Edward Zeytoogian, President of Baker and Company, has not been available for comment.

David Wilson, Acting Chief Engineer of the DPW, told Zeytoogian in a letter that the department was aware that "the volume of direct payments (from subcontractors) filed against Baker are staggering," and that the Department is prepared to address these concerns.

Last week the DPW requested a detailed work schedule and status report for all state awarded projects

from Baker. However, Sargoni said that what Baker and Company submitted was "inadequate" and they have been asked to resubmit.

In Wilson's letter, Baker and Company has until Friday, July 18th to supply the DPW with their resubmitted project status and schedules.

Sargoni assured that the DPW is aware that Main Street is currently "an eyesore and an inconvenience" for Charlestown residents, and added, "We're doing everything to expedite the work there."

On Saturday, July 19, 1986 at 10:00 a.m., the Boston National Historical Park Service will hold a ceremony on Pier One at the Charlestown Navy Yard to unveil a plaque designating USS CASSIN YOUNG (DD-793) as a National Historic Landmark.

As part of a national reunion, 125 former crew members of the CASSIN YOUNG will be in Boston July 18th through 20th and will be present at the dedication.

In recognition of its distinguished career, a National Historic Landmark plaque will be permanently mounted aboard the ship.

#### THE CONDO ALTERNATIVE

If you feel priced out of the market for a single family home, a condominium may be a good alternative. Condos come in all shapes and sizes and their prices can often be very friendly to first-time buyers.

When you purchase a condo, it can be located in a large building, townhouse, or garden apartment project. You own the unit in which you live and a proportional share of the "common elements", such as roof, grounds, hallways, and recreational facilities. In addition to your mortgage, you also pay a monthly fee to cover your share of the project's upkeep. You and your neighbors form an owner's association and elect a board of directors to oversee the project's maintenance.

In most areas, condo buyers have a chance to examine the bylaws, budget, and other important documents before finalizing the sale. It's a good idea to understand any restrictions that may be placed on residents. Can you have pets? Are there restrictions on the owners' ability to rent their units should they decide to move? Your Realtor can give you information on the range of condos available in your area, and help you match price and life style to your needs!

If you're planning a move, call the professionals at Century 21, Silva Realty Associates. Our number is 242-7470, or just drop by our offices at 142 Main Street in Charlestown.

like to replace the weeds with rose bushes and other flowering plants.

The next week, five volunteers and Mrs. Bee met out-

side the library and began pulling out weeds and planting marigolds.

The work has been progressing each week and the improvements are noticeable.

The volunteers range in age from five to teens and work under the guidance of Mrs. Bee and George Bard from the Boston Youth Conservation Corp. This organization was begun by the Ci-

ty of Boston and Action for Boston Community Development (ABCD) and specializes in landscaping. According to Mrs. Bee, "The teenagers involved in the Corps have proven to be excellent

role models for the young volunteers."

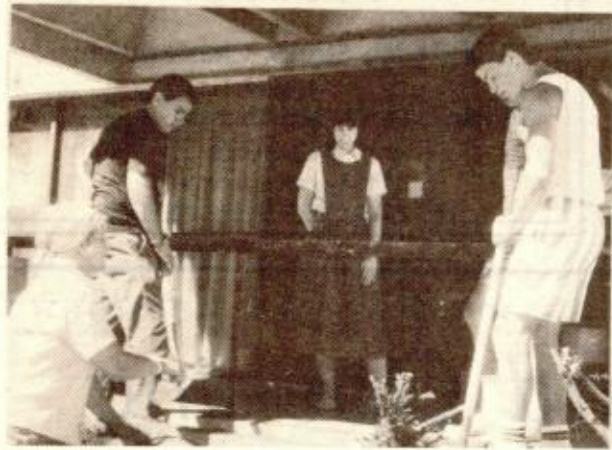

Mrs. Bee stated that she is "delighted to expand the beautification project beyond the Bunker Hill Housing Development", where she star-

ted the gardening program some years ago, "in an attempt to beautify that area. The youngsters are not only taught the value of hard work and the satisfaction received through their efforts, but are given a sense of true 'Townie Pride' and a desire to extend their work into other parts of the neighborhood," continued Mrs. Bee.

Volunteers working on the library project on Friday, July 12th included: Ronnie Poole, John Houlihan, Neal Boyle, Jimmy Tallent, Brian Davis, Jay Crowley, Tom Allen, Joe Houlihan, Joe Tallent and Danny Mortimer. Other volunteers include: John Cowan, Jaimo Poliskey, Chester Poliskey, Shawn Porter and Brian Ringer.

