

## Anavar Tablets Meditech Price

[\*\*→ SHOP OUR ONLINE STORE ←\*\*](#)

Anavar 10mg tablets by Meditech (Oxandrolone) is an anabolic steroid which resembles closely the male hormone Testosterone. The steroid is a derivative of DHT (Dihydrotestosterone) made by substituting the second carbon atom of the molecular formulae with an oxygen atom and thus resulting to a molecular formula represented as.

Anavar would definitely fall under the 'safe' category for anabolic steroids, due to its minimal side effects. It is important to note though that you cannot expect a lot of weight gain or muscle growth. This product is ideal for men and women to use in your diet to get in shape, get stronger and conserve muscle mass.