Mrs. Bee extended her thanks to Beth and Kathy of the library staff for their generosity in supplying the workers with cold drinks and refreshments.

A resident, noting the work force on a recent Friday morning, expressed delight at the progress being made on the plantings at the library and commended the young people and Mrs. Bee for their efforts to beautify the area for the benefit of the entire community.

All players were treated to hot dogs and cold drinks after the game by Program Supervisor Bill Bradley, and his staff, Jim Walker and Frances Lowe, and myself (Steve).

We hope to have weekly games.

## Life Behind The Wall

by Ronan FitzPatrick

As the festive and busy summer season is underway "behind the wall," I would like to mention some happenings.

☆☆☆☆

This area is served by several commercial activities including our corner store, aptly called the Commissary, on the first floor of First Avenue within Constitution Quarters.

☆☆☆☆

Constitution Quarters contains approximately 380 apartment units, one of which is Apartment 4308, the residence of my mother, Elizabeth Teaffe FitzPatrick, active with the Mothers' Club at the Boys Club, and a former teacher in various elementary throughout Charlestown. She looks forward to seeing her former students and friends.

☆☆☆☆

The availability of public pool swimming within the Yard was brought to my attention by "Townies" Paul Collins and Bill McCabe. Although on the water, the only swimming pool presently available is for tenants of Constitution Quarters.

☆☆☆☆

Presently the law firm of Cullen & O'Connell are housed within the commercial condominium of Shipway II. One of our "Townie" talent, part owner Timothy O'Connell, is dispensing his legal expertise from behind the wall.

At this juncture the only other commercial endeavor is Ocean Marine Services, Inc., providing marine and navigational supplies.

☆☆☆☆☆☆☆☆

### "TOWNIES" — "COME ON DOWN"

Entering Gate 4, you look right down the opening to Boston Harbor, a truly refreshing view.

☆☆☆☆

As you turn left onto First Avenue, the recently leased Building 36 appears on the right (or in marine parlance — Starboard). The 3 1/2 story long granite building with 62,000 square feet has two tenants, **Sail Magazine** and the Massachusetts Water Resources Authority — an idyllic setting for both of these organizations.

Publishing a highly circulated nautical magazine, **Sail** is under the helm of Bernard A. Goldhirsh, a joint owner with Jerome L. Rappaport of Incubator Associates. Occupying approximately 10,000 square feet with 50 employees, its location affords a magnificent views of the harbor and skyline.

The Massachusetts Water Resources Authority was created by a 1984 legislative act to clean up Boston Harbor and to ensure the efficient economical and self sustaining operation of Metropolitan Boston's Water and Sewerage Systems. With a potential of 200 employees occupying the 41,000 square feet, it is ideally suited for administrative headquarters.

In keeping with the memory filled past, the architecturally historical building is aptly called The Ironside. One other tenant had been listed on the foyer directory, Tilbury Point Restaurant. At this time its status is uncertain.

☆☆☆☆

Proceeding along First Avenue, Pier 8 is approachable by Thirteenth Street. A spectacular flotilla of power yachts, schooners, and various sail and smaller pleasure crafts make up Shipyard Marina.

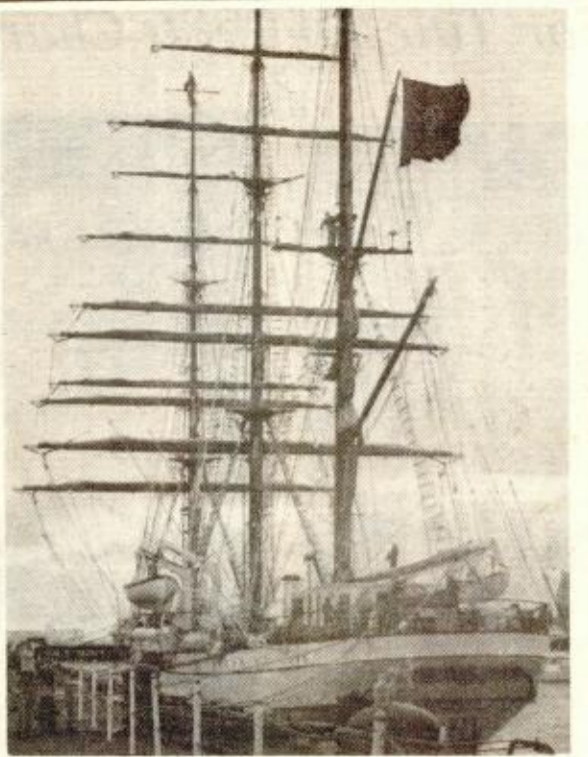

A 200 slip, easy access Quarter Marina with its white capped pillions, has several impressive steel motor yachts docked there. **The Alma**, a 109 foot motor yacht owned by Antonio and Alma Tambone is breathtaking. It is equipped with the most sophisticated high tech toys and all the creature comforts available. For the last six weeks it has been berthed on the front slip. A glorious sight to see while cruising the harbor, it will soon sojourn to Nantucket. The incomparable **Marco Polo**, a hundred plus footer, is available for charter with all the amenities you could dream about — master suite with kingsize bed, three guest staterooms, and an enormous salon for your favorite refreshments.

☆☆☆☆

As the evening was waning, observed from Pier 8 was the **Preseverance Oiler** from Singapore, a #2 oiler departing from the Harbor. As dusk set, the **Oscro Castor** was spotted entering the harbor.

Numerous other yachts are worth the stroll along the promenade.

Treat yourself, "Townies," and Come On Down.

**SAGRES**, a Portuguese Training Ship, entered Boston Harbor to berth at the Charlestown Navy Yard on Sunday, July 13th. Charlestown has been one stop on the vessel's three month training cruise and is departing from Charlestown on Thursday, July 17th.

(photo by Pat Dunphy)

Peter Churins, USN, a group of 14 passengers departed Pier One of the Charlestown Navy Yard on a U.S. Coast Guard Cutter to bid welcome to and board the Portuguese training ship "Sagres", cap-

tained by Commander Jose Manuel Castanho Paes, for her entrance into Boston Harbor.

The cutter's passengers soon stepped back in time to

## It's 1803

### In The Charlestown Navy Yard

The year 1803 has come alive in the Charlestown Navy Yard. The USS Constitution Museum has started a "Living History" program, and seven actors turn back the clock to become men and women of early 19th century Charlestown.

From now until August 10th, visitors to the museum and "Old Ironsides" may find themselves in conversation with Captain Preble, the captain of the USS CONSTITUTION; Samuel Morse, the 14 year old son of Charlestown's Congregational minister and an artist who was later to invent the Morse Code; plus a merchant captain, lemon seller, innkeeper's wife, school teacher, and a woman of ill repute.

According to Richard C. Wheeler, Director of the USS Constitution Museum, "Our 'Living History' program is the only one of its

kind in Boston and we are the only major historical site re-living this particular period. The year 1803 was chosen not only because it was a year when "Old Ironsides" was in dock at Charlestown, but also because it represents an important period in this nation's history. The nation is new; it is a period of wonderful bravado — eagles appear everywhere; Thomas Jefferson is President and Aaron Burr is Vice President."

The actors, men and women ranging in age from 19 to 37, have come from as far away as the University of Michigan to participate in this pilot program. Similar programs at Sturbridge Village and Plimoth Plantation have been enormously successful in involving tourists and school children of all ages in an historical experience.

a romantic period when billowy canvas sails curled over spotlessly clean, wooden pegged decks. Sailors sat high in the riggings tying the sails, as the "Sagres" prepared to make her way into Boston Harbor, adding to the feeling of by-gone days.

The vessel's stop in Boston marks the mid-point in her training mission, which included participation in Operation Sail 1986 at the Statue of Liberty Centennial Commemoration.

Commander Mario Durao of the "Sagres" stated that the vessel has a crew comprised of 230 Portuguese and 15 Belgian naval personnel. During the three months of training, the 54 Portuguese and 13 Belgian cadets on board will perform coastal, astronomical and radar navigation, obtain knowledge of on-board departments organization and procedures and will be assigned several seamanship tasks concerning officers and rating duties as duty and watch officer assistants, helmsman, lookouts, rigging, sails work, knotting and splicing, ship's conver-

sation, etc. Embarking on a sailing ship like "Sagres" is no doubt the best training cadets can be afforded as far as seamanship, discipline and physical fitness are concerned, which will be an important part of their preparation as future officers.

The "Sagres" is the third in a series of five foreign ships scheduled to be berthed at the Charlestown Navy Yard this summer. According to Bill Foley of the Boston National Historical Park, who is handling the "Visiting Ships Program," "the five vessels are only the beginning." It is his hope that the scheduled completion of renovations on Pier 2 and possible additional renovation work within the Yard, will afford the opportunity for many more foreign and American visiting ships to take advantage of the historic legacy of the Charlestown Navy Yard.

The next ship scheduled to berth at the Charlestown Yard is the Japanese Destroyer "Nagatsuki", arriving in Boston on July 25, 1986.

## Currier & Ives Naval Prints At USS Constitution Museum

From now through October 15th, 77 hand-colored Currier & Ives naval prints will be on exhibit at the USS Constitution Museum, located in the Charlestown Navy Yard.

Presented by the United States Naval Academy as part of a nationwide tour, the prints represent over half of the Currier & Ives naval scenes contained in the

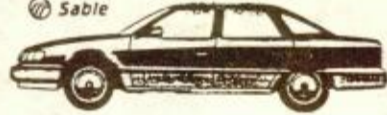

Beverly R. Robinson Collection.

The exhibit, made up of a diverse collection of battle scenes, ship portraits, political banners and cartoons, traces the growth of the American Navy from its Revolutionary War infancy to its position in the late 19th-century as one of the most respected and powerful fleets in the world.

## Matt O'Neil Senior Hockey League Opts For Expansion

by Bernie "Scoop" Kelly  
Eddie Johnson, Director of the Senior Hockey (No check) League, announced this week that expansion of the league from four to six teams may come about because of the increased interest in the Senior (No-Check) League!

With the proposed addition of two new teams in the Senior League, we anticipate an increase in our operational expenses for the additional ice time and hours, so prepare yourself for the increase in the fall when we announce the new season fees! We will make every effort to keep costs to a minimum to assure that no one will be eliminated from team

play due to financial hardship!

We are also accepting the names of players who would like to participate in an organized Senior (No-Check) League, with a 15 game regular season, that finishes with a four team playoff and finalizes with a Championship "Man-ly Cup" playoff game!!

If you are interested in playing Senior (No-Check) Hockey this coming season, you must file an application with our league Directors to assure a consideration when league play begins around November 15, 1986!!!!

All players who participated in the league play last season will also be required to file applications this year to assure a slot on the league roster. Any further questions about league play can be answered by calling League Director Eddie Johnson at 241-9891 or Bernie Kelly at 242-1983.

by Bernie "Scoop" Kelly

An overflow crowd of parents and well wishers gathered in warm reception at the Knight of Columbus (lower hall) on Friday night, June 27, 1986, to applaud the Boston Barons U.S.A. Hockey team for their outstanding record of accomplishments while representing the U.S.A. during the Chris Verwijst Hockey Tournament at Tillberg, Holland.

A succulent display of spare ribs and chicken wings were only a few of the wide range of delicacies that filled the menu for the Chinese Bash. The hot trays of food had everyone licking their lips, and consuming the tasty morsels as they awaited the award presentations planned for the evening!!

Alternating as Master of Ceremonies for the evening were General Manager Eddie "Tuxedo" Johnson, and Head Coach Johnny "Turn-

## Internationally Acclaimed Boston Barons Feated To Chinese Banquet Bash!

**BOSTON BARONS** Hockey Team, along with the team's managers and coaches, were presented with team jackets at a recent dinner held at the Knights of Columbus Hall. Shown front row (l. to r.) David McTavish, Marty Kusmaul, Brad Jenkins, Erik Rapchuck, Mike Maloney, Doug Michaels and David Cunniff. Second row (l. to r.) Kane, Tim Day, Shaun Fitzgerald, Dan Sullivan, Bernie Michaels and Eddie Johnson.

key" Tibbetts, who took turns moving the program along with some stories and events that brought shouts of laughter from the guilty parties involved! From those of

us who did not make the trip, it sounded as if they all had one hell of a time!

After the short stories were over, Eddie "Tuxedo" Johnson called each "Boston

Baron" Hockey player to center stage for recognition, as Johnny Tibbetts and Bill Connell (Officer Bill of Skyway Patrol) assisted in the distribution of the red, white and blue professionally made "Boston Baron" jackets, complete with the "Boston Baron Logo" and their names inscribed on the right sleeve.

The presentations appeared complete, when Eddie Johnson called to center stage Bernie Michaels, who serves as the Baron's legal advisor, and surprised him with a Baron jacket that was a size too small, which Bernie promised he would fit into by next seasons tryouts!

Eddie Johnson then said the last presentation of the evening was to go to "the longest winded person in town", which started the men naming their wives as sure winners, when low and behold, "himself" . . . Scoop Kelly's name came out of the pack (in reverence, of course), and was asked to come forward to defend "himself", that is! Shy as I am, I went forward where they presented me with a Boston Baron jacket with the inscription "P.R." on the sleeve, which Johnny Tibbetts assured me meant . . .

Being a man of few words, my brief statement of thanks to the entire organization for the Baron jacket, was cut short by a mysterious dead microphone, keeping my record intact as a man of few words, thus ending the presentations!

Serving as D.J. for the evening was "man about town" M.D.C.'s own Bill Connell, playing music till closing time, with an occasional traffic report thrown in for those people heading toward the Cape . . . that's the official report, right Bill! Ronan FitzPatrick (From Behind The Wall) pitched in as Roving Ambassador for the evening, assisting the committee in what was surely the best Chinese Bash ever beset, with brave "Boston Barons" busily bound in brisk boyhood breathless "Blarney"!

"Job well done" . . . to the Banquet Committee, and a hearty well done to the "Boston Baron's U.S.A."!!!!

### What Has Happened To Improvements Slated For Skating Rink?

Dear Gloria;

With the winter season only a few months away and the Hockey Season just around the corner, I wonder what happened to the proposed extensive changes scheduled for the Emmons-Horrigan-O'Neil Rink located on Rutherford Avenue.

During a meeting with the Recreational Director, Louis Rodricks, he assured the Senior League Directors that \$1.2 million had been appropriated and slated for necessary improvements neglected over the past several years, but finally earmarked for first priority consideration, slated for June 1986 construction!

It's obvious that the June deadline has come and gone, and no progress is in sight.

I believe your paper carried that same coverage about the construction changes and wonder did these people give us lip service, or, would they just let our community know what we can expect in changes before the winter seasons activities are interrupted with late construction work!

Thank you for your coverage on this sometime neglected subject, maybe this letter will find an answer....

Sincerely,  
Eddie Johnson

### It Was A Great Day For The Bunker Hillbillies

Gloria Conway, Editor  
The Charlestown Patriot

It was a great feeling for the Bunker Hillbillies to be welcomed back on Bunker Hill Day with such enthusiasm by the people of Charlestown. It was obvious throughout the parade that the "Townies" enjoyed the float, but the band had just as much fun performing for such a receptive audience. Many wonderful memories were relived during the weeks leading up to the parade, and a lot of old friendships were renewed.

We are indebted to a number of people and organizations throughout the town who helped make the reunion a success. First of all, the Patriot was a strong supporter of the Hillbillies. The pictures, articles and ads proved to be a tremendous help in contacting past members. Our friends at Sully's Cafe gave us the opportunity to dust off the banjos, washboards and kazoos during our practice sessions in the backroom, and although the first few songs were a little rough on the ears, we had the regulars singing along with the band before too long.

Many people were a great help behind the scenes. Bob Garvey raised funds and organized the reunion party after the parade at the Boys and Girls Club. His efforts attending to the small details leading up to the parade are recognized and appreciated. Bernie Kelly got us organized and helped prepare the parade float after our setback the day before the parade. And of course the 11th hour contribution of a replacement float by Senator Fran Doris and Joe Kennedy was much appreciated.

Last but certainly not least, all of Charlestown has Bob Munstedt to thank for his many years of service to the Boys Club and the youth of Charlestown. Hundreds of boys passed through his "Ranch-house" at the club, and we all remain grateful for the opportunity to develop our musical talents and for the friendships we formed and kept through the years.

Sincerely,  
Jim Sullivan

### Clarification on Polk Street Rehab

To the Editor,

We would like to make several clarifications regarding the article titled "Renovations Underway on Polk Street Buildings" in the 7-10-86 issue of the Patriot.

The article cites a discrepancy between cost estimates of the Boston Housing Authority (BHA) and the Task Force for this rehabilitation project. While the article's figures are correct, the Task Force did not conduct any cost estimates and has no disagreement with the BHA regarding these figures. The figures are from the BHA's Construction Management Department.

The article also cites a disagreement regarding the sufficiency of \$8.6 million in HUD funds to complete all rehab work. Both sides agree that the project's cost is close to \$15 million. The BHA has applied to the Executive Office of Communities and Development (EOCD) for an additional \$6 million to complete this work. The Task Force has steadily lobbied for additional Polk Street funds. The Task Force informed EOCD of their strong support of the BHA proposal earlier this month, and anxiously awaits for its approval.

The Task Force is highly pleased that the rehab work is underway and moving ahead of schedule by virtue of the hard work of Don Doherty's rehab crew. As construction proceeds, the Task Force will continue to pay close attention to the progress of this work so the reopening of this desperately needed housing will not be further delayed.

Sincerely,  
Mary E. MacInnes, Chairperson  
Michael McDonough, Community Organizer  
Bunker Hill Tenants Task Force

### Thank You, Charlestown

On behalf of Father Joe Young and the 96 children from Limerick, Ireland (The Southill Connection), we would like to thank all the people of Charlestown for the great reception the group received at their concert at Pier 4 of the Charlestown Navy Yard on Tuesday evening, July 15th. We hope that we will be able to host them here again next year.

Also, a special thanks to Gloria Conway and The Charlestown Patriot and John Curran of the Irish Radio Show on WNTN 950, for their write ups and publicity.

We appreciate the great help from Anthony Costa, who fed the children, and also Sally Woods, Ruth Gorman, Betty Smith, Bernie Kelly, Joe Murray, Brian McCormack for entertaining after the concert — and the many, many more who helped with this event. John T. Hurley and Joe Kelly

### Another View On Activities In The Eden Street Park

To the Editor:

In the June 26, 1986 issue of The Patriot there was an article by Marianne Martin (excerpts from the police meeting) concerning the drugs and drinking at Eden Street Park. As an abutter, and a nineteen-year owner of my property located at the park, I was a little disappointed at some of the allegations.

I wholeheartedly agree with you about the kids drinking in the park, my children are some of the offenders; but this drug scene you described is totally out of character. You can be quite sure if I, who constantly sits on my "stoop", witnessed the foolishness that was written in the paper, I would have ran, not walked to the nearest police station to report it. As I said previously, I agree about the drinking, I'm not condoning it — but, where are our children going to "hang about"? Do we have any recreational activities to keep them busy? Do we have in-ground pools to swish around in on a summer's night?

Can I elaborate a little on the "drinking" problem? I have watched this go on for years and the majority of the kids treat all of us with respect, watch our cars against vandalism, keep an eye on our "little ones" over the park and have helped us carry in the bundles more than once. Most of the "drinkers" turned out to be fine young lawyers, plumbers, electricians, postal workers, MBTA employees, you name it.

Additionally, about the bouncing of the basketball. So what, would you rather have them doing a drug deal down the street? Come on Charlestown, wake up and defend your teenagers and young adults. They're not bad kids, so they take a beer and make a little noise once and awhile. There are so, so many terrible things they could be doing.

Thank you for listening,  
A Concerned Parent

## The Colonel Is Coming To Charlestown

by Marianne Martin

The City of Boston Board of Appeal has approved the request by the Scott's Food Services, Inc. of Wellesley for a conditional use permit to construct a 54 seat Kentucky Fried Chicken restaurant. The restaurant will be

located at the Bunker Hill Mall between Johnnie's Foodmaster Supermarket and the Pharmacy Drug Store. Also located in this area are McDonald's and Papa Gino's restaurants.

Robert Burke, Director of Operations for the Scott's Food Service, told residents at a public meeting held at the YMCA building in City Square on Wednesday, June 18th, that approximately \$250,000 in renovations will take place at the storefront. Burke promised, "We're going to make the place feel like a restaurant, rather than a typical humdrum fast food place." In fact, Burke foresees only 15% of the restaurant's total business as take out.

Scott's Food Service, Inc. owns and operates 24 Kentucky Fried Chicken restaurants in the Boston and Massachusetts area, and, according to Burke, plans to expand its operations further to include an additional 25 restaurants. Burke says it is this type of expansion which is responsible for the fast advancement of their employees. Most of the restaurant managers were once hourly paid employees. Burke says it is Scott's intention to hire as many local residents as possible.

Burke says he is excited about opening a Kentucky Fried Chicken restaurant in Charlestown because he, himself, is originally from the area. "My first job was a Johnnie's when I was sixteen years old," he added.

Construction should begin within two months. Burke explained that in accordance with their lease, the restaurant must open within six months.

Deputy Superintendent Ronald X. Conway  
Commanding Officer Area A  
Downtown, East Boston, Charlestown, Beacon Hill**

**FRIDAY, JULY 4**

At 2:15 a.m. Officer Hathaway, assigned to the A102 car, received a radio call to 98 Cambridge Street relative to an assault. Upon arrival of the officer, the victim stated that while walking to his auto from the Towne Lyne Cafe, he was struck over the head with a bottle by an unknown male who fled the scene in the direction of Sullivan Square. The victim was transported to the Massachusetts General Hospital for treatment.

**SUNDAY, JULY 6**

At 11:00 a.m., Officer Lynch, assigned to the A102 car, received a report of a bicycle stolen at 87 Cambridge Street. Upon arrival of the officer, the victim stated that some time during the night unknown person(s) apparently took the sign off of a street pole which the bicycle had been locked to, and took the bicycle over the top and fled.

At 6:00 p.m., Officers of Area A received a report from

the owner of a Winthrop Street home who stated that some time during the day, some unknown person(s) stole his door knob from his front door.

At 8:20 p.m., Officer Whiffer, assigned to the A301 car, received a report from a man who stated that while sitting at 146 Medford Street, he was approached by a vehicle and the first suspect grabbed him and drove to Decatur and Medford Streets where he was robbed of his property. The victim reported that there was a second suspect in the auto. About 9:00 p.m. Officer McHale, assigned to a paid detail in the Combat Zone, observed two males fitting the description of the culprits. Both suspects were brought back to the scene and positively identified by the victim. All property was recovered. Good job!

**MONDAY, JULY 7**

At 1:50 p.m. Officer Hurley, assigned to the A102 car, responded to the Somerville Lumber Company on Medford Street relative to a larceny. Upon arrival, the officer found that the manager was holding one of his employees who had given approximately \$500 worth of merchandise to another, who had fled. The suspect was arrested and complaints will be sought in Charlestown District Court. After giving a de-

scription of the fleeing auto, the Somerville Police recovered the stolen property and returned same to Somerville Lumber Company.

**WEDNESDAY, JULY 9**

At 1:45 a.m., Officer Arroyo, assigned to the GH01 car and while at Pier 4 in the Charlestown Navy Yard, observed a young man crouched down by the left rear tire of the marked police cruiser. The officer informed the culprit to halt. The suspect stood up with a knife in his hand and refused until the officer withdrew his weapon. The suspect then threw the knife into the water. The suspect was arrested and the knife will be recovered by the diving team.

At 9:20 p.m., Officer McGill, assigned to the A102 car, received a complaint from a victim on Corey Street who stated that a group of youths harrassed his wife and that one of the youths broke the windshield of his motor vehicle. This incident is to be further investigated.

## O'Connell Management Company — A Good Neighbor

by Kathy Giordano

Employees of O'Connell Management Company, located on Constitution Plaza, Charlestown were so disgusted looking at the debris that littered the street leading to the entrance of the Charlestown Navy Yard, they rolled up their sleeves and donated their time to clean it up. With rakes, brooms and shovels — in 90 degree heat — employees Mark Kelleher, Ken Wilson, Bill O'Neil and Paul McCarthy, cleared the area from under the Charlestown Bridge, working their way down Water Street to the Gate One entrance of the Navy Yard.

Mark Kelleher, spokesman for the employees, stated that he had made numerous calls to the City of Boston requesting that the area be cleaned, to no avail, but Kelleher "hopes that they (the City) will continue to keep the area clean in the future". Kelleher stated that it bothered him that this route is the same the tourists travel along to enter the Charlestown Navy Yard and the deplorable condition of the area could not have left a very good impression.

### Commissioned Second Lieutenant

John G. Noska, son of John G. Noska of Hellertown, Pennsylvania and Barbara A. Noska of 13 Auburn Street, Charlestown, has received a commission as a Second Lieutenant in the U.S. Army at Fort Bragg, North Carolina.

*EMPLOYEES of the O'Connell Management Company at Constitution Plaza in Charlestown, dismayed by the deplorable conditions on Water Street from the Charlestown Bridge to Gate One of the Charlestown Navy Yard, and the failure of the City of Boston to respond to numerous requests to clean the area, donated their time and efforts to rake, sweep and cart away refuse that had collected along the roadway.*

The O'Connell Management company moved into the Charlestown two years ago and since that time have made outstanding strides to be a good neighbor in the community. Among their efforts to this end has been the donation of their bus for elderly groups needing transportation for day trips.
